Wants.

TREASURY DEPARTMENT, OFFICE, SUPERVISING ARCHITECT, WASHINGTON, D. C., April 19, 1893.—Sealed proposals will be received at this office until 2 o'clock, P. M., on the 16th day of May, 1893, opened immediately thereafter, for all the labor and materials required for the cut stone work and brick work of the superstructure of the U. S. Court House, Custom House and Post Office building at Omaha, Neb., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at Omaha, Nebraska. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for cut stone work and brick work of the superstructure of the U. S. Court House, Custom House and Post Office building at Omaha, Nebraska," and addressed to W. J. Ed Brooke, Supervising Architect. No. 30228.

Edwin Stewart, Paymaster General, U. S. Navy, Washington, D. C., proposals until May 2d for furnishing the Navy Yard at Portsmouth, N. H., with a quantity of hardware, tools and other supplies. Also until same date for furnishing supplies to Navy Yard at Norfolk, Va.

Office of the Board of Health, City Hall, Philadelphia, April 21, 1893. Proposals will be received at this office until 12 o'clock, noon, of May 2, 1893, for heating and ventilation, also for introducing water, gas and drain pipes, also for laundry apparatus, etc., all at the Municipal Hospital, in accordance with plans and specifications on file at this office, Room No. 610, City Hall. Bids involving \$500 or over must be accompanied by a certificate from the Law Department that a bond has been filed, as required by the ordinance of May 25, 1869. Wm. C. Troth, Chief Clerk.

Health Office, Room 615, City Hall, Philadelphia, April 14, 1893. Sealed proposals will be received at this office until 12 o'clock, noon, Tuesday, May 2, next, for the abatement of the following numbered nuisances: Nuisance No. 3345, existing in rear of premises Nos. 1908 to 1928 Moore Street, 1911 to 1945 McClellan Street, 1894 to 1812 South Nineteenth Street, and 1891 to 1813 South Twentieth Street. Alley to be regraded and repaved. Nuisance No. 1391, existing in rear of premises Nos. 4516 to 4516 Ritchie Street. Alley to be regraded and repaved. Bids to be separate for each nuisance and to be indorsed with the nuisance number. Specifications may be seen at this office. M. Neale, Health Officer.

Treasury Department, Office Supervising Architect, Washington, D. C.—Sealed proposals will be received at this office until 2 o'clock, P. M., on the 27th day of April, 1893, and opened immediately thereafter, for all the labor and material required for the trench excavation, foundations, basement and area walls, basement columns and first floor iron beams of the U. S. Post Office building at Chester, Pa., in accordance with drawing and specification, copies of which may be had at this office or the office of the Superintendent at Chester, Pa. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the Trench Excavation, Foundations, Basement and Area Walls, etc., of the U. S. Post Office Building at Chester, Pennsylvania," and addressed to W. J. Ed Brooke, Supervising Architect.

VOL. VIII.—No 18.

PHILADELPHIA WEDNESDAY, MAY 3, 1893.

PRICE 15 CENTS

The Horns of the Dilemma.

If there were ever cogent reasons for alarm in insurance circles they surely exist at the present time as the entire insurance interest of the country is threatened with a horn on either side making the situation more complex than at any period since the inception of the business.

The practical questions of risk and rate promise considerable trouble in the near future; for insurance capital under present conditions is not earning a dollar in the way of profits and has not been able to do so for some time.

Dividends have been paid regularly enough by the strong companies, but there has been no effort made to disguise the fact that they were paid from surpluses that were accumulated when risks were less risky and rates were commensurate with the risks taken.

On the other hand, the general public, in spite of the fact that risks are enormously increased through various causes, such as changes in business methods, the introduction of electricity, increase in the height of buildings, &c., seem to look upon the insurance companies with distrust and instead of welcoming propositions that would tend to the perpetuation of the business on a successful basis, inspired legislative restrictions to down the companies under the same general principles that control Jew baiting in Russia.

Liberal offers of discrimination in favor of the more general use of slow burning material are met with apathy, as the lowest minimum of cost with the view of increasing the percentage on the investment, seems with few exceptions to be the controlling sentiment among owners, notwithstanding the fact that the companies prefer risks on fire-proof buildings at a cost two and a-half times less than that which they are compelled to demand in cases where the use of slow burning material has been ignored, the difference in premiums being altogether based on a simple business proposition.

It is folly to argue that fire insurance should be effected at the same cost as years ago, and it is equally absurd to maintain that risks are no greater, for facts and figures prove the contrary to the cold comfort of more than one-half the companies of the country that have been

driven out of the business owing to insufficient rates, continued heavy losses and hostile legislation crippling and discouraging until further effort to continue became useless and hopeless, and the question now naturally presents itself as to what will become of the mercantile, commercial and manufacturing interests of our country in case the other half of the insurance companies is compelled to succumb to what seems to be the inevitable. Can any one imagine a more serious calamity?

The *Review* of New York is conceded in insurance circles to be the best authority extant on fire statistics, hence, the statement that the loss through fire in the United States and Canada for the month of March, this year, was \$16,662,350 can be relied on. And the Boston Fire represents just \$3,250,000 of this enormous penalty which must be paid. It will be seen by a comparison of figures that since 1882 the losses in March have increased over 138 per cent.

1882 . . .	\$7,000,000	1888 . . .	\$9,918,100
1883 . . .	7,250,000	1889 . . .	10,912,000
1884 . . .	8,250,000	1890 . . .	8,466,300
1885 . . .	9,000,000	1891 . . .	12,540,750
1886 . . .	10,050,000	1892 . . .	10,648,000
1887 . . .	10,450,000	1893 . . .	16,662,350

And it is safe to conclude that if the same ratio of increase is maintained during the present decade every insurance company in the land will be wiped out. And while the losses for March are especially emphasized there is very little comfort in the fact that the loss for the first three months of the present year represents about \$45,000,000 or \$15,000,000 per month against \$34,000,000 for the same three months of 1892. In other words the gross earnings of most of the insurance companies for this year have already been consumed by this enormous fire loss—convincing proof that the business of fire insurance with the enormous capital invested is not as profitable at present as most people suppose.

The *Review* in a lengthy effort to account for the present increasing tendency to fire waste lays particular stress upon the general recklessness in erecting buildings as one of the most fertile causes of fires, and Mr. Geo S. Merrill, Insurance Commissioner of Massachusetts, submits as a commentary upon construction methods in his own State, the fact that defective chimneys caused 151 fires last year.

The Boston fire, as serious as it has been to the companies, presents a singular instance of the importance of a single product in staying fire depredations.

The Brown, Durrell & Co. building, situated in the centre of the burnt district, had its lower four stories plastered with Adamant Wall Plaster, and notwithstanding the entire destruction of the upper floor, the evidence is conclusive that had it not been for Adamant the lower floors would also have been destroyed as were equally substantial neighboring buildings that were completely gutted.

This evidence is not only conclusive that fire-prevention even under the worst auspices is possible, but it is the highest testimonial to the valuable qualities of a Philadelphia product that involves very little extra cost if used, and whose non-burning and non-conducting qualities are now so thoroughly established that the material must in future receive even greater recognition as an important adjunct in maintaining a maximum of safety in buildings of all kinds, which after all is the only correct solution of the present rate problem. There is no question that justly merits the earnest consideration of architects and owners more than that of the adoption of some means to stay the present enormous fire waste, for until there is a more general use of slow burning material along the whole line, rates must be made to meet the risks.

It is nonsense to suppose that present prevailing conditions will be tolerated until insurance capital has become exhausted or dissipated. Heroic measures will certainly be introduced and the sentiment in insurance circles points to the compulsory use of slow burning materials as a result of a proposition to individualize risks as a substitute for the present costly class method. In fact, as serious as such an infliction might be to the owners and occupants of badly constructed buildings, who would be compelled to pay the highest rates for insurance or go without, this would seem a fair and equitable basis on which an owner with advanced modern ideas could reasonably hope for a constant and profitable reward for the liberal use of fire preventive material, while the class of owners who are after the greatest possible profit on their investment, would perforce, pay yearly for the extra risks they have so complacently created for other people to carry.

PHILADELPHIA, WED'Y, MAY 3, 1893.

SEE Glenn & Son's advertisement of lot sale at Jenkintown, May 6th, 2 P. M.

WITHOUT a single exception the Boston dailies, in their references to the Boston fire, emphasized the wonderful fire preventive qualities of Adamant Wall Plaster; in fact, the Protective Association of that city not only bestowed upon it the highest possible commendation, but personally directed attention to Brown, Durrell & Co.'s building wherein it had done practical service in staying the spread of the flames.

(The Boston Globe, Friday, March 17, 1893.)

WITHOUD HEAT AND WATER.

Plastering in Brown-Durrell Building firm as before fire.

There is much talk regarding the fact that the plastered walls and ceilings in the lower stories of the Brown, Durrell & Co. building have withstood fire and water and remain as solid as before the conflagration.

The employees of the protective association speak of it as something hitherto unknown in cases where the upper stories of buildings have been burned out and the lower stories flooded with vast quantities of water.

An examination of the four lower stories of the building shows every ceiling sound and hard, except in one or two places in the upper story, where the plastering had been torn away by the firemen. The walls were saturated with water, which was still dripping from them through all parts of the building, and in some places several inches of water still remain on the floors.

The material used was Adamant Wall Plaster; and it was observed that it not only withstood water, but that in many places where the fire had worked in between the floor and ceiling below it, burning the lath away for several feet, so that the plastering had no support except its own inherent strength, it still held in position from the grip it had upon the lath at either side of the burned space.

Architect Notes.

It is understood all plans will be arranged and drawn for the new bank building of the Bank of North America under the supervision of Jas. H. Windrim & Son, architects, of this city. As yet the details are not settled sufficiently to give further information.

The bids for the market house at Broad and Olive Streets are undergoing revision. The plans for the structure were made by J. Franklin Stuckert, architect, 49 North Thirteenth Street, and were fully described in this journal in a previous number.

G. W. & W. D. Hewitt, architects, Bullitt Building, have been engaged to prepare plans for the Bourse Building, and will at once begin the preparation of the drawings. This action has been taken in view of the refusal to adopt those made by David Evans for the superstructural work. It is understood many changes will be made to the general ideas of the building committee in the character of the building. Work upon the site is being pushed with vigor in the clearing out of the old structures.

Edwin F. Bertollette, architect, 1230 Filbert Street, is making plans for the First Baptist Church, at York, Pa. These will be for the remodeling of the front. Also plans for an additional store for J. H. Brendlinger, of Norristown, Pa. Structure to be of brick, stone trimmings, etc. Also plans for a fine pair of twin cottages to be erected at Royersford, Pa., for T. Darlington Buckwalter. These are to be of brick, three stories high, blue stone trimmings, slate and tin roofing, interior to have all modern accommodations.

James D. Allen, the architect supervising the construction of Gilmore's Auditorium, on the north side of Walnut Street, west of Eighth, is about ready to award the contracts for the interior furnishings for the theatre. The work of construction is progressing as rapidly as possible, and it is expected that it will be ready for occupancy about the middle of August. The materials employed in its construction are brown stone, terra cotta and light buff brick, beautifully embellished with colored glass and electric lights. The style of architecture is Moorish. This structure was fully described in a previous number of this journal.

Collins & Autenreith, architects, 410 Walnut Street, have made plans for a store building for Charles Lentz at 20 North Eleventh Street. The structure will be four stories high, of brick, same as No. 18, adjoining, and trimmed with North River stone. The front will have large American plate windows, considerable wrought iron work, cement work, electric work and best sanitary plumbing, freight lift and all modern conveniences. Estimates are being offered on the work. The same architects have on boards plans for estimate for the remodeling to some

extent the stores 1020, 1022 and 1024 Market Street, for H. C. Lea, owner. These properties will be put in first-class order throughout for business purposes, including interior and exterior work.

M. B. Bean, Lansdale, Pa., has prepared plans for a church to be erected at Quakertown, Pa., by St. John's Reformed congregation. It will be of stone and brick, and fitted handsomely on the interior. The estimated cost is \$10,000. Also plans for a school house in the same borough, to cost \$5000.

Building and Real Estate Notes.

George F. Payne & Co. are receiving bids for extensive alterations to be made to No. 3907 Spruce Street for John R. Drexel.

J. C. Klauder, the miller, will build a four-story brick warehouse, 50x86 feet, on the north side of Berks street, east of Marshall.

At Mt. Airy, Phila., Edward V. Lansdale, real estate broker, has sold to Charles M. Taylor a part of the James Gowen estate, on Boyer Street, for \$28,000.

At Nos. 1307 and 1309 North Broad street handsome residences will be erected at once for Edward Wolf and Dr. George Steinbach. Kemp & Garrison are receiving sub bids.

Henry Close, contractor, 2345 North Thirty-second Street will build a number of two-story brick dwellings on James Street north of Pratt, all to be of best material and interior accommodations.

Thomas H. Parks, the builder of Eighteenth and Diamond Streets, will break ground at Twenty-fourth and Spruce Streets for 16 magnificent three-story residences with all modern improvements.

The contract for the addition to the Collins Mill, on Bodine street, north of Oxford, has been awarded to W. R. Dougherty, who will at once commence operations on the structure, which will be four stories high, 58x32.

Hudson & Dillin are to erect 12 two-story houses on the north side of Clifford Street, west of Thirty-first, and Thomas Matthews two on Venango Street, east of Mather, to be of press brick, stone facings and best interior work.

Contractor Wenzelberger took out the permit on the 29th inst. for the new public school which is to be erected on Tacony Street, west of Pratt. It is to be two stories high, 100 x 52 feet, with a back building 16 x 26 feet. Noted previously in this journal.

A large parochial school will be erected on Reed Street west of Fourth, adjoining St. Alphonsus Church, R. C. The structure will be of fine pressed brick 48x78 feet in area and four stories high. Thomas McCarty, contractor, 1935 North Seventh Street will be in charge of the construction.

A pastoral residence will be built at Forty seventh Street and Springfield avenue by the congregation of St. Francis De Sales.

Cornelius Kieley, builder, 1809 Cambria Street, will erect two two-story dwellings on Allegheny Avenue, south side, west of Livingston, also on Almond west of Livingston, all others, all to be of good pressed brick stone facings and best interior work.

George F. Payne & Co. have the contract to erect a very handsome three-story stone dwelling for George S. Gandy, at the Southeast corner of Thirty-third Street and Susquehanna Avenue. The building will measure, on the ground plan, 36 x 48.

The Master Builder's Exchange on the 25th of April, in conference, decided that the Exchange should discuss questions relating to public welfare. The issue was raised because the Exchange had been criticised for taking action on the abolition of the Public Buildings Commission.

Builder A. M. Green is erecting an annex to Lazarus, Schwarz & Lipper's mill, on Garden Street, 63 x 130 feet, running through to 462, 64 and 66 North Eighth Street. This will make the floor spaces 63 x 280 feet. The new addition is for the bread plant, a new branch of the firm's business.

Edward Delany & Sons took out a permit yesterday to build a four-story stone and brick convent, 48 by 84 feet, with a 48 by 16 feet back building, on the north side of Christian Street, west of Twentieth, for the Roman Catholic Church of St. Charles Borromeo. It is to cost about \$30,000.

The fire at Shannon's hardware store, on Market street, west of Tenth, led the firm to purchase a large property at the southwest corner of Catharine and Eleventh streets, for \$45,000. The building will be remodeled to suit the purposes of the firm. They will maintain their retail establishment on Market street, moving only the factory.

Brennan and Bro., contractors, 1623 South Seventeenth Street, have received the contract to erect the large warehouse, show-rooms and stable for Allcott, Ross and Scully, at 2917 and 2919 North Broad Street. These will be fitted with every modern convenience, best sanitary work, elevator lift, cement work, etc. Work will be started at once.

Articles of Incorporation were filed on the 25th of April in the Camden County Clerk's office by the new Catholic Church at East Camden. The name of the new Church will be St. Joseph's Roman Catholic Church. The corporators or trustees named are Rev. M. J. O'Farrell, Bishop of Trenton; Rev. John A. McFaul, Vicar General; Rev. Alphonso Lehrscholl, Rector of the new church; Fridolin Spuhler and J. D. Loughery.

R. C. Winnals & Bro., contractors, are to erect for Gart & O'Neill, on the east side of Cedar street, north of Margaretta, a weaving mill, comprising a group of five buildings. They will all be one story high. The main building, 80x200; finishing room, 45x80; boiler house, 55x50; dye house, 35x150, and stable, 24x30. The Messrs. Winnals also have the contract to erect a dye house, one story high, 24x42, for Joseph Grier, on the west side of Worth street, north of Oxford.

The purchase of the old Rogers' carriage factory and warerooms, at 1007, 1009 and 1011 Chestnut Street has been placed on record. The Mutual Life Insurance Company, of New York, which owns the handsome building adjoining on

the east, is the purchaser, the price paid being \$230,460. This company, it is understood will at an early day take measures to improve the site by the erection of an additional structure to that now standing on the east at the corner of Tenth and Chestnut Streets.

"The Mt. Penn Boulevard is a new topic in Reading. Engineer William H. Dechant has prepared a plan for the projectors, which shows a fashionable driveway from the city park to Mt. Penn, and thence along the western side of the mountain, several hundred feet above the city, for a distance of three miles. At the projected terminus is a three-story building with a roof of colored glass, to be known as "The Rotunda." The estimates for the building of the road vary from \$50,000 to \$75,000.

Thomas W. Wright & Son, contractors and builders, of Germantown, have received the contract for the erection of a \$9000 dwelling, corner of Ross and Mill streets, Germantown, for John M. Whittall; also for a pair of colonial houses for John Shingle, on Newhall street, to cost about \$8000 each; also for a large residence for Mrs. William Harvey, on Upsal Street, to cost about \$12,000. A similar amount will be expended for a colonial dwelling to be constructed on Upsal Street, for A. T. Flower, by the same contractors. All noted previously.

The Reading Railroad will erect on a portion of the property owned by it on the east side of Ninth Street, between Wallace Street and Fairmount Avenue, a substantial brick warehouse for the use of the United States Express Company. The building will be one-story high, with an average width of about 35 feet, and long enough to permit of the siding adjoining it to hold at least five cars. The building will front on Jay Street, a small thoroughfare between Eighth and Ninth Streets, whence the express matter will be taken by the company's wagons.

The Water Committee of Councils, at its meeting on the 25th of April received bids for supplying two pumping engines, having a capacity of 30,000,000 gallons each, and for supplying three pumping engines, having a capacity of 20,000,000 gallons each. The companies whose proposals were received and scheduled were as follows: I. P. Morris Co., one engine at \$117,900 and the two engines at \$231,600. The Southwark Foundry Co. offered to supply two engines, of different construction, at prices ranging from \$174,186 to \$178,200 and three engines from \$197,205 to \$202,000. The High Duty Groshen Co. bid \$208,000 on two engines; George F. Blake Manufacturing Co., three engines, \$258,000 and \$274,650; two engines, \$249,700 and \$276,300. Holly Manufacturing Co., two engines, \$142,650, \$155,000 and \$162,570; three engines, \$182,125 and \$206,150. Henry R. Worthington, three engines, \$158,000, \$172,000, \$127,000; two engines, \$135,000, \$158,000, \$210,000. Edward P. Allis Co., two engines, \$237,000, Snow Steam Pump Works, two engines, \$220,000. Proposals were also opened for furnishing engine, boiler-house and stack for the Frankford Pumping Station, Benner & Obyde being the only bidders, at \$78,250. Bids were received for excavating the pipe trench from Lardner's Point to Wentz farm for furnishing iron pipe and castings, stop castings, coverings for boilers and pipes, harness and separators. All bids were scheduled until the contracts are awarded.

Through the courtesy of the Public Building Commission, the Free Library Association has established temporary quarters in Room No. 163, City Hall, where it will remain until the proposed elaborate library building shall have been built.

The association has as a nucleus for the new building fund the bequest of the late George S. Pepper, amounting to \$250,000. It is hoped that public spirited citizens will make donations of money sufficient to warrant the association in fixing upon a desirable site for the building, which is to cost little less than \$1,000,000. Councils will also be petitioned to make some appropriation for the building. They desire to secure a site south of Market street and near the City Hall, which will be accessible to the whole city. The Pepper bequest may be expended for a site and buildings or other permanent purposes, or the income may be used to defray current expenses. The name "Pepper" is not in any way connected with the association, which has been regularly chartered with the following fourteen trustees: George B. Roberts, Samuel Wagner, C. Stuart Patterson, Isaac Norris, M. D.; Justus C. Strawbridge, William Platt Pepper, Clarence S. Bement, Joseph D. Potts, J. Parker Norris, R. H. Bayard Bowie, Samuel R. Shipley, William Pepper, M. D.; Clarence H. Clark, George Tucker Bispham, David Pepper, Eugene Delano, J. Howard Gibson, Talcott Williams, Edward Shippen and J. B. Lippincott. It is now proposed to form an auxiliary association, whose members shall contribute \$5 annually and have the right to elect five trustees. The city will be represented by five trustees, viz: the Mayor, presidents of Councils, president of the Board of Education and chairman of the Library Committee of the board.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Perkasié, Bucks Co., P. S. Cressman will erect a hotel and a double dwelling.

—At Linglestown, Dauphin Co., Hiram Reimert has bought three lots of S. C. Feeser.

—At Easton, Northampton Co., E. P. Peiffer has purchased a lot and will erect a dwelling.

—At Scranton, Lackawanna Co., the Benevolent Order of Elks have bought a property and will renovate it.

—At Williamstown, Dauphin Co., Messrs Hass & Lesher have purchased a lot and will erect a business building.

—At Troy, Bradford Co., the Commissioners have selected the Adams property as a site for the new court house.

—At Cochran, Crawford Co., J. H. Spear can give particulars as to the construction of a water works at that place.

—At Huntingdon, Huntingdon Co., extensive street improvements will be made, O. L. Stewart Burgess can give information.

—At Overbrook, Montgomery Co., work will begin in a short time on a number of dwellings for the A. J. Drexel operation.

—At Norristown, Montgomery Co., Contractor Howard M. Shambough has broken ground for the Christ Reformed Mission Chapel.

—At Canton, Bradford Co., a new Methodist Church will be erected. Architect Pierce, of Elmira, N. Y., has prepared the plans.

—At Mauch Chunk, Carbon Co., the new court house to be erected will cost about \$85,000. L. S. Jacoby, of Allentown, is the architect.

—At Hazleton, Luzerne Co., the Greek Catholic Church, on East Beech Street, will be torn down and a new structure, to cost \$6000, will be erected on the site.—John Nemeth contem. plates the erection of a cottage.

—At Edge Hill, Montgomery Co., the congregation of Carmel Presbyterian Church will erect a new edifice. Rev. Mr. Wicker is the pastor.

—At Leipsville (not a P. O. town), near Harrisburg, a fund is being raised to erect a parochial residence for St. Rose of Lima Church.

—At Lock Haven, Clinton Co., the East Main Street Methodist congregation will erect a church, to cost about \$6,000. Rev. N. H. Schenk is the pastor.

—At Rockton, Clearfield Co., a bridge will be constructed to span Anderson Creek at Saylor Mill. G. W. Dressler, C. D. Laborde can give information.

—At Harrisburg, a bill has been introduced in the Legislature to appropriate \$25,000 for the erection of a monument over the grave of General Hancock, at Norristown, Pa.

—At Oil City, Venango Co., the congregation of Grace Methodist Church will erect a new building. A fund is raising for the purpose. S. L. Maxwell can give information.

—At East Mauch Chunk, Carbon Co., Charles Neast has received contract for the erection of the new church for the First Reformed congregation. Contract price, \$3300. L. S. Jacoby, of Allentown, is the architect.

—At Ambler, Montgomery Co., a stone dwelling will be erected by Albert Beck. The lot will be enclosed by a fine stone wall. Alexander Knight has awarded the contract to Mr. Beck for the erection of a fine stone dwelling.

—At Shenandoah, Schuylkill Co., Architect Rilly has made plans for a new school building, to be of frame and contain six rooms. Also plans for a building to be erected for Mrs. Dougherty, 35 x 75 feet, three stories high, with hall and top floor.

—At West Chester, Chester Co., the tower of Holy Trinity Episcopal Church will be improved.

—Work has begun on a handsome dwelling for Mrs. Mary E. Grub. The main building of the West Chester Hospital will be begun at an early date. Cost, \$10,000.

—At Pottsville, Schuylkill Co., a new school house will be erected from plans by W. D. Hill, of Pottsville. W. F. Scheerer, F. S. Haeesele, James Dome and others are on the committee. The cost will be about \$50,000. Steam or hot water heating, best of conveniences and improvements.

—At Reading, Berks Co., a project is on foot to erect an Old Men's Home.—A project is on foot to construct a fine boulevard to Mt. Penn. Wm. H. Dechant, engineer, has prepared a plan. It calls for a three-story building at the terminus, to be called the Rotunda, with a roof of colored glass. The estimated cost is \$75,000.

—The fund of \$100,000, necessary for the Newtown Square Railroad, has about been secured, and it is expected that the entire sum will be raised in a short time. When accomplished the capitalists will meet the officials of the Pennsylvania Railroad and lay before them a full report of the work. The road will run from Fernwood Station to Newtown Square.

—At Ebensburg, Cambria Co., the contract for plans and specifications for the new school house, to take the place of the one recently destroyed by fire, has been awarded to Architects Carlisle & Co., of Pittsburgh. The structure will be of brick and contain eight rooms, with an assembly room on the third floor. Cost about \$15,000. The plans and specifications are to be submitted May 10th, and bids will be required to be in by the 15th.

—At Pittsburgh, Mrs. Arthur O'Leary will erect a handsome dwelling, to cost about \$15,000. It will be of brick, fine interior finish, modern improvements. T. O'Leary, Jr., will erect a similar dwelling.—The Union Storage Co. will erect a building, to cost about \$65,000. Wm. F. Trimble & Sons are the contractors.—Work has begun on the new school house in the Fourteenth Ward. C. A. Ralph is the builder. The estimated cost is \$125,000.—Captain Vandergriff has bought the Slack and Sholes property, at Penn Avenue and Third Street for \$65,000. A handsome six-story building will be erected on the site.—B. Moreland, of East End, has bought the American Hotel property on Penn Avenue and will erect a large livery stable.—Messrs Park Bros. have bought, through Samuel W. Black & Co., the O'Hara Glass Works at Thirtieth Street and the Allegheny Valley Railroad. Extensive improvements will be made by the purchasers. George E. Briggs is president and Mr. Craft, of Crafton, secretary of the new company to manufacture the Briggs Lock Joint Brick.—The Patterson farm near Coraopolis has been bought and a large plant will be erected.

Through New Jersey.

At Lambertville, Hunterdon Co., the new Catholic church is about ready to be plastered.

At Matawan, Monmouth Co., a dwelling will be erected by John Terlune, to cost about \$5500.

At Glassboro, Gloucester Co., ground has been broken for a new school building to contain twelve rooms.

At Moorestown, Burlington Co., J. S. Rogers, city clerk give particulars as to the construction of a complete system of sewerage.

At Bordentown, Burlington Co., the dwelling of Rev. Paul Houghtaling was destroyed by fire last week at a loss of \$5000. Will be rebuilt.

At Flemington, Hunterdon Co., engineers will be employed soon to make an estimate of the cost of constructing sewers. George Vogel is secretary of the Board of Commissioners.

At Millville, Cumberland Co., at a special meeting of council, held on April 24th, an ordinance was passed to erect a high school building, to cost about \$20,000. Work will begin at once.

At Ocean Port, Monmouth Co., a handsome dwelling will be erected by William C. Brown, contractor, of Red Bank, for R. P. Miller, of Pittman Avenue. Work will be begun at once. Frank Midgely will erect a cottage. Mr. Stout is the builder.

At Essex Falls (not a P. O. town), on the Passaic River, about nine miles from Newark, work has begun on a new hotel, which will be erected at a cost of about \$150,000. The project is backed by A. J. Drexel, of Philadelphia, and his son-in-law, Essex Fell. James R. Walton, of West Chester, Pa., can also give information.

At Camden, Hollingshead's machine shops and Lamb's electric webbing manufactory were destroyed by fire a few days since at a loss of about \$20,000.—The Commission of Public Instruction has passed a resolution to ask Council to authorize the commission to issue bonds to the amount of \$40,000 to erect a suitable building for manual training and normal school. Mr. Iszard is president of the commission.

At May's Landing, Atlantic Co., a special meeting has been called for April 26th to vote on the question of ordering a tax to raise money for the erection of a new school building, for furnishing heating apparatus, fencing, and also a build-

ing for a primary school, to cost about \$2000. The estimated cost of the other is about \$10,000. Clerk Marvin V. B. Moore can give information.—Rev. J. V. Beckett will erect a dwelling on Maple Avenue.

At Avalon, Cape May Co., a project is on foot to establish a Chautauqua Assembly, and a number of Philadelphia professors are interested. The plan has the substantial backing of prominent and wealthy men, and work will probably be started in a short time. Buildings will be erected for class and lecture purposes, and there will also be art studios, laboratories, an aquarium for the study of biology, etc. The first session of the school will be held in temporary quarters pending the erection of suitable buildings. F. D. Wildman, 236 Market Street, Philadelphia; Charles D. Gill, 915 Filbert Street, Philadelphia; George W. Kates, Avalon, N. J.; Thomas Bray, secretary of the Seven Mile Beach Co., adjoining Avalon; W. J. Brooks, Falls of Schuylkill, Philadelphia, and H. F. Smith, 1008 Market Street, Philadelphia, are interested.

At Trenton, a crematory will be erected. A new school has been proposed to Council, to cost \$17,000—\$3500 for the lot, \$12,500 for the building and \$1000 for furnishing. Wm. M. Lindsay is secretary of the Board of Instruction.—James L. Hays, Jr., Bingham Woodward and Wm. R. Barrickles will receive proposals for an addition to the State Normal School. H. E. Finch, Esq., Shreve Building, has the plans on view.—At Trenton the Board of Public Works has authorized the construction of additional sewers. President Vroom can give particulars.—The congregation of Hamilton Avenue Methodist Church will erect a new edifice to cost about \$25,000. Plans have been prepared by Slack & Hill. Rev. Brunyate is pastor. The committee is composed of George R. Whitaker, John Madock, R. D. Towrs, John H. Martinette, A. L. West and Wm. Goldey.

At Asbury Park, Monmouth Co., bids are being made for the erection of the new Presbyterian Church. The plans, which were drawn by Weary & Cramer, of Akron, Ohio, are on view at the grocery store of M. L. Bammann.—At a meeting of Council the subject of an additional water supply was discussed, and Mr. Hawkins was instructed to look over the property, including Remsen creek, and report on the same. A reservoir with a capacity of 140,000 gallons will probably be constructed. The estimated cost of the improvement is \$25,000.—Arthur A. Zimmerman has bought a lot at West Asbury Park, and will erect a cottage.—Miss L. Doren has begun work on a cottage on Third Avenue.—On Tuesday evening, May 2d, a special meeting of the school trustees will be held to decide the question of issuing bonds to the amount of \$15,000 for the erection of a new school house in West Asbury Park.—At a meeting held a few days since the subject of a garbage crematory was discussed, and it is probable that one will be erected, to cost about \$20,000. Messrs. Winsor and Kirkbride, of Councils, Drs. Stokes and J. H. Alday, of Ocean Grove, were at the meeting, and can give information.

Through Maryland.

At Baltimore, Architect Henry Brauns has prepared plans for a new hotel, to be erected on West Fayette Street, near the opera house. The structure will be three stories high, with gable roof. No particular material has been selected.—The most important building permits issued

to date are as follows: To John Kram, to erect twelve two-story brick dwellings; to C. A. Flagg, to erect sixteen two-story brick dwellings; to W. P. Clotworthy, to erect a four-story brick building at No. 19 Balderston Street; to O. P. Roberts & Bros., to erect ten two-story brick dwellings; to the Benedictine Society of Baltimore City, to erect a one-story frame church; to J. D. Kelley, to erect nine three-story brick dwellings; to A. A. Beinhart, to erect thirty three-story brick dwellings; to S. D. Price, to erect nine two-story brick dwellings; to C. Gernig, to erect twelve three-story brick buildings.—The Mayor has signed an ordinance to dredge Jones Falls, from Canton Avenue to Gay Street, and appropriating \$25,000 for the same.

Washington, D. C.

Dr. Harper will erect a handsome dwelling on B Street from plans prepared by B. S. Simmons, 931 F Street, N.W. It will be of press brick and Indiana lime stone.—Leon E. Dessez, Corcoran Building, has prepared plans for the alterations to the Henderson Place, leased by President Cleveland.—William J. Palmer, 933 F Street, N.W., has prepared plans for a block of eleven dwellings. The cost will be about \$25,000. The same architect has made plans for a dwelling to be erected for W. Willoughby to cost \$5000.—Geo. S. Cooper, 16 Baltic Building, has prepared plans for a building to be used for store purposes. A large plate glass shop window will be put in, also an elevator and steam heating plant. The cost will be \$12,000.—A large carriage repository will be erected for Thomas E. Young from plans prepared by Glenn Brown, 639 F Street, N.W. It will be of brick, freight elevators, etc. The same architect has prepared plans for a dwelling for Halman Vail to be erected on S Street.—J. Germuller, 511 Eleventh Street, N.W., has prepared plans for a dwelling for Wm. Hellinger. Cost, \$9000. Also, plans for a dwelling for J. E. Benedict, Woodside Park, Md. Cost, \$4000.—Denson & Schneider, plans for three dwellings. Cost, \$15,000, for J. H. Bradley. Also, plans for dwellings on Third Street. Cost, \$9000.—Work has been begun on the Second Baptist Church. J. C. Johnson, architect. Cost, \$25,000. Peter Hepburn, contractor.—L. E. Dessez, plans for two brick dwellings. Cost, \$16,000. J. E. Williamson, contractor.—The new Corcoran Gallery of Art will be erected from plans prepared by Ernest Flagg, of New York City. The basement will be of light granite and the external walls of white marble. The dimensions will be 250 feet on Seventeenth Street, 140 on New York Avenue and 120 feet on E Street. There will be a lecture hall, rooms for the art school, four large galleries 28 x 61 feet, beside a number of smaller ones. The interior will be handsomely finished.—C. A. Diddon has prepared plans for a dwelling and store for Anton Eberly. It will be of brick, terra cotta and stone and copper cornices. The same architect has made plans for modeling the store of T. J. Freeh & Co., at 138 Seventh Street, N.W. Also, plans for a dwelling for Joseph Rakeman, of brick, terra cotta and Indiana lime stone.—The dwelling in course of erection for Mr. C. Henrich, at New Hampshire Avenue and Sunderland place, will cost about \$100,000. The architect is I. G. Meyers. The interior decorations will cost \$40,000. There will be a roof garden, passenger elevator and every known comfort and convenience.—Senator Lodge will probably erect a dwelling on Massachusetts Avenue, where he

owns a fine lot.—The German Legation building will be enlarged by a large ball room. Barry & Simpson made the plans.—Mr. Blockman will erect four brick dwellings in West Washington (Georgetown) on N Street, between Twenty-eighth and Twenty-ninth.—I. H. Handback & Bro. will erect seven dwellings in Cooke Park.—Edward Hannan will erect a dwelling, to cost \$8000.—H. B. King and J. W. Douglass will also erect dwellings.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Miscellaneous.

At Providence, R. I., A. S. Clemence will erect a four-story brick block, to cost about \$23,500.

At Florence, Florence Co., S. C., fire recently destroyed property to the amount of \$500,000. Twenty-four buildings, including the Grand Central Hotel, were burned.

At Winchester, Mass., the McKay Metallic Fastening Co. has plans for a large machine shop and factory building to be erected and equipped at a cost of about \$200,000.

At Griffin, Spaulding Co., Ga., the county commissioners and city authorities will jointly erect a court house and city hall building. The city clerk can give particulars.

At Greensboro, Guilford Co., N. C., the congregation of the West Market Street Methodist Church contemplate the erection of a new church. Rev. S. H. Hilliard is pastor.

At Asheville, Buncombe Co., N. C., it is reported that George W. Vanderbilt will erect a large hotel.

At Fayetteville, Cumberland Co., N. C., McMillan Brothers contemplate the erection of a cotton warehouse.

At Lumpkin, Stewart Co., Ga., A. T. Foot can give particulars as to the erection of a court house to cost about \$35,000.

At Atlanta, Ga., M. Lewman & Bros. has received contract to erect a nine-story building from John Silvey.

At Augusta, Ga., The Murray Hill Company will erect a large hotel. The Georgia Central Railroad Company has commenced the erection of new car shops.

At Akron, Ohio, the Y. M. C. A. will erect a building for the use of the association.

At Lima, Ohio, a fund of \$40,000 is being raised for a building for the Y. M. C. A.

At Clinton, Worcester Co., Mass., the Clinton Wire Cloth Co.'s works were destroyed by fire on April 20th at a loss of \$250,000.

At Toledo, Ohio, the Y. M. C. A. has been left a lot worth \$20,000 by the will of H. S. W albridge. A handsome building will be erected.

At New Haven, Conn., the authorities of Yale College have announced that a large dormitory will be erected on the tract of land on High Street, and purchased some time since. Dr. A. J. White of New York is said to be the donor of the \$500,000 to be used for the purpose.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated

as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

**Any
Time**

is the right time
for everybody to
drink

**Hires' Root
Beer**

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this
delicious beverage. Don't be deceived if a dealer,
for the sake of larger profit, tells you some other
kind is "just as good"—it's false. No imitation
is as good as the genuine Hires'.

DECKER
BROTHERS'

WM. G. FISCHER,

LOGICAL

If you are interested in Building Houses or Furnishing
House Materials, Plastering, Plumbing, Lumber, or in any
other shape connected in a business way with Real Estate
interests you should know that there's a vast difference
in prices.

You are not likely to buy anything out of
second hands that can be had of first hands.

Then you should know that we are the largest
manufacturers of Clothing in the world. That's
all on that score.

We have also added the sale of Furnishing Goods,
Hats and Shoes to our Market and Twelfth Street
business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Fifth, South and Passyunk Avenue,
Down Town Store, Open Every Evening Until 9 O'clock.

Hajoca.

Hajoca.

WITH

Embossed Syphon-
jet Pedestal Closet.

Wants.

TREASURY DEPARTMENT, OFFICE, SUPER-vising Architect, Washington, D. C., April 19, 1893.—Sealed proposals will be received at this office until 2 o'clock, P. M., on the 16th day of May, 1893, opened immediately thereafter, for all the labor and materials required for the cut stone work and brick work of the superstructure of the U. S. Court House, Custom House and Post Office building at Omaha, Neb., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at Omaha, Nebraska. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for cut stone work and brick work of the superstructure of the U. S. Court House, Custom House and Post Office building at Omaha, Neb as a," and addressed to W. J. E. Brooke, Supervising Architect. No. 30283.

William F. Smith, United States Agent, U. S. Engineers, Wilmington, Del., proposals until May 11, 1893, for dredging in Cambridge Harbor, Md.

Lyman M. Otis, Chairman Building Committee, Board of Supervisors, Rochester, N. Y., plans until May 20, 1893, for the construction of a new court house building.

H. L. Orth, Superintendent Pennsylvania State Lunatic Hospital, Harrisburg, Pa., proposals until May 8th, for all needed supplies for year ending May 31, 1894. Blank forms of proposals furnished on application.

United States Engineer Office, Wilmington, Del., April 11, 1893. Sealed proposals for dredging in Cambridge Harbor, Md., will be received at this office until 12 o'clock noon, May 11, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application at this office. William F. Smith, United States Agent.

Sealed proposals for the construction of a system of public water works will be received by the Borough of Somerset, Pa., until 8 o'clock P. M., on Saturday, May 13, 1893. The plans cover both the gravity and pumping systems, with a reservoir, and bidders may bid on one or both of them. The town council reserves the right of rejecting any and all bids. For specifications and requirements address Wm. H. Welfley, Burgess.

Proposals.—Bids are invited for furnishing all labor and materials and erecting the proposed new grammar school on Washington Street, Wilmington, Del. Plans etc. may be seen at the office of E. L. Rice, Jr., architect, until Monday, May 8, at which time bids will close. Bids to be sent to the Board of Education rooms on East Sixth street before 7.30 P. M. on the above date and be endorsed "Bids for Grammar School." The Board reserves the right to reject any or all bids. Bond required. James H. Morgan, Chairman of Committee.

Office of Light House Engineer, Fifth District, Baltimore, Md. Sealed proposals will be received at this office until 2 o'clock P. M. of Wednesday, the 17th day of May, 1893, for furnishing the materials and labor of all kinds necessary for the completion, delivery and erection at the sites, of the metal work of Cape Charles and Hog Island Light Towers, Virginia, for a fixed sum for each light tower or for an aggregate sum for both towers. The bids most advantageous to the United States Government will be accepted. Plans, specifications, forms of proposal and other information may be obtained on application to this office. The right is reserved to reject any or all bids and to waive any defects. Eric Bergman, Captain of Engineers, U. S. A., Light House Engineer Fifth District.

Public Sale

TO CLOSE AN ESTATE.

AT THE

PHILADELPHIA EXCHANGE,

On May 16th,

BARNES & LOFLAND will offer at public sale, 42 acres of the valuable summit land of the Mifflin estate, lying within the limits of the town of Wayne, and virtually surrounded by lands of Drexel and Childs. Mr. Childs has conceded to the owners of this tract those exclusive privileges which have made his own land so valuable—Steam heat from central plant, Water Supply, Sewage System and Electric Light. Thorndore avenues lead to this property from all main points. The handsomest and most costly buildings and general development lie along the northern boundary. This land controls and upon it depends the future development of Wayne in a southerly direction. High commanding overlooking the town and country in all directions. Now ripe for a building operation. An investment in this tract would secure to the new owners the good-will and encouragement of the Wayne Estate. For further information apply to

JOS. R. McLEROY, GEO. B. MIFFLIN,
205 S. 6th St., Philadelphia, Wayne, Pa.

Architect Notes.

Horace Trumbaur, architect, 310 Chestnut Street, has made plans for nine dwellings to be erected by L. K. Brooks on the southwest corner of Fortieth and Spruce Streets, of dressed Indiana limestone, best press brick; roofs to be of tin and red Spanish tile work. The interiors are to models in the way of home comforts, having all modern conveniences. Estimates are being made on the work.

P. P. Elkinton, architect, 508 Walnut Street, has made plans for seven three-story dwellings to be erected by L. P. Brooks at Forty-first Street and Westminster Avenue. The fronts are to be of mottled Jarden make of brick, with some stone trimmings. All windows of large and best American plate glass, Spanish tile and tin roofs. Interior in hard wood and best of modern accommodations. Estimates are being made for the work.

Boyden and Taylor, architects, 413 Walnut Street, have made plans for a house for R. M. Glenn, near Bethayres, Pa. To be a frame and plastered building, shingle roof, two stories high, electric bells and all modern conveniences; plans being estimated on. Also plans for a brick house for Mrs. S. H. Starkey, two and a half stories high, to be erected near the same place as above. All modern conveniences will be introduced. Also drawings for a frame house for S. H. Hicks. To

be fitted same as above. The same architects are now engaged on plans for a number of houses for the professors and others who will be connected with the college of the "New Church," at the above named place. Also plans for farm barns and other minor houses and structures upon the Pitcairn farm. Also plans for a fine house, at Ridley Park, for W. H. Hall, Esq. To be frame, two stories high, heated by hot air, and to have best modern conveniences on interior. Also a large four-story house, to be erected in Albany, N. Y., by W. H. Feary. To have all conveniences. The structure will be of stone and brick construction.

Baker and Dallett, architects, southwest corner of Fifth and Walnut Streets, have completed plans for a handsome four-story residence for Edward Wolf, Esq., to be erected at 1307 North Broad Street, and placed the prints on the boards for estimate by contractors. The front of the structure will be of Hummelstown red stone, uniform in color, to be tool-dressed and rough face, as indicated on drawings. At top of the front elevation will be placed a large stone tablet of polished Georgia marble bearing date of construction. The entire front presents a unique and handsome appearance. Considerable flagstone, as well as iron grille work, will also be placed throughout; large and imposing windows of American plate glass, glazed and polished as indicated on plans; tin roof. The interior will

be in mahogany, cherry, bird's-eye maple, etc.; hardware of the best patterns, oxidized, gilt and silvered, etc. The finishes will be for the main hall, second and third floors, antique copper No. 8; parlor, in dull gold; library, satin silver; dining-room, rustless iron; sitting-room, antique copper. All the rest to be in nickel plate finish; all other hardware of polished brass. Special electric work throughout, speaking tubes, dumb waiters, steam or hot water heat, best culinary range and fixtures in kitchen, finest of sanitary plumbing and drainage, heat and ventilation, etc. Heating and range work is reserved from the general contract. The same architects have also finished plans for another structure, very much similar to the above, for Dr. L. W. Steinbach, to be erected on lot 1309, adjoining, and for which estimates are being asked. This building will be of the same material in the front, four stories high, to have a tile roof, with copper crest, at the gable a tablet bearing date, 1893. The interior will be finished in oak, white pine, cherry and some mosaic work. Fancy iron grille work will ornament parts of exterior and interior; the windows to be of American glass, beveled, plain and glazed; the interior finish to be quite varied in colors and of finest workmanship and material.

In both cement flooring and artificial paving will be placed. It is expected to announce the contract at an early date.

PHILADELPHIA, WED'Y, MAY 10, 1893.

A most important sale of real estate will take place on May 16th at the Philadelphia Exchange, at which time Barnes & Lofland will offer for sale the Milfin property, at Wayne, Pa., containing forty-two acres of land, adjoining the Wayne estate, and in the midst of fine improvements. For fuller particulars, see advertisement in this issue.

Architect Notes.

Otto C. Wolf, architect, 1331 Arch Street, is engaged on plans for a number of small breweries in the West. Also drawings for alterations and additions, as well as a number of new projects in this city.

J. Franklin Stuckert, architect, 49 North Thirtieth Street, has asked for revised estimates upon the addition of two stories to the Hotel Vendig, at Twelfth and Market Streets, fully noted in a previous number of this journal.

Joseph D. Austin, supervising architect of the Board of Education, has prepared a full set of preliminary plans for the proposed Boys' High School, which is to be erected on the lot bounded by Broad, Brandywine, Green and Fifteenth Streets, and they are now approved by the Board. It is altogether likely that granite will be selected for the structure, which always gives a grand and imposing effect. The interior will contain accommodations for about 1500 pupils and fitted with the most approved modern appliances for educating the young men. We shall note details more fully when all have been agreed upon.

John D'Arcy, architect, of Camden, N. J., has completed plans for a church and school

combined, to be erected on Penn Street, East Camden, N. J. The building measures 95 x 40 feet on the ground and is two stories high. The first floor is to be divided into four school rooms, 32 feet 6 inches x 19 feet each, with a seating capacity of 80, making in all 320. The ceiling is 11 feet high. Portable glass partitions separate the school rooms. Convenient lavatories are arranged on different sides of the building. The chapel measures, from the entrance to the communion rail, 64 feet x 38 feet 6 inches in width. The ceiling is 25 feet high. The seating capacity of the chapel is 450, and the gallery or organ loft will seat about 30, making in all 510, not including the chairs. The building is to be of wood, with stone and brick foundations. The ornamental work on the front will be of metal, and the style a combination of Romanesque and Gothic, making a very imposing appearance. A bell will be placed in the tower and a life size statue of St. Joseph, the patron saint of the church, will stand in a niche in the front. The tower will be 72 feet high above the ground and will be surmounted by a gilt cross. The Rev. Father Alphonse M. Lehrschohl, O. M. C., is in charge of the parish. The cost of the building will be about \$6000. Quite a number of cathedral glass windows will be put in.

F. Wm. Rumpf, architect, 337 Main Street, Centennial Block, Paterson, N. J., has prepared the working plans, etc., after submitting sketches for new Lyric Lyceum Hall. The building will cover an area of 200 x 140 feet, average; 200 feet on Clare Street, 157 feet on De Grasse Street and 132 feet on Grand Street. The hall in itself will be 117 feet diameter, in duodecagon form, with two galleries and stage, 60 x 30 feet. A small hall, 42 x 72 feet, is in connection with the larger one. Ladies' parlors, reception rooms, supper rooms and refreshment rooms will be provided; also bowling alleys and billiard rooms will be placed in the basement; heated by steam and lighted by electricity. The main structure is of steel and iron. Outside walls will be Goshen granite, Haledon brown stone and buff brick. Cost of building about \$150,000. Plans and specifications will go to hand of contractors in about four weeks' time. Owners, a stock company with \$300,000 subscribed capital. Also plans for the Plaza Hotel Co., to erect a building for same, fireproof as near as possible, six stories high, 80 feet front on Ward Street, 90 feet on Clare Street, with basement and attic story beside the six stories. The building will be iron and steel skeleton, with granite, brown stone and Pompeian brick. Will have on the first floor the office, parlors and dining-rooms, etc. Forty-two rooms for transients, twelve suites of rooms, with all improvements, elevators, heated by steam and lighted by electric light, electric bells, etc. Cost of the building is estimated about \$80,000. Plans and specifications will be ready for contractors in about six weeks.

Building and Real Estate Notes.

William S. McNabb is to erect eight three-story dwellings on the east side of Penn street, south of Bellfield.

Collins P. Bliss secured a permit authorizing the erection of an experimental smokeless furnace on the west side of Otsego Street, north of Milfin.

Amongst other work on hand by Thomas W. Wright & Son is the erection of a one-story brick addition to the Central Public School, Germantown.

R. C. Ballinger & Co., 218 North Thirteenth Street, have been awarded the contract for the erection of a combination patrol and fire house at Front and Westmoreland Streets.

C. C. Moore, builder, will at once begin the erection of seventy two-story brownstone and brick dwellings on the north and south side of Monmouth east of Amber Street. Interiors to have all modern conveniences.

Charles McCaul, contractor, 20 North Eleventh Street, has been awarded the contract for the erection of a hospital building upon the grounds of the new County Prison, for which a building permit was issued on the 3d inst.

A. M. Walkup, contractor, 1220 Filbert Street, has the contract, and is receiving bids from sub-contractors, for the iron work, plumbing and gas fitting, marble, plastering, painting, polishing, etc., for the U. S. Post Office, Scranton, Pa.

James B. Anderson, builder, 65 Sloan Street, is about to start the erection of six two-story houses with Mansard roofs on Baltimore Avenue, south side. These are all to be of press brick, stone facings and steps, slate roofs and interior accommodations of the best.

The contract for the erection of a four-story warehouse, 22 x 64 feet, on the south side of Cherry Street, west of Third, has been awarded to William C. McPherson & Sons, No. 325 Cherry Street. A building permit has been issued authorizing the builders to begin operations.

The old building occupied by the primary department of the Franklinville School will soon be torn down. Councilman Meehan advocates the application of the unexpended balance of funds originally intended for the Public Buildings Commission to the construction of new buildings.

At a conference between Chairman Kavanagh, of the Property Committee of the Board of Public Education, Rudolph S. Walton, member of the Board representing the Twenty-first Section and C. A. Frame, M. D., representing the local board, held on the 1st inst., it was practically determined to make the addition to Green Lane Grammar School Building a six division building, in dimensions 68 x 44 feet. It is expected that work will be commenced as soon as the plans can be prepared.

James Johnson, contractor, will at once begin the work of renovating the hardware store of Shannon & Co., on Market Street east of Eleventh. The damage done by the late fire is estimated at \$10,000.

Edward Schwable, contractor, will build a three-story factory, 40 x 100 feet, and a boiler house, 20 x 30 feet, also a stable, 30 x 30 feet, on Somerset Street west of Trenton Avenue, to be of brick chiefly, stone foundations, and fitted with steam power and machinery as well as all conveniences.

Walter F. Carson, electrical contractor, N. W. corner Howard and York Streets, has secured contract for electric lighting, wiring, bells, etc., for country residence for John G. Haslam, at Lawndale, Philadelphia. Mr. Carson is very busy, and reports the outlook for the coming season as very encouraging.

Geo. F. Payne & Co., contractors, 401 South Juniper Street, has been awarded the contract to erect the Geo. F. Lasher Printing House, 147-49-51 North Tenth Street, a full description of which was given in a previous number of this journal. Charles Balderston, architect, prepared the plans, and will supervise the construction.

Jacob R. Garber, contractor, No. 32 North Thirteenth Street, has been awarded the contract for making extensive alterations to the house of E. S. Markley, No. 154 North Sixteenth Street. Thomas P. Lonsdale, architect, will supervise the work, as all plans were prepared by him and have been fully noted in a previous number of this journal.

Benjamin F. Ketchum & Sons have put a force of men at work upon the Wanamaker mansion, on Walnut Street, which will be refitted and refurnished throughout for Robert J. C. Walton, the new owner. Mr. Walton is a son-in-law of William Weightman, the largest owner of realty in the city, and will hereafter make his home in this city. Samuel Hart & Sons will furnish the brick work.

Dr. Charles E. Hopkins, 1113 Walnut Street, has purchased 20 acres of the estate of the late Wm. Savery Johnson, including the old homestead on Devon Avenue, near to Devon Station. This is one of the choice old places on the road yet unimproved. It is understood that the doctor purchased for an investment. He contemplates making extensive alterations and improvements to the property this Summer.

Director Windrim has awarded the contracts for improved pavements on small streets as follows: First, Third and Fifth Sections to the Vulcanite Paving Company, work to be done by November 15, 1893; the Second and Fourth Sections to the Philadelphia Construction Company, and work to be done by August 15th, 1893, and July 15th same year. The contract for the Sixth Section has not been awarded yet.

The lot owned by James Connolly, on Seventeenth Street, above Tasker, was condemned for school purposes on the 2d inst. at a meeting of the Property Committee of the Board of Education. Complaints were received that the school furniture mentioned in the contract with the New Jersey School and Church Company, of Trenton, N. J., is not being delivered punctually, as agreed, and it was decided to recommend that the contract be canceled.

P. E. Costello, contractor, took out permits on the 5th inst. for a lot of work he has on hand at Torresdale and Tacony. There are four 2½-story stone and frame dwellings being erected at Torresdale, as heretofore mentioned, five two-

story dwellings on Unruh Street, south of Marsden, and three on Keystone Street, south of Unruh. Mr. Costello is also making certain interior alterations to Director Bettler's house (the old Thomas property) at Torresdale.

At a joint meeting on the 4th inst. of the Park Commission Committees on Superintendence and Police and Plans and Improvements, these contracts were awarded: For cutting grass in the Park, John Lynch, \$5400, the grass to be kept for Park use; for filling in back of the river wall, south of the Falls bridge, to Bennis & Leewright, for 14½ cents per cubic yard; to David Anderson, for excavations on the Greenland drive, 16½ cents per cubic yard; silt basins, \$5.50; terra cotta pipe, 17 cents.

The Charlotte Dye Works, on Charlotte Street, above Girard Avenue, were condemned on the 4th inst. by a Committee of Building Inspectors. The committee, consisting of President Gillingham, Inspectors Boorse, of the district, and Magill, reports that all the buildings are in a dilapidated condition, and are liable to fall at any moment. Orders were given to have the buildings removed or made safe. The works consist of brick and frame structures one and two stories high, and take up a space of about 50 by 70 feet. About thirty hands are employed.

Plans for a plant for Alcott, Ross & Scully, sash, door and blind manufacturers, to be erected at 2917, 2919 and 2921 N. Broad Street, have been approved by Building Inspector Boorse. There are to be two buildings. The main structure is to be three stories high, 50 x 65 feet. Its front will be of Pompeian brick, plate glass and hard wood, with red granite trimmings. The rear building is to be two stories high, 145 x 50 feet. A stable to be built in connection with the establishment is to be two stories high, 25 x 23 feet. The cost for all will be about \$18,000. Brennan & Bro. have the contract. The firm now has a place at Eighteenth Street and Washington Avenue. This will be run in connection with the new works.

As a final preliminary to placing the proposed Boulevard to Fairmount Park on the city plan, the Board of Surveyors, under Chief Engineer and Surveyor George S. Webster, on the 4th inst. went carefully over the ground. The members of the board who accompanied Chief Webster were: District Surveyors Thomas Daly, Charles W. Close, William C. Cranmer, Fritz Bloch, Walter Brinton, Joseph Mercer, W. K. Carlile, C. A. Sundstrom, Walter Jones, John H. Webster, jr., Joseph Johnson, William H. Jones and H. M. Fuller. In order to more thoroughly cover the route and take as direct a course as possible, the board walked. Chief Webster said that it was customary before recommending the condemnation of large properties for the entire board to make a personal inspection. As this route, touching and following the line of Callowhill Street for some distance, is the one recommended by Director Windrim, both on account of its directness and cheapness, and as it is recognized as the most feasible of the three plans suggested, there is little doubt that it will be recommended by the board. The next thing in order, after it has been placed upon the city plan, will be the preparation of an ordinance to make an appropriation to condemn property and begin the work. There has been but little objection manifested by property owners, and a large number have expressed their desire for the Boulevard. The surveys are completed, and Director Windrim thinks that it will not be long now before the ordinance to authorize the beginning of the work will be prepared.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Lincoln University, Chester Co., a building will be erected to contain a public hall.

—At Doylestown, Bucks Co., Reading Palmer will erect a dwelling. Kirk Carver has the contract.

—At Carbondale, Lackawanna Co., the Wyoming Seminary will be enlarged by an addition, to cost \$18,000.

—At Nazareth, Northampton Co., a movement is on foot to start a National bank. Charles D. Kreider is interested.

—At Pittston, Luzerne Co., \$17,000 additional has been appropriated by the State for the completion of the State Hospital.

—At Tipton, Berks Co., Council has purchased fifty-four acres of land, on which a reservoir will be constructed.

—At Slatington, Lehigh Co., Gross, Fritzinger & Co., Reuben Kunkle, Francis Minnich and Edwin German will erect dwellings.

—At Bradford, McKean Co., a movement is on foot favoring the erection of a Universalist church at the corner of Corydon and South Mechanic Streets.

—At Spangler, Cambria Co., the Catholic church people have commenced the erection of a new church. To be of frame, 30 x 60 feet, with ceiling eighteen feet high.

—At Berwyn, Chester Co., at a meeting held on May 2d, steps were taken toward the erection of a high school. Isaac A. Cleaver or Captain William Wayne can give information.

—At West Chester, Chester Co., Timothy S. Brick has begun work on ten dwellings at Bricklyn.—Plummer E. Jefferis will erect a dwelling at High Street and Rosedale Avenue.

—At Media, Delaware Co., the directors of the Media, Middletown, Ashton and Chester Electric Railway Co. are securing the right of way for the proposed road. Hon. Jno. B. Robinson, of Media, is a director.

—At Chester, Delaware Co., the Keystone Plaster Co. will erect an additional mill, three stories high, 80 x 300 feet, of Georgia pine, covered with corrugated iron and plastered with Adamant wall plaster.

—At Renovo, Clinton Co., plans submitted by Architect Wise for the new opera house have been adopted. The structure will have a seating capacity of about eight hundred. The stage will be 48 x 40 feet. Cost about \$20,000.

—At Oxford, Chester Co., the Oxford Land and Improvement Co. will erect a number of new buildings. The company sold a large number of lots recently, and still retains about six hundred acres, which will be laid out into building lots.

—At Malvern, Chester Co., a Presbyterian congregation has been formed, to be known as the First Presbyterian Church of Malvern. Jno. Detweiler and Samuel H. Esler were made elders. Rev. Thomas Akins, of Berwyn, Pa., was appointed moderator.

—At Pottsville, Schuylkill Co., M. P. Walker, Councilman, can give particulars as to a number of streets to be paved.—W. D. Hill is architect for the new school building to be erected.—A new reservoir will probably be constructed, with a capacity of 80,000,000 gallons. George M. Roads, solicitor of the company, can give information.

—At South Bethlehem, Northampton Co., at a meeting of Town Council, the subject of the erection of a market house was discussed. The estimated cost of the proposed building is \$30,000. Mr. Brown is the Burgess and can give information.

—At Harrisburg, Captain Flannery, of Luzerne, introduced a bill in the House to appropriate \$250,000 for the erection of an insane asylum within twenty miles of Wilkesbarre. Contractor S. M. Fry will commence the erection of five new dwellings on Nineteenth Street.

—At Milton, Northumberland Co., a two-and-one-half-story stone dwelling, 60 x 41 feet, will be erected for C. H. Dickerman. The interior will be in hard wood. Architect F. Charles Merry, 13 Astor Place, New York City, has made the plans. The structure will cost about \$30,000.

—At Lebanon, Lebanon Co., it is reported that a competent engineer will be appointed soon to investigate and make surveys of several proposed sources for an increased supply of water and report with recommendations to Councils. Joseph Krause is City Clerk and can give particulars.

—At Williamsport, Lycoming Co., Messrs. H. M. and L. M. Ulman will erect a new residence on West Fourth Street. The plans have been prepared by Architects Culver & Hudson. The same architects have made plans for a building, to be erected on Elmira Street, for John K. Hellman. Also plans for the annex of the Y. M. C. A. building.

—At Reading, Berks Co., the congregation of St. Peter's Methodist Church may erect a chapel. The trustees contemplate the erection of an addition. City Engineer Hoff is engaged on plans for the house sewage disposal plant. One hundred thousand dollars has been appropriated for the purpose. The site has not yet been selected.

—At Easton, Northampton Co., a new building is to be erected on the hospital grounds, at a cost of \$10,000, as soon as possible. The building committee consists of Wm. M. Davis, Henry McKeen and Dr. Isaac Ott, and the executive committee of the hospital trustees—Mrs. Philip Pfatfelcher, Mrs. Emily Jones, Mrs. W. G. Stewart, Mrs. Thomas Rinek, Miss Mary Illick and Mrs. B. F. Riegel.

—At Lancaster, Lancaster Co., the new Reformed Church will be erected from plans prepared by Architect John C. Smith, of Harrisburg.

—The School Board has secured a site for a new school building, at First and Pearl Streets. —Aldus J. Winter, 146 Mulberry Street, has been awarded contract for the erection of a big car barn for the Traction Co. Plans prepared by Architect C. E. Urban.

—At Bridgeport, Montgomery Co., the contract for the erection of the power house of the Norristown Passenger Railway Co. has been awarded to Francis D. Oberholzer. It will include a building of brick and corrugated iron, iron roof, 60 x 100 feet, and a building in the rear for engine, boiler, dynamo, etc., 72 x 60 feet. —The new town hall plans have been completed by Architect Fulton, of Uniontown, and are now on exhibition.

—At Norristown, Montgomery Co., the County Commissioners will receive bids until June 14th for the masonry of four bridges, to-wit: One over the northeast branch of the Perkiomen, one over Huntingdon Creek, one over Poquessing Creek and one over the west branch of Nesham-

iny Creek. Bids for the four superstructures of wrought iron for the same will also be received at the same time. Full particulars on application at the commissioners' office.

—At Pittsburg, plans are being made for a four-story brick and granite building 40 x 160 feet, to be erected at the corner of South Sixteenth and Carson Streets. B. G. Stenner, owner. —John Price has sold to a syndicate eight acres of land adjoining the city line. It will be laid out in building sites. —J. C. Reily & Co. have sold the Alexander property, which the buyer will improve. —H. L. Hunt & Co., of East Liberty, have purchased land on College Avenue, upon which they will erect a number of handsome brick dwellings. —Levi S. Lense has purchased a lot upon which he will erect a frame dwelling.

Through New Jersey.

The Board of County Freeholders has awarded contracts for constructing stone roads.

At Cape May Point, Cape May Co., T. T. Hillard contemplates the erection of a first-class cottage.

At Paterson, Passaic Co., Councilman Johnson can give particulars as to additional sewer mains to be constructed.

At South Seaville, Cape May Co., J. F. Bonham has purchased the David Blenkert property, and will erect a fine new barn.

At Camden, Council has passed an ordinance authorizing the issue of \$40,000 in bonds for the erection of a normal school building.

At Woodstown, Salem Co., contract for rebuilding the Methodist Episcopal Church has been awarded for \$7300. The structure is to be completed in six months.

At Collingswood, Camden Co., a number of improvements will be made to the park known as Knight's Park, and given by the heirs of E. C. Knight. E. C. Knight, Jr., of Philadelphia, R. T. Collings, Edward Browning and others are the trustees.

At Camden at a recent meeting of the Board of Public Works an ordinance was introduced for the paving of Market and Federal Streets, Kaighn Avenue and Broadway with a pavement to be selected by the property owners, who, with the city, are to divide the expense.

At Trenton, the Hamilton Avenue M. E. Church congregation will erect a new edifice, to cost about \$25,000. —Street Commissioner Rulon can give particulars as to a number of streets to be paved. —Richard Barlow will erect a hotel, from plans prepared by Charles Anderson, architect, 148 East State Street.

At Glen Ridge, Essex Co., E. R. Tilton, architect, 24 State Street, New York City, has made plans for a two-and-one-half-story frame dwelling, 23 x 40 feet, cost \$5500, for Mrs. E. E. Allien. The same architect has made plans for a two-and-one-half-story frame dwelling, 28 x 58 feet, to be erected at Nutley for H. A. Connolly; cost \$4000. Also plans for a two-and-one-half-story frame dwelling, 31 x 32 feet, cost \$3500, to be erected at Nutley for J. P. Dolan.

At Atlantic City, Atlantic Co., building permits have been issued to O. A. Guttridge to erect a four-story frame dwelling, 30 x 50 feet; to Idler & Dickey to erect a three-story frame dwelling, 22 x 36 feet; to E. F. Jones to erect a frame building 60 x 60 feet; to John B. Hess to erect a three-story frame building, 20 x 42 feet; to Knickerbocker Ice Company to erect an addition for ice

house, one-story, 30 x 30 feet. —Mary E. Higgins has purchased a lot, 50 x 150 feet, Northeast corner of Erie and Michigan Avenues. —An ordinance has been passed by Councils forcing the paving of Michigan, Illinois, Indiana, Kentucky, New York, Tennessee, South Carolina, North Carolina, Pennsylvania, Virginia, Ohio and Arkansas Avenues, from Atlantic Avenue to the beach.

Washington, D. C.

J. F. Carpenter will erect three three-story tenement buildings of press brick and brown stone, well finished on the interior, sanitary plumbing, toilet rooms, etc. Cost, \$18,000; Noley Anderson builder. —Wm J. Palmer has prepared plans for the new Masonic Temple to be erected at Pennsylvania Avenue and Fourth Street. Press brick, brown stone, steam heat, elevator, etc. Cost, \$30,000. —A. P. Clark, Jr., has prepared plans for an addition to Garfield Hospital to cost \$50,000; iron staircases and beams, tiled floors, steam heat hydraulic elevators. —O. Van Nerta, 1405 F. N. W., has prepared plans for an addition to the Concord Apartment house to cost \$40,000; iron staircases, tiling, elevator, steam heat. —Prof. Melville Bell will erect a large building as an institution for the deaf and dumb, W. C. Morrison builder; cost, \$30,000. The same builder has the contract for the Sunday School building of the Calvary Baptist Church, of which J. C. Hill is the architect. —R. E. Crump has prepared plans for a business building to be erected for F. Freund, at 815 Tenth Street, to cost \$20,000, buff brick, steam heat, electric lights, etc. The Transparent Ice Company will make improvements to cost \$25,000, new machinery, etc. —A handsome dwelling will be erected by Morgan E. Gale at 717 K Street, N. W., from plans prepared by Barry & Simpson. It will be of Indiana lime stone and buff brick, and all modern improvements will be introduced. The estimated cost is \$30,000. John S. Larcombe is the contractor. —N. T. Haller, Ninth and F Streets, has made plans for a bank and office building, to cost \$60,000. —Mrs. O'Connor will erect four dwellings to cost about \$25,000. J. W. Swainson is the contractor. —Asa Whitehead has had plans prepared by F. B. Pyle, Washington Loan and Trust Co. building for a dwelling to be erected on R street at a cost of about \$15,000. —B. Stanley Simmons, 931 F Street, has made plans for an apartment house to cost about \$80,000, for Barr and Sanner. The first floor will contain stores, modern improvements, steam heat, elevator, fire escapes, electric work, etc. —The same architect has prepared plans for five dwellings and stores for Raymond S. Donaldson, to cost about \$20,000.

Through Delaware.

At Wilmington, E. L. Rice has prepared the plans for the new grammar school to be erected on Washington Street. It will be of brick and stone, handsomely finished on the interior and contain all modern conveniences and improvements. James H. Morgan is the chairman of the Building Committee. —Frank R. Carswell has prepared plans for a chapel to be erected by the congregation of the Harrison Street Methodist Episcopal Church. It will be of Avondale stone, trimmed with red stone, and will contain, beside the main room, a library and study and also class rooms. A tower will be put on the front. It is the intention of the congregation to erect a church at some future time to cover the lot.

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY,

608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

BOOKS BOUGHT.

We want all the OLD BOOKS we can find. If you have a large library or small parcel of books you do not want, send us your address, and we will call and examine them. We are always prepared to buy and pay the cash at once, whether it amounts to five dollars or five thousand

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
(First Store below Market St.) PHILADELPHIA

Through Maryland.

At Chestertown, Kent Co., a movement is on foot favoring the erection of a new post office building.

At Elliott City, Harvard Co., the Elkridge Bridge Co. has been incorporated with a capital of \$70,000 to erect a bridge over the Patapsco river. John H. Owings, court clerk, can give particulars.

At Baltimore, the Eutaw Building Co. has taken title to a plot of ground on South Eutaw Street, upon which they will immediately commence the erection of a six-story brick warehouse.—Mt. St. Joseph's College has taken title to a tract of land on the south side of the Frankford Road for \$12,000.—Permission has been granted to the Rev. George W. Devine to erect a parochial school building at the northwest corner of Valley and Eager Streets. The structure will have a front of sixty feet with a depth of ninety-four feet. It will be of brick, with marble or granite trimmings and four stories high.—The most important permits issued to date are as follows: To E. A. Chatard, to erect five two-story brick dwellings; to A. Miller, to erect twenty-three two-story brick dwellings; to G. R. Spedden, to erect fourteen three-story brick dwellings; to S. Cohen, to erect a three-story brick building at 525 North Gay Street; to J. L. Mueller, to erect a two-story brick building and stable; to G. W. Devine, to erect a four-story brick building 60 x 94 feet corner of Valley and Eager Streets; to F. H. Calloway, to erect two three-story brick and frame dwellings.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Wants.

Sealed proposals will be received until Monday, May 15, 1893, by the water committee of Frederick City, Md., for the construction of a reservoir with a capacity of 6,000,000 gallons of water. Plans, specifications and contracts will be on exhibition at the office of the City Registrar, City Hall, Frederick, Md. Blank form of plans, specifications and contracts will be furnished on application. Each bid must be accompanied by a certified check to the amount of \$200 as a guarantee of good faith. The right to reject any and all bids reserved. Joe F. Eisenhauer, Chairman Water Committee, Frederick, Md.

Sealed proposals for the construction of a system of public water works will be received by the Borough of Somerset, Pa., until 8 o'clock P. M., on Saturday, May 13, 1893. The plans cover both the gravity and pumping systems, with a reservoir, and bidders may bid on one or both of them. The town council reserves the right of rejecting any and all bids. For specifications and requirements address Wm. H. Weifley, Burgess.

Mills To Be Built.

At Gurley, Madison Co., Ala., Quackenbush & Moseley will erect a saw mill.

At Birmingham, Jefferson Co., Ala., a stock company with a capital of \$300,000 will erect a mill. B. F. Gambrill, of No. 18 Broadway, N. Y., is interested.

At Falmouth, Pendleton Co., Ky., R. C. McDonnell can give particulars as to the erection of a new flour mill to replace the one recently destroyed by fire.

At Italy, Ellis Co., Texas, I. A. Arney and others will erect a cotton oil mill. The capital of the company is \$75,000.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Any Time

is the right time
for everybody to
drink

Hires' Root Beer

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this delicious beverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it's false. No imitation is as good as the genuine Hires'.

LYNCH & SMITH,
Electrical Contractors
AND DEALERS IN SUPPLIES.
3403 GERMANTOWN AVE.

Special attention given to repairing.
All work guaranteed for one year.

RUCKSTOOL & CLARK,
PRACTICAL TIN ROOFERS.

TORRID STEEL DRUM FURNACE

The most powerful heater in the market.
Sanitary Plumbing
and Gas Fitting.

Gravel & Felt Roofing,
1034-36 Fairmount Ave.,
PHILADELPHIA.

Estimates furnished on application

Wants.

District of Columbia. Proposals for sewer until May 27th. J. W. Ross, M. M. Parker and Wm. T. Russell, Commissioners.

Lyman M. Otis, Chairman Building Committee, Board of Supervisors, Rochester, N. Y. Plans until May 20, 1893, for the construction of a new court house building.

J. A. Jarrett, City Engineer, Nashville, Tenn. Proposals until May 16, 1893, for constructing sections A, B, C, D and E of the Lock Beach Sewer and all necessary connections and incidental work.

Jeremiah O'Rourke, Supervising Architect, Treasury Department, Washington, D. C. Proposals until May 17, 1893, for all the labor and materials required for the general excavations and temporary drainage, including sewer connection, of the United States Post Office building at Rome, Ga.

The Lower Tyronne School Board will receive sealed bids for building a new school house in said township. The Board will meet to consider the bids on Saturday, May 13th, 1893, at 3 o'clock, P. M. Contractors can bid on the house and foundation, or on each separately. For plans and specifications apply to the Secretary of the Board. All bids must be in the hands of the Secretary by 1 o'clock P. M., May 13th, 1893. The Board reserves the right to reject any and all bids. Josh. Torrance, President; J. M. Murland, Secretary. Box 137, Broad Ford, Fayette Co., Pa.

Office of Light House Engineer, Fifth District, Baltimore, Md. Sealed proposals will be received at this office until 2 o'clock P. M. of Wednesday, the 17th day of May, 1893, for furnishing the materials and labor of all kinds necessary for the completion, delivery and erection at the sites, of the metal work of Cape Charles and Hog Island Light Towers, Virginia, for a fixed sum for each light tower or for an aggregate sum for both towers. The bids most advantageous to the United States Government will be accepted. Plans, specifications, forms of proposal and other information may be obtained on application to this office. The right is reserved to reject any or all bids and to waive any defects. Eric Bergman, Captain of Engineers, U. S. A., Light House Engineer Fifth District.

Health Office, Room 615, City Hall, Philadelphia, May 3, 1893. Sealed proposals will be received in this office until 12 o'clock noon, Tuesday, May 16, next, for the statement of the following numbered nuisances: Nuisance No. 4387, existing in rear of premises 4230 to 4244 Green Street, 31 to 39 Apsley Street, and northwest corner of Green and Berkley Streets, 22d Ward. Alley to be regraded and repaved. Nuisance No. 4470, existing in rear of premises 4213 to 4247 Main Street, 4206, 4208, 4210, and 4222 to 4242 Cresson Street, and west side of Cresson Street, 160 feet north of Penn Street, Twenty-first Ward. Drain to be constructed and alley to be regraded and repaved. Bids must be separate, and each indorsed with its nuisance number. Plans and specifications may be seen at this office. M. Veale, Health Officer.

General Manager. General Passenger Agent

Public Sale

TO CLOSE AN ESTATE.

AT THE

PHILADELPHIA EXCHANGE,

On May 16th,

BARNES & LOFLAND will offer at public sale, 42 acres of the valuable summit land of the Mifflin estate, lying within the limits of the town of Wayne, and virtually surrounded by lands of Drexel and Childs. Mr. Childs has conceded to the owners of this tract those exclusive privileges which have made his own land so valuable—Steam heat from central plant, Water Supply, Sewage System and Electric Light. Telford avenues lead to this property from all main points. The handsomest and most costly buildings and general development lie along the northern boundary. This land control and upon it depends the future development of Wayne in a southerly direction. High commanding, overlooking the town and country in all directions. Now ripe for a building operation. An investment in this tract would secure to the new owners the good-will and encouragement of the Wayne Estate. For further information apply to

JOS. R. McELROY, GEO. B. McFILLIN,
202 S. 6th St., Phila. Wayne Estate,
FRANK SMITH, Manager
Wayne, Pa.

FOR SALE.

Factory Lots, R. R. Siding—706 feet on Trenton Avenue, 354 feet on Ontario Street, 389 feet on Tioga Street. Freight Station, P. R. R., on the ground.

WILLIAM J. KELLY 906 Walnut St

TO BUILDERS AND INVESTORS.—If in want of a lot of ground in a desirable location, and one bound to improve rapidly, examine the various pieces on south side of Allegheny Avenue and other streets between Broad Street and Germantown Avenue; lots are of various sizes to suit large and small operations from 6 lots upwards. All on fine streets, from 50 feet to 120 feet in width. For plans and full particulars call on WM. T. B. ROBERTS, Northwest corner Twentieth and Dauphin Streets.

VOL. VIII.—No. 20.

PHILADELPHIA WEDNESDAY, MAY 17, 1898.

PRICE 15 CENTS

Architect Notes.

Walter H. Geisinger, architect, Twelfth and Chestnut Streets, southwest corner, is preparing plans for two six-story factory buildings at Nineteenth Street and Allegheny Avenue. Each building will have a frontage of 63 feet and a depth of 292 feet. The iron column will be 135 feet high, and the building will be made as near fire proof as possible.

Will H. Decker, architect, Hale Building, has prepared plans for rebuilding the Lyceum Theatre, on Vine Street, east of Eighth. The interior will be entirely changed and new seating placed; steam heat, electric work, best system of heating and ventilation, and the whole to be as near fire proof as it is possible to make it. Estimates are being made on the work, as it will be started as soon as the present season closes.

A. W. Leh, 214 Second Street, South Bethlehem, Northampton Co., Pa., has prepared plans for a new market house, to be erected by the Town Council of South Bethlehem, at a cost of about \$30,000. It will be a three-story brick building, with a tower at the northwest corner. The basement will be utilized for storage purposes and for engine, boiler and dynamos for the electric lights. The first floor will contain the market stalls, and the second will be fitted up and handsomely furnished for the use of the Town Council. The third floor will contain large rooms designed for club purposes, and a feature of the building will be a large hall, 74 x 80 feet, with stage and dressing-rooms and all conveniences for dramatic purposes.

G. W. & W. D. Hewitt, Bullitt Building, have prepared the plans for the Bourse. The building will be 362 x 132 feet, and constructed of thoroughly fire proof material. The first floor will contain a hall, 232 x 125 feet, lighted by an immense skylight, extending the whole length of the room, and surrounded by galleries. A restaurant will occupy the basement, and barber shops, bath-room, hat and cloak-room will also be provided. The machinery for lighting, ventilating and elevator plans will be in a sub-basement, where there will also be room for the exhibition of machinery. From the third to the seventh floor will be devoted to office purposes. The eighth floor will be devoted to exhibition purposes. The ninth floor will be used for the storage of tanks, janitor's rooms, etc. The exterior will be of stone to the top of the second floor, and above that will be light colored brick, followed by terra cotta, which will form a sort of frieze around the building. The interior will be handsomely finished, with all modern conveni-

ences and improvements, including steam heat, electric lights, elevators, of which there will be eight, a complete system of ventilation, etc.

Wilson Bros., architects and engineers, Drexel Building, have prepared plans for the Presbyterian Home for Aged Couples, to be erected at Bala Station, near Philadelphia. The plans call for a four-story building, of Avondale limestone, with trimmings of Indiana sandstone. There will be a central building, 70 x 39 feet, with a wing on each side, 105 x 23 feet. The laundry, boiler and store-rooms will be in the basement, while the kitchen, offices, reception and matron's room will occupy the first floor. There will be twenty bed-rooms on the second floor and fourteen on the third; also sixteen bed-rooms in the attic. There will be a number of bath-rooms, and a small octagonal structure, with slate roof, will be erected for meeting of the Board of Managers. The buildings will be heated by steam, lighted by electricity, and the estimated cost is \$50,000. George F. Payne & Co., 401 South Juniper Street, are the contractors.

It is understood that work will be started in a few days upon the new Belmont Cricket Club house, for which plans were prepared by Messrs. Samuel Hall Day and Crawford Coates, Jr., architects, Drexel Building, a full description of which was given in this journal some six months ago. For the benefit of our readers we give a brief resume of the structure, which is to cost about \$25,000. Bowling alleys and shuffle boards will be located under the terrace. The first floor will include a reading-room, billiard tables, ladies' tea-room, dressing-rooms and janitor's quarters. The second floor will give access to broad balconies, and will contain a large ball-room, which can also be employed for amateur theatricals. This apartment is supplemented with a sewing-room, private dining-room and a ladies' committee-room. The exterior is pleasingly diversified with odd windows and lofty chimneys. Its location is at Chester Avenue, Regent Street and Springfield Avenue, and, in addition to the above improvements, the grounds will have artificial pavements, finely embellished gardens and lawns, etc.

Building and Real Estate Notes.

Thomas Dewlin & Co. will erect a two-story brick engine and boiler house on Third Street north of Lehigh Avenue.

Charles C. Harrison & Company will erect a six-story brick store and warehouse, 30 x 142 feet, on Filbert, east of Ninth Street, at a cost of \$35,000. Samuel Hart & Son are the contractors.

John W. DeLong will erect five three-story dwellings on Mantua Avenue east of Forty-second Street.

Edwin S. Radley is to build ten two-story brick dwellings on the south side of Pepper Street, north of Wrekin.

The former rectory of Holy Trinity Episcopal Church, 1820 Spruce Street, has been bought by Angelo T. Freedley.

The mill of Bromley & Burns, which was destroyed by fire a few days since, will be rebuilt as soon as the insurances are adjusted.

Six three-story brick and stone dwellings are to be built by Samuel Shoemaker on the east side of Thirty-third Street north of Haverford Avenue.

C. C. Moore will erect six two-story dwellings on Orleans Street west of Frankford Avenue. They will be of press brick with brownstone trimmings.

A cooling house is to be built on top of one of the Bergner & Engel Brewing Company's buildings, Thirty-first and Master Streets. It is to be 36 x 20 feet.

Sixteen two-story dwellings will be erected on Fifty-fifth and One-half Street by William A. Arthur & Bro. They will be of press brick with trimmings of stone.

The Pennsylvania Hospital is to have a new stone and brick boiler house on the east side of Ninth Street, south of Spruce. It is to be two stories high. The dimensions are 42 x 62 feet.

Cramps have purchased additional ground to give more room at their ship yard. Allen B. Rorke has begun work on an office building for the company, four stories high, of brick, and 22 x 68 feet.

The Frankford and Southwark Company will perfect plans for the trolley system at once. A site will be selected for a power house at an early date, after which plans will be made for the building and the machinery made. Jeremiah J. Sullivan is the president of the company.

The fine residence of Patrieius McManus about to be erected at the Southeast Corner of Thirty-sixth and Baring Streets will be after the plans of P. A. Welsh, architect, 429 Walnut Street, which have been fully noted previously in this journal. The architect will supervise the construction.

An indication of the settled value of Lansdowne property was shown last week by the refusal of Mr. A. H. Postel to sell his property for \$35,000, the offer coming through Mr. Isaac L. Miller. Mr. Postel has a beautiful place, which is like all Lansdowne property, yearly becoming more valuable.

PHILADELPHIA, WED'Y, MAY 17, 1893.

Knight Park, at Collingswood, N. J., was appropriately dedicated on Friday, May 12th, in the presence of nearly five thousand people, including a large number of school children who added interest to the occasion by the singing of patriotic airs. General William Sewell presided, and Mr. E. C. Knight, Jr., presented the deed of the park to the trustees. Knight Park is situated west of Collingswood and is easy of access from Camden, Haddonfield, Gloucester City and various other towns, and contains nearly sixty-three acres. It was the desire of the late E. C. Knight to devote the ground to its present purpose, though no provision was made in his will for carrying out any such intention. The heirs, however, knowing of his wishes, have thus generously carried them out by presenting to the public a beautiful park, "for all time to come." Among those present from Philadelphia were John Jay Gilroy, of the Guarantee Trust Co.; E. Waterman Dwight, Richard Clay, Edward Browning, Nathaniel E. Janney and others. The trustees of the park are: E. C. Knight, Jr., Edward Browning, E. Waterman Dwight, Hon. A. G. Cattell, Hon. E. Ambler Armstrong, R. T. Collings and G. Franklin Davis.

GUMMEY, SPERING & Co., importers of tin plate, are increasing the capacity of their plant so as to fill all orders promptly. One of the finest brands of plates guaranteed by this firm is the Pennsylv Old Method Plates, which have been placed on many of the largest buildings throughout the country, and whenever subjected to examination by a board of experts have been given the preference. In addition to this brand the firm is manufacturing in this city the following brands of American tin andterne plates: The "Phoenix," "Eagle," "Climax" and "Lib-

erty," all of which have earned for themselves an enviable reputation among the trade throughout the country.

THE Davis Architects and Builders' Directory of Pennsylvania, published annually by James T. Davis Company, this city, has been received and is one of the most complete books of the kind now published. Besides containing the names and addresses of all firms and individuals engaged in the building trade, or in supplying building material, there is a trustworthy list of architects and builders throughout Pennsylvania. This mass of valuable information is supplemented by a complete resume of the laws governing the building trade, and, with the excellent type and superior workmanship, make a work of inestimable value to anyone desiring information on any of the subjects treated of in the book.

R. S. GROVES, art stained glass, No. 617 South Broad Street, has just finished a very handsome memorial antique window, which will shortly be placed in the Church of the Incarnation, corner Broad and Jefferson Streets.

High Grade Japanese Art at Auction.

Davis & Harvey will sell on Thursday and Friday afternoon at 3 o'clock, a rare collection of masterpieces representing the collection of Mr. L. Matsumoto. The collection was originally intended for the World's Fair, but, owing to restricted space, Mr. M. was enabled to present a part of it only; this of course left many valuable pieces, which are to be sold at auction. It is interesting to note the great advancement made by these strange people in their works of art. Prior to the Centennial the American public had but a poor idea of their wonderful resources, both from a mechanical as well as an artistic standpoint, since when time, owing to the opportunity afforded by the American market, even greater strides towards perfection have been made than during the centuries that preceded it. The fact is Americans have a keen appetite for the finest work of the Japanese and are willing to show their appreciation by a liberal patronage of these sales that represent their best efforts and while the shops furnish ready sales for the cheap and inartistic stuff usually found in them, it is left to such connoisseurs as Matsumoto and Deakin who have made Japan and her wonderful products a life study, to glean the best pieces which takes years of time and effort, and which finds its culmination in just such sales as that to be made by Davis & Harvey at their art rooms, 1212 Chestnut Street, on Thursday and Friday next.

Building and Real Estate Notes.

The Hotel Lafayette, Fifteenth and Chestnut Streets, will be renovated.

Thomas Stone, builder, is about to begin the erection of eleven fine dwellings at Forty-fourth and Aspen Streets. All to be of brick with stone facings and steps, inside work to be of the best material and modern improvements.

Samuel Hart & Sons have been awarded the contract for the erection of three car stables for the Philadelphia Traction Company on the east side of Fifteenth Street south of Huntingdon. The buildings will measure 70 x 217, 82 x 63 and 38 x 217 feet respectively. The Building Inspectors have approved the plans.

Jno. Hagan & Co., dealers in granite, flag and blue stone, Southeast corner American and Cambria Streets have secured the following contracts: Cut stone for Northern National Bank, Seventh and Germantown Avenue; cut stone for Wismer Building, Front and Poplar Streets; also curbing and gutter for Fair Hill Square; also full contract for furnishing the city with crossing, gutter and tramway stones.

The project of the Philopatrian Literary Institute to erect a handsome new building on its South Twelfth Street property is now said to be assured of success, and President Henry A. Smith has appointed the following committee on ways and means to arrange for its construction: James A. O'Brien, Sr., James Hastings, Thomas P. Twibill, Frank J. Johann, Peter S. Dooner, Francis P. Maher, T. C. Vanneiman, N. J. Griffin, John M. Campbell and E. Gaw Flanigan.

It is understood to be the intention of the J. B. Lippincott Estate, represented by the Pennsylvania Company for Insurance on Lives and Granting Annuities, to at once begin the re-erection and enlargement of the Aldine Hotel, which was badly damaged by fire on the 14th inst. The matter of enlargement has been held under consideration for some time. S. Murray Mitchell will continue to be the lessee of this handsome structure located on Chestnut Street west of Nineteenth Street.

At the meeting of the Master Plumbers' Association, held on the 12th inst. at the Builders' Exchange, the following delegates and alternates were elected to represent the local association at the annual meeting of the National Association of Plumbers, which convenes at Milwaukee, Wis., on June 13th. Delegates: George F. Uber, Albert M. Hicks, William McCoach, William Harkness, William H. Doyle, William L. Owens and F. P. Brown. Alternates: William Calhoun, Alex. G. Bond, Henry McDowell, Charles L. Parmelee, J. Sellers Kite, S. B. Fleming and W. S. Clark.

The Building Committee of the Operative Builders' Association met on the 12th inst. to discuss plans looking to the erection of a magnificent office building in the centre of the city. The association has grown to such proportions, and its influence is so widespread that it requires only a permanent home to give it a place with the leading organizations of the kind in the city. The meeting was attended by William C. Merritt, Joseph Verkler, C. C. Moore, Thomas C. Rockett and William T. B. Roberts, president of the association. The site most favored is close to Broad and Market Streets, where an available lot has been located.

Hoopes and Townsend, manufacturers of bolts, nuts, &c., Broad and Callowhill Streets, will erect five additional buildings to their present structure. Three will be one story high and two, two-story. The principal material will be iron with considerable brick. H. J. Simmons & Co. are the engineers and architects.

The Wissahickon Electric Railway Company is making excavations for a two-story brick, 30 x 140 feet, power house, on the west side of Cresson Street, above Ridge Avenue, Wissahickon. The front will be of brick, with ornamental trimmings. The plans were prepared by Charles H. Davis. The building is to be completed in June.

The Northern National Bank, which recently purchased the Northwest corner of Germantown Avenue and Dauphin Street, for a bank site, is about to erect a \$35,000 building there. It is to be two stories high, of brick and stone, and will be 40 x 82 feet. The permit was taken out on the 10th inst. by Contractor Carman.

C. O'Neil has been awarded the contract by the Board of Education for an additional building to the Bayard Taylor School in the Thirty-third Ward. The price was \$29,819. Also awarded contract for addition to school building at Pine and Quince Streets for \$5819. Johnson and Byrnes have been given the contract for the fire escapes for the new Normal School for \$4406.94.

Within a year there will be three large buildings in the vicinity of Fourth and Walnut Streets which will be vacant. They are the Pennsylvania Railroad Company's general office, the Philadelphia & Reading office building, and the building now occupied by the Lehigh Valley Railroad Company and the Pennsylvania Railroad Company's clerks' office at Third Street and Willing's Alley. These buildings will all be vacated by the removal of the various offices to the new buildings which are now in course of construction by the Reading and Pennsylvania companies; and it is understood a scheme is now on foot for the turning of them into large apartment houses.

Director Windrim has awarded the contract for the construction of a new engine house, boiler house and stack to be erected at the Frankford pumping station, Lardner's Point, in the Thirty-fifth ward, to Thomas Gamon for \$75,500. The improvement to be made at the station will extend the pumping house to accommodate the new 15,000,000-gallon pump now in course of construction by the Southwark Machine Co., and to be finished next month, and still leave room for the accommodation of another pump when the demands upon the station require it. At present two 20,000,000-gallon pumps are in service, but these are old, and liable to become disabled. The boiler house will be made large enough to have room for an additional boiler or boilers when required.

The Director of Public Works, James H. Windrim, will soon award contracts for grading and paving that will open the way for 1500 new dwelling houses in the southern section of the city. The Widener and Elkins syndicate controls two large tracts of land, which will be divided by the new streets which have already been authorized by Councils and placed upon the city plan. The one tract is bounded by Twelfth, Broad, Wolf and Shunk Streets, and Moyamensing Avenue; the other by Broad, Nineteenth, Wolf and Ritner Streets. Upon these two tracts 1500 houses of modern design will be erected by William T. B. Roberts, who always conducts the operations of the syndicate. The improved transportation facilities promised that neighborhood will make the houses marketable at once.

The directors of the Union League contemplate making further improvements to the clubhouse that will involve an outlay of from \$30,000 to \$40,000. They will consist of a new kitchen and a rearrangement of the serving rooms, which are at present inadequate owing to the large membership. It is proposed to erect the kitchen on the space now devoted to the yard and connect it with the present kitchen under the restaurant. This will give increased space for the steward, silver and pantry-rooms and, in addition, a storage-room. The roof of the kitchen will be tiled and upon it will be placed flower mounds, after the present arrangement, so that the club will not lose its garden.

Among the awards of contracts for alterations and repairs to schoolhouses awarded recently by the Property Committee of the Board of Education were: Alterations to the Bayard Taylor School, Thirty-third Section, to Contractor C. O'Neill, at \$29,819, and an addition to the Pine and Quince Streets School, Mr. O'Neill, at \$5891; New Normal School, alterations to the fire escapes, to Johnson & Burns, at \$4406, and stone floor and pavement, to Whitcomb & Co., at \$3710; new tin roof at the Hancock School, to A. R. C. Manlove, at \$577; painting inside of Vaughan School, to M. McConnor, at \$965; addition to the Schuylkill School, Twenty-first Section, to M. McManus, at \$1645; retaining wall for the Heston School, Thirty-fourth Section, to M. McHugh & Brother, at \$1490.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Clearfield, Clearfield Co., Reed & Ettla will erect several dwellings.

—At Coatesville, Chester Co., there is some talk of erecting a new school building.

—At Norristown, Montgomery Co., George S. Heany will erect a dwelling on Haws Avenue.

—At Unifontown, Fayette Co., the Presbyterian congregation will probably erect a new church.

—At Tredeyffrin, Chester Co., the School Board has purchased a lot and will erect a school building.

—At Sharon, Mercer Co., A. Wishart & Son, contractors, will erect a dwelling for C. M. Rice; cost, \$6000.

—At New Castle, Lawrence Co., a new First Presbyterian Church will be erected of brick and stone; cost, \$37,000.

—At Marcus Hook, Delaware Co., a building for a public hall will be erected. E. B. Worritow can give information.

—At Verona, Allegheny Co., the First National Bank has been authorized to commence business, with a capital of \$50,000.

—At Wilkesbarre, Luzerne Co., the Wells Building was partly destroyed by fire last week, at a loss of about \$10,000.

—At Reading, Berks Co., L. H. Foelt has completed plans for extensive additions to the National Brass Works plant.

—At Collegeville, Montgomery Co., Ursinus College has been left \$160,000 by the late Robert Patterson, of Philadelphia.

—At Broad Ford, Fayette Co., a new school house will be erected. J. M. Murland, secretary of the board, can give information.

—At Wayne, Delaware Co., the dwelling of Richard H. Johnson was destroyed by fire on May 12th, at a loss of about \$10,000.

—At West Chester, Chester Co., the West Chester Cold Storage Building has been destroyed by fire, causing a loss of about \$8000.

—At Ridley Park, Delaware Co., the Ridley Park Coal and Lumber Company has been incorporated with a capital stock of \$25,000.

—At Pottstown, Montgomery Co., A. J. Beinhart has bought four building lots, Tremont J. Keim, one lot, and Harry Keim, one lot.

—At Quakertown, Bucks Co., it is reported that the land owned by Mr. Lott has been purchased by two business men of the town, who will convert it into a park.

—At Connellsville, Fayette Co., the Building Committee of the Catholic Church has fixed upon the site for a new Catholic church. It will be erected on Main Street, near the convent.

—At Saltsburg, Indiana Co., the Adonis Iron Company of Pittsburgh will erect a large plant. Work is progressing on the erection of the building for the Pittsburgh Heating Supply Company.

—At East Mauch Chunk, Carbon Co., the corner stone of the new First Reformed Church has been laid. The structure will cost about \$10,000. The Rev. Morgan A. Peters is on the building committee.

—At Quarryville, Lancaster Co., the plans for the enlargement of the National bank have been finished, and work will begin in a short time. A two-story brick annex will be erected in the rear and the interior of the present building remodeled.

—At Newport, Perry Co., Joseph W. Stimmel and others have filed application with the Comptroller at Washington, D. C., for authority to organize the First National Bank of Newport. The Newport Home Water Company, with a capital of \$10,000, has been granted a charter.

—At Pittsburgh, the six-story building of B. F. Gaekler and the adjoining building has been destroyed by fire, causing a loss of about \$180,000.

—The Committee on Public Works recommend the construction of sewers in a large number of streets.—Henry Shenk, of No. 605 Smithfield Street, has received the contract for the erection of the superstructure of the Carnegie Library Building. Price, \$617,630.

—At Reading, Berks Co., the managers of the Home for Friendless Children are considering the erection of an annex to the present building. Mrs. E. J. Richards, 205 North Fifth Street, Reading, can give information.—The Committee on Repairs of the School Board has decided on plans for a four-room building at Spring and Moss Streets and another at Schuylkill Avenue and Green Street. A special committee was appointed to secure plans for a four-room addition to the building at Twelfth and Windsor Streets.—A number of persons are negotiating for the purchase of the Hotel Penn property. Clayton H. Reist is the present owner. George L. Kestner and George Haak are said to be among the would be buyers.—The Board of Trade has obtained the option on the property adjoining the court house for \$36,000, upon which to erect a building for the use of the board.—The Fifth Street Methodist congregation will erect a chapel, to cost \$15,000.

Through New Jersey.

—At Mays Landing, Atlantic Co., Contractor Ewing will erect eight cottages for the Industrial Land Company.

—At Bridgeton, Cumberland Co., the Bridgeton Iron foundry was destroyed by fire a short time since, at a loss of about \$25,000.

At Burlington, Burlington Co., a Catholic college is contemplated. Rev. J. J. Griffin, of St. Paul's R. C. Church of Burlington, or Bishop O'Farrell, of Trenton, can give information.

At Seabright, Monmouth Co., James Denyse has been awarded contract to erect an annex to the Hotel Normandie. He will also raise the bathing pavilion. The improvements will cost about \$10,000.

At Collingswood, Camden Co., Contractor Patterson will erect a handsome cottage on Haddon Avenue for John Hillman.—The Baptist Church congregation will purchase a lot and erect a parsonage.

At Haddonfield, Camden Co., Surveyors J. B. Sickler and W. Rose, of Chew's Landing, have begun to lay out streets and avenues on the new plot, called West Haddonfield. The place will be lighted with electric lights.

At Ocean Grove, Monmouth Co., at a meeting of the Ocean Grove Association, it was decided to begin work on the new auditorium so as to finish it by July, 1894. The plans were made by W. H. Cardmen. The estimated cost is \$50,000.

At Woodbury, Camden Co., Franklin P. Reynolds has been awarded the contract for the erection of a stone and brick Episcopal church in South Camden; also for the erection of the Cooper Point Iron Works, recently destroyed by fire.

At Merchantville, Camden Co., the congregation of Grace Episcopal Church have decided to erect a new building, with a seating capacity of five hundred.—William H. Griffith will erect a handsome residence at Walnut Avenue and Cove road. Ground has been broken.—Ground has been broken for the erection of a residence for Warren Webster.

At Newark, G. H. Strobell will make improvements to No. 5 Clinton Avenue. Cost about \$500.—W. Frank Boner, architect, 222 Market Street, has plans for a three-story brick store and dwelling, to be erected at Nos. 103 and 105 Clinton Avenue, for Kaupherr & Meyer. Cost, \$20,000. Also plans for a three-story brick and frame dwelling for Harry L. Jenkinson. Cost, \$8000.

At Hackensack, Bergen Co., J. E. Terhune, architect, has made drawn plans for a two-and-one-half-story frame dwelling, 47 x 48 feet, with extension, 18 x 24 feet, to be erected at Tarrytown, Westchester Co., N. Y., for Joseph Eastman. Cost, \$25,000. Plans for a two-and-one-half-story frame dwelling, to be erected at West Englewood, N. J., for A. E. Nickerson. Cost, \$2500. Plans for a frame cottage, to be erected at Hackensack, for R. M. Goodhardt. Cost, \$3800.

At Avalon, the organization for the college to be located at this place has been incorporated. The incorporators include Professors Charles Dolley, A. H. Smyth, B. F. Lacy, of the High School; Professor W. H. Sayre, of the Central Manual Training School; Professor Milton H. Bancroft, of the Academy of Fine Arts, and Mr. Charles Adamson, 119 South Third Street, Philadelphia, secretary. The Avalon Summer Assembly, under the auspices of the American Association for the Advancement of Education, is the name selected for the organization. A large tract of land has been purchased, and in time suitable buildings for lecture-rooms, art studios, laboratories and aquariums, will be erected.—The following will erect cottages at this place during the coming Summer: F. D.

Wildman, 236 Market Street, Philadelphia; Charles D. Gill, 915 Filbert Street, Philadelphia; George W. Kates, Avalon, N. J.; Thomas Bray, secretary of the Seven Mile Beach Co., adjoining Avalon; W. J. Brooks, Falls of Schuylkill, Philadelphia, and H. F. Smith, 1008 Market Street, Philadelphia.

Washington, D. C.

An addition will be erected to the Builders' Exchange from plans prepared by C. W. Somerville, Builders' Exchange. Much steel and cement will be used, also iron work, grand fire-proof stairway, elevators, etc. The same architect has prepared plans for fifty-four dwellings to be erected on Sixteenth Street, N. W., for a New York syndicate. The cost will be about \$50,000. Steam heat. Also plans for a dwelling for E. T. Simpson, to cost \$5000, and plans for stables, manure sheds, etc., for George Earle, near Annapolis, Md. Cost \$5000.—George W. Harvey will erect eleven dwellings from plans prepared by P. N. Dwyer, Fourth and F Streets, to cost \$30,000. No contracts let.—An addition will be erected to the Richmond and Danville building at Thirtieth Street and Pennsylvania Avenue. No contracts let.—James P. Deuson will erect eight dwellings to cost about \$30,000. Edward Eberbach will erect a dwelling on New York Avenue to cost \$10,000. Plans prepared by A. P. Clark, Jr., 605 F Street, N. W.—C. B. Keferstein, Washington Loan and Trust Building, has made plans for an apartment house. Press brick, Hummelstown brown-stone trimmings, steam heat, etc.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To G. E. Warfield, to erect forty-nine two-story and five three-story brick dwellings; to E. J. Gallagher, to erect twenty-four two-story brick dwellings; to J. Requardt & Co., to erect two three-story brick dwellings; to J. W. Sindall, to erect three three-story brick dwellings; to the Saviour's Mission, to erect a two-story brick chapel; to G. F. and E. C. Swift, to erect a four-story brick building at Nos. 405 and 407 W. Camden Street; to John Snyder, to erect five two-story brick dwellings; to W. Laughley, to erect a two-story brick dwelling; to J. J. Rehberger, to erect a two-story brick dwelling.

Through Delaware.

At Wilmington, the bids for the proposed grammar school were all too high and new bids will be asked.—East Lake, which has been annexed to Wilmington, wants better school facilities, and Dr. Shortlidge, Mr. Hartman and Mr. Baynards were appointed a committee to look into the matter.—Calvin I. Swayne has begun work on the chapel for the Bethany Baptist Church. The cost will be \$10,000.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

SOLD BY DAVIS & HARVEY, AT THE PHILADELPHIA EXCHANGE, ON MONDAY, MAY 15, 1893.

Wants.

Jas. F. Eisenhower, chairman water committee, Frederick, Md. Proposals until June 1, 1893, for the construction of a reservoir with a capacity of 6,000,000 gallons of water. Plans, specifications and contracts will be on exhibition at the office of the City Registrar, City Hall, Frederick, Md. Blank forms of plans, specifications, and contracts will be furnished on application.

C. A. Miller, Burgess of Borough of Cochran-town, Crawford Co., Pa. Proposals until June 10, 1893, for work and materials to be let as a whole, or separate, for digging and filling trench, for cast-iron pipe, sizes 4 and 6 inches; distance from springs, 1½ miles, distances along streets, 3 miles more or less, also separate bids for building 600 barrel reservoir, hydrants, valves, etc. For specifications and plans enquire or address Burgess or Secretary.

Plans for a municipal building in the City of New York will be received until September 1, 1893. The conditions under which the competition is to be conducted and the requirements of the Board are described in a paper entitled "Instructions to Architects," which may be obtained on application at the Comptroller's Office, 280 Broadway, New York.

Mills To Be Built.

At Newport, Campbell Co., C. C. Kelley & Co. will erect a saw mill.

At New Brunfels, Comal Co., Texas, Peter Faust can give particulars as to a new oil mill to be erected.

At Alarado, Johnson Co, Texas, the Alarado Cotton Seed Oil Mill Company will erect a new mill.

At Crowley, Acadia Co., La., the Crowley Rice Mill Company, with a capital stock of \$100,000, will erect a mill. W. W. Dusen is interested.

At Baird, San Flower Co., Miss., a new company with a capital stock of \$35,000 will erect a cotton mill. John B. Baird is interested.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are 1 to 6 figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

WHAT WE CLAIM

The largest stock of piece Woolens for Men's Wear—containing the choicest and most varied styles and patterns, making the greatest collection of Merchant Tailoring fabrics in this city.

Artistic Workmanship

The most careful and artistic Cutting and Draping, enabling us to guarantee perfect-fitting garments—the equal of any of the high-priced tailoring at half the usual prices.

Prompt Delivery

The most complete system of manufacture—having all our work made in our own buildings, under the supervision of competent foremen, thereby securing honest and reliable workmanship and promptness in filling orders. As a consequence, we have not disappointed the delivery of a garment in five years. Everything positively finished at the time promised—to which all of our customers can testify.

Make-up and Finish

The most stylish, smart-looking garments, fashioned in the latest modes, and trimmed and finished in the neatest and most substantial manner, and withal the very lowest, most moderate prices consistent with good goods and good workmanship.

SUITS, \$20 to \$30.

TROUSERS, \$5 to \$10

FULL DRESS SUIT (Satin Lined,) \$35

JNO. B. MORLEY & CO
CHESTNUT AND EIGHTH

Fine Merchant Tailoring Exclusively.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

is the right time
for everybody to
drink

Hires' Root Beer

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this delicious beverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it's false. No imitation is as good as the genuine HIRSE'S.

DEVOTED TO REAL ESTATE, BUILDING, ARCHITECTURAL AND INSURANCE INTERESTS.

[ENTERED AT THE PHILADELPHIA POST OFFICE AS SECOND CLASS MATTER.]

VOL. VIII.—No. 21.

PHILADELPHIA WEDNESDAY, MAY 24, 1893.

PRICE 15 CENTS

Architect Notes.

The owner of the property on the N. W. corner of Tenth and Market Streets, C. C. Harrison, it is understood, will at once improve the location by erecting a very handsome seven-story business house, to be of stone and brick construction, having all the latest conveniences introduced, elevators, freight-lifts, electric work, steam-power and heat, speaking tubes, etc. Orpe & Stewardson, architects, 316-20 Walnut Street, Phila., will likely prepare the drawings for an early start upon the work.

The plans for the alteration of the properties owned by John M. Sharp, at Twenty-second and Chestnut Streets, were made by Angus S. Wade, architect, Hale Building. These have been approved by the Building Inspectors and work started. It is intended to make this property into a grand apartment house, one part of which will be five stories and the other six high. To be of buff brick and stone work, similar to the present walls of the structures. Steam heat, electric work, elevators, and all modern conveniences will be introduced.

W. H. MacCollin, architect, 913 Walnut Street, has made plans for a fine large stone building, 50 x 190 feet, to be built at 1220-22 Market Street. The front will be six stories high, the first two stories of Indiana limestone and remainder of mottled Pompeian brick and terra cotta work. The windows will be of large French plate glass and the cornice of copper work. The interior will be fitted with electric passenger and freight elevators, and all the latest conveniences, electric bells, best sanitary plumbing, steam heat, etc. Estimates are being made.

Samuel Milligan, architect, 520 Walnut Street, has prepared plans for a fine four-story building, to be erected by Joseph A. Robbins on the southwest corner Broad Street and Washington Avenue, to be occupied by the U. S. Marine Corps as a furnishing depot, as well as a manufacturing department. The structure will be of gray brick and Indiana limestone and ornamented by galvanized iron work, with large plate glass windows in front; interior to have a freight elevator, electric work, speaking tubes, steam heat and best sanitary plumbing, etc. The contractor is Henry C. Dahl, 408 South Fifth Street.

H. A. Roby, architect, Lebanon, Pa., has prepared plans for Eden Hall Academy, at Torresdale, Pa. The structure will be three stories high, walls of Trenton brown sandstone, slate roof, steam heat, electric work, etc. The first floor will be fitted with a sacristy, treasurer's

office, library and a visitor's room, while the basement will contain a recreation room, kitchen, etc. The second story will be fitted with cells or dormitories, chambers and a large community room and a mother superior's quarters. The third will be constructed much the same as the second. Estimates are now being made on the work.

Bailey & Truscott, architects, 136 South Fourth Street, Phila., have completed plans for a fine country residence at Overbrook, Pa., for Mr. Percy Simpson. The building will be three stories high, of Leipsville stone, with slate roof. A handsome porch will extend around three sides of the main house, one side to be an open cement one upon the Economy Construction Company's arches. Fine plate-glass and crystal will be used throughout, steam heat, electric bells and light, best of sanitary plumbing and modern conveniences. A Pilot burglar alarm system will be introduced, mackite, covered with Adamant plaster throughout, and mineral wool, deadening under all floors. These to be of hard wood on first floor. Hardware of Yale and Towne make. The style of architecture will be of the Elizabethian.

Robert K. Marple, architect, 708 Walnut Street, has completed plans for a public school house at Riverside, N. J. To be two stories high, stretcher brick, with Trenton brown stone trimmings, steam heat and mineral wool for deadening sound. Size of structure, 70 x 40 feet. Also drawings for a residence for James A. Stovell at 4526 Springfield Avenue, 22 x 65 feet, a reception hall, with open grate, and parlors, dining-room, pantries, kitchen and laundry on first floor, handsome porch outside, interior in hard woods, with all modern conveniences, etc. Also plans for a brick cottage at Lansdowne, Pa., for Mr. Jno. T. Greany. To have eighteen rooms and finished with all the latest improvements. Drawings for seven dwellings for Geo. Ross on Springfield Avenue, above Forty-fifth Street, of buff brick, rear porch, handsome bay windows, electric work and all modern conveniences. Also a parsonage for the same party on Forty-seventh Street, below Chester Avenue, and drawings for the same gentleman for a number of cottages at Milmont, Pa. To be of stone and frame construction and best conveniences. The same architect has prepared the drawings for sixteen elegant dwellings, to be built by Thomas H. Parks on Spruce, between Twenty-third and Twenty-fourth Streets. These are 19 x 70 feet and of different designs, having in front, handsome loggias, and built of buff brick and stone trimmings. The interiors will be in hard woods, electric work, best sanitary plumbing,

ing, open grates and every modern improvement. Plans have also been prepared for a stable for Geo. C. Deitrich on Berks Street. Also for an alteration for Mr. J. P. Scullen on Federal Street, above Fifteenth.

Building and Real Estate Notes.

In a few days Jacob Myers will begin the work of constructing the new laboratory building for the University of Pennsylvania.

The demolition of old buildings on the northeast corner of Thirteenth and Mt. Vernon Streets, opposite Ridge Avenue, is under way, preparatory to the erection on the lot of a large power house for the Philadelphia Traction Company.

The contract for the erection of a stone chapel for the Mission of the Protestant Episcopal Church on the north side of Allegheny Avenue, east of Belgrade, has been awarded to Edward Delany and its construction will begin on Thursday next.

Mr. Henry S. Hale, of the Hale Kilburn Manufacturing Co., has bought the property 1510 N. Broad Street for \$46,000. The lot is 50 x 200 feet. Mr. Hale contemplates a number of improvements before occupying it as a private residence.

Thomas C. Sloan, builder, 51 North Fortieth Street, will at once begin excavation for cellars of eleven fine three-story dwellings on Forty-fourth Street, south of Aspen. All to be of best press brick, stone trimmings and modern conveniences, etc.

Another large operation in dwellings is the erection of seventeen three-story brick houses on the east side of Montgomery Avenue, above Thirty-first Street. A permit was issued to J. S. Warfield, owner, on Saturday, and work will begin on May 23d.

As soon as all details can be arranged, Jacob Marsch will break ground on the north and south side of Rush Street, commencing about 55 feet west of D Street, for the construction of twenty-six two-story brick dwellings. These buildings will be fitted up with all modern improvements.

Plans are now on the boards of J. E. and A. L. Pennock, general contractors, 305 Walnut Street, for alterations and additions to residence at 4910 Rittenhouse Street. These will include considerable stone and brick work, tin roofing, steam or hot water heating, electric work, artificial pavement, iron work, speaking tubes, tile work, dumb waiters, best kitchen work, sanitary plumbing, gas pipes and all modern improvements.

PHILADELPHIA, WED'Y, MAY 24, 1893.

Lively Times Ahead for This Firm.

Messrs. Jos. R. Clausen & Son, 2014 Market Street, and N. E. corner Twenty-seventh and Diamond Streets, report a particularly heavy business the present season, as a large number of important contracts have been secured, among which may be noted one for 60,000 barrels of cement for concreting purposes for the Traction Trolley Company, involving a daily delivery of 350 barrels; also one for about 20,000 feet of twelve and fifteen-inch sewer pipe, to be used for drainage purposes in the "Regeneration of the Slums," a matter in which Philadelphia is much interested at the present time; also one for thirty-five carloads of similar pipe, to be sent to Shamokin, Pa., for sewer purposes; also contracts for city sewer work, which will consume, during the year, at least 100,000 barrels of cement. The foregoing, together with the regular city trade, makes busy times for the firm and will test the capacity of the plant, which is being enlarged to accommodate the increase in trade. These improvements at the Diamond street yard are on a large scale and are rapidly approaching completion, at which time coal will be added to the already extensive business of the firm. In fact, when finished, the yard at Twenty-seventh and Diamond Streets will represent one of the largest plants of the kind in the State, and will contain 75,000 square feet, of which 15,000 square feet will be under cover, including 10,500 square feet devoted to coal alone. Fourteen double teams are constantly engaged in delivering material, and altogether an air of prosperity pervades the place that must be highly gratifying to the firm.

Late But Useful.

Messrs. Gumme, Sperring & Co. are sending out a beautiful calendar for 1893. It has made its appearance rather late, owing to some hitch

with the manufacturing, but its beauty and usefulness are, however, unimpaired. It is intended to advertise the firm's favorite brand of "Pennsyl" old method roofing plates, which are guaranteed to be the best roofing plates made.

Building and Real Estate Notes.

Contractor Benjamin L. Collom is about to put up twenty-one buildings, most of them in Germantown. Thirteen are two-story brick dwellings on Penn street, near Morris, and another row of six of the same kind are to be located on the north side of Spencer Street, north of Twenty-first Street.

Carpenters and joiners are greatly in demand at present in various quarters of the city in fitting up bar rooms and restaurants for those who have been favored with licenses by the court at their recent session. These must be completed by June 1st, as all licenses go into effect at that time.

James H. Stevenson & Sons, builders, Thirtieth and Ridge Avenue, are about to start the erection of twenty-two three-story houses on Diamond Street, northwest corner, and Thirty-first Street, also on the northeast corner. These will be of stone and brick construction and best interior work and accommodations.

Councils Committee on City Property, at its meeting held at the Bureau of City Property on the 15th inst., decided to recommend the purchase of the property 1307 and 1309 Wood Street as a site for a new Morgue. The property can be bought for \$12,000. The new Morgue will cost between \$40,000 and \$50,000.

An immense storehouse on S. Delaware avenue, below Pine, is among the building operations which will be commenced on Thursday next. The contractors are Arthur H. Williams & Son. The building will be eight stores in height and will cover 60 x 120 feet of ground, numbering 406, 408 and 410 South Delaware Avenue.

Previous to beginning the work of laying an asphalt pavement on Corinthian Avenue from Fairmount Avenue to Poplar Street the property owners have been notified to make all connections with the water main and sewer. John W. Powell has had plans prepared for the alteration and addition to back building 723 Corinthian Avenue.

Samuel Loux & Sons, 1023 Ridge Avenue, are owners of 240 and 242 North Tenth Street, and will at an early day erect upon the site a handsome seven-story store building of ornamental design. The structure will be entirely modern in all details, and when plans, which are now in course of preparation, are completed, we shall note them more fully.

The difficulty over the fire escapes to be placed on the Women's Christian Association Building has been settled by the Fire Escapes

Board. There are to be two escapes, one with balconies fifty-six feet long and four feet wide, and two ladders extending from the roof to the ground, and the other to be fourteen feet long and seven feet wide, with one ladder reaching from the ground to the top floor. The stairways in both escapes will be three feet wide.

Robert Beatty & Bro. will shortly begin work on the construction of two large carpet factory buildings. One of the buildings will be erected on the south side of Westmoreland Street, corner of Waterloo. It will be one story high and will have a frontage of 52 feet and a depth of 70 feet. The other building will be erected on the east side of Amber Street, south of Westmoreland. It will be two stories high and will be used as a dry house. It will have a frontage of 16 feet and a depth of 44 feet. They will also build a two story stone and brick factory, 52 x 22½ feet, on the east side of Amber, south of Westmoreland.

The deed transferring the old site of the Deaf and Dumb Asylum, at Broad and Pine Streets, from the syndicate of purchasers to the Trustees of the Pennsylvania Museum and School of Industrial Art was duly signed on the 13th inst. Since coming into possession of the property the latter have measured the various rooms, and find that two-thirds of the apartments are available for immediate use, the space being sufficient for the accommodation of the looms, etc., used in the textile department. Before practical work can be started much detail work must be done, carpentering, plumbing, electric work, steam fitting, gas piping, etc.

Plans have been prepared by the city authorities, under the direction of Chief Eisenhower, for a number of buildings on the lot at Eleventh and Wharton Streets, which are to be used exclusively by the city. The main building will be at the corner of Eleventh and Wharton Streets. It will be two stories high. There will also be a large shed. On the Eleventh Street side the shed will contain twenty-five stalls, in which work horses are to be kept; on the Wharton Street side there will be a big room for the storage of wagons, and next to this there will be a track on which horses which are to be used for carts or fire engines are to be trained. Next to the track there will be another stable capable of holding twenty-eight more. In the rear of these buildings will be a shed erected which will be used as a hospital for sick horses. It will be divided into a blacksmith shop, a medicine room and a hospital stable. There will be in it ten box stalls and twenty-six ordinary stalls.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Bolivar, Westmoreland Co., the Methodists will erect a church to cost \$6,000.

—At Oxford, Chester Co., the United Presbyterians will erect a church.

—At Renovo, Clinton C., an opera house will be erected to cost \$20,000.

—At Middletown, Dauphin Co., work is progressing on the new bank building.

—At Clifton, Delaware Co., Alexander Morrow has bought a lot and will erect a dwelling.

—At Soudertown, Montgomery Co., J. M. Landis & Co. will erect a building for business purposes.

—At Meadville, Crawford Co., the corner stone of the new Evangelical Lutheran Church was laid last week.

—At Avon, Lebanon Co., the corner stone for the new U. B. Church has been laid. Rev. J. H. Mark is the pastor.

—At Spring City, Chester Co., Joseph Benjamin has broken ground for a new dwelling at Broad and Penn Streets.

—At Scranton, Lackawanna Co., E. G. Hughes has received contract to erect the Columbia Hose House on Division Street.

—The bill of Representative Goetner, of Montgomery Co., for a normal school near Sandertown has passed the second reading.

—At Williamsport, Lycoming Co., it is reported that the Edison Electric Light Company will erect an annex to the present station.

—At Lock Haven, Clinton Co., D. K. Tate, of Bellefont, has been awarded contract to erect the new school building at a cost of about \$14,000.

—At Coaldale, Schuylkill Co., the corner stone for the new Catholic Church has been laid. William D. Boyle is Secretary of the Building Committee.

—At Wilmerding, Allegheny Co., the Westinghouse Electric Company will remove its plant to Wilmerding, where buildings will be erected to cost \$500,000.

—At Oakmont, (not a P. O. town) a public school building will be erected. F. J. Osterling, Telephone Building, Seventh Avenue, Pittsburg, Pa., is the architect.

—At Chester, Delaware Co., it is probable that stone instead of brick will be used in the public building. Captain Huddell or Joseph H. Hinkson can give information.

—At Norristown, Montgomery Co., the bill to appropriate \$42,000 for improvements to the Norristown Insane Asylum has passed in the House of Representatives, Harrisburg.

—At Pottstown, Montgomery Co., the Board of Trade had a communication from the National Automatic Knitter Co., of 724 Cherry Street, Philadelphia, in relation to establishing a mill at Pottstown.

—At Scranton, Lackawanna Co., a decision has been given in favor of the plans prepared by Lansing C. Holden, No. 3 Union Square, New York, for the Thirteenth Regiment Armory building. The structure will be of brick and stone, 150 x 243 feet, iron trusses with iron beams, asphalt floor in drill room. On the first floor will be ten stores. Cost, about \$100,000.

—At West Chester, Chester Co., the members of the Westminster Presbyterian Congregation will erect a handsome church from plans prepared by a New York architect. It will be of stone, fine interior finish and modern improvements and conveniences. The managers of the West Chester Hospital will probably begin work on the new structure early next month.

—At Coatesville, Chester Co., it is reported that Rambo & Son have sold their coal yard property on Main Street to the Wilmington & Northern Railroad and the Philadelphia and Pennsylvania Traction Co., these companies to erect a large passenger station on the site. Rambo & Son will locate their lumber yard at First Avenue and Chestnut Street.—Charles Tatnall will erect a large roller flour mill and grain elevator adjoining Rambo & Son.—Shallcross & Son will erect a large cold storage and ice plant.

—At Pittsburgh, the contract for the Carnegie Library, which has been awarded to Henry Shenk, of Pittsburgh, for \$617,680, does not include gas fixtures, decorations and furniture. It is estimated that these will cost about \$150,000 additional. The contract calls for the building to be finished by Jan. 1, 1895.—J. E. Allison, Rooms 601-2 Penn Building, has prepared plans for a church for the First U. P. congregation at Aspin wall, Pa.; also plans for dwelling for S. M. Mathemay, Esq., at Elwood City, Pa.; also for dwelling for H. S. Blatt, of same place; dwelling for R. A. Todd, Esq., Elliott City, Pa.; dwelling for W. J. Grimes, Esq.; of Brushton, Pa.; a colonial residence for Frank Hughes, Rankin, Pa.; dwelling for J. J. Moore, Hazelwood, Pa.; Mrs. E. J. Bell, Ingrain, Pa.—Emery Methodist congregation will erect a new church. The name will be changed to Lincoln Avenue Church. Cost, \$30,000. No plans made.—John R. Collins will erect a hotel at East End to contain four hundred rooms. All modern improvements.—T. D. Evan, 605 Smithfield Street, has prepared the plans for the South Side Hospital, to cost about \$40,000.—Rev. C. E. St. John, Oakland Square, is chairman of the Building Committee to erect a new church for the First Unitarian Society. It will have a slate roof, stained glass windows, etc. Cost, \$9,000.—A twelve-story office building will be erected by D. E. Park on the site of the old post office. No plans have been prepared.—A. and S. Wilson have been given the contract for a \$4,000 dwelling on Fifth Avenue, near Morewood Avenue.—Liggett Bros. have sold a lot on South Highland Avenue to James Kuntz, Jr., upon which he will erect a residence.—Mellon Bros. have sold a lot to J. S. Bailey, who will erect a modern frame dwelling thereon.—John P. Ober, of Eberhart & Ober, has purchased 85 acres of land, which will be improved with new dwellings.—W. H. Hoffman has purchased a corner lot upon which he will erect a fine residence.—James Nevin has sold four lots to a McKeesport builder who will erect some fine dwellings on the site.—Black & Baird have sold to Mr. Jenkins, a wholesale tobacconist, a lot 48 x 100 feet at the corner of Liberty and Twelfth Streets, upon which he will erect a six-story tobacco factory and warehouse.—T. C. Jenkins has commenced work on the erection of a large stable on Penn Street.—The promoters of the North Side apartment house project have secured option on a site on Stockton Avenue at \$50,000.

Through New Jersey.

At Ocean City, Cape May Co., E. B. Lake will construct the brick sewerage system.

At Flemington, Hunterdon Co., the citizens have cast a vote in favor of constructing sewers.

At Collingswood, Camden Co., the congregation of the Baptist Church will erect a parsonage on Washington Avenue.

At Elizabeth, Union Co., Mayor Rankin can give particulars as to the paving of Elizabeth Avenue at a cost of \$83,000.

At Burlington, Burlington Co., there is a movement on foot favoring the establishment of a Protestant Episcopal Seminary for females.

At Summit, Union Co., Charles A. Munger will erect a frame dwelling, 35 x 43 feet. Cost, \$10,000. Plans by Architect W. Frank Boner, of Newark.

Mr. Pedrick, manager of a large saw mill at May's Landing, will erect a large saw mill on his Grison property, and also erect a number of dwellings.

At Red Bank, Monmouth Co., the corner-stone of the new Baptist Church has been laid, and the work will be pushed as rapidly as possible. The estimated cost is \$25,000.

At Rutherford, Bergen Co., J. H. H. Van Horton will erect a two-and-one-half story dwelling, 40 x 50 feet. Plans prepared by John R. Huchman, of No. 96 Fifth Avenue, New York.

At Monmouth Beach, M. M. Sternberger will erect a shingle-finish interior and hardwood trim frame dwelling 30 x 50 feet, cost \$10,000. Plans prepared by Architect W. B. Bigelow, 52 Broadway, N. Y.

At Ocean Grove, Monmouth Co., the Camp Meeting Association has decided to erect a new auditorium on the site of the present structure. The new building will have a seating capacity of 10,000 and cost about \$50,000.

At Cape May, Cape May Co., the Baptist church congregation has decided to re-seat the main audience room with modern furniture, put chairs in lecture room, decorate exterior and interior walls and erect new sheds.

At Camden, the Board of Public Instruction has decided to accept the offer of City Council for the issue of \$40,000 in bonds for the erection of a school building.—The purchase of 1000 feet of fire hose is recommended by Chief L. S. Elfrhose.

At Atlantic City, Atlantic Co., Messrs. Young and Thompson have taken permit for the erection of a brick two-story store building, 17 x 32 feet, for Peter Majane.—Daniel Knauer will erect a frame building, 70 x 86 feet, for a carrousel for Young & McShea.

At Merchantville, Camden Co., Rev. R. G. Moses can give information in regard to the new church to be erected by Grace Episcopal congregation at a cost of about \$10,000. The Methodist congregation will erect a parsonage. The Presbyterian congregation is making some improvements to the church.

The Seashore Traction Co. has been incorporated and will construct an electric street railway to run from Pleasure Bay to Point Pleasant, and to pass through Long Branch, West End, Eberon, Deal Beach, Asbury Park, Ocean Grove, Bradley Beach, Neptune City, Belmar, Spring Lake, Sea Girt and Manasquan. Mr. J. C. Schaffer, Asbury Park, is president of the company. A movement is on foot to build an ocean boulevard extending from Long Branch to Asbury Park. T. S. Darling of Asbury Park can give information.

At Asbury Park, Monmouth Co., the contract for the erection of the Presbyterian Church has been awarded to Glanfield & Son, of Dixon, Ill., for \$24,594.08. This does not include lighting, heating apparatus, pews, fixtures, furniture or organ. The structure will be of serpentine stone with trimmings of buff stone, interior finish of red oak, modern conveniences and improvements.—The plans of Messrs. Karr, Corlin & Coxhead, No. 3 Union Square, N. Y., for the new primary

school have been accepted. The structure will be 68 x 84 feet, of brick and stone, pressed brick trim, metal ceilings and slate roof; cost about \$16,000. The same architects have drawn plans for alterations and additions to the public school building at Newton, N. J. The extension will be 50 x 50 feet, two stories, brick and stone. The improvements will cost about \$17,000.

Washington, D. C.

Plans have been prepared by William J. Palmer, 933 F Street, N. W., for a handsome dwelling, to be erected for Louis H. Emmert, on Sixteenth Street, between O and P Streets. It will be of Hummelstown stone, roof of Spanish tiles, fine interior finish, considerable tile work, hot water heating, electric lights, etc. A two-story stable will be erected in the rear. The cost is estimated at \$30,000.—A. L. Barber will have extensive improvements made to his residence, from plans prepared by T. F. Schneider, 933 F Street, N. W. The estimated cost is \$30,000. The improvements will consist of a two-story addition, to contain a large hall finished in oak, dining-room in mahogany, a large fire proof picture gallery, a number of bed-rooms and bath-rooms.—A large market house and auditorium will be erected at Sixth and H Street, N. W., at a cost of about \$100,000. Steam heat, electric lights, etc.—Mrs. S. R. Thorn will erect a dwelling on Sixteenth Street, to cost about \$14,000, from plans prepared by Denson & Schneider, 52 Atlantic Building.

Through Maryland.

At Baltimore, Frank O. Singer, Jr., has purchased a lot of ground fronting on Mt. Royal Avenue, upon which he will erect a number of three-story dwellings with all modern improvements.—Gideon Emory has purchased the property at the corner of Liberty and Fayette Streets for \$10,000. Contractor Fred. Adams will remodel and improve the building.—The mayor has authorized the sum of \$20,000 appropriated to the House of Refuge to be used for further improvements. Also, to rebuild the bridge over Jones' Falls at Maryland Avenue and appropriating \$20,000 for the same.—The most important permits issued to date are as follows: To Messrs. Hutt & Sheeler, to erect twelve two-story brick dwellings; to P. Lydecker, to erect four two-story brick dwellings; to the Maryland Bible and Tract Society, to erect a new front to building northeast side of Fayette Street, east of Charles Street; to M. Z. Hammen, to erect eight three-story brick dwellings; to Sisters of St. Francis, to erect three-story brick building 40 x 34 feet southwest corner of Maryland Avenue and Twenty-third Street; to C. and H. Rosendale to erect a five-story brick warehouse at No. 109 and 111 North Frederick Street; to C. Ruhr, to erect a two-story brick dwelling at No. 613 Burke Street; to George Berger, to erect a two-story brick dwelling and one-story stable.

Through Delaware.

At Wilmington, Peter A. Harty, M. McVey, W. H. McGarrity, J. F. Traynor and M. Connell have been appointed to present plans for securing new quarters for the Sisters of Charity connected with St. Mary's R. C. Church.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Painting inside, Fair Hill School. Inserting transoms, Packer School. Said work to be done in accordance with the plans and specifications of the Architect and Supervisor

of School Building, to be seen at the office of the Board, between the hours of 2 and 4 P. M. All bids must be upon blanks and inclosed in envelopes for the purpose. No bids of \$500 or over will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance approved May 25, 1890, have been complied with. The Committee reserve the right to reject any or all bids, and also to require security for the faithful performance of any work as they may deem necessary. No bid will be received for the above additions except from a known master builder. By order of the Committee on Property. H. W. Halliwell, Secretary.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

ENTERED MAY 15, 1893.

TIVOLI EXPORT

Is beyond all question the purest as well as the best American beer brewed on this Continent.

F. A. Poth Brewing Company,

PHILADELPHIA.

EXHAUSTIVE AND IMPARTIAL TESTS Just completed by the **QUAKER CITY MORTAR COMPANY** show that the Average Tensile Strength of their Rough Mortar is over 50 Pounds to the square inch in seven days, while the Tensile Strength of Mortar made by the old Street Process will not average 35 Pounds. Sample briquets, ready for testing, sent on application.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

Any
Time

is the right time
for everybody to
drink

**Hires' Root
Beer**

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this delicious beverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good" - it is false. No imitation is as good as the genuine HIRSES'.

SATURDAY, MAY 20, 1893.

Wants.

District of Columbia. Proposals for sewer until May 27th. J. W. Ross, M. M. Parker and Wm. T. Russell, Commissioners.

G. A. Roullier, engineer, No. 20 Main Street, Flushing, N. Y., proposals until June 6th for lighting streets at that place.

J. Theo. Oster, Inspector of Buildings, Baltimore, Md., proposals until May 31, 1893, for the erection of an addition to the city morgue.

Abram M. Betler, Director City Property, City Hall, Philadelphia, proposals until May 29, for the erection and equipment of a morgue property.

W. E. Heffner, Superintendent Water Department, Bradford, Pa. Proposals until June 5, for material and construction of a 60,000,000 gallon reservoir; also, to furnish and lay seven miles of cast-iron pipe.

Phil J. Connell, Clerk of the Commissioners, Schuylkill Co., Pa., proposals until June 19th for the erection and completion of a wooden bridge-forty feet span, on the Klingerstown road, Upper Mahantonga Township. Also until same date, proposals for the erection of a wooden bridge, fifty feet span, near Dietz's, on the Sacramento road.

Proposals for Electric Light Plant. Sealed proposals will be received by the Committee on Temple for an Electric Light Plant for the Masonic Temple, Phila., until 3 P. M., June 10th 1893. Specifications and drawings will be delivered to bidders between the hours of 9 A. M. and 3 P. M., May 29th, 1893. Security will be required before specifications and drawings are delivered. For particulars address Dr. W. A. Drysdale, Consulting Engineer, 20, Hale Building Philadelphia.

Proposals for iron work. Proposals will be received by the Board of Managers of the Pennsylvania Industrial Reformatory at Huntingdon, Pa., up to and including June 1, for the furnishing of the necessary iron work to be used in the construction of an additional Cell House of about 288 cells capacity. The architect in charge of the work will be at the Reformatory with plans and specifications on Friday, May 26, between 9 A. M. and 4 P. M., at which time bidders are requested to be present and obtain full information relative to the work. Proposals to be marked "Proposals for Iron Work," and addressed to Samuel McCamant, President of the Board, Tyrone, Pa. The Board reserves the right to reject any or all proposals received. T. B. Patton, General Superintendent, Penna. Industrial Reformatory, Huntingdon, Pa.

lotted by the curve of the arch at the upper corners of the doorway will be two circular slabs of Numidian marble. The many windows will be square, with terra cotta sills, and will be surrounded with ornamental bricks. In the first story of the building every sixth course of bricks will be set back and ornamented. Around the second story in the wings and the third story in the centre will run a string course of ornamented brick. The frieze, five feet wide, of bricks, will be laid in a Greek pattern. The side facade, looking from Spruce Street, shows the third story rising above the wings at the front, and at the rear the slanting octagonal roof of the amphitheatre, not quite as high as the front, and ending in a great skylight. The interior of the building is devoted strictly to necessary apartments for carrying on the work. There are one or two cloak rooms for the professors, but chiefly the space is taken up with laboratories. There is a great laboratory in the wing at the right for general work; it is fitted with hoods, under which may be performed experiments that produce unsavoury smells, which will thereupon be drawn by a draught from a powerful steam fan down a pipe and spread harmlessly out of doors. There are smaller apartments for quantitative analysis, for gas analysis, for assaying, in short, for all branches of chemical work. The other contract for building the laboratory has been awarded to Jacob Myers, and the work is to be begun forth-

PHILADELPHIA, WED'Y, MAY 31, 1893.

Architect Notes.

Jos. D. Austin, architect and general supervisor for the Board of Education of this city, 713 Filbert Street, has made plans for an addition to the Manayunk Grammar School, to be three stories high, press brick, Hummelstown brown stone trimmings and all modern conveniences on interior. Estimates being made.

A dozen or more houses are in progress at Lansdale, and considerable new work is yet to be started. Station Agent Fritz has purchased a lot on Third Street, and will erect a fine double house thereon. Lewis Metz has bought a tract on Fourth Street, and has broken ground for a residence. Architect Bean has a number of plans for other work.

We are authorized by Mr. Albert W. Dilks, architect, 1001 Chestnut Street, to say that the published statement in daily papers of the 26th inst. to the effect that he was preparing plans for an additional building to the New York Mutual Life Building, Tenth and Chestnut Streets, this city, is entirely erroneous and unwarranted. No such plans or drawings have been made by Mr. Dilks nor information imparted that would lead to such a conclusion.

As early as April 5th of the current year we noted the plans for the Y. M. C. A. Athletic Club building and grounds by Architect Chester A. Kirk, 913 Walnut Street, Philadelphia. It is understood this work is now to be pushed forward, and estimates asked upon the construction at an early day. The drawings present a handsome stone and brick structure, 90 x 60 feet, divided on interior into suitable apartments as previously described. The money to erect this improvement is part of the \$150,000 left by the Wiltach estate for this purpose.

Architects Baker & Dalloitt have notified J. E. and A. L. Pennock, general contractors, that their bid for the erection of the building for the Mercantile Club has been accepted by the Building Committee of the club. This is by far the most important contract awarded so far this year. The new building will be erected upon the site of the old Delaware Club house, on the west side of Broad Street, north of Master. The club house will be one of the most attractive buildings in the city when completed. Beside every convenience of a modern club house, the building will include an auditorium of very large proportions. A full description of this structure has previously been given in this journal. Work will progress at once.

Harold Godwin, architect, 905 Walnut Street, has been engaged to make plans for an addition to the Crematorium on East Washington Lane, Germantown. The drawings contemplate a building 24 x 52 feet with a semi-circular choir 26 feet in diameter. The exterior of the structure will be light red brick, light stone and terra cotta with copper trimmings and Spanish tile roof. The interior will be of very pale buff brick, with tile and glazed brick wainscoting and lighted from windows of stained glass twenty feet from surface floor. One hundred and thirty new niches will be provided for individual remains after cremation. Also two new furnaces will be introduced, which will be lined on the exterior with marble and present the appearance of two tombs. It is likely this work will be pushed to completion at once.

Furness, Evans & Co., architects, Provident Life Building, Fourth and Chestnut Streets, have prepared all the drawings for another addition to the above-noted structure, which will be on Fourth, above Chestnut Street, and extend to Ransdell Place, opposite the new Bourse. This new building will be ten stories high and in keeping with the present one in style of architecture and material. This addition will give the Provident Building a total frontage of some 200 feet on Fourth Street, and it is proposed to eventually carry the four-story building on Chestnut Street to a height equal to the other buildings. When these improvements have been completed the Provident will be one of the largest office buildings in the city. George W. Roydhouse & Co., general contractors, having built the former parts of this work, have now been awarded the contract for the remainder and will at once begin the superstructure, the foundations having been in course of construction for some time under the old buildings on the ground.

Building and Real Estate Notes.

C. W. Budd & Bro., builders, will erect twelve fine dwellings, three stories high, on Forty-eighth Street, west of Warrington Avenue. All to be of best material and modern conveniences.

Joseph M. Adams is about to erect an additional warehouse to the Arcola mills, Manayunk. The structure to be 24 x 60 feet and two stories high, frame, covered with corrugated iron.

John R. Bill & Bro., hosiery manufacturers, at Allegheny Avenue and Emerald Street, are about to erect a new factory two stories high, 21 x 60 feet, on the northwest side of Jasper Street, below Clearfield.

Work has been started on twenty-two new dwellings to be located on the south side of Westmoreland Street, above Forty-ninth Street, for William F. Cox. Each will be of brick, two stories high and 15 x 41 feet in size.

Herbert H. Downsbrough, owner, 2709 Fairhill Street, will build at once ten dwellings, three stories high, on Venango Street, west of Fifteenth; to be three stories high and of press brick, stone facings and modern conveniences.

The award for the removal of the islands in the Delaware River opposite the city has been made and the lucky winner this time is the American Dredging Company. Work will be started at an early day upon the unfinished lower portion of the contract.

R. C. Ballinger & Co. have taken out a permit for the erection of a brick patrol station, 70 feet 3 inches x 73 feet 4 inches, on the west side of Front Street, above Westmoreland, for which they recently obtained the contract from the city at \$30,000. Previously noted in full in this journal.

James Johnson, contractor for Temple College buildings, Broad and Berks Streets, has started upon the work of excavation, and will at once notify all sub-contractors of the acceptance of their bids. This work has been fully described in our architectural notes of a previous number of this journal.

The Highway Committee of City Councils has prepared an ordinance and recommended it favorably to give permission to Holy Trinity Church to build a conduit for heat and electric light wires to run from the plant of the Rittenhouse Club House under Walnut Street to the church buildings. This will be done at an early day.

As soon as all the plans can be arranged, George W. Zane will begin the construction of fourteen three-story dwellings, on the west side of Fifteenth Street, beginning at the corner of Westmoreland Avenue. Each dwelling will have a frontage of 16½ feet, and be of press brick, stone facings and steps, with best interior work.

T. Henry Asbury, president of the Enterprise Manufacturing Company, is to build a handsome villa at Oak Lane. The building will be constructed of stone and frame, three stories high, with a frontage of 38.2 feet on city line, west of the North Penn Branch of the Reading Railroad, and extending to a depth of 50.10 feet. Previously described in full in our architectural column.

William G. Serrill, builder, has purchased of the Root Estate six and one-half acres for \$122,000, adjoining and squaring up the other ten and one-half acres which he purchased a week ago, upon which he will erect 100 2 and 3-story, seven and nine-room houses. All to be of press brick and stone work with best interior accommodations, etc.

Work has been started on the new Church of the Resurrection, at Broad and Tioga Streets, after plans by Frank R. Watson, architect, 518 Walnut Street, and which have been fully noted in a previous issue of this journal. The structure is 84 x 77 feet. Port Deposit granite and Indiana limestone trimmings. Paul J. Essick & Son are the contractors.

Geo. W. Roydhouse & Co., general contractors, Builders' Exchange, have been awarded a new contract, which includes masonry along Market Street from Fifteenth to near Seventeenth Street, which will enclose the train shed of the Pennsylvania Railroad Station. Also on Filbert Street, same distance, which is about 600 feet. All brick with granite trimmings, etc.

William F. Cox will shortly begin work for the construction of twenty-two two-story dwellings on the south side of Westminster Avenue, beginning at fifty feet west of Forty-ninth Street. Each dwelling will have a frontage of fifteen feet and a depth of forty-one feet. They will be fitted up with all the latest modern improvements, and will be finished in hard wood.

E. White, 2729 Girard Avenue, painter and dealer in painters' supplies, has secured the contracts for painting and glazing on the following: Addition to the Keystone Watch Case Factory, Nineteenth and Brown Streets; two new houses for Mrs. Benson, 252 and 254 South Seventeenth Street; and alteration to dwelling of Cornelius Stevenson, 122 North Nineteenth Street.

Albert Gieske, Seventy-first Street and Paschal Avenue, will erect twenty-two fine three-story twelve-roomed houses at Forty-seventh Street and Baltimore Avenue, after plans by J. Elvin Jackson, architect, 804 Walnut Street. Buff brick has been decided on for the fronts, and all modern conveniences on interior. Sub-estimates are wanted on the various branches until June 3d by Charles B. Trulitt, 502 Walnut Street. These dwellings will cost about \$4500 each to erect.

James Mann & Co., steam stone works, Thirtieth and Locust Streets, have secured the contracts for cut stone on the following buildings: Hanover Hotel, northwest corner Twelfth and Arch Streets; new addition to apartment house, Chestnut Street, above Twenty-second; new market house, corner Broad and Olive Streets; hotel for Charles Sauers, Fortieth and Filbert Streets; fire and patrol station, Front and Westmoreland Streets, and Administration Building at Angola.

The Girard College has had plans prepared for the erection of a filtering house on the college grounds. Last year there was considerable sickness in this institution, and it was in a measure attributed to the impure drinking water. As the water, especially after a rain, is not fit to drink, the college trustees decided to have a filtering plant, and in this way give the boys pure water. The building will be of stone, and one story high. It will have a frontage of twenty-one feet and a depth of forty-two feet.

It is announced by the Board of Directors of Horticultural Hall that the structure will be rebuilt again, and upon an improved scale as to beauty and general convenience. The seating

capacity will be largely increased and every modern convenience and safeguard known to public buildings of its character will be introduced. At present the insurance is being fixed, after which the matter of plans and details will be considered. This fine building was burned on evening of the 27th instant.

Wendell & Smith, builders of the large operation at Overbrook and east of the city line as well, have submitted plans for the kind of homes to be erected. These, it is unnecessary to say, comprehend the best materials and workmanship, being of brick, stone and frame construction, with all the latest and most improved conveniences on the interior. The drawings have been approved by the Building Inspectors for the houses to be erected in city limits, and the work is being pushed with vigor.

The Bureau of City Property has completed the plans for the proposed new Morgue and is ready to receive bids for its construction. The building is to be located on Wood Street above Thirteenth, where it will be convenient to the Coroner's office when located in the City Hall. It will be two stories in height and 56 x 32 feet in size. The centre of the building will be occupied by a viewing room, where bodies will be exhibited. This apartment extends to the roof and is lighted by a large skylight. Offices, reception-rooms and apartments for employees will occupy the front part of the building, and the rear will be used for storage purposes.

The following letter from President Widener, of the Traction Company of this city, to the Mayor explains itself: "Learning that your Honor is to have a conference with the representatives of the Philadelphia and Reading Railroad Company as to the elevation of tracks, we desire through you to make the following proposition on the part of the Philadelphia Traction Company: For the abolishing of the grade crossings at Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth Streets and Pennsylvania Avenue we will make a contribution of \$150,000, or \$25,000 for each and every one of these grade crossings abolished."

The corner stone of the Epiphany Lutheran Chapel, northwest corner of Wood Street and Green Lane, Manayunk, was laid with appropriate ceremonies on Sunday afternoon last in the presence of a large assemblage. Rev. L. H. Geshwind, the pastor, conducted the service, assisted by Rev. W. Ashmead Schaffer, of St. Stephen's Church, West Philadelphia; Rev. S. L. Harkey, D. D., of Kutztown; Rev. George Gebhard, of Tamaqua; Rev. J. A. Scheffer, of Allentown, and Rev. G. C. Gardiner, of Trenton, N. J. The chapel will be of Gothic style, one story high, 32 x 46 feet, with an annex 14 x 28 feet. The walls will be of dressed stone from the Pencoyd quarries, with Indiana limestone trimmings. The interior will be in hard wood finish. The whole cost will be \$7000. John Fritzinger is the contractor and builder.

The Builders' Exchange, at a meeting of that body on the 23d inst., took up and considered the matter of a site for a new mint. A committee consisting of John S. Stevens, Stacy Reeves, William B. Irvine, Murrell Dobbins and Michael Magee were appointed by President Albertson to act in conjunction with the Trades League of this city in recommending several sites or a single one, as may seem most advantageous under the circumstances. Mr. Stevens said that a location could be had central for about \$400,000. The committee of fifty for a new Philadelphia asked the Exchange to appoint a committee of

three to confer with similar committees representing all the leading organizations in the city on subjects affecting the welfare of the city, particularly in the matter of pure water. The committee appointed includes William S. P. Shields, J. Tinley Allen and James Johnston.

At a meeting of the Park Commissioners on the 23d inst., the grounds at Belmont and Elm avenues were leased to the Young Men's Christian Association for athletic purposes. The association intends to inclose the grounds with an ornamental stone wall and erect a \$10,000 club house. Contracts were awarded as follows: Grading and continuation of river wall at Girard Avenue bridge, McCourt & Lafferty, No. 1340 North Forty-fourth Street, \$16 and \$22 per lineal foot. Grading and sodding at eastern end of Girard Avenue bridge, Robert Patton, Twenty-first and Filbert Streets, at 40 cents per cubic yard for excavating and 35 cents per square yard for sodding. Stone bear pens in Zoological Garden, Patrick McCabe, No. 681 Holly Street, \$820. Iron work for bear pens, eagles' cages and four pairs of bird cages, Belmont Iron Works, at Twenty-second Street and Washington Avenue, \$1641. Wire fence around duck pond, Rutter & Merritt Company, Limited, 48½ cents per lineal foot. Wooden fence around garden, James Bradley, 89 cents per lineal foot.

As the building season advances we find operations keeping apace and advantage taken of the weather to push matters at all points. The Reading Terminal is now entirely under roof, chiefly interior work to be finished. The Pennsylvania Railroad office building and train shed is being pushed with vigor. Women's Christian Association Building, Eighteenth and Arch Streets, is under roof and interior work being done. Hotel Metropole, and one at Twelfth and Arch Streets, as well as the new Rittenhouse Apartment, are all well under way, the construction being done in each case by the owner, John M. Sharp, all the plans being made by Angus S. Wade, architect, Hale Building. Quite a large amount of additions are being made to public schools and a few new ones are being erected in various parts of the city. Also a number of factories, dye houses, police and patrol stations are under way. The new morgue is being estimated upon. The Bourse clearing is well advanced, and it is understood that estimates may be asked during the next month. The Fidelity Building, on Fourth above Chestnut Street, is being prepared for the roofing in, whilst its neighbor, the Provident Life Company, are about to start a new addition. These, with thousands of dwellings, are keeping mechanics and laborers busy.

Through Pennsylvania.

☛ When any of the following are not post office towns they will be so designated.

—At Phoenixville, Chester Co., John Keenan has received contract for the erection of an annex to the Church Street school building, Price, \$6360.

—At Williamsport, Lycoming Co., the Iron and Nail Company's mill, destroyed by fire last week, causing a loss of \$16,000, will be rebuilt.

—At Locustwood, on the Pennsylvania Schuylkill Valley Railroad, a tract is to be improved and fitted up for a picnic and an excursion resort. It will be under the management of H. R. Rittenhouse, of Norristown, Pa., proprietor of Oak View.

—At Butler, Butler Co., the congregation of the United Presbyterian Society will complete the new church, at a cost of \$10,000.

—At Swarthmore, Delaware Co., A. G. DeArmond has sold sixteen lots on the tract of ground opened up a few weeks since.

—At Lancaster, Lancaster Co., the contract for the erection of the new Reformed Theological Seminary has been awarded to John Evans for \$29,340.

—The Chester Board of Health and the Directors of the Poor contemplate the establishment of a hospital for contagious diseases at some suitable place near Chester.

—At Wilkensburg, Allegheny Co., P. J. Pierce, of the First National Bank, has sold a site on Elliott Street, Bruston, upon which a number of dwellings will be erected.

—At Webster, Westmoreland Co., ground is being staked off for the new factory of the Pittsburgh Bottle and Glass Company, which will be erected as soon as possible. The locations are also being marked for the proposed plant of the McKee Plate Glass Company, D. O. Cunningham's window house and S. McKee & Co.'s window house. Thomas Wightman & Son will erect a window house also.

—At South Bethlehem, Northampton Co., a meeting was held a few days since, of which J. B. Meixell was chairman and A. L. Cope secretary, for the purpose of forming a company to supply pure water to the borough. A committee on charter was appointed, consisting of F. W. Marsten, Charles G. Worsley and J. B. Meixell. It was decided to have plans prepared at once and to get subscriptions to stock.

—At Pittsburgh, W. A. Herron & Sons have sold a lot, 24 x 100 feet, in the McClintock plan, for \$1200. The purchaser will erect a dwelling.

—J. M. Wilkinson, real estate agent, has sold several lots on Horner Street and Stanton Avenue, which will be improved with fine dwellings.

—W. C. Berger has purchased part of the Mashey property, upon which he will erect a fine residence.—Edward Deary has purchased a lot on Haldone Street, upon which he will erect a fine residence.—E. F. Schaffner, real estate agent, has sold a site on Birmingham Avenue to George Knell, of St. Louis, Mo., who will erect a fine residence.—J. H. Coleman & Co. have sold to Henry L. Benner, for \$25,000, the Challenge Brick Works and land situate a short distance above McKeesport. The works will be improved and put in running order.

Through New Jersey.

At Collingswood, Camden Co., John Esher will erect a large green house.

At Atlantic City, it is probable that steps will be taken to increase the facilities for room in the public schools.

At Burlington, Burlington Co., the Stewart Peterson Company will enlarge its plant. Mr. P. Kearns, 1029 Arch Street, president of the company, can give particulars.

At Camden, Alfred Cramer has sold to M. P. Howlet several acres of land on the river front near Pavonia, upon which it is reported an extensive ship yard will be constructed.

At Morganville, Monmouth Co., John H. Becker, a florist, of New York, has bought thir-

teen acres of ground, and will remove his plant to Morganville. He will also erect a cottage to cost \$3000.

At New Brunswick, Middlesex Co., the stables and ice house of John Collier, the stables and four-story tenement of P. Runyan and a number of dwellings belonging to Peter Zimmerman have been destroyed by fire, causing a heavy loss.

At Bordentown, Burlington Co., it is reported that a syndicate of New York capitalists have purchased Bonaparte Park for \$900,000. It will be improved as a fine Summer resort.—The corner stone of the new Baptist church was laid last week.

At Merchantville, Camden Co., E. S. Hall, W. J. Craig, J. R. Newton, T. S. Nekeervis, R. F. Cowan, W. M. Griffith and N. T. Tichenor have been appointed Building Committee by the trustees of Grace Protestant Episcopal Church for the erection of a new edifice.

At Newark, a three-story frame convent will be erected for St. Michael's Church congregation at a cost of \$7000 from plans prepared by Architects Schweitzer & Diemer, Bennett Building, New York. The same architects have plans for a two and one-half-story frame dwelling, to cost \$5000, for W. I. Beatty. Also a two and one-half-story brick stable for S. R. Walters, to cost \$3000.—The Newark Spring Co.'s main building has been destroyed by fire, causing a loss of about \$40,000.

Through Delaware.

At Wilmington, at a recent meeting of the Board of Education, the estimates for the erection of a new school building were referred back to the committee with instructions to report new bids at the next meeting. Dr. Morgan is chairman of the Building Committee.—Ground has been broken for the new Methodist church.

Through Maryland.

At Hagerstown, Washington Co., the new church for Zion Reformed congregation will be of stone and cost about \$12,000.

At Arlington, Baltimore Co., the trustees of the Methodist Episcopal Church have purchased a lot 100 by 200 feet at West Arlington, on which they will erect a stone edifice.

At Beltsville, Prince George's Co., the Methodist church congregation will erect a new church.

At Easton, Talbot Co., the pastor of the Methodist church can give particulars as to the proposed erection of a new church.

At Baltimore, the most important permits issued to date are as follows: To J. Kunkel, to erect a three-story brick building at Nos. 33 and 35 Lee Street; to Goody Rosenfeld, to erect a three-story brick dwelling; to the Chesapeake Shirt Co., to erect an additional story to brick building, Nos. 409-11 West German Street; J. W. Foynell, to erect a two-story brick dwelling; Calloway & Slonacker, to erect two three and two two-story brick dwellings; Greenwald Bros. will erect two three-story brick dwellings; to J. F. Letmate, Jr., & Company, to erect three two-story brick dwellings at No. 618 George Street; F. O. Singer, Jr., to erect eighteen three-story brick dwellings; to Jas. H. Atkinson, to erect two two-story frame dwellings.—The Mayor has signed an ordinance for the purchase of a lot of ground and erection thereon of the English Grammar School, No. 6, and appropriating \$10,000 for site and \$25,000 for building.—

The Baltimore Sugar Refinery, which had just been completed at a cost of \$1,250,000, has been destroyed by fire. The structure was erected a year ago by a Baltimore syndicate, with Robert Garrett at the head.

Ideal Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Any
Time

is the right time
for everybody to
drink

**Hires' Root
Beer**

A temperance drink.

A home-made drink.

A health-giving drink.

A thirst-quenching drink.

A drink that is popular everywhere.

Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this delicious beverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good" - it's false. No imitation is as good as the genuine Hires'.

Wants.

TREASURY DEPARTMENT—Office Supervising Architect, Washington, D. C., May 10, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 24th day of June, 1893, and opened immediately thereafter, for all the labor and material required for the trench excavation, foundations, basement and area walls, basement columns and first floor from beams of the U. S. Post Office building at Chester, Pa., in accordance with drawings and specification, copies of which may be had at this office or the office of the Superintendent at Chester, Pa. Each bid must be accompanied by a certified check for a sum not less than 2 per cent, of the amount of the proposal. The right is reserved to reject any or all bids, or to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes sealed and marked, "Proposal for the trench excavation, foundations, basement and area walls, etc., of the U. S. Post Office building at Chester, Pennsylvania," and addressed to Jeremiah O'Rourke, Supervising Architect. 30,479.

Proposals for Electric Light Plant. Sealed proposals will be received by the Committee on Temple for an Electric Light Plant for the Masonic Temple, Phila., until 3 P. M., June 10th 1893. Specifications and drawings will be delivered to bidders between the hours of 9 A. M. and 3 P. M., May 29th, 1893. Security will be required before specifications and drawings are delivered. For particulars address Dr. W. A. Drysdale, Consulting Engineer, 20, Hale Building Philadelphia.

Proposals.—The undersigned, Commissioners of Schuylkill County, will receive sealed proposals until Saturday, June 24th, 1893, at 2 o'clock P. M., for the furnishing and laying of twenty-one hundred and forty-seven square yards of grass sod, six hundred and seven square yard of white gravel and fourteen hundred square yards of asphalt, and the laying and furnishing of terra cotta drain pipe at the Court House grounds at Pottsville. Plans and specifications can be seen at the office of A. B. Cohnran & Sons, Engineers. The Commissioners reserve the right to reject any and all bids. Samuel G. DeTurk, James J. Bowes, Elias E. Reed, Commissioners, Pottsville, Pa.

PHILADELPHIA WEDNESDAY, JUNE 7, 1893.

PRICE 15 CENTS

The Man from Chicago

proclaims everywhere and in every conceivable way the superiority of his city, his business, his wares, his wife, his children and himself so loudly and so persistently that even the Angels now begin to believe him.

It cannot be denied that this has been an important factor in making Chicago the great popular business centre it is.

On **Wednesday, July 12th, next**, our report of Building Operations and Sales of Real Estate for the first six months of 1893 will be presented in the columns of this Journal.

WE WILL MAIL 5000 EXTRA COPIES OF THAT EDITION

directly to the hands of buyers of such wares as you sell.

This is certainly one of those rare but inestimable chances for the

Business Man in Philadelphia

to present his claims for the consideration and patronage of those throughout an extensive and prosperous section, who must buy.

Send in your advertisements early.

Architect Notes.

W. L. Plack, architect, formerly of 1403 Filbert Street, has associated with Louis R. Walters, C. E., and taken offices at 1414 South Penn Square, where the firm will be glad to receive friends professionally or otherwise.

Chas. Balderston, architect, 316 Walnut Street, Phila., has completed plans for an auger works, for J. T. Pugh, to be erected on Ludlow Street, above Thirty-first. The structure will be four stories high, of slow-burning construction, slag roof. The interior will contain steam power and heat, best sanitary plumbing, electric work, speaking tubes, freight elevators and every modern convenience. Special invitations to bid on work will soon be sent out.

Will H. Decker, architect, Hale Building, Chestnut and Juniper Streets, has prepared plans for a fine residence for William J. Swain, to be erected at 3925 Chestnut Street. It will be Romanesque in style of architecture, of stone, three stories high, slate roof, and a large porte cochere will also be attached. The interior will be in hard woods of different kinds and the finish in various hues and colors, with electric work, steam heat, best sanitary plumbing, and all the latest improvements. Work will be started on the construction at once under supervision of the architect.

Baker & Dallett, architects, S. W. Cor. Fifth and Walnut Streets, Phila., have made plans for an alteration and addition to the residence of Mrs. S. Simon, 1628 North Fifteenth Street. These consist of back buildings and general alterations to the main structure, and will include plumbing, electric work, speaking tubes, dumb waiters, yard to be cemented as well as the cellars, painting and glazing, stained and plain glass, hard woods on interior, tin roofing, etc. Es-

timates are now being made upon this work and the house of Dr. Steinback, the plans being by the same architects and fully noted in a previous issue of this journal.

T. Frank Miller, architect, 1221 Arch Street, Philadelphia, is engaged in making plans for another addition to the summer resort hotel to that now in course of construction at Doubling Gap Springs, Cumberland County, Pa. This will be 40 x 60 feet, three-stories high, of stone, frame and brick construction, with all late improvements on the interior. Also plans for a new Baptist Church to be erected at Van Pelt and Diamond Streets. This structure will be in Trenton. brown stone, one-story, slate roof, and handsome stained-glass windows will be introduced with other ornamentation. Being Gothic in style of architecture it presents quite a fine elevation. The interior will be open woodwork, trussed roof, and seating will be amphitheatre in form, with hard woods throughout. A tower will be placed at one of the main corners. Plans have also been made by same architect for two fine houses to be erected at corner of Holly and Brown Streets, of brick, stone trimmings, artificial pavements, and interior to have all modern conveniences, etc. Mr. Miller is busy upon quite a number of other designs which will be noted in future.

Walter H. Geissinger, architect and engineer, S. W. corner Twelfth and Chestnut Streets, Philadelphia, has just completed drawings in detail for one of the largest factories and office buildings in this city. It will be owned by Wm. G. Warden, Esq., and located at Nineteenth Street and Allegheny Avenue, with two fronts upon the two leading railroad lines to New York, also a front of 183 feet on Nineteenth Street. The structure will be practically seven stories high and the office building of equal height the wings, or factory proper, will be in area 63 x 296 feet, asphalt roof, and constructed on the slow burning process, brick walls with either Seneca or Southern red stones for trimmings, interior will contain steam heat and power, electric plant, passenger and freight elevators, best sanitary plumbing and ventilation, speaking tubes electric bells and light, also gas fitting, room closets and general accommodation for employees. The office will be especially well constructed of non-combustible material, being steel and hollow brick in frame work; communication can be had with any part of the large buildings, which will also contain all the latest improvements and be nicely finished in hard woods. It is likely estimates will be invited at once upon the work.

Building and Real Estate Notes.

L. P. Simpson, builder, is about to construct thirteen dwellings, three stories high, on Jackson Street west of Tenth, all to be of brick, with stone trimmings and modern conveniences.

The New Century Guild, now located at 1132 Girard Street, has secured the properties 1225 and 1227 Arch Street.

Mr. E. O'Brien will erect thirteen dwellings on Grove Street, north of Reed, to be of brick, stone facings and best conveniences, etc.

C. W. Cox, builder, will at once begin the erection of twenty-seven dwellings on Windrim Street, near Clearfield. These will be two stories high, brown stone trimmings and best accommodations.

Permission has been secured to go on with the administration building of the Baptist Orphanage, at Angora and Fifty-eighth Streets. It is to be three stories high, of brick, 95.5 x 71.8 feet. C. R. Kohl & Brother have the contract.

It has been definitely decided by the Society of the Cincinnati to erect the Washington Monument in Independence Square under a recent decision of the Supreme Court of Pennsylvania. The work will likely be started at an early day.

Thomas C. Trafford, contractor, will at once begin the erection of an addition to the Robert Morris Grammar School at Twenty-sixth and Thompson Streets. It will be three stories high, of brick and stone. All modern improvements will be introduced.

Among the permit takers the last week were Paul J. Essick & Sons, who are to erect a one-story stone church building on the northeast corner of Broad and Tioga Streets. The new building is to be 58 x 78 feet, and the probable cost \$16,000.

The Wissahickon Electric Passenger Railway Company will build a two-story stone and brick power house, 121 x 30.2½ feet, on the east side of Main Street, north of the Philadelphia and Reading Railroad, Twenty-first Ward. Matthew Schmid has the contract for the work.

A \$36,000 residence is to be built by William Steele & Son, contractors, Thirty-sixth and Baring Streets. On Front Street, north of Arch, the same firm is to make \$10,000 worth of alterations and additions to a three-story factory building. Both operations previously noted in full.

Geo. F. Payne & Co., contractors, 401 Juniper Street, are about to begin the erection of the printing house of Geo. F. Lasher, on Tenth Street, above Cherry. This structure was planned by Charles Balderston architect, and fully described in this journal in a previous issue.

In the matter of the injunction asked against the Augusta Hotel Company's Apartment House, Sixteenth and Spruce Streets, a decision has been handed down by Justice McCallum dismissing the plea, and the structure will now be erected in conformity with the original plans by Willis G. Hale, architect. The question at issue arose upon the erection of a party wall between property on the west, and the apartment house standing out four inches from the old line.

Director Windrim has awarded the contract for two 30,000-gallon pumps to the Holly Manufacturing Company, of Lockport, N. Y. The pumps are for the Fairmount pumping station, and will be used entirely in pumping water to the East Park Reservoir. One is to be completed in 12, and the other in 15 months.

An ordinance is now being framed in City Councils which will make an appropriation to the Department of Public Works sufficient to start anew the completion of the Public Buildings and cover the outstanding obligations, in form of certificates of indebtedness issued by the former Building Commission. It is likely to pass at an early day.

Henry Spare, house and sign painter and paper hanger, 1344 Ridge Avenue, has secured the contracts for painting and paper hanging on the following buildings: Summer residence for D. M. Hess, Sixty-third Street and Lansdowne Drive; building 490 South Second Street, for Fidelity Trust Company; dwelling 431 Callowhill Street, for S. W. Black Sons; dwelling for Dr. Savage, 745 Corinthian Avenue; dwellings 1340 and 1342 Bran dywine Street, for Lulu Temple.

Jno. M. Sharp, builder, 1936 South College Avenue, will at once begin the erection of a laundry building on east side of Sycamore Street south of Grubb, to be of brick and stone 35 x 30 feet, five stories high. The same builder will at once begin operations on the new apartment house alterations and additions, before noted in this journal, at Twenty-second and Chestnut Streets. The latter work is to be done after plans of Angus S. Wade, architect, Hale Building.

The new contract for the improvement of Philadelphia harbor, recently awarded to the American Dredging Company, has been signed and one dredge has already been at work, and this official action will be followed by its immediate reinforcement by three more. By July, Major Raymond expects to have twelve dredges at work, and by autumn the tide will ebb and flow over Windmill and Smith's Islands. More material will be removed during the next month, President Schermerhorn claims, than by the former contractors during the whole of the first season.

Geo. W. Trumbore (formerly Geo. W. Trumbore & Co.), dealer in lime, sand, cement, etc., corner Haines and Hancock Streets, Germantown, has secured contracts for furnishing lime for brick and stone work on the following buildings: 22 houses, Upsal Street, near Main; residence for Miss Davis, York Road and Oak Lane; residence for Mr. Moulton, Emlen Street, near Carpenter Station; two residences and stable for Mr. Burton, School Lane, near Wayne. Mr. Trumbore, having purchased the entire control of the business, will hereafter conduct it in his own name.

The Catholic Philopatrian Literary Institute has taken steps to erect a new building on the site occupied by the present structure, Twelfth Street, below Walnut. The estimated cost of the proposed edifice is \$100,000. The money will be raised by subscriptions, the shares being placed at \$5 each. This was the announcement made by Henry A. Smith, who, at the annual meeting of the Institute recently, was re-elected president. The annual election resulted as follows: President, Henry A. Smith; Vice-President, Christopher L. Flood, Esq.; Recording Secretary, David J. Ryan; Corresponding Secretary, William J. McCormick; Treasurer, Augustus A. Boyle.

Councils' Committee on Municipal Government, at a meeting on the 29th of May, decided to report favorably an ordinance transferring in

trust to the University of Pennsylvania a plot of twenty-five acres of city ground between the Almshouse front and the Pennsylvania Railroad and South Street and Woodland Cemetery, for maintenance as a botanic garden, to be open to the public. Dr. Pepper said that a number of citizens had contributed \$5000 each towards a fund for the construction in the garden of a museum, the estimated cost of which is \$500,000. The petition for favorable consideration of the ordinance was made by C. H. Clark, John Scott, A. J. Drexel, B. B. Comegys, John C. Bullitt, Eugene Delano, George C. Thomas, James MacAlister, Samuel B. Huey, H. Clay Trumbull, Henry C. Townsend, Stuart Wood and Joseph S. Harris.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—A new county bridge will be constructed over Deep Run in Bedminster Township.

—At Royersford, Montgomery Co., J. A. Buckwalter has bought two lots on Walnut Street.

—At Quakertown, Bucks Co., work has begun on the new church building for the Reformed Congregation.

—At Bradford, McKean Co., S. G. Coffin has commenced the erection of a new residence on Walker Avenue.

—New Kensington and Tarentum people are talking of constructing a bridge over the Allegheny River to the towns.

—At Chester, Delaware Co., the Providence Avenue M. E. Church will be improved by a thorough interior renovating.

—At Lancaster, Lancaster Co., John C. Smith, of Harrisburg, is architect for the Reformed Church seminary, to be erected.

—At Norristown, Montgomery Co., the corner stone of the mission chapel connected with the Reformed Church of Ascension will be laid June 18th.

—J. J. Hogan, contractor, has taken permit for a brick building to be erected at the corner of Sixth and Peach Streets for William L. Scott estate.

—At Erie, Erie Co., G. W. Fassett has the contract for the addition to school house at the corner of East Avenue and Sixth Street. Cost, \$17,000.

—At Blooming Glen, Bucks Co., Anthony Burkhardt will erect a large three-story building to be used as a factory. Steam heat will be employed.

—At Allegheny, Allegheny Co., the Masonic hall building, to be erected, will cost about \$50,000. Messrs. Barthberger & East are the architects.

—At West Middleton, Washington Co., the railroad bridge across the Shenango River, which was damaged by recent floods, has collapsed, causing a loss of about \$25,000.

—At Norristown, Montgomery Co., an electric plant will be put in the insane asylum and a cold storage house will be erected. Twenty thousand dollars have been appropriated for these improvements.

Mrs. Janet McCullough, of Oxford, Chester Co., has presented the sum of \$500.00 to the Chestnut Level Presbyterian Church, Lancaster Co., for the purpose of putting in steam heat. The work will be done the present season.

—At Troy, Bradford Co., plans for the new court house have been prepared by W. B. Camp, of Athens. The structure will be 45 x 60 feet, two stories high. The first story will contain two consultation rooms, each 16 x 31 feet, and the second story, a court room, with a seating capacity of 300, and several private rooms.

—At Pittsburgh, L. T. Yoder has purchased No. 137 Second Avenue, and will erect a fine new building on the site.—James A. Canfield and others are negotiating for land in the vicinity of Shalersville, Thirty-fifth Ward, which they propose to improve and construct an electric road through.—Hoffman & Baldrige have sold a lot on Wood Street, Wilkinsburg, to Dr. Beachley, of Sparta, Pa., who will erect a fine dwelling thereon.—W. A. Herron & Son, have sold a large tract of land to the Allegheny Valley Railroad, which will divide into building sites.—Mr. Swain, of Swain & Angel, has purchased a site on Fitch Street upon which he will erect a stone residence.

Through New Jersey.

At Elberon, Monmouth Co., H. M. Lowenstein, will put down 1600 feet of flagging and curbing.

At Seaville, The Board of Trustees is negotiating for a site upon which to erect a school-house.

At Cliffwood, Monmouth Co., Adolph Meinel has sold his farm to a New Yorker who will make extensive improvements for the purpose of establishing a hennery.

Thirty lots were sold at public sale at West Collingswood, Camden Co., last week. It is reported that twelve of the purchasers will soon erect dwellings thereon. G. Franklin Davis, Room 405 Provident Building, Philadelphia, can give further information.

The Atlantic County Board of Freeholders has voted to appropriate \$20,000 for the purpose of erecting a new jail at May's Landing. Also for making extensive repairs to the Court House.—At a meeting held recently it was decided to erect a new public school building. The estimated cost is \$18,000.

At Bayonne, Hudson Co., The Fraternal Hall Building Association has been organized by several benevolent societies for the purpose of erecting a three story stone and brick building on Avenue D near Thirty-third Street. The structure will contain lodge rooms and a theatre with a seating capacity of about 1000.

At Camden, Mr. H. C. Hallinger has bought twelve building lots at Haddon Heights, where he purposes to erect a handsome dwelling of Indiana gray stone. It will be finely finished on the interior, and all modern conveniences and improvements will be introduced. Mr. Hallinger's present address is 380 Washington Street, Camden.

At Asbury Park, Monmouth Co., at a recent meeting of the Asbury Park Wheelmen, it was decided to erect a club house, and a committee for the purpose was appointed, consisting of H. B. Ayres, Arthur H. Hope and J. E. Davis. A lot on Bangs Avenue will be secured. Mr. Rogers will draw the plans. The estimated cost, exclusive of furnishing, is \$3000.

Through Delaware.

At Wilmington, the Malleable Iron Company will erect an addition to its works on Buttonwood street, near Ninth street, at a cost of about \$3,500. A. S. Reed has been awarded the contract.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To Chas. Schneider, to erect a three-story brick building; to J. W. Wood, to erect two three-story brick dwellings; to R. F. Foster, to erect ten two-story brick dwellings; to Andrew Hamilton, to erect two three-story dwellings; to John Hoos, to erect a four-story brick building; to George Klein, to erect twelve two-story brick dwellings; to J. T. Oster, to erect two three-story brick dwellings; to L. German, to erect eleven three-story brick dwellings; to J. H. Vondrette, to erect four two-story frame dwellings; to Smith & Wilbur, to erect three two-story brick dwellings; to W. J. Clendenin, to erect nineteen two-story brick dwellings; to J. A. Kissner, to erect twelve two-story brick dwellings.

Washington, D. C.

Plans have been prepared by James G. Hill for a large building, to be used for Sunday school purposes, and which will be located on Eighth, near H Street. It will be three stories high, of press brick, with stone trimmings, handsome interior finish, steam heat, etc. The estimated cost is \$45,000.—Plans have been prepared by N. T. Haller, 614 Eleventh Street, for three three-story dwellings, of press brick, with Hummelstown stone trimmings, hard wood interior finish, modern conveniences and improvements.—J. C. Johnson has finished the plans for the erection of Douglas M. E. Memorial Church, at Eleventh and H Streets, N. E. It will be 65 x 85 feet, of press brick, slate roof, handsome interior finish, stained glass windows, etc.—N. T. Haller, 614 N. Eleventh Street, N. W., has made plans for two dwellings, to be erected on Kirby Street, at a cost of \$12,000.—J. W. Thomas will erect two dwellings on G Street, from plans prepared by A. B. Mullett & Co., 1411 F Street. The estimated cost is about \$10,000. They will be of press brick and Hummelstown brown stone, and will contain modern conveniences and improvements.—W. H. Moses will erect a fine residence on Washington Heights, from plans prepared by F. F. Schneider, 933 F Street, N. W. It will be of light buff brick and stone, with shingle roof. The first floor will contain a handsome staircase of oak, open fire place, mosaic marble floor, a parlor finished in white and gold, a library in red mahogany and a dining-room in oak. The basement will have a bowling alley, furnace room, etc. The second floor will contain a number of bed chambers, sitting-room, baths, etc. The attic will be finished in ash. All modern improvements, steam heat, electric lights, etc.—B. Stanley Simmons, 931 F Street, N. W., has prepared plans for three two-story dwellings for Charles F. Hall to cost \$30,000. They will be of press brick and stone, modern conveniences.—The residence of Senator Cameron will be remodeled from plans prepared by Architects Hornblower & Marshall, 1509 H Street, N. W.—Eighteen handsome dwellings will be erected at Twenty-eighth and P Streets from plans prepared by George S. Cooper. They will be of brick and stone, handsome interior finish and modern conveniences and improvements. The estimated cost \$80,000.—Nine three-story dwellings will be erected on E Street, between Twelfth and Thirteenth Streets, by Gibson & Louthan, from plans prepared by E. Voltz. The estimated cost is \$30,000.—Charles C. Halpine will erect a dwelling to cost \$5000 from plans prepared by C. E. Burden. It will be of press brick and Seneca

stone, cabinet mantels, electric bells, sanitary plumbing, &c.—Two cottages will be erected at Takoma Park for J. D. Gibbs. They will be of brick and frame, modern conveniences and improvements. C. B. Keferstein, Washington Loan and Trust Building, has prepared the plans.—A fine building will be erected at Thirty-fifth and P Streets, N. W., to be called a Volta Bureau, for Professor Alex. Graham Bell. It will be 32 x 66 feet, one story, of buff brick, terra cotta, cost \$30,000. The plans have been prepared by Peabody & Stearns, of Boston.—Alonzo O. Bliss has taken out a permit for the erection of a brick laboratory and office building to be erected at B Street and Arthur Place. It will be four stories high, of press brick and Hummelstown brown stone, steam heat, elevator, &c. Cost about \$27,000. J. G. Hill, 41 Coreoran Building, has prepared the plans.

Miscellaneous.

At Lynn, Essex Co., Mass., the City Council has voted to borrow \$40,000 for water construction.

At Bangor, Me., at a recent meeting of the city government, an order was passed authorizing the use of the Hersey fund of \$100,000 for the erection of a new city hall, and the joint committee on city hall was authorized to make a contract with Messrs. Beance & Clifford, of Lewiston, for the building of the edifice according to plans and specifications already decided upon.

At Holyoke, Hampden Co., Mass., the German Reformed Church has decided to build a house of worship and is negotiating with the water-power company for a lot. The committee in charge consist of Herman Koegel, L. C. Heinrich, F. Popp, Gustave Williams, W. F. Kreimendahl and Rev. Albert Burchlos. Plans have been presented to the society by City Engineer Walther and a building to cost \$14,000 will be erected.

Wants.

TO MANUFACTURERS OF FIRE-PROOF BUILDING MATERIAL, FIRE-PROOF CONSTRUCTION

WANTED.—The advertiser, lately superintendent of the Staten Island Terra Cotta Lumber Company's Hollow Brick and Terra Cotta Lumber plant at Woodbridge, N. J., desires an engagement. Eighteen years' experience in the manufacture of porous and hard tile, fire proofing, fire-brick and sewer pipe. Competent to lay out and run a plant. No guess work about clay mixtures or kiln burning. Address—JOHN L. DUNNE, Woodbridge, N. J.

Jeremiah O'Rourke, Supervising Architect, Treasury Department, Washington, D. C., proposals until June 27th for all the labor and materials, and placing complete a heating and ventilating apparatus in the following named public buildings: Ashland, Wis.; Atkinson, Kan.; Beatrice, Neb.; Donill, Ill.; Tremont, Neb.; Lansing, Mich.; Lafayette, Ind.; and San Jose, Cal. Also until June 21st for plastering the U. S. P. O. and C. H. buildings at Troy, N. Y.

Improvements of Delaware River.—United States Engineer Office, 1428 Arch Street, Philadelphia, Pa., June 5, 1893. Sealed proposals for repairing and strengthening the pile and stone dike at Bulkhead Bar, Delaware River, will be received at this office until 11 A. M., Wednesday, July 5, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. C. W. Raymond, Major, Corps of Engineers, United States Army.

Proposals for iron or steel draw-bridge, U. S. Engineer Office, Room No. 6, New Custom House, Louisville, Ky. Sealed proposals for constructing and erecting a new draw-bridge at the locks of the Louisville and Portland Canal, and for removing the present bridge, will be received at this office until 3 P. M. (Standard Time), on Wednesday, June 21, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application at this office. G. J. Lydecker, Lt. Colonel, Corps of Engineers, U. S. A.

Philadelphia Depot, Quartermaster's Department, No. 1428 Arch Street, Philadelphia, Pa., June 3, 1893. Sealed proposals, in triplicate, subject to usual conditions, will be received at this office until 11 o'clock A. M., Monday, July 3, 1893, at which time they will be opened in the presence of bidders, for furnishing and delivering, as required, the fuel, forage and straw required by the United States Quartermaster's Department in this city, during the fiscal year commencing July 1, 1893. Also, for furnishing and delivering at the Schuylkill Arsenal, in this city, all the packing boxes, crates, barrels and half-barrels required; and for hauling the public stores in this city and vicinity during the same period. Proposals will also be received, at the same time and place, for the delivery of such quantities of fuel, forage and straw as may be necessary for the use of the Quartermaster's Department at Frankford Arsenal, and for the hauling required at said Arsenal, during the fiscal year commencing July 1, 1893. The Government reserves the right to use its own transportation in this city and at Frankford Arsenal, and to reject any or all proposals. Preference will be given to articles of domestic production or manufacture, conditions of quality and price (including in the price of foreign productions or manufacture and the duty thereon) being equal. Blanks for proposals and circulars to bidders will be furnished by this office on application. Envelopes containing proposals to be indorsed so as to show what they contain, and addressed to the undersigned. C. E. Sawtelle, Deputy Quartermaster General, U. S. A., in charge of depot.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Advertising rates on application

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Wants.

TREASURY DEPARTMENT, OFFICE, SUPERVISING ARCHITECT, Washington, D. C., May 22, 1893.—Sealed proposals will be received at this office until 3 o'clock, P. M., on the 29th day of June, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone work and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at York, Pa., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at York, Penna. Each bid must be accompanied by a certified check for a sum not less than 3 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the cut stone work and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at York, Pa.," and addressed to Jeremiah O'Rourke, Supervising Architect. 30553

O. C. Hicks, City Clerk of Bushnell, Ill., proposals until June 14th for sinking several wells.

H. C. Grasnher, President of the Board of Trustees, Napoleon, Ohio, proposals until June 20th, for all the labor and materials for the construction of a water works and electric light plant.

G. G. Howland, New York, proposals until July 1st for the plans and construction, with estimated cost, of a steel office building of from twelve to twenty stories on the site of the present Herald Building. A prize of \$500 will be paid for the plans selected.

T. Chalkley, Engineer in Charge of Sewers, Wilmington, Del., proposals until June 8th, for certain sewers. Total estimate of work to be done is 11,000 feet of terra-cotta pipe, 8 to 20 inches diameter 5300 feet brick sewers, 1 ft. 8 in. x 2 ft. 6 in. to 2 ft. 10 in. x 4 ft. 3 in; 53 manholes, 102 street inlets.

Plans for a municipal building in the City of New York will be received until September 1, 1893. The conditions under which the competition is to be conducted and the requirements of the Board are described in a paper entitled "Instructions to Architects," which may be obtained on application at the Comptroller's Office, 280 Broadway, New York.

C. A. Miller, Burgess of Borough of Cochranstown, Crawford Co., Pa. Proposals until June 10, 1893, for work and materials to be let as a whole, or separate, for digging and filling trench, for cast-iron pipe, sizes 4 and 6 inches; distance from springs, $1\frac{1}{4}$ miles, distances along streets, 3 miles more or less, also separate bids for building 6000 barrel reservoir, hydrants, valves, etc. For specifications and plans enquire or address Burgess or Secretary.

James M. Moore, Deputy Quartermaster General, U. S. Army Building, Whitehall Street, New York, proposals until June 23d for construction and entire completion of the following public buildings at Madison Barracks, N. Y., namely: One double barrack and two double sets non-commissioned staff officers' quarters. Also until June 22d for supplying 10,000 (subject to increase or decrease of 20 per cent.) American white marble headstones in slabs.

Proposals for submarine cable. United States Engineer Office, Willets Point, N. Y. Sealed proposals, in duplicate, will be received at this office until 12 o'clock M., on Tuesday, the 13th day of June, 1893, and opened immediately thereafter in presence of bidders, for about fifty miles of submarine insulated cable, single and multiple. Specifications, instructions to bidders and blank forms will be furnished on application to this office. W. R. King, Lieut.-Col. Corps of Engineers, U. S. A.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

Wants.

The District Commissioners of Washington, D. C., proposals for paving certain streets.

Department of Public Works, New York City, proposals until June 13th for the construction of certain sewers in that city.

A. B. Viall, President of the Board of Education of Bellevue, Ohio, proposals until June 17th, for the erection of a new school building.

At Medina, N. Y., Edward Passon, Clerk of Sewer Board, proposals until June 15th for the construction of sewers to cost about \$20,000.

Wm. M. Mason, Clerk of Village, Norwicht, N. Y., proposals until June 22d, for furnishing about ten miles of pipe sewers from ten to twenty inches in diameter.

William F. Harrity, Secretary of Commonwealth, of Pennsylvania proposals until June 28, for furnishing supplies for several departments of the State Government.

John A. Cole, C. E., 612 Stock Exchange, Chicago, Ill., proposals until June 15th for furnishing a quantity of cast iron water pipe castings, valves and hydrants for Connersville, Ill.

Bids for street lighting—The police, Fire and Water Committee of the Conshohocken Pa. Town Council will receive bids for lighting the streets of the borough by either arc or incandescent electric lights, or both for one, three and five years. Bids will be opened on Saturday evening July 1, 1893. B. F. Baldwin, Chairman of Committee.

Edwin Stewart, Paymaster General, U. S. Navy, proposals until June 15th for furnishing League Island Navy Yard, Pa., with one pipe threading and cutting machine; also a quantity of tools. Until same date for furnishing at the Navy Yard at Washington, D. C., one engine and dynamo; also a quantity of other supplies. Proposals until June 30th for furnishing supplies to Boston, Mass., Navy Yard.

United States Engineer Office, Montgomery Ala., May 25, 1893.—Sealed proposals, in triplicate for furnishing machinery for a concrete mixing and distributing plant at Wetumpka, Ala., will be received at this office until 12 o'clock, noon, June 24, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. Philip M. Price, Captain Corps of Engineers, U. S. A.

Proposals will be received by N. H. Ayres, Village Clerk of Hillsboro, Ohio, up to 12 o'clock noon of the 14th of June, 1893, for a complete system of water works, including wells, buildings, pumps, stand-pipes, boilers, engines, 950 miles of pipe and appurtenances, varying from four to ten inches in diameter, and sixty-eight fire hydrants. Bids will be received for the whole or any division of the whole contract. Plans, specifications and form of proposal are on file at the office of the Consulting Engineer, Edward Flad, 118 Laeclde Building, St. Louis, Mo., and also in Hillsboro, Ohio, at the office of the Village Clerk, to whom all communications should be addressed.

J. SCHWARTZ,

Contractor for Artificial Stone Work,

2306 and 2308 N. 27th St. Phila.

Pavements, Side Walks, Steps, Garden Walks, Cellars, &c. Extra attention given to Breweries, Slaughter Houses, Dye Houses, Carriage and Factory Floors. All work will be made of the best material.

PHILADELPHIA WEDNESDAY, JUNE 14, 1893.

PRICE 15 CENTS

The Man from Chicago

proclaims everywhere and in every conceivable way the superiority of his city, his business, his wares, his wife, his children and himself so loudly and so persistently that even the Angels now begin to believe him.

It cannot be denied that this has been an important factor in making Chicago the great popular business centre it is.

On **Wednesday, July 12th, next**, our report of Building Operations and Sales of Real Estate for the first six months of 1893 will be presented in the columns of this Journal.

WE WILL MAIL 5000 EXTRA COPIES OF THAT EDITION

directly to the hands of buyers of such wares as you sell.

This is certainly one of those rare but inestimable chances for the

Business Man in Philadelphia

to present his claims for the consideration and patronage of those throughout an extensive and prosperous section, who must buy.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, JUNE 14, 1893.

THE road jury on the widening of Chestnut Street, from Seventh to Eighth Street, in making the awards for damages to property, seems to have been actuated by a degree of economy that may involve the city in costly litigation. To take five feet from the fronts of properties on a street where property is worth at the least calculation \$50 a square foot, and involve the owners in expenses amounting to several thousand dollars each to reconstruct new fronts to their buildings, is certainly unfair in view of the insufficient sum awarded for damages by the jury having the matter in charge. The awards also made to the occupants for the interruption of business, loss of floor space, and, in the case of John B. Morley & Co., the loss of five feet of a valuable show window, are entirely too meagre to be received with satisfaction. It looks as though the courts would be compelled to settle the question.

THE Philadelphia College of Pharmacy, situated on Tenth Street, above Cherry, is as much a public institution as are the Public Buildings or the University of Pennsylvania. There are \$200,000 invested in buildings alone for educational purposes, the main building possessing great architectural beauty, having been recently erected, with the view of making it a credit to the city in which it belongs. No sane man can be made to believe that Lasher's proposed seven-story printing establishment, full of heavy machinery and printing presses, run with the vigor characteristic of his usual business enterprise, is going to be a healthy and stimulating influence as an adjoining neighbor to an educational establishment of any kind, and more particularly to a school of pharmacy whose teachings involve the welfare of mankind all over the civilized world, for it is now recognized as the

leading college of its kind whose students represent every nationality.

The extension of Nassau Street seems to be the only remedy. The college and its trustees are to be commended for the vigorous fight they are making for the institution they have raised and fostered for many years without the aid of a single penny from either the city or state. As a sanitary measure Nassau Street should be extended anyhow. Its situation makes it hidden from view, and a convenient receptacle for filth. By extending it to Tenth Street it would be exposed to view and the value of property in the rear of the college would be greatly enhanced.

Architect Notes.

Longfellow, Harlow & Alden, architects, of Pittsburgh, Pa., have again placed the new plans of the Carnegie Library, to be erected at Pittsburgh, Pa., on boards of contractors for estimate. These have been fully noted in former numbers of this journal.

J. C. Worthington, architect, 1395 Arch Street, is receiving approximate estimates upon a large apartment house to be erected at Forty-first Street, Elm and Girard Avenues. These plans have been fully described in this journal in the early part of the present year.

Frank A. Hays, architect, Drexel Building, has made plans for two fine cottages, to be erected on his own account at Lansdowne, Pa. To be of frame construction, hard wood interior work and all modern improvements. Frank Riggs is the contractor, and work has been started.

Collins & Autenreith, architects, 410 Walnut Street, have completed plans for a fine residence for H. Dannenbaum, at 2022 Allegheny Avenue. To be of stone and brick, three stories high, interior in hard woods of various kinds, best sanitary work in plumbing, heating, etc. Estimates have been invited on the work.

In a few days Edwin F. Durang, architect, southwest corner Twelfth and Chestnut Streets, will begin the preparation of plans for a R. C. Chapel to be erected at Wayne, Delaware County, Pa. The structure will be for a new parish recently instituted by Archbishop Ryan, who has also placed it under care of Rev. Father Hand, recently of the Church of the Assumption. It will be of frame, one story high and interior to have the necessary church furniture and paraphernalia.

Hugo Malmiede, 1635 Columbia Avenue, has prepared plans for a watch factory, which is to be erected at Cooper's Point, Camden, N. J. It will be one story high, of brick, 120 x 180 feet in dimensions, and modern improvements. The same architect will prepare plans for sixteen dwellings, to be erected on Woodland Avenue, Darby, Delaware County, Pa., including nine dwellings and seven store and dwellings. They will

be three stories high, of brick, with stone trimmings, modern conveniences and improvements.

Day & Coates, architects, 910 Drexel Building, have made plans for an alteration to house of Dr. C. R. Norton, 700 North Fortieth Street. These contemplate a new parlor, rear second and third floors, leaded and stained glass windows, electric work, new heater and all modern conveniences introduced. Estimates are being made. Also plans for alteration and addition to house at Bell and Baring Streets, for John Stevenson, Esq. These will include extension of the front building in the Venetian style of architecture, interior work, new stairs, stained and plate glass work and general improvements, etc. The same gentlemen have made the plans for an addition to Kedron M. E. Church at Morton, Pa. This will be used by the young people of the Church.

Henry D. Dagit, architect, 706 Walnut Street, has completed plans for a store and dwelling for James Murphy, at Twelfth and South Streets. To be of red press brick and terra cotta trimmings, Romanesque style of architecture, tile floor and wainscoting, marble bar fixtures, with Ormolu gilt trimmings, best plumbing, heated by hot air, electric work, etc. Also for a store and warehouse for T. Callaghan, at Chancery lane and Coombs alley. To be of red stretcher brick and terra cotta trimmings, tile floor and all modern conveniences, etc. To be four stories high. Also drawings for two dwellings at Bloomsburg, Pa., for James Magee, president of the Bloomsburg carpet works. Two stories high and all conveniences on interior. Also a store building for the same works, two stories high, brick, with stone trimmings, and eight small dwellings for the workmen of the above mills, with all conveniences.

R. G. Kennedy, architect, 915 Drexel Building, has completed all plans for the alteration and additions to the Union League Building, on Broad Street, and placed the drawings on boards for estimate. This work will include a new kitchen, an addition to the main building; also alteration to the third floor sleeping-rooms. The cut stone will be in Port Deposit granite and Connecticut brown stone; considerable cement flooring and paving, asphalt work on roof over cafe, cast iron and grille work, in basement and elsewhere, as well as some wrought iron work, new dumb waiters and alteration to old ones, new stairways upon a grand scale and hardware of finest patterns will be placed. Considerable new plastering will be done, galvanized iron, tinning and copper work as well as slate roofing. All marble to be of white Italian stone, best of sanitary plumbing, lavatories, baths, toilet-rooms, wine closets, pantries and other rooms will be provided for. Mosaic and tile work will be introduced at important points from special designs by the architect. In detail the entire improvements will be quite extensive, adding beauty and general utility to this famous club house.

Edwin F. Bertolette, architect, 1220 Filbert Street, has completed plans for a fine brick colonial cottage, to be erected on south side of High Street, Pottstown, Pa., for Miss Sadie L. Freas. The building will be two and a half stories high, slate roof, interior in hard woods, best sanitary work in plumbing and drainage, and all modern conveniences will be introduced. Also plans for a brick colonial house for Mr. Charles Major, to be located at Rochelle and Manayunk Avenues, Wissahickon, Twenty-first Ward. To be of brick, stone trimming, slate roof and best improvements on interior, hard wood, etc. The same architect has made plans for alteration and addition to the First Baptist Church, at York, Pa. These include a new ornate brick front, with a tower and stone caps and base; also some interior work, room for pastor, committee-room, etc. Also plans for an additional story, post and girder stiffening to rear of 2132 Market Street, on which work will be started at once. H. Brockelbush, contractor. Also plans by the same architect for alterations and additions to the Merchant's Hotel, at Pottstown, Pa., which include an entire new dining-room, reading-room, office, parlor, bar-room, the doors of which will be in hard wood and iron grille work, with stained glass window above. Mr. Bertolette is quite busy on preliminary plans for other work, which will be noted in future.

Building and Real Estate Notes.

A two story brick and frame addition, 21 by 34 feet, is to be built to the Lutheran church at Pechin and Martin Streets, Roxborough.

A one-story addition will at once be made to the church on Paul Street, north of Green, 18 x 38 feet. W. Milnow & Co. are the contractors.

We call attention of subscribers who are contractors to our proposal column, as it contains many items of importance in city, State and National work.

A three-story brick and frame hotel and dwelling, 42 x 57 feet, will be built by Amos W. Linn at the northwest corner of Bridge and Jackson Streets, Twenty-third ward.

A one-story brick - meter house, 33.10 by 95.10 feet, is to be added to the Thirty-sixth Ward Gas Works. Armstrong & Printzenhoff, the contractors, took out a permit on the 9th inst.

Proposals for the erection of stands and chairs in the various parks and squares are invited and now being estimated upon, charge of the work being in the Councils Committee on Fourth of July celebration.

John M. A. Morrow, builder, 1412 South Broad Street, will at once begin the erection of forty two-story dwellings at Twenty-ninth and Hummel Streets, all to be of hard press brick fronts, stone steps and trimmings with best interior accommodations.

The Atlantic Refining Company is to build an extension to the barrel shop, 58x65 feet, at Point Breeze, at a cost of \$10,000. The company will also erect, on Passyunk avenue, Point Breeze, a two-story stone and brick storehouse, 85 x 231 feet, which will cost \$20,000.

The Young People's Association connected with St. Michael's Church, Germantown, will give a lawn party in the Mt. Airy Orphanage grounds, June 22d, for the benefit of the Association. It has been unanimously resolved to erect a new edifice, and a committee of 20 has been appointed to take the necessary steps. The work will not be commenced until \$15,000 is assured.

Bromley & Burns' mill, on Orchard Street, south of Tacony, will be rebuilt at once. Size of structures, 39 x 190 feet, with a wing 45 x 39 feet, three stories high, and to be of brick and frame construction. Steam power heat and general machinery will be placed. H. C. Schock has the contract.

As indicated in our last issue the plans for the large factory building at Nineteenth and Allegheny Avenue, to be erected by W. G. Warden, have been placed on boards for estimate in the office of Walter H. Geissinger, architect, S. W. corner Twelfth and Chestnut Streets. Contractors are now busy figuring on the work.

Edward H. Cloud, Real Estate operator 532 Walnut Street, has purchased "The Keene Homestead," bounded by Chestnut, Sansom, 43d and 44th Streets, and proposes to build the entire site up; he has already begun sixteen fine three story dwellings, fronts of buff brick and interiors in hard woods, tile work, electric bells and best sanitary plumbing, etc.

John Stafford, builder, has bought of W. S. P. Shields, a lot of ground at 20th and York Streets, for which he paid \$55,000 cash. Mr. Stafford will at once begin the erection of quite a large number of two and three story houses. These are to be of best press brick, stone facings and steps with best interior work and accommodations, etc. Size of ground purchased 215x181 feet.

Work on Sharp's Hotel Metropole, on Broad Street, below Locust, is progressing favorably. The newest feature about it is the award to Adolph Grant & Co. of a contract amounting to about \$10,000 to put in a mosaic floor. This expensive and artistic work is to cover the cafe, lobby, bar-room, ladies' entrance, central entrance, smoking and waiting rooms. A fireplace is also to be worked out in mosaic.

Joseph H. Virkler, 1108 North Forty-fourth Street, owner, will build eight three-story dwellings, 21 x 48, northeast side of Forty-sixth Street, north of Kingessing Avenue; also four three-story brick dwellings, 20 x 48, north side of Kingessing Avenue, east of Forty-sixth Street; also two three-story brick dwellings, 18 x 48, south side of Regent Street, east of Forty-sixth Street, all of press brick, stone trimmings and modern conveniences.

The work of razing the old structures on the French-Richards estate, Tenth and Market Streets, has been started. This is preparatory to the erection of the new seven-story mercantile house recently noted in this journal. The plans for this work are now nearing completion in detail in the offices of Cope & Stewardson, architects, 320 Walnut Street. The contract for the new structure will be awarded at an early day, and when completed will contain all the most modern conveniences of the day.

A special meeting of employers, most of whom were connected with the Master Plasterers' Exchange, was held at the Builders' Exchange on the 5th inst. to consider the demands of the striking plasterers. William H. Albertson presided. At the close of the meeting it was stated that twenty-two firms were represented, including all but one member of the association, and embracing a large majority of the trade, all of whom had agreed to remain firm in refusing to concede the strikers' demands.

C. C. Linahan has contracted with the Montrose Boat Club, Falls of Schuylkill, to erect a two-and-a-half-story, 30 x 50 feet, frame boat house on the west shore of the Schuylkill, above the Falls bridge. The building will be sur-

rounded by a wide porch, and will be of Gothic style. The first floor will be used for storing the boats, and will be so arranged that it can be thrown into a hall for entertainments. On the second floor will be sitting, reading and game rooms. The attic will be used as a store room. The building will cost \$2000, and will be finished during the present season.

Plans were approved by the Building Inspectors on the 10th inst. for John M. Sharp's hotel, to be erected at the northwest corner of Twelfth and Arch Streets, on condition, that three fire-escapes be placed on the Twelfth street side, one on Arch Street and a lower escape in the west wing on Buddens Street. The building is to be of brick, stone, iron and wood, nine stories high, 74 x 117.3 feet. It is to be called "The Hanover." The drawings for the structure were made by Angus S. Wade, architect, Hall Building, Philadelphia, who will supervise the work. This hotel was fully noted in a previous edition of this journal.

The old Lincoln Market, at the southeast corner of Fairmount Avenue and Broad Street, will be demolished as soon as possible to make way for the Lorraine. Possession will be secured within a day or two, and the work of tearing down will begin without delay. President Hart has completed all the arrangements for the erection of the building, and Willis G. Hale, the architect, has completed the working plans. The new apartment house will be one of the most elegant buildings in the city. It will contain all the best features of a first-class hotel and home, and has been fully noted in this journal as to general features before.

The congregation of St. Peter's German Evangelical Lutheran Church, West Philadelphia, has grown to such large proportions under the pastorate of the Rev. E. H. Pohle that it has become necessary to have increased accommodation. Accordingly plans have been prepared for the erection of a new edifice in the Roman style of architecture at the northwest corner of Forty-second and Parrish Streets. The location is a very desirable one, and the plans prepared by C. L. C. Hartman, the architect, present a unique and beautiful structure. The interior will be in hard wood and latest furniture and improvements. The Building Committee is composed of the following: Rev. E. H. Pohle, Adolph Kreutzer, Dr. T. J. Ellinger, Henry Kaestner, Carl A. Irik, Gottlob Schmid, Wilhelm Muench, Christian Heim, Philip H. Storch, A. H. Nolde and Jacob Beiswanger.

Through Pennsylvania.

 When any of the following are not post office towns they will be so designated.

—At West Pikeland, Chester Co., David H. Hall is erecting a dwelling.

—At Langhorne, Bucks Co., Horace Woodman will erect a dwelling on Pine Street.

—At Columbia, Lancaster Co., Contractor Sneath will erect six brick dwellings.

—At Jamestown, Mercer Co., the water works to be constructed will cost about \$250,000.

—At Lancaster, Lancaster Co., several streets have been ordered paved by the street committee.

—At Dunmore, Lackawanna Co., the Moosic Mountain Coal Company's bunker has been destroyed by fire, causing a loss of about \$50,000.

—At Lock Haven, Clinton Co., work will soon be commenced on the new school house to be erected.

—At Greencastle, Mercer Co., there is talk of a large wagon factory being erected.

—At Altoona, Blair Co., Councilman Crawford can give particulars as to sewer improvements to be made.

—At Pottsville, Schuylkill Co., the water company will ask bids for the construction of a large reservoir.

—At Lilly, Cambria Co., the Catholics will erect a new church or erect an annex to the present building.

—At Ashland, Schuylkill Co., Mr. Rowe, of the Union Hotel, contemplates making extensive improvements.

—At West Chester, Chester County, R. O. Jeffers will erect a dwelling on a lot recently purchased on High Street.

—At Hastings, Cambria Co., the Presbyterians will erect a new church to cost about \$10,000. Col. I. L. Spangler is interested.

—At Homestead, Allegheny Co., a public library building will be erected by Mr. Carnegie. C. M. Schwab has the matter in charge.

—At Mahanoy City, Schuylkill Co., the cornerstone of the new church, of which the Rev. I. M. Gable is pastor, will be laid June 17th.

—At Uniontown, Fayette Co., two additional rooms will be fitted up by the School Board. Dr. L. S. Gaddis is President of the Board.

—The Boards of County Commissioners of Lancaster and Chester Counties will arrange for the construction of a bridge at Harkness Ford.

—At Easton, Northampton Co., John M. Stewart, architect, has prepared plans for a school house to be erected at that place to cost about \$50,000.

—At Johnstown, Cambria Co., Architects Smith & Robinson have prepared plans for a school house to be erected at that place. Cost about \$7,000.

—At Shenandoah, Schuylkill Co., the contract for the erection of the proposed school house has been awarded to William Long for \$10,800. Work will begin in a short time.

—At South Bethlehem, Northampton Co., at a meeting of Town Council a few days since the contract was awarded to J. S. Allam for the erection of the proposed market house and public building. The contract price was \$33,641.

—At South Bethlehem, Northampton Co., a meeting of the Mountain Water Company was held and a Board of Directors chosen. The names are: C. A. Worsley, Wm. H. Jacobs, John Ranney, A. C. Cope, H. O. Trumbore and others.

—At West Chester, Chester Co., ground has been broken for the proposed new hospital, which will be erected at a cost of about \$15,000. The structure will be of brick, with interior finish of hard wood, and will contain modern conveniences and improvements.—Howard Hawley has bought a lot on West Union Street and will erect two or three dwellings.

—At Chester, Delaware Co., the contract for the erection of the new building for the Harmonia Singing Society has been awarded to Bunyea & McCray, of Chester. Work will begin at once in order that the building may be completed by Autumn.—A committee has visited the Secretary of the Treasury at Washington to make an effort to have stone substituted for brick in the new public building.

—At Reading, Berks Co., work has begun on the erection of nineteen dwellings on Fairview Street on property owned by the Haak estate.

They will be erected on the co-operative plan. George E. Haak is interested in the project.

—The site for the new power house of the Reading Traction Company has been selected, and is at the foot of Chestnut Street. The structure will be 100 x 125 feet. Work will begin at once.

—At Spring City, Chester Co., sixty feet have been purchased on Bridge Street from the Pennsylvania Railroad Company by Urner & Fritz, the hosiery manufacturers, of Royersford, Pa. It is the intention of the purchasers to erect an immense four-story brick building on the site, fitted with modern conveniences and improvements. The Spring City Paper Box Company will occupy one floor of the new structure and the owners, Urner & Fritz, will occupy the remainder.

—At Swarthmore, Delaware Co., plans are maturing for the erection of a building to be used for public purposes, though it will be erected by private subscription. A stock company will probably be formed with shares at \$25 each. The plans include a council chamber, with offices for the Burgess and Secretary, a club room, reading room, large public assembly room, gymnasium, swimming pool and cafe. A public meeting will be called at an early date, when the details will be perfected.

—At Wayne, Delaware Co., Wendell and Smith will shortly erect half a dozen houses on Lancaster Avenue.—M. L. Kohler, of Philadelphia, is about erecting three handsome houses at Radnor Station.—Joseph H. Jeffers is having plans made for a stable to be built this Summer.—It is said that the Rev. C. Miel will soon put up buildings suitable for a young ladies' school to be conducted by his daughter.—The first meeting of the Catholic citizens of Wayne and St. David's was held a few evenings ago to devise ways and means to erect a handsome church in the near future.—The contract for the new library building has been given out to Joseph Dyson.

—At Pittsburg ground has been sold on Wightman Street by the Highland Investment Company. Five of the purchasers will erect dwellings among them Mr. Steiner.—Ground has been broken for ten or twelve dwellings to be erected in the 23d Ward by a syndicate headed by Senator Flinn. Up to the present time about seventy dwellings have been finished and sold by this syndicate. It is proposed to erect about one hundred dwellings on the tract. Senator Flinn has ground at Highland Park which will be improved later on.—A tobacco warehouse to cost about \$25,000 will be erected at Liberty and Seventh Street by R. W. Jenkinson & Co. It will be six stories high and will be fully equipped with modern improvements and conveniences.—C. H. Chance is the contractor for six handsome dwellings to be erected on Summerlea Street for Mr. Meyers, cost \$30,000; six on Ward Street for Mr. Ahlers, cost \$15,000, and four on Juliet Street for C. H. Rook, to cost \$10,000.—Hon. R. M. Snodgrass will erect a dwelling on Swissvale Avenue, Edgewood.—A four-story building for business purposes will be erected by Mrs. A. H. Hiner, on Fifth Avenue. It will be of brick with stone trimmings and will contain modern conveniences and improvements.—A. Milhu has broken ground for a handsome dwelling on Fifth Avenue near Croft Street. Day & Montgomery will erect three brick dwellings on Mellon Street, to cost about \$12,000. A permit has been taken out for the erection of a handsome building on Penn Avenue by H. E. Squires. The estimated cost is \$35,000. A. B.

Morrow will erect a brick building to cost about \$22,000.—Ebenezer Baptist Church will erect a brick parsonage to cost about \$4,000; also a new church building to cost about \$25,000. G. P. Kertz is the builder. Mr. F. Maloney will erect seven brick dwellings to cost \$22,000. Architect John G. Frazier has prepared plans for the Sixth United Presbyterian Church to be erected of stone. Cost about \$180,000.—A six-story tobacco warehouse will be erected at Twelfth and Liberty Streets for a Mr. Jenkinson.—H. A. Guepner will erect several modern dwelling.—David E. Park will erect a twelve-story office building on the site of the old post office.

Through New Jersey.

At Beach Haven, Ocean County, an artesian well will be sunk 700 feet deep.

It is said that the owners of the Deal Beach Monmouth Co. tract will reserve sites for churches and other public buildings.

At Clermont, Cape May Co., one of Col. T. M. Knight's houses will be remodeled by contractor Grace, of Court House, same county.

At Asbury Park, Monmouth Co., at a meeting of the Wheelmen's Club, the building committee was authorized to advertise for bids for the proposed new club house. H. B. Ayers is chairman of the committee.

At Ocean Port, Monmouth Co., work has begun on the new building for the Red Men's Association by contractor Russell Smith of Long Branch, who has the contract for about \$3,000. A public hall will be one of the features. Electric lights will be introduced.

At May's Landing, Atlantic Co., at a recent meeting of the Atlantic Board of Freeholders, it was resolved to make improvements at the county jail and the sheriff's residence to cost \$20,000. The capacity of the jail will be doubled. The new building will be for the use of female prisoners and witnesses. Five thousand dollars will be spent on plumbing, sewer work, etc. The work will be under the supervision of the Committee on Public Buildings.

At Newark, Architect William Halsey Wood, 764 Broad Street, is preparing plans for a new church and parish house to be erected on Washington Avenue, near 170th Street, for St. Paul's Episcopal Church congregation. The structure will be 60 by 80 feet, with tower 64 feet high. The parish house will be 32 by 88 feet, two stories high. Cost about \$30,000. Alderman Hanson can give particulars as to the laying of additional sewer mains. Freeholder Seaman can give particulars as to a new truss bridge to be constructed at Miry Run.

At Atlantic City, at a meeting held last week, it was decided to erect a new high school at an early date, and an appropriation of \$50,000 will be granted for the purpose, to be used in the following manner: Lot, \$15,000; two-story brick building, to cost \$25,000; heating and ventilating, \$5,000; furnishing, \$5,000. John F. Hall is president of the Board of Education.—At a recent meeting of citizens at City Hall the subject of the proposed boulevard to Longport was discussed, and Mr. Carlton Godfrey will probably undertake to canvass the owners of the lands along the line of the road to find out what they will contribute toward the enterprise. L. C. Albertson, Colin Studs, H. B. Leeds and Rev. J. Ward Gamble can give information.

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

First Store below
PHILADELPHIA.

Through Delaware.

At Wilmington, a fund will be raised with which to erect a public free bath house. William S. Hilles can give information.—Permits have been taken out for the erection of the following: David Pangel, two-story brick dwelling, at Front and Van Buren Streets; E. Johnson, two three-story brick dwellings, at Fourteenth and Rodney Streets; A. W. Ruth, brick stable, at 299 Broome Street; John Mulvena, three-story school house at Fourteenth and Washington Streets; William J. Brown, one-story brick church, at Seventh and Harrison Streets.—The congregation of St. Paul's M. E. Church will make extensive improvements to the present building, at a cost of about \$15,000. The improvements include a new stone front and tower and general remodeling of interior. William H. Foulk, Edgar A. Finley and Samuel H. Baynard are on the committee.

Through Maryland.

At Baltimore, S. H. and J. F. Adams has the contract to erect a three-story building at No. 300 West Fayette Street for Thomas P. Kavanaugh, from plans prepared by Architect Henry Burns. The structure will be of sand brick, with Seneca stone trimmings, hard wood finish, electric light, steam heat and all modern improvements. Cost, about \$12,000.—The most important permits issued to date are as follows: To W. T. Welsh, to erect five two-story brick dwellings; to the Second Evangelical Church congregation, to raise roof and make repairs to church; to P. Mohan, to erect a three-story brick dwelling at No. 1428 Division Street; to C. J. Bonaparte, to erect a four-story brick warehouse at No. 4 North Frederick Street.—The Aged Men and Woman's Home of the Methodist Episcopal Churches of the Washington Annual Conference of Baltimore City has been incorporated with Samuel J. Jefferson, J. Ararat Williams, William T. Greenwood, William A. Brooks, Lloyd W. Dorsey, James Blake, Nelson E. Perkins, J. E. Grace and William Rodgers as incorporators, for the purpose of providing a home and place of residence for such aged male and female members of the church as may be in indigent circumstances.

Washington, D. C.

F. B. Pyle, Loan and Trust Building, has prepared plans for a fine residence, which will be erected on K Street. The structure will be of stone, press brick, with an elaborate cornice of terra cotta. The interior will be finished in hard wood, white and gold in parlor, steam heat, and electric work, fine stained glass windows, also plate glass, sanitary plumbing, tiled floors, handsome stone porch and loggia, supported by carved pillars. The same architect has finished plans for a handsome residence for Asa Whitehead, to be erected on R Street.—Lieut. E. J. Darn, of the United States Navy, will erect a dwelling on Twenty-first Street, from plans prepared by Architect Glenn Brown, 939 F Street, N. W. It will be of buff brick, handsome interior finish, modern conveniences and improvements. James A. Redbird is the contractor.—C. A. Didden, 709 Thirteenth Street, N. W., has prepared plans for a number of improvements to be made to the Summer dwelling of Albert Carry, on Good Hope Road. The dwelling will be remodeled; new plumbing and considerable concrete work will be put in.

The same architect has prepared plans for improvements to be made to the property of Rudolf Goldschmid, at 1327 Princeton Street. New plumbing, roof, etc., will be included.—Hornblower & Marshall have prepared plans for enlargement and improvements to the dwelling of Henry Cabot Lodge, at 1763 Massachusetts Avenue. A two-story addition will be erected and other improvements made, at a cost of about \$15,000.—W. A. Cozzens will erect a cottage at Cherry Chase, from plans prepared by C. E. Graham & Son.—R. J. Reynolds, of Winston, N. C., will erect a large carriage factory, from plans prepared by Glenn Brown, 939 F Street, N. W.—M. O. Connor will erect a dwelling on U Street. Peter Fersinger is the contractor.—F. Freund will erect a large building, to be used as a confectionery. The estimated cost is \$20,000. Speir & Co. are the contractors.

EXHAUSTIVE AND IMPARTIAL TESTS

Just completed by the **QUAKER CITY MORTAR COM-
PANY** show that the Average Tensile Strength of their
Rough Mortar is over 50 Pounds to the square inch in seven days, while the Tensile Strength of Mortar
made by the old Street Process will not average 35 Pounds. Sample brickquets, ready for testing, sent on ap-
plication.

THE QUAKER CITY MORTAR COMPANY,

TWENTY-THIRD & FILBERT.

Telephone 3380.

[illegible]

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Wants.

TREASURY DEPARTMENT, OFFICE, SUPERVISING ARCHITECT, Washington, D. C., May 22, 1893.—Sealed proposals will be received at this office until 2 o'clock, P. M. on the 20th day of June, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone work and brick work, iron and wood door, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at York, Pa., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at York, Penna. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the cut stone work and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at York, Pa.," and addressed to Jeremiah O'Rourke, Supervising Architect. 30533

G. G. Howland, New York, proposals until July 1st for the plans and construction, with estimated cost, of a steel office building of from twelve to twenty stories on the site of the present Herald Building. A prize of \$500 will be paid for the plans selected.

Plans for a municipal building in the City of New York will be received until September 1, 1893. The conditions under which the competition is to be conducted and the requirements of the Board are described in a paper entitled "Instructions to Architects," which may be obtained on application at the Comptroller's Office, 280 Broadway, New York.

Notice.—Sealed proposals will be received by the Committee on Property at the office of the Board of Public Education, 713 Filbert street Philadelphia, until 2:30 o'clock P. M., Tuesday, June 20th: For an addition to the Lynd School, Twentieth Section. For an addition to the Jackson No. 1 School, Twenty-sixth Section. For an addition to the Belview School, Twenty-eighth Section. For an addition to the Singler School, Thirty-second Section. For additional heating and lighting of "The Philadelphia Normal School for Girls." For furniture for "The Philadelphia Normal School for Girls," as per samples, and for the specifications in Architect's office, and for the following repairs, viz: 18th Section—New chimneys, Vaughan School, new fences; Gorgas School, painting inside and painting outside, Chandler School, 19th Section.—Painting outside and new fence, Price School. 22d Section.—New fence, Central School; new wall and fence, Germantown Grammar School; painting inside and new fence, &c., Pittsville School. 31st Section.—Rough casting wall, Mott School, new curb and pavement and painting inside, Brown School; vestibule doors and painting inside, Adams School; outside vestibules, Hart School. 33d Section.—New floors, Taylor School; new floors, Boudinot School. Said work to be done in accordance with the plans and specifications of the Architect and Supervisor of School Buildings, to be seen at the office of the Board, between the hours of 2 and 4 P. M. All bids must be upon blanks and enclosed in envelopes for this purpose. No bid of \$500 or over be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance approved May 25, 1890, have been complied with. The Committee reserves the right to reject any or all bids, and also to require security for the faithful performance of any work, as they may deem necessary. No bids will be received for the above additions except from a known master builder. By order of the Committee on Property. H. W. Halliwell, Secretary.

PRICE 15 CENTS

The Man from Chicago

proclaims everywhere and in every conceivable way the superiority of his city, his business, his wares, his wife, his children and himself so loudly and so persistently that even the Angels now begin to believe him.

It cannot be denied that this has been an important factor in making Chicago the great popular business centre it is.

On **Wednesday, July 12th, next**, our report of Building Operations and Sales of Real Estate for the first six months of 1893 will be presented in the columns of this Journal.

WE WILL MAIL 5000 EXTRA COPIES OF THAT EDITION

directly to the hands of buyers of such wares as you sell.

This is certainly one of those rare but inestimable chances for the

Business Man in Philadelphia

to present his claims for the consideration and patronage of those throughout an extensive and prosperous section, who must buy.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, JUNE 21, 1893.

The success of the Trades League in securing an adjustment of long-standing differences between the Pennsylvania and the Philadelphia and Reading Railroad Companies, whereby the transportation of coal by canal from the coal fields of both roads to New York, Baltimore, Philadelphia and intermediate points is to be resumed, is certainly a creditable evidence of the importance of that organization, as well as of the energy and enterprise of the chairman of its canal committee, Mr. Thomas Martindale, and Professor Haupt, chairman of its water and navigation committee.

At the time this canal system of transportation was suspended, some twenty years ago, the total tonnage amounted to about 600,000 tons of coal per year, more than half of which went to Baltimore, the balance being divided among New York, Philadelphia and intermediate points; and, while Baltimore will probably derive more benefit than Philadelphia from the reopening of the canal this fact makes the result even more creditable to the League, as it establishes the liberal, broad gauge spirit and sentiment that control its members.

THE mutilation of shade trees by horses throughout the city has become such a serious matter that unless heroic measures are adopted seven-tenths of the trees which now beautify the city's streets will be ruined. The best that can be done to suppress the wicked recklessness of drivers is for Councils to pass an ordinance inflicting a severe penalty on drivers and owners whose horses are found gnawing trees, the proceeds to be applied to tree planting. A small yearly rebate in taxes to owners who plant and cultivate shade trees in front of their properties would encourage tree planting to a degree that

thousands of beautiful shade trees would in a few years grace our thoroughfares, to the great benefit of both visitor and resident and a lasting ornament to the city.

Architect Notes.

Mr. Angus S. Wade, the well-known architect of this city, sailed on the 19th inst. for Europe on quite an extensive tour. It is Mr. Wade's intention to visit all points of general interest on the Continent and make a special study of ancient and modern architecture, and hopes to return by the early Fall months.

Mr. Fred. Fox and brother, H. C. Fox, architects, have become associated in business and opened offices at No. 10 West Chelton Avenue, Germantown, where they will be glad to meet their patrons and friends. These gentlemen are now engaged in preparation of considerable new work to be erected in and about the vicinity of Germantown.

Estimates will likely be invited during the next ten days on the construction of the Bourse Building, after plans by G. W. & W. D. Hewitt, the architects, and under whose supervision the entire work will be done. Also upon the new mercantile building for C. C. Harrison, at Tenth and Market Streets, from plans by Cope & Stewardson, architects, 316-20 Walnut Street. The old structure at the latter place is fast disappearing.

W. J. Samon, architect, has made plans for erecting "Turf Villa" on the Schuylkill River between the red bridges. The structure will be of brick and finished on the interior in oak. A large music stand and four fountains will be placed upon the grounds. At the rear of the main building will be a large dining-room, toilet and reception-rooms for both sexes, also a handsomely fitted bar-room. John O'Donnell is the contractor.

Moses & King, architects, 431 Walnut Street, have been awarded the contract to make plans for the Young Men's Christian Association Building, to be erected at Fourth and Federal Streets, Camden, N. J. The building will be in Romanesque style and first story will be of stone and remaining three of brick, with stone trimmings, slate roof. The basement will be fitted with baths, swimming pool and a store room for bicycles, etc. The ground or first floor will be fitted up for bank, offices and stores, etc. The second floor, as well as all the rest of the structure, will be taken up by the various branches of the association and reached by elevators as well as stairs, the committee rooms, gymnasium, a running track, locker rooms and physical director's room, etc. The building will cost about \$100,000. No contracts awarded as yet.

Geo. Krueger, architect, corner Railroad and Short Streets, Johnstown, Pa., has made plans

for a store building, 46 x 100 feet, three-story brick, for Mr. Jacob Fend, pressed brick front, iron work, iron ceiling, steam heating, skylights, to be a double store building, to cost complete \$15,000. Contract let to T. T. Seigh. Also plans for Citizens' National Bank, granite front, fire-proof construction, vaults, iron railings, red oak finish, plate glass, beveled plate glass, skylights, tile floors, copper ornamental, ornamental ceilings, tin roof, bank fixtures, cost \$16,000. Contract let to Geo. Krueger. Also plans for double store building for Messrs A. Foster and A. Cohen. Building 84 x 110 feet, three stories, buff brick and terra cotta front, granite trimmings, plate glass, tin roof, copper cornice, iron ceilings, steam heating. Cost of building, \$24,000. Contract not let.

M. Fielding, architect, 110 South Fourth Street, Philadelphia, has made plans for a fine house to be erected at 2042 Pine Street, the front to be of English red stone and Pompeian brick, four stories high, slate roof, interior to be in hard woods, elaborate plumbing upon the sanitary system, dumb waiters, electric bells and all modern conveniences, etc. Also plans for a large five-story factory, to be erected upon the line of Market Street, in this city, to be of brick, interior to have a special system of steam heat, power and best plumbing as well as modern conveniences, elevator lift, etc. The same architect has made drawings for a stable to be of pointed stone work, interior in hard woods, electric bells and all modern conveniences, etc., to be located on Township Line, Germantown. Also plans for a fine three-story house, stone, with slate roof and modern conveniences, on Washington Lane, Germantown. Drawings by the same architect have been made for an alteration and addition to the country house of Geo. C. Strawbridge, on Manheim Street, Germantown, which will include all internal conveniences, electric work, plumbing, heat and other detail improvements, etc.

Bolton and Hibberd, architects, 1510 Chestnut Street, have completed all plans in detail for the Thirty-fourth Street Baptist Church, at Thirty-fourth Street and Haverford Avenue, and work will be started at once upon the building. The pastor is the Rev. Miles S. Read. The structure will be erected on the lot, 75 x 158 feet, and its dimensions will be 62 feet square. It will be located at the corner of Rockland and Thirty-fourth Streets. It will be constructed of gray stone, with Indiana limestone trimmings, and covered by a slate roof. On both streets are gables pierced with handsome stained glass. The entrances on both streets are of Indiana limestone. At the corner is the infant school room, semicircular in form. Over the infant class room is a handsome belfry, finished with ornamental buttresses and finials. On one side of the infant room are three class rooms, each 5 x 14

feet, and on the other side two rooms, one 9.5 x 12, and the other 12 feet square. The pulpit is in a corner opposite the infant room, back of which are the baptism and robing rooms. The interior will have exposed rafters, and will have yellow pine finished in hard oil. The audience room will be 40 feet square.

Building and Real Estate Notes.

H. E. Cooper has been awarded the contract for the erection of the Thirty-fourth Street Baptist Church.

Contractor McManus will at once start the erection of a two-story school house at D and Rhawn Streets, to be 68 x 43.10 feet in area.

Roskann & Co. will build an iron shed, 26 x 39 feet, for storage purposes, on the west side of Germantown Avenue, below Susquehanna.

The Acme Mortar Company will erect a two-story stable, 34 x 52 feet, at Tasker Street Wharf. To be of brick and stone, with the usual improvements on interior.

Secretary of the Treasury Carlisle will visit this city on the 21st inst. for the purpose of looking at various sites on which to locate the proposed U. S. Mint.

A three-story cold storage warehouse is to be built by Wintz & Herman for Jacob Hornung, brewer, on the north side of Clearfield Street, east of Twenty-second.

Horace W. Castor, 4642 Penn Street, Frankford, is about to erect a one-story factory at Meadow and Willow Streets. To be 98.4 x 56.10 feet, of brick, with steam fittings, etc.

A number of houses will be erected on the site of the old Stoeve property, Mehl and Main Streets, Germantown. Workmen are now engaged tearing down the old mansion.

The Philadelphia and Reading Railroad Company is to construct a two-story brick and iron shed, 16 x 28 feet, on the north side of Hunter Street, west of Eleventh, for the use of car cleaners.

James H. Hamilton, builder, 1402 Bainbridge Street, will at once erect fifteen two-story houses on Fernon Street, west of Point Breeze Avenue. All to be of brick, with stone facings and modern improvements on interior.

William E. Carrington & Son have been awarded the contract for the erection of a large house on Twelfth Street, south of Columbia Avenue, to be built of Pompeian brick and brown mortar and brownstone trimmings.

Work on Penn Treaty Park is progressing. Permanent improvements will be constructed, and the whole will be surrounded by an iron railing. Fifteen thousand dollars have been appropriated for the improvements.

Boyer & Parker, contractors, will construct for Thomas Delaney, on the west side of Oak lane, east of Tenth Street, Twenty-second ward, a two-story coach house and stable. Portland and Indiana limestone will be used in the work.

It is proposed by the Department of Public Works to construct a sewer along the bed of the Aramingo Canal from Girard Avenue to Clearfield Street. Proposals have been invited and will be opened June 26th, after which the contracts will be awarded.

Fire destroyed the lately erected portion of Seville Schofield's mill, at Manayunk, on the 14th inst., to the value of \$100,000. As soon as possible it is the intention of Mr. Schofield to rebuild the

structure. The building was of stone and brick, three stories high, and erected about two years ago.

It is understood that an appropriation has been made for a new station house for the Seventh District police, now located on St. John Street, above Buttonwood, and as soon as an available lot shall be secured a new structure will be erected. The Commissioners of City Property have the matter in charge.

Henry G. Schultz, builder and owner, 2633 Germantown Avenue, will shortly commence the erection of 98 five and seven-room two-story houses on Clearfield, Thirteenth Streets and Park Avenue. Brick with brownstone trimmings, all modern conveniences, electric lighting, hot air heating, cement cellars and pavements. Contracts not let.

A large stone stable, 80 x 167 feet, with accommodations for 30 horses, and two carriage houses have just been finished at Ashbourne by Contractors C. R. Kohl & Bro., of Germantown, for William L. Elkins. The cost was about \$30,000. The builders were given 120 good working days in which to complete the contract, and finished it within 80 days.

An ordinance is now before City Councils for passage widening Chestnut Street, south side, from Eighth to Ninth Street, which will involve only a few old houses which have stood out upon the old lines, and are not only an eyesore but an impediment to travel. Of course the ordinance will carry with its passage damages for loss of fronts whenever made.

City Solicitor Charles W. Warwick has decided that the city can grant a title to certain parts of ground adjacent to Blockley Almshouse, and owned by the city, for the purposes of creating a botanical garden, to be attached to the University of Pennsylvania. There now remains no impediment to the consummation of this desirable and useful object.

R. M. Peterson, carpenter and builder, 171 Brighthurst Street, Germantown, has been awarded the contract for a handsome colonial dwelling, to be erected for George J. Miller, of the Jno. C. Miller Brewing Company. It will be situated at Penn and Hancock Streets, and the plans call for an unusually fine structure, containing all modern conveniences and improvements.

J. F. Otterstetter and others, of Germantown, have purchased of Rudolph Partenheimer, a tract of unimproved land fronting on Twenty-ninth Street, Union and Seminole Avenues, Chestnut Hill, for \$18,000. The intention of the purchasers is to open a street from Twenty-ninth Street to Seminole Avenue and to erect a number of four and six-room two-story brick dwellings, with all modern improvements.

E. White, 2729 Girard Avenue, painter, and dealer in painters' supplies, has been awarded the contract for painting and glazing twelve large houses for Daniel MacNiel, owner. To be built on Eighteenth Street, between Atlantic and Toga. Also for house and stable, York Street, west of Twenty-sixth. Eugene Bender, owner. Junction Oxford Street, west of Twenty-sixth. J. J. Winkler, owner.

William G. Price, Jr., dealer in lime, cement, etc., Twenty-sixth Street and Sedgely Avenue (above Diamond Street), has contracts for supplying lime for the following operations: Wm. F. Albrecht, Thirty-first and Norris Streets and Thirtieth and Diamond Streets; Roberts, Twen-

ty-fifth and Norris Streets; Jas. Stevensons' Sons, Thirty-first and Diamond Streets; C. H. Wagner, Thirty-first and York Streets; cellar work for Weeks & Michaelsen, Thirty-first and York Streets; also cellar work for Thomas Batley, Twenty-fifth and Norris Streets.

John R. Wiggins, contractor, 1035 Seybert Street, has just contracted for the erection of the factory of Chas. Rump & Sons, southwest corner of Fifth and Cherry Streets, after plans by Hazelhurst & Huckel, architects, Drexel Building. The same contractor will erect a dwelling at 2042 Pine Street for Nelson Ritter, Esq. Plans were made by M. Fielding, architect, 110 South Fourth Street. Also additions to the Haddington M. E. Church. The structure will be of local stone, with slate roof, and recognized as a memorial to Mrs. Cooper, the mother of Mrs. W. C. Allison, of West Philadelphia.

The plans for the new bank building of the Bank of North America, Chestnut Street, above Third, have all been completed by the architect, James H. Windrim, 1107 Walnut Street, and the contract given to George Watson & Son. Work will be pushed forward at once. Notes of this work appeared in this journal March 15th and May 3d, 1893. The structure will be of polished granite, main building one story high and remainder four, the front roof and rear one being on a level. Directors' and president's rooms, dining-room, lavatories, kitchen and all other accommodations will be provided for. Electric work, vaults of best make and all improvements, etc.

The Boulevard is on the city plan. It was unanimously confirmed by the Board of Surveys, at a meeting of that body on the 12th instant. The ordinance, as published, determining the lines of the Boulevard, was read; and also a petition, with page after page of signers, earnestly urging the importance of the enterprise to the city. William F. Johnson, representing many of the clients opposed the project, entered a protest in their behalf. The Aramingo Canal system of sewers, for which bids will be invited in a few days was approved. The improvement will be a most important one. The general outline extends from Girard Avenue to Clearfield Street.

By a majority vote in Select Councils the ordinance allowing the monument of the Society of the Cincinnati to be placed in Independence Square was repealed on the 13th inst. in a special meeting, the vote being 27 to 5. Common Council did very little at this special meeting. An ordinance was passed, granting permission to the Germantown Passenger Railway Company to extend its tracks along Snyder Avenue, from Fourth to Eighth Streets, and to operate the trolley system, as also was one authorizing the purchase for \$15,000 of the lot, 42 x 160 feet, on the northwest corner of Mintzer Street and Fairmount Avenue, as a site for the new station house of the Seventh Police District.

An ordinance has been prepared for passage by Councils in Finance Committee creating a loan of \$4,000,000 for the purpose of completing the public buildings and payment of certificates of indebtedness issued by the now defunct Commission. The Finance Committee, after some debate, adopted the reports of the sub-committee providing an appropriation of \$503,401, to be taken from various items, for use upon public works of an immediate necessity, as follows: Branch sewers, etc., \$300,000; Wissahickon and Creshelm Valley and Manayunk branches, etc.,

\$100,000; Third and Fourth district survey, \$9300; curved curbing, \$12,000; repaving of streets not occupied by passenger railway companies and Broad street, \$82,131. Also for work in the Bureau of Water, Gas, Surveys and Highways in the Department of Public Works.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At New Hamburg, Mercer Co., the town hall has been destroyed by fire.

—At McKeesport, Allegheny Co., D. P. Guise will receive contract to construct several sewers.

—At Morton, Delaware Co., ground has been broken for the new addition to Kedron Methodist Church.

—Anabler, Montgomery Co., it is reported that a number of business men have determined to erect a hotel.

—At Highspire, Dauphin Co., the Highspire Distillery was destroyed by fire last week at a loss about \$200,000.

—At Johnstown, Cambria Co., Mr. R. Uhl has purchased a lot on Washington Street and will erect a four-story warehouse.

—At Ferndale, Bucks Co., it is probable that a shoe factory will be erected. About \$4000 has been subscribed for the purpose.

—At Royersford, Montgomery Co., the German Baptist Congregation has broken ground for a new church building 66 x 32 feet.

—At Montrose, Susquehanna Co., A. W. Lyons has purchased a lot on Second Street and will erect a three-story brick building.

—At Mt. Carmel, Northumberland Co., the breaker of the Mid Valley Coal Company has been destroyed by fire. Loss about \$100,000.

—At Columbia, Lancaster Co., there is a movement on foot favoring the organization of a new boat club and the erection of a fine boat house.

—At Pittsburgh, M. F. Hipple & Co. have sold a lot on Stanton Avenue to a prominent business man who will erect a fine residence thereon.

—At Pottstown, Montgomery Co., L. L. Bush & Co., contractors for the Pottstown Passenger railway Company, will commence work this week.

—At Erie, Erie Co., H. P. Sullivan will erect a two-story dwelling and stable; cost about \$5000.

—Charles Metzler will erect a dwelling, to cost about \$2500.

—At Connellsville, Fayette Co., Pittsburgh Street will be paved with vitrified brick. Quite an amount of sewer work will also be done during the summer.

—At Lock Haven, Clinton Co., the old First Ward school house has been torn down and a new one will be erected on site from plans prepared by Architect Cole.

—At Ridley Park, Delaware Co., J. C. Bowen will erect a brick and frame residence on Poplar Street. Charles G. Darrach will erect a dwelling on Sellers Avenue.

—At Uniontown, Fayette Co., two additional school rooms will be furnished by the school board.—Councils have decided to pave Court Street with fire brick.

—At Dundaff, Susquehanna Co., the Methodist church was consumed by fire on June 16, also the dwellings of Mrs. John W. Babson. The estimated loss is about \$125,000.

—At Canonsburg, Washington Co., it is reported that Messrs. Taylor and Crawford have been awarded contract for the erection of the First Presbyterian Church parsonage.

—At Boothwyn, Delaware Co., the Boothwyn Real Estate Company has decided to erect a number of dwellings. R. H. McCartney is the superintendent and can give information.

—At Norristown, Montgomery Co., the corner stone of Christ Reformed Mission Chapel, a branch of the Reformed Church of the Ascension at Marshall and Noble Streets, was laid this week.

—At Plymouth, Montgomery Co., a handsome residence will be erected by Charles W. Cox. It will be of stone, finely finished on interior, and will contain all modern conveniences and improvements.

—At West Chester, Chester Co., the Household Committee of the State Normal School consisting of J. Preston Thomas, Albert P. Hall, John S. Mullin and Bently Worth has decided to make a number of interior improvements, and perhaps some refurnishing.

—At Pottsville, Schuylkill Co., the Pottsville Water Company at a recent meeting decided to rebuild the Kaufman dam near Frackville. The capacity will be increased about 100,000,000 gallons. Work will begin on July 1, 1893. Wm. D. Pollard is secretary of the company.

—At Shippensburg, Cumberland Co., extensive improvements will be made with the fifty thousand dollars appropriated for the State Normal School. A dormitory for women will be erected, provided with parlors, sitting rooms, etc. A gymnasium handsomely equipped will also be provided.

—At Easttown (not a post office town), the School Directors have let the contract to William H. Burns of Berwyn to raise the present school building one story in order to make room for the establishment of a high school. Three rooms will thus be added. The contract price was about \$3000. Work will begin at once.

—At Lancaster, Lancaster Co., the corner stone of the new Reformed Theological Seminary was laid last week. This will be one of the largest schools of the kind in the country. The main building and library will be erected first, and will cost about \$100,000. They will be of brick and brownstone handsomely finished on the interior and provided with all modern conveniences and improvements.

—At Chester, Delaware Co., the South Chester School Board has awarded the contract for the erection of an annex to the Morton School building to Smith Downey for \$2125.—The contract for the basement, area walls, and basement columns of the public building has been awarded to Asher Bassford, of St. Paul, Minn. Cochran & Sweeney have awarded the contract for tearing down the Pennell building to David Murphy, of Trainor.

—At Reading, Berks Co., W. A. Griesemer will erect a two-story brick dwellings on Buttonwood street. D. E. De Hart will erect four two-story brick dwellings on Eleventh Street.—The Jefferson B. & S. Association will erect twenty two-story brick dwellings. L. Kremp & Bro., 344 N. Ninth Street, Reading, can give information. D. Kremp is secretary of the Association. Proposals for the erection of these dwellings are wanted until June 22d.

Through New Jersey.

At Atlantic City, the Turn Verein has purchased a lot from Schlecht & Mehrer on South Carolina Avenue as a site for a building for the society. A large hall will be one of the features.

At Passaic, Passaic Co., Dr. P. H. Terhune, Secretary of the Real Estate Committee of the Passaic Hospital Association, invites architects to submit plans for a stone and brick hospital to cost about \$50,000. It is reported that Abner P. Bigelow will erect three five-story flats.

At Ocean City, Cape May Co., the Casino at Ninth Street and the board walk was destroyed by fire last week at a loss of about \$15,000. It will probably be rebuilt. It contained a merry-go-round, a shooting gallery, a dining-room, candy manufactory and bath houses.

At Elizabeth, Union Co., the corner stone of the Alexan Brothers' Hospital was laid with imposing ceremonies on June 12th. The structure will be of brick, and the estimated cost is \$40,000. The work will be pushed in order to finish the building by January 1, 1894.

At New Brunswick, Middlesex Co., the Roman Avenue Baptist Church congregation has accepted plans of Architect Louis H. Garte, of Jersey City. The new structure will be located on Livingston Avenue, and will cost about \$40,000.—Proposals will soon be asked for the erection of a new school building, to cost about \$7000.

At South Orange, Essex Co., a two-story and attic frame dwelling, 45 x 30 feet, will be erected on Warwick Avenue for Mrs. M. E. Crane. It will have a shingle roof. The interior finish will be in hard wood and pine and heated with hot air. Cost, about \$9000. The plans have been prepared by Architect Richard K. Mosly, of New York City.

At Camden, the plans of Moses & King, 313 Walnut Street, have been accepted by the Building Committee of the Y. M. C. A. for the proposed new building of the Association. The structure will be of stone, brick and terra cotta, furnished with every convenience. A large auditorium, library, reading rooms, parlors, gymnasium, baths and Summer garden will be provided. The estimated cost, including furnishing, is \$100,000.

Through Maryland.

At Baltimore the most important permits issued to date are as follows: To A. N. Mahone to erect twenty two-story brick dwellings on Buchanan Street, between Twenty-fourth and Twenty-fifth Streets; to H. Schlessinger to erect eight two-story brick dwellings on O'Donnell Street, near Hare Street; to H. Shirk to erect three three-story brick dwellings on Mt. Vernon Avenue, near Twenty-fourth Street; to N. C. Showacre to erect three three-story brick dwellings on Madison Avenue, near Bloom Street; to W. E. Garrison to erect two two-story brick dwellings on Cedar Avenue, near Third Street; to E. F. Shadrick, to erect seven three-story and eight two-story brick dwellings on York road and Oxford Avenue; to T. F. Locke, to erect fifteen three-story brick dwellings on Edmondson Avenue near Monroe Street; to B. Reilly, to erect a four-story brick building at the corner of Pratt and Calvert Streets; to W. J. Armiger, to erect five two-story brick dwellings on Burke Street, twelve on Jefferson Street, and five on Bradford Alley; to J. McGonagle, to erect a two-story brick

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

dwelling at No. 1124 Watson Street.—The Maryland Bicycle Club House will be enlarged and improved at an expense of about \$15,000. John Hiltz has the contract.

Washington, D. C.

F. O. Horstmann, of Philadelphia, will erect a handsome dwelling at 1710 Rhode Island Avenue from plans prepared by Architects Hornblower & Marshall, 1509 H Street, N. W. It will be of brick and Seneca stone, interior finish of quartered oak and other hard woods, ivory white finish in some of the rooms, all modern conveniences and improvements. The estimated cost is \$25,000. John McGregor is the contractor.—D. E. Kleps will erect a dwelling from plans prepared by L. F. Graether. It will be of buff brick with brown stone trimmings, Spanish tile roof and copper work, white pine finish, cabinet mantels, open grates, tiled vestibule, &c. The estimated cost is \$15,000.—The old Chase mansion at Sixth and E Streets will be remodeled from plans prepared by T. F. Schneider, 933 F Street, N. W., for the Concordia Club. The interior will be handsomely finished. Steam heat and other conveniences will be introduced.—Two dwellings will be erected on E Street for J. E. Miller, from plans prepared by William J. Palmer, 933 F Street, N. W. They will be of press brick, with trimmings of Hummelstown brown stone.—Frederick Bergman will erect a dwelling on C Street, of press brick and Hummelstown brown stone, handsome interior finish, modern conveniences and improvements. Also stable to be erected in rear of dwelling. The plans were prepared by J. G. Germailler, 511 Eleventh Street, N. W.—Three dwellings will be erected on Eleventh Street, from plans prepared by E. Woltz, to cost about \$10,000.—N. T. Haller, 614 Eleventh Street, N. W., has finished the plans for a chapel, to be erected at Frederick, Maryland. It will be of red brick, with trimmings of Hummelstown brown stone, handsome furniture, stained glass windows and steam heat. Seating capacity, 400.—Mrs. H. M. Pollard will erect a dwelling on Vermont Avenue, from plans prepared by George S. Cooper. The same architect has prepared plans for two dwellings, to be erected on Twenty-first Street, at a cost of \$15,000.

Any
Time
is the right time
for everybody to
drink
**Hires' Root
Beer**

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this
delicious beverage. Don't be deceived if a dealer,
for the sake of larger profit, tells you some other
kind is "just as good"—it's false. No imitation
is as good as the genuine Hires'.

Building and Real Estate Notes.

Permits were issued to the Atlantic Refining Co. to construct the stone and brick extension to the barrelling house, 58.3 x 64.10, and the new store house, 85 x 231, both at Point Breeze. The particulars of this operation have already been given.

R. M. Peterson will build a large and handsome three-story dwelling, 45.6 x 89, on the northwest side of Penn Street, southwest of Hancock. Twenty-second Ward. Stone and brick will be the principal materials and the cost will be about \$35,000.

Charles E. C. Warfield will erect thirty-three dwellings and one store in the Thirty-third Ward. Sixteen of the houses and the store will be on the north side of Clearfield street, east of F, and will be 14.8 x 38 each. The other seventeen will be on the south side of Clementine Street, west of F, 14.3 x 37 each. All are to be of brick, two stories high.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where 'here' are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

Telephone 3380.

TWENTY-THIRD & FILBERT.

[illegible]

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Repairing a Specialty.

Wants.

James M. Moore, Deputy Quartermaster General U. S. Army Building, Whitehall Street, New York, proposals until June 23d for construction and entire completion of the following public buildings at Madison Barracks, N. Y., namely: One double barrack and two double sets non-commissioned staff officers' quarters. Also until June 23d for supplying 10,000 (subject to increase or decrease of 20 per cent.) American white marble headstones in slabs.

Sealed proposals will be received by the Chief Burgess of the Borough of Ridley Park, Pa., until the 23d day of June, 1893, for laying six-inch vitrified sewer pipe on Rosemont Avenue, from the Philadelphia and Chester Turnpike to Belmont Avenue, and on Cresswell Street east from Morton Avenue. The contract to be awarded to the lowest responsible bidder in accordance with plans and specifications furnished by the Borough Surveyor. H. F. Kenney, Chief Burgess.

Improvements of Delaware River.—United States Engineer Office, 1428 Arch Street, Philadelphia, Pa., June 5, 1893. Sealed proposals for repairing and strengthening the pile and stone dike at Bulkhead Bar, Delaware River, will be received at this office until 11 A. M., Wednesday, July 5, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. C. W. Raymond, Major, Corps of Engineers, United States Army.

Sealed proposals will be received by the Chief Burgess of the Borough of Ridley Park, Pa., until the twenty-third day of June, 1893, for lay-

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Fifth, South and Passyunk Avenue,

Down Town Store, Open Every Evening Until 9 O'clock.

ing six (6) inch vitrified sewer pipe, upon the following streets, viz: Chester and Philadelphia Turnpike, from a point at the east line of the property of H. H. Sawyer to Rosemont Avenue, and on Hinkley Avenue, 200 feet west from Sellers Avenue. The contract to be awarded to the lowest responsible bidder, and in accordance with plans and specifications furnished by the Borough Surveyor. The contractor shall in lieu of cash, accept bills made out against the properties fronting on said streets. H. F. Kenney, Chief Burgess.

Department of Public Works, Bureau of Surveys, Office 418, City Hall, Philadelphia. Sealed proposals, endorsed bids for "Main Sewers," "Branch Sewers," and "Bridges," and addressed to the undersigned at the office above mentioned, will be received until 12 o'clock, noon, on Monday, June 26, 1893, for A.—Main Sewers. B.—Branch Sewers. C.—Bridges. Specifications and blank forms upon which bids must be made will be furnished upon application to the Chief Engineer. Bidders must be skilled and regularly engaged in the class of work bid for. No bid will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1890, (p. 81 West), have been complied with, and a certified check for a sum not less than two (2) per cent. of the amount of the proposal for any work, as additional security in excess of the amount already required by ordinance of Councils; said check to be drawn to the order of the Treasurer of the city of Philadelphia and to be returned immediately after the award of contract has been made. (Ord. Dec. 31, 1892.) The Director reserves to himself the right to reject

any or all bids, as he may deem best for the interests of the city. Jas. H. Windrim, Director.

Philadelphia Depot, Quartermaster's Department, No. 1428 Arch Street, Philadelphia, Pa., June 3, 1893. Sealed proposals, in triplicate, subject to usual conditions, will be received at this office until 11 o'clock A. M., Monday, July 3, 1893, at which time they will be opened in the presence of bidders, for furnishing and delivering, as required, the fuel, forage and straw required by the United States Quartermaster's Department in this city, during the fiscal year commencing July 1, 1893. Also, for furnishing and delivering at the Schnylkill Arsenal, in this city, all the packing boxes, crates, barrels and half-barrels required; and for hauling the public stores in this city and vicinity during the same period. Proposals will also be received, at the same time and place, for the delivery of such quantities of fuel, forage and straw as may be necessary for the use of the Quartermaster's Department at Frankford Arsenal, and for the hauling required at said Arsenal, during the fiscal year commencing July 1, 1893. The Government reserves the right to use its own transportation in this city and at Frankford Arsenal, and to reject any or all proposals. Preference will be given to articles of domestic production or manufacture, conditions of quality and price (including in the price of foreign productions or manufacture and the duty thereon) being equal. Blanks for proposals and circulars to bidders will be furnished by this office on application. Envelopes containing proposals to be indorsed so as to show what they contain, and addressed to the undersigned. C. E. Sawtelle, Deputy Quartermaster General, U. S. A., in charge of depot.

Wants.

N. K. Thompson, Street Commissioner, wants bids until June 23d for the construction of sewers.

James W. Todd, Secretary of Board of Commissioners at New Rochelle, West Chester Co., N. Y., wants bids for the construction of sewers at that place.

Wm. M. Mason, Clerk of Village, Norwich, N. Y., proposals until June 22d, for furnishing about ten miles of pipe sewers from ten to twenty inches in diameter.

William F. Harry, Secretary of Commonwealth, of Pennsylvania proposals until June 28, for furnishing supplies for several departments of the State Government.

Bids for street lighting—The police, Fire and Water Committee of the Conshohocken Pa. Town Council will receive bids for lighting the streets of the borough by either arc or incandescent electric lights, or both for one, three and five years. Bids will be opened on Saturday evening July 1, 1893. B. F. Baldwin, Chairman of Committee.

United States Engineer Office, Montgomery Ala., May 25, 1893.—Sealed proposals, in triplicate for furnishing machinery for a concrete mixing and distributing plant at Wetumpka, Ala., will be received at this office until 12 o'clock, noon, June 24, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. Phillip M. Price, Captain Corps of Engineers, U. S. A.

Sealed proposals will be received at the pastoral residence of the Church of the Immaculate Conception of Connellsville, Pa., from June 13th to to June 23d, 1893, for excavating foundation, supplying and hauling stone for same, brick and brick work, roofing and all other work and material necessary for the rebuilding of the church on a new site. Plans and specifications will be explained during time of this notice.

Jeremiah O'Rourke, Supervising Architect, Treasury Department, Washington, D. C., proposals until June 27th for all the labor and materials, and placing complete a heating and ventilating apparatus in the following named public buildings: Ashland, Wis.; Atkinson, Kan.; Beatrice, Neb.; Donnell, Ill.; Tremont, Neb.; Lansing, Mich.; Lafayette, Ind.; and San Jose, Cal. Also until June 21st for plastering the U. S. P. O. and C. H. buildings at Troy, N. Y.

United States Engineer Office, Wilmington, Del., June 19, 1893. Sealed proposals for dredging and excavating for the construction of an inland waterway from Chincoteague Bay, Va., to Delaware Bay, Del., will be received at this office until 12 o'clock noon, July 18, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. Wm F. Smith, United States Agent.

Bids will be received on Wednesday, June 28th, at the Court House in Camden, N. J., at 10 o'clock A. M., for the building of the Camden County Water Works, to be erected on the county's property, near Blackwood. Plans and specifications can be obtained from the superintendent of Court House on application. Bids must be presented in person to the committee in charge. Each bid must be accompanied by a \$500 bond. J. J. Albertson, County Engineer.

Office of the Board of Health, Room 610, City Hall, Philadelphia. Proposals will be received at this office until 12 o'clock noon, of 23d of June, 1893, for constructing a building at Twenty-

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, JUNE 28, 1893.

A Correction.

The judgment published in our issue of June 7th against Mr. Paschall II. Fairlamb was entered in error, as the issue between him and the plaintiff in the case involved the question of a party wall, which was a simple matter of dispute, the difference in question representing a nominal sum only. EDITOR.

Architect Notes.

Willis G. Hale, architect, 1524 Chestnut Street, has prepared plans for rebuilding the front part of the house, 1330 Walnut Street, for Robert J. C. Walker. To be of stone and brick and quite ornamental in design.

Plans are on boards of Frank R. Watson, architect, 518 Walnut Street, for church furniture for the Church of Our Redeemer, Sixteenth and Oxford Streets. These are quite handsome in design, and include the seating, chancel furnishings and minor details.

Contractors have been invited by J. Wilson Brainerd to examine the plans for the new Y. M. C. A. building at No. 1866 Frankford Avenue, and to submit estimates thereon. The building will be one of the finest in that section of the city. This work has been noted in full after the plans by Architects Hazelhurst and Huckel.

J. F. Stuckert, architect, 49 North Thirteenth Street, has made plans for the erection of a store for Samuel Forsythe, at the southwest corner of Thirteenth and South Streets. The structure will be of Roman brick, stone trimmings, gravel roof and three stories high; cement flooring in cellar, electric bells, best plumbing, gas fitting and all modern conveniences. Plans on boards for estimate.

Frank R. Watson, architect, 518 Walnut Street, has made plans for a rectory for St. Mark's Church, Frankford, to be 30 x 60 feet, two-and-one-half stories high, to be of stone and brick with slate roof, hard wood on interior and all modern improvements. Also plans for two other houses at Frankford for Messrs. Sidebotham and Horrocks, to be of stone and brick combination with modern improvements. Also a new school and dormitory for St. Joseph's Orphan Asylum to be two stories, and basement of brick, stone trimmings and all conveniences. Also plans for a colonial house at Toga for Mr. Harry Merott, to be stone and frame, modern conveniences. Mr. Watson has received directions to proceed with the interior work of St. Leo's R. C. Church at Tacony. This will consist of galleries, plastering, ornamentation, seating, chancel work, furnishings, etc.

Building and Real Estate Notes.

John Stafford will begin a large building operation at York and Fifth Streets in a short time.

If the right of way can be obtained, a trolley railroad will shortly be built to League Island Navy Yard.

Woelfel & Schmunk are to build seven two-story brick dwellings, 15 x 45, east side of Franklin Street, north of Cambria.

The Messrs. Ketcham also have the contract for a five-story brick warehouse, 26 x 48 ft, on Academy Street, in rear of 1011 Arch Street.

It is estimated that about 3500 square yards of Peninsula metal lath will be used in the interior work of the new Municipal Hospital for contagious diseases.

The West Philadelphia Mennerchor Society is to add a three-story stone and brick back building, 28 x 19, to its house, at the southwest corner of Forty-fifth Street and Westminster Avenue.

Another fine dwelling of stone and brick is to be built by B. Ketcham & Sons, on the south side of Chestnut Street west of Fortieth. The house will be three stories and a mansard, and will measure 20 x 49.

A five-story brick store for John S. Hood is to be erected at the southeast corner of Eleventh and Cuthbert streets. The dimensions will be 19 x 63 feet. The plans have been made by Architect Colesberry.

City Councils' Committee on Schools, on the 20th inst., concluded to introduce an ordinance to set aside the present Boys' High School for a public library building and await the concurrence of the Board of Education.

Brennan & Bro., bricklayers, builders and contractors, 1023 South Seventeenth Street, are progressing rapidly with the new building for Alcott, Ross & Senly, 2917 North Broad Street, and expect to have it finished by August 1st.

John J. Husband, contractor, 135 East Lehigh Avenue, will at once begin the rebuilding of the burned factory on Trenton Avenue, east side, south of Adams Street. The structure will be of brick and stone, furnished with steam power and fixtures.

Harry S. Warfield has fourteen houses to build. There will be eight of two stories, 15.3 x 40, on the west side of Cliford Street of Montgomery Avenue, and six three-story high, 15 x 50, on the east side of Thirty-first Street south of Montgomery Avenue.

Among the many contracts A. Raymond Raff has in hand is the remodeling of George K. McIlvaine's house, at 603 North Eleventh Street. An entire new front of Wyoming blue stone and Pompeian brick, with copper cornices and Spanish tile roof, and the interior is to be entirely remodeled.

E. White, 2729 Girard Avenue, has been awarded the contract for painting and glazing twenty-four dwellings for George Arnholt, the brewer, to be erected at Ann and Edgemont Streets. Also contract for a dwelling for Nelson Ritter, of 2042 Pine Street. Also addition to Haddington Methodist Episcopal Church, Sixty-third and Hamilton Streets.

John Duncan, carpenter, 905 Chant Street, has received the contract to repair the damaged portion of the Aldine Hotel. The work will be executed so as to not interfere with the regular business of the house. In detail the above will include all the minor work of a new structure, electric work, speaking tubes, dumb waiters and lift, plumbing, gas fitting, etc.

Alterations will soon be made to Hastings' old gold beating works building, at the south-east corner of Seventh and Cherry Streets, for a shoe manufacturer's purposes. The building is four stories high, and has a frontage on Seventh Street of 36 feet, by a depth along Cherry Street of 81 feet, with a wing 16½ by 72 feet facing on Cherry street.

Wright & Prentzel will erect twenty-two two-story brick houses, 14 x 31, on the southeast side of Mehl Street, northeast of Columbia Avenue; two three-story brick stores and dwelling, 16 x 67, east side of Germantown Avenue, south of Mehl Street, and one three-story brick store and dwelling, 18 x 67, at the southeast corner of Germantown Avenue and Mehl Street.

Fifteen leading contractors have been invited by the Building Committee of the Bourse and Architects J. W. & W. D. Hewitt to submit estimates upon the plans and specifications prepared for the erection of the big building. The conditions nominated are not in any way unusual and the terms proposed are in every way satisfactory. George Watson & Son have declined to bid, giving pressure of business as their reason.

Weeks & Michaelson have been awarded the contract for the erection of four palatial houses,

24 x 93 feet, on the east side of Broad Street, north of Diamond, for Nathan Snellenburg. The houses will be four stories high and of the most elaborate design. The interior fittings and finishings will be of the latest design and richest materials. The plans were prepared by W. H. MacCollin, architect, 913 Walnut Street, who will supervise the entire work of construction.

Work on the new water works of Kensington will be commenced in a very short time. The pumping station, which will be a handsome structure, costing \$75,000, will be erected on the river bank, near the brick yards at Arnold. It was at first decided that two pumps, with a capacity of 3,000,000 gallons each, would be used, but it has since been decided that one pump with a capacity of 4,000,000 gallons will be sufficient for the time being.

Judge Pennypacker, of Common Pleas Court, No. 2, has made an order allowing the filing of the charter of "The Tabernacle Mission and Industrial School of Germantown" without reference to a master to test the legality of the corporation's objects. Action is taken upon the affidavit of Rev. James D. Brooks, who for sixteen years has been pastor of the Enon Baptist Church, on Coulter Street, near Wayne, Germantown, and who is one of the subscribers to the charter. "The corporation," Mr. Brooks says, "intends to erect and maintain upon a lot of ground near the church a building for what is known as home mission work, including classes for teaching music, sewing and other branches, and for providing shelter for working girls while unemployed."

The following ordinances were passed at the meeting of Councils on the 22d inst., the last meeting before the Summer recess: Condemning for public school purposes the properties on Tasker Street, near Seventeenth, and for the same purposes property Nos. 3425, 3427, 3429, 3431 and 3433 Mather Street; authorizing the laying of water pipe in Juniper, Winton, Perry, Lorain, Perth, Otis, Medary, Mill, Twentieth, Trent, Mentor, Boyer, James, Salmon, Pearce, Clarion, Jackson, Lewis, Lloyd, Waverly, Raymond, Foster, Carlisle, Pacific, Thirty and one-half, Thirty and three-quarters, Thirty-one and one-half, Thirty-one and three-quarters, Arlington, Willard, Turner, Reese, Fairhill, Linda, Como, Tivoli, Lippincott, Clementine, Fiftieth, Hoopes, Master, Sixty-third, Thirty-fourth and Reed Streets, Willow, Allegheny and Merion Avenues, and to relay Perry Street.

The following Common Council ordinances were concurred in at a special meeting on the 20th inst.: Appropriating \$20,000 for dredging the Schuylkill river; \$15,000 for alterations at Horticultural Hall for the reception of the gift of Mrs. Carpenter; \$1,419,931.13 to pay the interest and State tax on the funded debt of the city, due July 1st; revising the lines and grades of Delaware Avenue from Christian to Laurel, making the width not less than 150 feet; authorizing the City Controller to countersign warrants for material purchased during an emergency occasioned by the destruction of Flat Rock Dam; authorizing the opening of Womrath Park in the Twenty-third ward; directing the transfer of \$8045.72 to the Department of Public Works to the account of the new Public Buildings; to revise the lines and grades of the Twenty-fifth and Thirty-third wards between Broad Street and the Delaware river, so as to abolish all grade crossings on the line of the Richmond branch of the Reading Railroad; authorizing Luther Martin & Co. to erect a frame building on Bleigh Street,

Thirty-fifth ward; to purchase a lot at the north-west corner of Minter Street and Fairmount Avenue for police purposes; granting permission to the Chester Avenue Baptist Church to erect a temporary building for worship at the corner of Forty-sixth and Chester Avenue.

We present in this issue a synopsis of the meeting with Secretary Carlisle of organizations and persons interested in the selection of a site for the new U. S. Mint to be erected in this city. The meeting was held in the Board of Trade rooms, Drexel Building, on the 21st inst., and a large number of well-known citizens were present, among them being President John S. Stevens, of the Master Builders' Exchange; Alfred H. Love, Thomas Martindale, of the Trades' League; Frank A. Hartranft, A. G. Elliott, Thomas MacKellar, John Cadwalader, B. S. Janney, J. N. Fitzgerald, Professor Lewis M. Houpt, George W. Myers, Andrew Wheeler, George A. Twibill, Simon Gratz, Colonel Charles H. Banes, J. Livingston Boyd, Mahlon N. Kline, William Smedley, John H. Fow, Edward A. Anderson, Superintendent Boshyshell, of the Mint, and Sub-Treasurer Walters. Sites were presented as follows: First site—Bounded by Broad, Juniper, Cherry and Race; area, 72,288 square feet; assessed valuation, \$289,300. Second—Broad, Fifteenth, Vine and Wood; area, 90,706 square feet; assessed valuation, \$227,800. Third—Broad, Thirteenth, Washington avenue and Carpenter; area, 260,814 square feet; assessed valuation, \$241,450. Fourth—Sixteenth, Seventeenth, Callowhill, Pennsylvania avenue; area, 75,968 feet; assessed value, \$140,000. Fifth—Broad, Fifteenth, Callowhill and Wood; area, 80,600 square feet; assessed valuation, \$395,000. Sixth—Fifth, Sixth, Locust and Spruce; area, 141,645 square feet; assessed valuation, \$367,600. Seventh—Fifth, Sixth, Race and Mulberry alley; area, 123,318 square feet; assessed valuation, \$284,220. Eighth—Seventeenth, Eighteenth, Callowhill and Pennsylvania avenue; area, 79,968 square feet; no estimate given. Ninth—Thirteenth, Broad, Noble and Callowhill. The Reading Railroad Station; area, 127,876 square feet. Not for sale. Tenth—Twenty-first, Twenty-second, Filbert and Market; area, 121,176 square feet; assessed valuation, \$280,000. Eleventh—Old York Road, Broad, Roxborough Street and Hunting Park Avenue; area 223,960 square feet; no estimate. Twelfth—Pennsylvania Railroad office, Fourth and Willings Alley; area, 35,898 square feet; assessed valuation, \$510,000, for which Mr. French said it will be sold. Thirteenth—Thirteenth, Broad, York and Dauphin; area, 264,000 square feet; offered for \$400,000. Fourteenth—Southwest corner of Broad and Poplar; area, 38,400 square feet; assessed valuation, \$100,000. Fifteenth—Fifth, Jullanna, Callowhill and Wood; area, 47,196 square feet; assessed valuation, \$118,200. Sixteenth—Sixteenth, Seventeenth, Washington Avenue and Ellsworth; area, 144,444 square feet. Offered for \$160,000. Seventeenth—Southeast corner of Broad and Callowhill Streets. First Regiment Armory; area, 90,455 square feet; assessed valuation, \$395,000. Eighteenth—Tenth, Eleventh, Washington and Ellsworth Streets; area, 144,000 square feet; assessed valuation, \$360,000. Nineteenth—Fourth, Fifth, Spruce and Pine; area, 109,000 square feet; estimated value, \$600,000. Twentieth—Seventh, Eighth, Spruce and Barclay; valued at \$600,000. Twenty-first—Southeast corner of Broad and Callowhill. No figures given. Twenty-second—Massey's brewery, Tenth and Filbert Streets. No figures given. Twenty-third—The Blind Asylum, Twenty-first and Race

Streets. No figures. Twenty-fourth—Eighth, Ninth, Spring Garden and Green; area, 66,340 square feet; assessed valuation, \$300,000. Twenty-fifth—A plot of ground near Fifty-second Street Station; area, 200,600 square feet; valuation, \$39,500. Twenty-sixth—Thirty-eighth, Thirty-ninth, Girard Avenue and Pennsylvania Railroad; area, 376 x 900 feet; valuation, \$300,000. Twenty-seventh—Sixteenth, Seventeenth, Spring and Summer Streets. No figures. Twenty-eighth—Twenty-third, Twenty-fourth, Washington and Carpenter; area, 95,000 square feet; valued at about \$185,000. Twenty-ninth—Fourth, Fifth, Morris and Tasker; area, 160,000 square feet; valued at \$360,000.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Prospectville, Montgomery Co., the school building will be enlarged.

—At Somerton, Sullivan Co., Harry Stevenson has the contract to erect a dwelling for Bert Ervin.

—At Madison, Westmoreland Co., a new dormitory will be erected to accommodate 100 more students.

—At Radnor, Delaware Co., a parish building will be erected for St. Martin's Episcopal Church. Rev. W. S. Baer is the rector.

—At Milton, Northumberland Co., work on the Buoy block, to be erected at the corner of Broadway and Front Streets, has been commenced.

—At Quakertown, Bucks Co., John N. Weldenmoyer has been awarded contract for the erection of the East End school building. Price \$5,989.

—At Lancaster, Lancaster Co., the Water Committee has decided to extend the water main on West Frederick Street to Lancaster Avenue.

—At Doylestown, Bucks Co., a number of repairs will be made to the basin at the water works. Mr. Flack is a member of the water committee.

—At Williamsport, Lycoming Co., Emerson Collins, Esq., Trust Company Building, can give particulars as to the erection of a handsome club house at that place.

—Chester County Commissioners, Messrs. White and Cox, together with the Lancaster County Commissioners have decided to have a bridge erected at Harkin's Ford.

—At McKeesport, Allegheny Co., the city authorities have decided to buy property as sites for an electric light plant and a garbage furnace. Two fire stations will also be erected.

—At Kintnersville, Bucks Co., work has begun on the Union Sunday School chapel. It will be of brick, handsomely finished on interior, and will have a seating capacity of about 250.

—The inhabitants of Tinicum and vicinity have petitioned for the erection of a bridge over Darby Creek on the new road leading from Tinicum to Edgemoor. The estimated cost is \$10,000.

—At Dreshertown, Montgomery Co., a tract of seventy acres has been sold to Thomas H. Meehan & Bro., florists, of Germantown, Phila., who will convert it into an extensive nursery.

—At Tyrone, Blair Co., the School Board will purchase a lot and erect a school house. Messrs. Shirk, Stevens and Lowrie, of the Board, has been instructed to secure plans for an eight-room building.

—At Upland, Delaware Co., S. R. Bell has been awarded the contract for the erection of a dwelling for Robert Calahan on Upland Avenue. It will be of frame with modern conveniences and improvements.

—At Harrisburg, charters have been granted to the Oak Grove Land Co., of Pittsburg, capital, \$30,000; The York and Dallastown Electric Railway; The Bank of Secured Savings, of Pittsburg, capital, \$50,000, Olyphant Trust Co., of Olyphant, capital \$50,000.

—At Scranton, Lackawanna Co., William R. Williams has been awarded contract for the erection of a new church for the Plymouth Congregational Church. The structure will be of wood and cost about \$10,000.

—At Selinsgrove, Snyder Co., the Borough Council has given right of way for the construction of an electric railway. The new company will be known as the Selinsgrove and Sunbury Electric Railroad Corporation.

—At Media, Delaware Co., the corner stone of the Marple U. A. M. E. Church was laid a few days since. It will be erected on Olive Street, and will be nicely furnished and supplied with modern conveniences and improvements.

—At Reading, Berks Co., Bright & Lerch have taken out a permit for the erection of a one-story brick and iron storage house, 20 x 50 feet, at Front and Spruce Streets.—The Carpenter Steel Works will be enlarged by an addition, and the National Brass and Iron Works will erect an addition.

—At Morrisville, Bucks Co., at a meeting of the school directors held a few days since, it was decided to erect a new school building and to purchase a site for the same from Mrs. Young. The work will be pushed as rapidly as possible in order to accommodate the increase in the number of pupils.

—The County Commissioners of Northampton Co. have awarded the contract for a wooden bridge over Monocacy Creek to Milton H. Hughes, of Chapman, and to Edward Werner, of Bushkill Township, the contract for an iron bridge over the same creek in Lower Nazareth Township.

—At Muncy, Lycoming Co., the new bank will commence business about the middle of July. James Coulter, A. B. Worthington, L. S. Smith, A. H. Gudykunst, D. King, Milton Ellis, William Brimmer, D. B. Deichert and George S. Statz have been elected directors, with James Coulter as President.

—At New Haven, Fayette Co., at a meeting held last week, the Dunbar Township School Board decided to erect a frame school house at Juniataville, Fayette Co., and to enlarge the present building at Vanderbilt, Fayette Co., by a two-story brick addition. A. J. Hill, of Vanderbilt, can give information.

—At Norristown, Montgomery Co., Leyshon Thomas, Jr., will make extensive alterations to the West End Hotel. The improvements will include an additional story, a billiard room, and considerable refurnishing.—Tyson & Shelly will also make a number of improvements to the Central Hotel at Main and Green Streets. A new front will be put in and much of the interior remodeled.

—At West Chester, Chester Co., a number of alterations and improvements will be made to the high school during the Summer.—Some changes have been made in the plans for the proposed edifice to be erected by the Westminster Presby-

terian Church. W. W. MacElwee is one of the Building Committee, and can give information.—On Friday, June 30th, a meeting will be held by the Armory Association to perfect plans for the erection of an armory on the lot adjoining the market house. The plans call for a handsome structure, of stone and brick, with large drill room.

—At Chambersburg, Franklin Co., an effort is being made by citizens to have the Industrial School for Soldiers' Orphans located at Chambersburg. The Legislature has appropriated \$150,000. The commission with which the selection of a site rests is composed of these gentlemen: Governor Pattison, General Gobin, Senator Crouse, of Philadelphia; Hon. William F. Stewart, of Philadelphia; Hon. M. Lemon, Pittsburgh; Secretary of Internal Affairs Thomas J. Stewart, Col. Ripple, Scranton; Commander Thomas G. Sample, Pittsburgh; Capt. George G. Boyer, Harrisburg; Capt. G. Harry Davis, Philadelphia and Capt. George W. Skinner, of Fulton.

—At Pittsburgh, Mrs. Annie E. Norton has bought a lot on Fifth Avenue, upon which will be erected a handsome residence for the purchaser.—Henry Reishner will erect a dwelling on Fifth Avenue, to cost about \$5000. W. J. Brown is the builder.—William Bauersmith has been awarded the contract to erect a dwelling on Negley Avenue for Thomas Evans. It will be of brick and handsomely finished on the interior. The estimated cost is \$8000.—A handsome residence will be erected, at Baum and St. Clair Streets, by Henry Auerman, the Secretary of the Phoenix Galvanizing Company. It will be of stone and finely finished. All modern conveniences and improvements will be introduced.—The congregation of the Reformed Presbyterian Church will erect a new church at Euclid Avenue and Raun Street.—Work has begun on a dwelling on Bates Street for Miss Sheibler.—H. L. Huat & Company have broken ground for a handsome brick dwelling at College Avenue and Alder Street.

Through New Jersey.

The old property of Dr. Eli B. Wales has been purchased by a land company, and extensive improvements will be made. The tract contains about one hundred acres and is situated near Cape May. Streets have been laid out and a sale of lots will take place in a short time. The President of the company is S. S. Cord, of Philadelphia, and the office is at 802 South Second Street, Philadelphia. Charles Korb is Secretary, and Dr. Eli B. Wales, of Cold Spring, Cape May Co., N. J., is the agent for the sale of lots and can give particulars about proposed improvements.

At Somers' Point, Atlantic Co., the congregation of the Methodist Protestant Society will erect a church on Main Avenue, above the Baptist chapel. Rev. Osterberry will be the pastor.

Through Delaware.

At Wilmington, plans have been prepared by E. L. Rice for the new building to be erected on Gilpin Avenue for the Water Witch Steam Fire Engine Co. The building will be three stories high, of brick and granite, and will contain four stalls for horses, a large room for housing the fire apparatus, parlor, sitting room, bed chamber, bath room, etc. Work will begin at once.

Through Maryland.

At Baltimore, E. M. Braner will soon commence work on the erection of a new hotel on the site of the old Manson House, at the N. W. corner of St. Paul and Fayette Streets. The structure will be a first-class house. The most important permits issued to date are as follows: To W. Ferguson, to erect a five-story brick warehouse, 133 x 100 feet, on north side of Fayette Street, between Charles and Liberty Street; to Johns Hopkins Hospital, to erect two-story building at Monument and Wolf Streets; to W. M. Warfield, to erect four two-story brick dwellings on Baltimore and Pulaski Streets; to J. E. Christopher, to erect ten two-story brick dwellings on Buchanan Street near Twenty-fourth; to the Baltimore Manufacturing Co., to erect a corrugated iron elevator, 16 x 58 feet. Henry Shirk will erect three three-story dwellings on Mount Vernon Avenue. Henry Schlessinger will erect eight two-story brick dwellings on O'Connell St.—At Cumberland, Allegany Co., Messrs. Landwehr & Glick have the contract to erect the hall building in connection with the Church of St. Peter and Paul. The structure will be 45 x 100 feet and cost about \$12,000.—At Rockville, Montgomery Co., Thomas C. Groomes has made plans for W. Reading for a fine residence to be erected on a high point overlooking the Potomac, near the Guard Lock, on the Chesapeake and Ohio Canal. The structure will be two stories and attic, and contain ten large rooms furnished with all modern improvements.

Washington, D. C.

Messrs. Hines & La Farge, of Temple Court, N. Y., preparing the plans for the new edifice to be erected by the congregation of St. Matthew's Church, on Rhode Island Avenue. The ground plan will be in the shape of a Latin cross with nave and transepts, and the dimensions are 120 x 175 feet. It will be of stone, with tile roof and an immense copper dome and the interior will be handsomely finished, considerable marble and mosaic work being one of the features. The most approved heating, lighting, and ventilating systems will be put in. When finished it will be one of the finest churches in Washington.—B. Stanley Simmons has prepared plans for a public school building to be erected in the Jefferson district, Alexandria Co., Va. It will be of brick and stone, laid in red mortar, with roof and belfry of Bangor blue slate. The interior will be well finished. The estimated cost is \$400.—C. A. Didden has prepared plans for remodeling the dwelling of Rudolph Goldschmidt at Mt. Pleasant.—Senator Quay has decided to erect a hand some residence on the lot which he purchased some time since.—George E. Hamilton will erect a residence on New Hampshire Avenue from plans prepared by L. E. Dessez. It will be two stories with attic and basement, of red brick and Indiana limestone, slate roof, the vestibule, cabinet mantels and all modern conveniences and improvements. The same architect has prepared plans for a residence to be erected for E. F. Jones of Spier & Co. It will be of press brick and Hummelstown brown stone, handsome interior finish, modern improvements. L. W. Moore will erect a dwelling on Eighteenth Street, between S and Y Streets, N. W., from plans prepared by Nicholas T. Haller.—It will be of press brick and Hummelstown brownstone and handsomely finished on the interior.—The Baltimore & Ohio Railroad Company will erect a car shed at Ana

Wants.

Jeremiah O'Rourke, Supervising Architect, Treasury Department, Washington, D. C., proposals until July 12th for all the labor and materials required for the interior finish and plumbing of the U. S. Court House and Post Office at Springfield, Mo.

J. H. Weller, President Board of City Affairs, Dayton, Ohio, proposals until July 10 for furnishing materials and constructing sewers in Sewer Districts Nos. 2, 3, 4, 5 and 8.

City Sewer Department at Morrison, Ill., proposals until July 1, 1893 for the construction of sewers in that city.

L. S. Williams, City Clerk, at Cynthiana, Ky., bids until July 1, 1893, for franchise for twenty years on privilege of constructing and maintaining a system of water works in that city.

Board of Sewer Commissioners, Illion, N. Y., proposals until July 6 for constructing a sewerage system at that place.

Sealed proposals will be received by Rev. P. Abromatis, pastor, for the rebuilding of the two spires and all other work, as shown by plans and specifications, of St. George Lithuanian Roman Catholic Church, Shenandoah, Pa., until 11 o'clock A. M., Saturday, July 1st, 1893. Plans and specifications can be seen at the public house of John Mieladzis and at architect's office, Pottsville. Pastor and architect reserve the right to reject any or all bids or any part of a bid. W. D. Hill, Architect, Pottsville, Pa.

Proposals for wall around Soldiers' Monument, Garfield Square.—Sealed proposals will be received by the Town Council of Pottsville, Pa., until Tuesday, July 4, for the building of wall with mountain stone posts and granite coping, around the Soldiers' Monument, in Garfield Square, according to plans and specifications to be seen at the office of A. B. Cochran & Son, Engineers. Contractor to remove all surface material. Council reserves the right to reject any or all bids. By order of Town Council. G. A. Bernier, Town Clerk.

Philadelphia Depot, Quartermaster's Department, No. 1428 Arch Street, Philadelphia, Pa., June 3, 1893. Sealed proposals, in triplicate, subject to usual conditions, will be received at this office until 11 o'clock A. M., Monday, July 3, 1893, at which time they will be opened in the presence of bidders, for furnishing and delivering, as required, the fuel, forage and straw required by the United States Quartermaster's Department in this city, during the fiscal year commencing July 1, 1893. Also, for furnishing and delivering at the Schuylkill Arsenal, in this city, all the packing boxes, crates, barrels and half-barrels required; and for hauling the public stores in this city and vicinity during the same period. Proposals will also be received, at the same time and place, for the delivery of such quantities of fuel, forage and straw as may be necessary for the use of the Quartermaster's Department at Frankford Arsenal, and for the hauling required at said Arsenal, during the fiscal year commencing July 1, 1893. The Government reserves the right to use its own transportation in this city and at Frankford Arsenal, and to reject any or all proposals. Preference will be given to articles of domestic production or manufacture, conditions of quality

and price (including in the price of foreign productions or manufacture and the duty thereon) being equal. Blanks for proposals and circulars to bidders will be furnished by this office on application. Envelopes containing proposals to be indorsed so as to show what they contain, and addressed to the undersigned. C. K. Sawtelle, Deputy Quartermaster General, U. S. A., in charge of depot.

Proposals for Street Lighting. Office of the Commissioners D. C., Washington, June 23, 1893. Sealed proposals will be received at this office until 1 o'clock P. M., August 1, 1893, for lighting the Streets of the District of Columbia for a period of ten years or less. Specifications and blank forms of proposals may be obtained on application. J. W. Ross, M. M. Parker, C. F. Powell, Commissioners, D. C.

Miscellaneous.

At Henderson, Henderson Co., Ky., an opera house will be erected of stone and terra cotta; cost about \$40,000.

At Hopkinsville, Christian Co., Ky., McDonald Brothers, architects, have plans for a hotel to be erected at a cost of \$50,000.

At Waxahochie, Ellis Co., Texas, the Citizens' Bank will erect a banking house to cost about \$20,000. Kerrigan & Co., of Dallas, has the contract.

At Camden, Camden Co., N. C., architects Neuse & La Mott have plans for a brick and stone school building to be erected at a cost of \$75,000.

At Charleston, S. C., architects Zeigler & Co., have plans for brick and stone office buildings to be erected at that place at a cost of about \$300,000.

At Fayetteville, Cumberland Co., N. C., work on the erection of a new county court house, 60 x 80 feet, will be commenced next month by Messrs. Bruce & Morgan of Atlanta.

At Roanoke, Roanoke Co., Va., Messrs. Menafee & Ware, contractors are now at work on the construction of a three-story building, 40 x 70 feet, for the Roanoke Hospital, to cost \$20,000.

At Yonkers, West Chester Co., N. Y., a 4-story brick and stone flat, 25 x 60 feet, with stores on first floor, will be erected on Main Street, for the Eathian Flagg estate, cost about \$12,000, architects Dehle & Chamberlin have prepared the plan.

At Louisville, Ky., Clark & Loomis, Architects, has plans for a brick and stone residence for Hon. A. E. Wilson, to cost \$11,000, plans for a brick and stone residence for Helm Bruce, Esq., to cost \$11,000; plans for a brick and stone residence for Samuel Ouerbacker, to cost \$15,000; plans for a brick and stone flat building for H. S. Bright, Esq., to cost \$20,000, also plans for eleven frame cottages for the Iven estate, to cost \$12,000.

The Illinois Supreme Court has sustained the will of the late John Crerar, and in connection therewith the bequest of \$2,500,000 to Col. Huntington W. Jackson, Forman Williams, Marshall Field, E. W. Blatchford, T. B. Blackstone, Robert T. Lincoln, H. W. Bishop, Edward G. Mason, Albert Keep, Edison Keith, S. J. McPherson, J. M. Clark and George A. Armour, as trustees, to establish and endow the John Crerar Public Library. The decision is final, and the trustees will soon be called together to organize and take steps towards executing the trust for which they were created. The will directs that the library be located on the South Side, and the sentiment

among the trustees seems to be divided between a location in the business district and one about midway between the public library, at Lake and Dearborn Streets, and the Chicago University.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

LOGICAL

If you are interested in Building Houses or Furnishing
House Materials, Plastering, Plumbing, Lumber, or in any
other shape connected in a business way with Real Estate
interests you should know that there's a vast difference
in prices.

You are not likely to buy anything out of
second hands that can be had of first hands.

Then you should know that we are the largest
manufacturers of Clothing in the world. That's
all on that score.

We have also added the sale of Furnishing Goods,
Hats and Shoes to our Market and Twelfth Street
business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Fifth, South and Passyunk Avenue,

FRIDAY, JUNE 23, 1893.

Wants.

Bids for street lighting—The police, Fire and Water Committee of the Conshohocken Pa. Town Council will receive bids for lighting the streets of the borough by either arc or incandescent electric lights, or both for one, three and five years. Bids will be opened on Saturday evening July 1, 1893. B. F. Baldwin, Chairman of Committee.

Proposals for furnishing sewer bricks, sand, pebbles, broken stone and blue stone trap frames and covers. Office of the Commissioners, D. C., Washington, June 22, 1893.—Sealed proposals will be received at this office until 1 P. M., July 7, 1893, for furnishing sewer bricks, sand, pebbles, broken stone and bluestone trap frames and covers to the District of Columbia during the fiscal year, 1894. Blank forms of proposals, plans and specifications may be obtained at this office. J. W. Ross, M. M. Parker, Geo. McC. Derby, (Acting) Commissioners, D. C.

Office of the Inspector of Buildings, City Hall, Baltimore, June 22, 1893. Sealed proposals will be received at this office until 12 o'clock noon on Thursday, July 6th, for the painting of several of the schoolhouses of the city, according to the specifications which may be seen at this office daily from 9 A. M. to 3 P. M. The contractor is to state the time in which he will finish the work. No bids will be received from contractors who have not complied with former contracts. The right is reserved to reject any or all of the bids. The proposals will be opened in the Mayor's Office at the hour above mentioned, and bidders are invited to be present. J. Theo. Oster, Inspector of Buildings.

Office of the Commissioners of Fairmount Park, City Hall, Room 127. Philadelphia, June 23, 1893. Sealed proposals will be received at this office until 10 A. M., Monday, the 3d day of July, 1893, for dredging river and laying water pipe in West Fairmount Park. Full particulars as to form and every requirement of the proposal, with the necessary specifications, plans and blanks, may be obtained at this office. No bid the aggregate of which exceeds \$500, will be considered unless accompanied by a certificate from the City Solicitor that the provisions of the ordinance of Councils, approved May 25, 1860, have been complied with. The Commissioners reserve the right to reject any or all bids. By order of the Commissioners of Fairmount Park. Russell Thayer, Chief Engineer and Superintendent.

PHILADELPHIA, WEDNESDAY, JULY 5, 1893.

PRICE 15 CENTS

A Wonderful Discovery.

At the invitation of Mr R Hope Hepburn, the President of the recently organized Avondale Marble Company, a visit was paid, not long since, to the quarries of the company, which are situated about a mile and a half from the thriving town of Avondale, Chester Co., Pa., and distant from Philadelphia about 38 miles on the P. & N. branch of the Penna. R.R. Although these quarries have been well and favorably known for some years, owing to the superior quality of the stone found therein, unusual interest has been awakened in the business world—particularly in that branch relating to building, by the fact that recent experiments have proved beyond a doubt, that a bed of fine marble underlies the stone now being worked by the Avondale Marble Company. This had been suspected for some time, owing to certain geological formations of the adjoining earth, and led Mr. Hepburn to invite Professor Koenig, of the Michigan Mining School to make an inspection of the quarries. This was accordingly done, and the result more than verified the theory of the president, who decided at once that a further and more complete test should be made. This was done by the use of the well-known and celebrated Sullivan Diamond Prospecting Core Drill, which differs from the ordinary drill in that it preserves the core intact so that it can be examined its entire length. When a depth of forty feet had been reached, and after passing through several grades of superior bridge and building stone, the drill struck a stratum of marble which was found to be of better quality than that known to commerce as the Georgia marble. This was followed by a vein of statuary marble which has been subjected to the severest and most exhaustive tests, and which has been pronounced by unquestionable authority to be equal to the finest Carrara marble. The drill followed this vein for fifty feet and was then stopped on account of the weather, and when it is remembered that in the only quarry of a like kind of marble, at Rutland, Vermont, the vein is but eight feet thick, some conception may be formed of the great value of the present find at the Avondale quarries.

Professor Koenig examined carefully every foot of the core—which was an inch and a half in diameter—with a magnifier, and took such pieces for examples to analyse and test as would give a fair idea of the physical behavior and chemical composition of the stone. His verdict was rendered in the following words: "I have never seen a specimen of Carrara or even Paros so free

from disfiguring spots. When you will have laid open the ridge running from holes 'D' to 'B'—that is parallel to the present face of the quarry—I think you will astonish the sculptors.

"The absorption gives it a very high character for durability. The absorption tests were made with unusual rigor; the stone was thoroughly air dry, having been exposed in the open boxes in our exceedingly dry air in a heated room; after a thorough external brushing the weights were taken. The samples were then boiled for six hours in distilled water to expel all air from the existing fine cracks so that the water might enter more freely; they were then allowed to remain in water from three to seven days, dried with a rag and again weighed. Being made upon such small specimens into which the water could naturally penetrate to the very core in the given time, the showing of these tests is the more a matter of congratulation for the superior quality of your future supply of marble.

"There is no marble in the United States which surpasses yours, and very little that is equal to it."

Desiring to make a further test the cores were subsequently examined by Prof. J. F. Kemp, Professor of geology in the School of Mines at Columbia College, N. Y., who also made a careful test and confirmed the report of Professor Koenig, as may be seen from the following quotation: "I may say there is an excellent breast exposed for ordinary purposes of construction. The drill cores show a section of about 125 feet as a maximum. This section shows all grades of stone, from blue dolomite to fine statuary marble, and each in good thickness. The crushing strength is excellent and in the best marble very exceptional. The sample of the pure white marble (D 24) gave a very gratifying and large value, and is far above most granites, being 22,510 pounds per square inch.

"The absorption is remarkably low. Three samples were tested for absorption; they were dried 48 hours in a warm, dry room; then boiled for six-hours after weighing; then soaked 48 hours; after this they were quickly wiped dry with a towel and with filter paper, and weighed again; the weighing was very accurate.

"Per cent of absorption, .0520 of one per cent. to .0215 of one per cent.

"These values are excellent, and, for the lowest, extraordinary."

After receiving such indubitable proof of the superior quality of marble, the next step was to form a stock company, which was done with a capital of \$250,000, and an application sent to Harrisburg for a charter. This has been granted

under the title of the Avondale Marble Company. The incorporators include the following: Theodore W. Morris, of New York; William Volmer, Phillip S. Volmer, and S. Croft Register of Philadelphia; and R Hope Hepburn, Joshua Hunt, and J. Kirk Nevius, of Avondale, Pa. The company organized at once and elected R. Hope Hepburn, President; Joshua Hunt, Treasurer, and J. Kirk Nevius, Secretary. The present stone quarry is so fully supplied with the necessary machinery, etc., for getting out stone that little expense will be necessary for preliminary operation. There are now in operation at the quarries, hoisting apparatus, six steam derricks, railway tracks, locomotive and a large amount of the usual machinery, including a channeler, which cuts a channel into the solid rock at any required depth and enables the stone to be taken out in blocks of the required size and without the injury that is sure to follow the old method of blasting. The stone now quarried is of a superior quality and of various kinds, white, grey and variegated and is suitable for all kinds of buildings, including those of the most massive proportions, besides being used largely in bridge construction, for which it is peculiarly adapted. Crushed stone is also furnished in great quantity for roads, and for ballasting purposes on railroads. It is the intention of the new company to uncover a vein a marble underlying ten feet of building stone, and to put it on the market at once, after which arrangements will be perfected to continue the work down to the valuable statuary marble. The uses to which this material may be put are so many and so well-known as not to require enumeration, suffice it to say that it is the material par excellence for all kinds of fine and artistic work in sculpture and decoration, and hitherto it has been necessary to import it in large quantities at great expense, the cost being from \$10 to \$15 a cubic foot, or obtain it from the Rutland quarries in Vermont, where the vein is comparatively thin. Its discovery, therefore, in Pennsylvania is a matter of national importance and a subject for congratulation in that it will open a new and extensive field of industry. The same business energy that has always characterized the methods of the old association when brought to bear on the affairs of the Avondale Marble Company will no doubt lead to the same success that has followed it heretofore and be the means of putting upon the market a material in which Philadelphia as a vast business centre should and doubtless will be particularly interested. The quarries are within easy reach of Philadelphia, New York, Baltimore and Washington, and are well worth a visit.

Fillings and Finishings.

In these days when the beauty of a home depends so largely on the finish of the wood-work, too much care cannot be exercised in the selection of the material used for this purpose. The market is stocked with various kinds of fillers and varnishes, each claiming a superior degree of excellence, so the matter of choosing becomes at once a subject of no little discrimination. It is generally the safest plan to choose those in the home market, which are known to possess all the merits claimed for them by their manufacturers. Felton, Sibley & Co.'s Pioneer Paste Wood Filler, "Brilliant" flowing varnish. "Elastic Gloss Finish," Model Liquid Wood Filler and Stains combined, have all been tested by actual experience, and have proved satisfactory. A valuable little book finely illustrated and containing samples of various kinds of wood finished by these fillers and varnishes can be had on application to the firm, and will prove valuable in aiding in the selection of colors and finishings.

Architect Notes.

Hazellurst & Hinkel, architects, Drexel Building, have prepared plans for a new barge house for the Bachelors' Barge Club. The house will be erected in the Park, and be two stories high of stone and brick with all modern conveniences, etc.

Architects Moses & King, No. 341 Walnut Street, have prepared the plans for a school house to be built in Northampton Township, Burlington County, N. J. Sealed proposals should be sent to Frank Dill, District Clerk, Mt. Holly, N. J.

Careire and Hastings, architects, 44 and 46 Broadway, New York, have made plans for a frame dwelling to be erected in conjunction with the building of the University of the New Church at Bethayres, Pa. Structure will be three stories high, porches front and rear; interior in hard woods and all modern conveniences. Drawings on boards for estimates by contractors.

John T. Windrim, architect, 1107 Walnut Street, has been selected by the State Commission upon the new Library building at Harrisburg, Pa., to prepare the plans. The Commission have not as yet settled upon details, but the building will be of stone, likely from some local point in the State, and furnished upon the interior in handsome style with every convenience.

Yarnall and Goforth, architects, 14 South Broad Street, have made plans for a pair of stores and an office building combined for Mr. Thomas P. Baxter, to be erected on Chelton Avenue, Germantown. It will be of handsome buff brick, front of ornate design, two stories high, plate windows and every modern convenience. Estimates are being made on the work by contractors.

Cope and Stewardson, architects, 320-24 Walnut Street have made plans for the building of about a dozen large seven-story store buildings upon the site of the old Massey Brewery, Tenth and Filbert Streets, now owned by Chas. C. Harrison. These structures will be of brick, stone and terra cotta work, with slow burning construction on interior, elevators, steam heat, electric appliances, speaking tubes and every modern device for comfort and convenience will be introduced. No contracts have as yet been awarded for the work of this or the operation at Tenth and Market Streets.

R. Gedoffroy, civil engineer and architect, 1219 Arch Street, is preparing plans for a new hall for the Latonia Maenuercher, now located at 2439 Kensington Avenue. The new building will be erected on Second, below Huntingdon Street, extending through to Philip Street in rear, 70 x 121 feet, and will contain every club house feature, including billiard room, bowling alley and pool room in the basement, a large banquet hall, kitchen, pantry, steam heat and electric work. Janitors' quarters will be included in the main structure. An open stage in the auditorium will also be placed in second floor, together with refreshment rooms, library, wardrobe and other modern accommodations. The structure will be of red press brick and stone trimmings.

The plans for the Loraine apartment house at Broad and Fairmount Avenue were examined and passed by the Board of Building Inspectors on the 28th of June. The plans show a splendid edifice of ten stories high, with a most handsome front. The interior contains about 240 rooms, and in addition there are billiard and pool rooms, laundry, offices, stores, parlors, swimming bath

and other conveniences. The building will be of brick and terra cotta trimmings. The floors will all be of hollow brick laid between steel beams and overlaid with concrete, making a thoroughly fireproof structure. For the safety of the inmates iron balconies surround the building at each floor on three sides and fourteen ladders lead down, affording means of escape in case of fire. All the plans were prepared by Willis G. Hale, architect, 1524 Chestnut Street, who will supervise its entire construction.

Charles W. Bolton, architect, 1510 Chestnut Street, has made plans for St. John's Reformed Church at Shamokin, Pa. To be two stories high with gallery on interior. Structure will be of brick, with stone trimmings and foundations. An infant room and a large Sabbath school will be on first floor, the auditorium above open timber construction, hard wood seating and handsome stained glass windows. Cost, \$20,000. Also, drawings for a chapel for the Thirty-fourth Street Baptist Church, West Philadelphia. To be of stone and Indiana limestone trimmings. To be fitted on interior with class rooms and large room for congregational purposes, stained glass windows, hard wood finish and brass fixtures for gas. Size, 56 x 58 feet. The foundations are now being laid. Also, plans for a Baptist chapel, to be located at Forty-sixth Street and Chester Avenue. To be of stone, Indiana limestone trimmings. Class rooms, library and other departments on interior nicely furnished. Hard wood furniture, stained glass, etc. Drawings will be ready for estimate in a few days. Plans are prepared for a new Methodist Church at North Long Branch, N. J. Size, 60 x 100 feet. Seating capacity will be 500. Sunday school for 200 children. To be constructed of brick, stone trimmings, slate roof and cost about \$12,000. Drawings have been completed for three houses for Mrs. S. J. Newland, to be erected in Tioga. Two stories high, brick and stone facings and all modern conveniences, etc. Also, plans for a mountain house for Rev. Dr. Brown, at Ebensburg, Pa. To be of frame, two and a half stories high with all conveniences. Also, drawings for a country house for Mr. F. Seehouser, at Adamsford Heights, Delaware Co., Pa. To be of frame and stone construction, slate roof and interior fitted with all modern conveniences, etc. Contract has been let for the work. Also, for a stone and shingle house for Harry Cooper, at Adamsford. Also, plans for a church at Langhorn, Pa. To be stone, with slate roof, interior and class rooms and general auditorium, open timber work, hard wood finish and stained glass windows with modern accommodations and finish on interior.

Building and Real Estate Notes.

The Carpenter Steel Works have taken out a permit for a one-story annex of brick and iron, 40 by 64 feet.

Six two-story dwellings are to be erected on the north side of Union Avenue, east of Seminole, by Ottestetter & Meschaw.

At Forty-seventh Street and Baltimore Avenue, four three-story dwellings are to be erected for Charles G. Henderson, Jr.

St. Michael's Lutheran Church, Main and Church streets, Germantown, will be raised and a new edifice erected as soon as sufficient money is secured to meet the cost of the operation.

On Allegheny Avenue, below Kensington, Lennie & Bro., contractors, are building 31 neat two-story brick dwellings on a piece of ground 73½ x 447 feet, recently purchased from Thos. Flood.

The Philadelphia and Reading Railroad Company is to have one have a one-story frame car repair shed erected under a special ordinance of Councils on Thirteenth street, north of York. It is to be 160 by 27½ feet, under an iron roof.

A fine three-story parochial school is about to be erected at Tacony, attached to the Orphans' House, R. C., at that place. It will be supplied with all modern conveniences and equipments. Thomas McCarty has the contract, work has been started.

William McPherson & Sons, 325-27 Cherry Street, are receiving sub-bids for the work upon a residence and stable to be built at Fern Rock for J. L. Fisher, and for extensive alterations to be made to a house at Nineteenth Street and Delancy Place.

The National Brass and Iron Works has been granted a permit to build an annex to its main building, 16 x 75 feet; a three-story addition to the iron foundry, 40 x 60 feet, and another annex 20 x 60 feet, to the brass foundry. Previously noted in this journal.

E. White, 2729 Girard Avenue, has been awarded the contract for painting and stained glass work for alterations to residence of A. T. Freedley, Esq., 1820 Spruce Street; also contract for painting and glazing of brewery to be erected at Twenty-second and Clearfield Streets for Mr. John Horner.

Joseph Rolff has under way a new guild room addition to the Church of the Atonement, Philadelphia, to cost about \$2000. He is also making the addition to the Philadelphia Crematory, in Germantown, to cost about \$10,000. Plans by Harold Godwin, 905 Walnut Street, and noted previously.

Thomas W. Wright & Son have the contract for two houses for James B. Ellison, at Fortieth street and Baltimore avenue, West Philadelphia, to cost about \$10,000. The houses will be three stories high. A prominent feature in them will be twelve bay windows, six on each house. Previously noted in architects' column of this journal.

Estimates will be received by the Bourse Committee until the middle of July for the erection of the Bourse. Estimates will also be received for the erection of the new rectory of St. Mark's Church at Frankford, and for a new school and dormitory for St. Joseph's Orphan Asylum, also for the Y. M. C. A. on Frankford Road.

Geo. W. Steward, contractor, 230 Diamond Street Phila., has been awarded the contract for the large mills of W. G. Warden, at Nineteenth and Allegheny Avenue. The plans were prepared by Walter H. Geissinger, architect and engineer, who will supervise the construction. This structure was fully noted in a previous issue.

The Board of Health have awarded the contract for erecting the building to enclose the new steam disinfecting plant on the grounds of the Municipal

Hospital, and also laying a railroad around the same to S. Gourley, Jr., for \$3,500, and to the Philadelphia Steam Heating Company the contract for paving the outside of the structure for \$797.61.

The Franklin Sugar Refining Company has purchased from W. H. Herling a number of dwellings and stores in the vicinity of Front and Bainbridge Streets and South and Almond Streets for \$135,000. This is, of course, preparatory to the construction of additional warehouses and branches of the refining business of the main plant.

The Director of Public Works has announced that as soon as the Street Railway Company could let its contracts, the work of repaving would be begun on Chestnut and Walnut Streets from river to river. Chestnut Street will be paved with the best quality of selected Belgian block, laid on a concrete foundation, and Walnut Street with asphalt.

At Angora, Phila., the cornerstone of the new Chapel and Industrial School of the Baptist Orphanage was laid a few days since. The new building will be of varied colored brick with trimmings of red sandstone. It will be 73 x 95 feet, handsomely fitted on the interior. The plans were prepared by David S. Gendell, of Philadelphia.

The Commissioners of Delaware County, together with the Commissions of Philadelphia County, met at City Hall a few days since and awarded the contract to erect the wing walls and superstructure of the bridge to be erected over Cobb's Creek, which separates the two counties, to John B. Riley & Co., of Phila., for \$13,975. Work will begin at once.

The Committee on Superintendence and Police of the Park Commission, in the presence of the Committee of Councils, on the 1st inst., opened and awarded the following contracts: Benner & Obdyke, repairs to the dome and roof of Memorial Hall, \$18,932; the J. S. Thorn Company, ironwork on Horticultural Hall, \$24,980, and Andrew Rankin, erection of a guard house on the Wissahickon, \$2250.

The contract for the erection of the Parker House, an addition to the Colored Home for Indigent Colored People, at Belmont and Girard Avenues, has been awarded to J. E. and A. L. Penneck, contractors, 305 Walnut Street, and work will proceed at once. This structure was fully described in a previous issue, from plans by Charles Balderston, architect, 316 Walnut, and who will supervise the construction.

The Union League of this city have decided to adopt the plans of R. G. Kennedy, architect, and at once proceed to enlarge and beautify their building, spending about \$75,000 upon the work. On June 14th we gave a full description of the plans in this journal to which we invite reference. At an early day the invitations will be extended to bid, and the early fall months will undoubtedly find it fully completed for occupancy.

The Board of Managers of the Lutheran Orphans' Home and Asylum in Mt. Airy are awaiting the opening of Mower Street, which will run through the rear portion of their grounds, before they give out the contract for the erection of the new building to be occupied solely by the girl inmates of the institution. The sum of \$10,000 has been left the institution for this purpose. The ground is now used for a vegetable and truck patch.

Director Windrim has received from General Wagner a communication sent to him by Mr. J.

G. Rosengarten, in which attention is called to the condition of the equestrian statue of General Reynolds, at the northern entrance to the Public Buildings. It states that the base of the statue is composed of artificial stone which is rapidly crumbling away. The Director is asked to have this replaced by solid granite. He will give the matter his attention at an early day.

John Kolb, cut stone contractor, N. E. corner Twenty-fifth Street and Washington Avenue, Phila., has been awarded the contract for all the cut stone work for the four handsome dwellings to be erected for N. Snellenburg & Co, on North Broad Street. This work will be unusually fine, and the operation will be under the general supervision of the architect, William H. MacCollin, 913 Walnut Street. The work will be started at once.

In a few days Thomas Batley will make application to the Building Inspectors for permission to erect sixty-one three and two-story dwellings in the northwestern section of the city. There will be four permits, as follows: One for the erection of six three-story dwellings on the south side of Diamond Street between Twenty-five and one-half and Twenty-five-and-three-quarters Street, each dwelling to have a frontage of 17 feet and a depth of 55 feet; also another for the construction of eighteen two-story brick dwellings on the west side of Twenty-five-and-one-half Street between Page and Diamond Streets, each 16 x 48 feet; another for the erection of fifteen two-story brick dwellings on the east side of Twenty-five-and-three-quarters Street, south of Diamond, and one for the construction of twenty-two two-story brick dwellings on Page Street, east of Glenwood Avenue, each dwelling to be 16 by 48 feet. Work will be begun as soon as all details can be arranged.

A special committee of the National Real Estate Association was in session last week in the offices of the Real Estate Exchange, No. 59 Liberty Street, New York, giving special consideration to plans looking to a uniform system of titles, transfers and registration. The committee includes George E. Pomeroy, of Toledo; R. E. Montgomery, of Denver; David H. McCord and J. Craddock Simpson, of Montreal and Frank T. Terry, of Milwaukee. The National Real Estate Association was organized in Nashville, Tenn., in February, 1892, by about 600 real estate brokers and agents from all parts of the country excepting, strange as it may seem, representatives of Philadelphia. Last October a congress of real estate men was held at Buffalo under the auspices of the association, and on August 21, 22 and 23 next a similar convention will be held at St. Paul. Although local real estate men have not shown any disposition to unite with this organization it is understood that determined efforts will soon be made to reorganize the Real Estate Exchange of Philadelphia on an entirely new basis and with national affiliations.

Seven large buildings, the cost of which is estimated at \$350,000, are being added to the extensive plant of Alexander Balfour & Sons, paper manufacturers, on the Delaware River front at Richmond and Tioga Streets. They will give the entire plant a ground space of four or five acres, making it one of the largest of the kind in the State. The new buildings will be used for the manufacture of pulp by a new process, with the most approved type of machinery. They range from one to three stories in height and may be enumerated as follows: Directly in the rear of the old plant is a two-story building, 86 feet x 80 feet, for bleaching

purposes; another, 86 feet square, for cooking purposes, with a 25 foot digester, with a clearance of 60 feet; an evaporating department, 20 x 30 feet; chipper building of the same dimensions; rotary furnace building, one-story bleaching apartment, 60 x 48 feet; a three-story building, 120 x 50 feet, for the storage and handling of alkali, soda ash, lime and boiling of liquor, while at the southeastern end of the buildings is located the boiler house, containing 17 steam boilers. Noted in full previous to beginning the work.

A new street, to be one of the principal thoroughfares running through Carpenterville, comprising 110 acres of land, in the northern part of Germantown, will be opened in a few days. It will be a short distance from, and run parallel to the Chestnut Hill branch of the Pennsylvania Railroad, and will extend from Upsal street to Carpenter, connecting with Creshelm road. It is expected to be finished in 60 days from the time the contract is given out. The Drexel-Welsh syndicate, owning this large tract of ground and who expect to erect at least 200 large-sized houses, decided to give the new driveway the name of Upland road, but as this would conflict with Upland way in West Philadelphia the Board of Surveys condemned the name. The syndicate expects to put out at least \$40,000 in its operations this year. All new streets to be cut through the villa will not be less than sixty feet wide, and all houses will recede from the street line fully fifty feet. Each side of the street will contain from seven to nine houses, to cost from \$7000 to \$20,000 each, and will be furnished with electricity and heat from a central plant. Sixteen houses are now about to be commenced on Franklin street. The old Carpenter mansion and surrounding grounds will remain as at present.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Colemanville, Lancaster Co., a new M. E. church will be erected.

—At Perkasia, Bucks Co., the Borough Council has decided to erect a lockup.

—At Dunbar, Fayette Co., the corner stone of the new Baptist church will be laid July 9th.

—At Langhorne, Bucks Co., the corner stone of the new Presbyterian church has been laid.

—At Lansdowne, Delaware Co., the Methodist congregation will erect a church at an early day.

—At Beaver Falls, Beaver Co., it is said that a handsome theatre will be erected to cost about \$50,000.

—At Meadville, Crawford Co., work has been commenced on the foundations for the new Kepler House.

—At Colerain, Lancaster Co., work has begun on the Oak Shade chapel. Rev. Thomas MacKay can give information.

—At Emporium, Cameron Co., the Town Clerk can give particulars as to new sewers to be constructed at that place.

—At Greenville, Mercer Co., contract has been awarded to a Youngstown firm for the construction of sewers. Price, \$62.85.

—At Norristown, Montgomery Co., Messrs. Rambo & McGrath will erect two fine double brick residences on DeKalb Street.

—At South Easton, Wyoming Co., the South Easton Water Company has decided to purchase a pump and erect a pumping plant.

—At Sewickley, Allegheny Co., the residence of Architect James P. Bailey has been destroyed by fire, causing a loss of about \$20,000.

—At Reading, Berks Co., George W. Zehr, cigar manufacturer, has commenced the erection of an annex, 22.6 x 65 feet, to his factory.

—At Centralia, Columbia Co., Council will soon commence the erection of frame house, 25 x 40 feet, for the newly organized fire company.

—At Lebanon, Lebanon Co., the Lebanon Water Company has purchased thirty-two acres of land and will increase the city water supply.

—At Brackwayville, Jefferson Co., C. H. Marshall is secretary of the recently organized water works company, which will construct a water works.

—At Allegheny, Allegheny Co., the Liggett Spring and Axle Company will erect a brick warehouse at the corner of Beaver Avenue and Spring Street.

—The Mahonoy City Water Works has purchased twenty-one acres of land from William L. Torbert, upon which they propose to construct a dam and a pumping station.

—At Curwensville, Clearfield Co., Reuben Thompson, of Clearfield, has received contract for the erection of the new M. E. church building, at a cost of about \$20,000.

—At Conshohocken, Montgomery Co., John S. Hipple, contractor, has commenced work on the erection of a fine dwelling on Fayette Street and Eighth Avenue for J. Clever.

—The School Board of Honeybrook Township, Chester Co., have bought a half acre of ground from Hugh McDowell and James Robinson, upon which to erect a two-story school building.

—At Jeannette, Westmoreland Co., a company, composed of leading citizens of that town, has been formed to be known as the Jeannette Bottle Works, and a new factory will be erected.

—At Spring City, Chester Co., the corner stone of the Henry Francis Memorial Hall has been laid. The structure will be a gift to the First Reformed Church, of which Rev. Calvin Derr is pastor.

—At Brock, Greene Co., A. L. Delany, Secretary of the Perry and Wayne Townships School Board, can give information in regard to the erection of a new school house for the use of the two townships.

—At Newtown, Bucks Co., the Newtown Electric Light and Power Company will commence work at an early date on the erection of its new plant, which, it is thought, will be erected on Warstall Bros.' lot, on State Street.

—At Wilkinsburg, Allegheny Co., work has been commenced on the erection of the new banking house for the First National Bank. The new structure will be three stories high, of brick and stone trimmings. Cost about \$30,000.

—At Chester, Delaware Co., the Chester Bicycle Club has decided to buy the property 149 East Seventh Street and fit it up as a club house. Charles Palmer has been instructed to make the purchases, and can give further information.

—At Spring City, Chester Co., the contract for the erection of the Henry Francis Memorial Hall has been awarded to Henry Spotts. The same contractor is at work on the dwellings of J. Edgar Diener, on Broad Street, and Howard Lukens, on New Street.

—At Kennett Square, Chester Co., Isaac Larkin will erect two dwellings on Linden Street. They

will be of brick and will be handsomely finished on the interior. The contract has been awarded to George E. Thatcher.—William H. Phillips will erect a green house.

—At Bellefont, Blair Co., the water company has had the route of their pipe line surveyed, and the specifications are now in the hands of contractors. The water will be brought from Sand Springs, Cambria Co. The company will lay about ten miles of pipe line.

—At Bellefont, Centre Co., ground has been broken for the erection of the new Catholic parsonage on Bishop Street, which will be of stone.

—The Edison Electric Company will add to its plant a large brick boiler room, into which a one hundred horse power boiler will be placed.

—At Oxford, Chester Co., William and Hannah E. McClung have bought a building lot from I. M. C. Dickey, and will erect a dwelling.—The contract for the erection of the new United Presbyterian Church has been awarded to Milton Walker, of Oxford. Work will begin at once.

—The County Commissioners of Chester and Lancaster Counties have decided to erect a bridge over Octoraro Creek at Harkness Fording, between the two counties. The superstructure will be 90 feet long and 16 feet wide, and bids will be opened on August 16, for both a wood and iron structure.

—At West Chester, Chester Co., a number of improvements will be made to the Methodist parsonage during the Summer. Rev. Thomas J. Jackson is the pastor.—The Board of School Directors have decided to furnish an additional room for school purposes. Furniture, blackboards, etc., will be required.

—At Easton, Northampton Co., the commissioners of Northampton and Lehigh Counties met recently at the Commissioners' offices in the court house for the second time to consider the proposals for building the stone work of the new bridge over the Lehigh River at Hokenau-danqua and awarded the contract to Kuyler & Menges for \$10,010.50.

—At Quakertown, Bucks Co., the contract for the erection of the new third ward school house has been awarded to Henry G. Weidmeyer for about \$6000. Work will begin on the structure in a short time. The congregation of the Reformed Church will erect a new edifice in a short time. The contract has been awarded to Milton H. Biehn for \$7950.

—At New Hope, Bucks Co., the congregation of the Methodist Society has bought a lot from the Paxson estate on which a parsonage will be erected. The lot is 40 x 125 feet and one of the most desirable situations in the borough. It adjoins the property of Dr. Scott. Charles Crooks has bought a lot adjoining the above and will also erect a dwelling.

—At Erie, Erie Co., Fred Zeisinger has received contract to erect a brick school building for St. Paul's German Evangelical Lutheran Church. Cost, \$9500. The structure is to be finished in three months.—Council has awarded contracts for sewers as follows: A 12 inch sewer on Third Street to J. McCormick & Son, 18 inch sewer on Fourth Street to same contractors, 12 inch sewer on Holland Street and 15 inch tile sewer on Poplar Street to Edward Driscoll, 15 inch tile sewer on Eleventh Street to Z. D. Exchenland.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below
PHILADELPHIA

—At Harrisburg the following corporations have been granted charters: The Van Gunden Granite and Marble Company, of Philadelphia, capital \$5000; to the Red Lyon Water Company of Red Lyon, capital \$10,000; to the Duquesne Reduction Company, of Pittsburgh, capital \$50,000; to the Pittsburgh, Crafon and Mansfield Railway Company, capital \$500,000; to the Wyoming Shovel Works, of Scranton, capital \$50,000.—A citizen of Harrisburg offers an available site for the State Industrial School, and the commission authorized to select a site and erect the buildings will be asked to visit the location. It is on Cameron Street, extended between the Asylum Road and Rockville, and the track comprises one hundred acres.

—At Pittsburgh, the commission appointed to select a site and erect an institution for the accommodation of the feeble-minded children held its first meeting last week at the office of George W. Guthrie and organized. The commission consists of Hon. George A. Jenks, of Brookville; Hon. C. Heydrick, of Franklin; ex-Mayor Ross, of Johnstown; Hon. Norman Hall, of Sharon, and George W. Guthrie, Esq., of Pittsburgh. It was determined that after July 15th the commission would examine such sites as may be offered for the institution and make a selection. In the meantime they invite from citizens and communities proposals for the location, giving a description and price of land offered. Under the law creating the commission, the site selected must not be less than 500 or more than 1000 acres. All communications relative to the commission should be addressed to Hon. Norman Hall, of Sharon, Pa. The plans for said institution must also be approved by the latter, and the total cost of buildings and site shall not exceed \$300,000, of which \$250,000 is appropriated by this act.—Baxter, Thompson & Company have sold a number of lots in the Standard Place plan to purchasers, who will erect dwellings.—Thomas Wilson has purchased a lot on Frankstown Avenue, near Station Street.—Messrs. Morris & Aisbitt have sold a number of lots in Oak Park, Crafon, to Pittsburgh purchasers, who will erect dwellings.—J. H. Nabbs has taken permit for the erection of a brick laundry building, to cost \$9000. Messrs. Schafer & Maek have taken permit for the erection of a brick building on Thomas Street. Cost, \$10,000. J. F. Knott & Company have taken permit for the erection of four brick dwellings, on Euclid Avenue, for Burt Garrett. Cost, \$20,000. G. M. Bell has taken permit for four brick dwellings, to be erected on Margaretta Street. Cost, \$16,000. John Frazier has taken permit for the erection of buildings, to cost \$10,000.

Through New Jersey.

At Trenton, City Council has passed an ordinance appropriating \$5000 for fire hose.

At Swedesboro, Gloucester Co., the contract for the new church has been awarded to John Swible, of Mullica Hill.

At Passaic, Passaic Co., the Board of Education will erect a school house on Harre Avenue at a cost of about \$15,000.

At Crawford, Union Co., the Central Railroad of New Jersey will shortly commence the erection of a handsome stone station.

At Newark, the Standard Oil Co.'s plant on the Passaic River has been partly destroyed by fire, causing a loss of about \$60,000.

At Jersey City, the State Military Board has awarded the contract for erecting the new National Guard Armory to Joseph Junkes & Son for \$130,000.

At South Orange, Essex Co., a two-and-one-half-story shingle cottage will be erected at a cost of \$7500. Plans prepared by Architects Stephenson & Green, No. 5 Beekman Street, New York City.

At Elizabeth, Union Co., Architect David B. Provost, No. 210 Broad Street, is preparing plans for remodeling the Marsh Building, on Broad Street. Two stories will be added, and an entirely new front will be erected. The interior will be improved. An elevator, steam heat and electric lights will be put in.

At Princeton, Mercer Co., a two-and-one-half-story frame colonial dwelling 44 x 55 feet, will be erected at a cost of \$14,000 from plans prepared by Architects Stephenson & Green, No. 5 Beekman Street, New York City. The same architects have plans for a two-and-one-half-story shingle cottage to be erected at Pittsfield, Mass. Cost, \$20,000. Also plans for a two-and-one-half-story shingle cottage to be erected at Bridgewood at a cost of \$5000.

At Camden, the Board of Freeholders has awarded the contract for constructing water works at the county institutions at Blackwood-town to Charles M. Carre, of New York. Price, \$9805 62.—The Board of Public Works has authorized the employment of a civil engineer to ascertain the best source for a water supply for the city. A resolution has also been passed requesting the City Council to issue \$300,000 worth of bonds to improve the water supply.—George Barrett & Co., lumber and spar dealers, foot of Pearl Street, Camden, have awarded the contract for the building of their wharf extension to Armstrong & Printzenhoff, 136 South Fourth Street, Philadelphia. The contract calls for an immediate commencement of the work. The extension will be 202 x 50 feet in dimensions, and the entire length of the wharf, as it will stand when completed, will be 1090 feet. There will be 41 rows of piling with 11 piling in each row. As soon as it is completed a large steam engine and a pair of shears will be placed on the outer end of the wharf. These will be used for the hoisting of large spars from vessels and replacing them by new ones. The engine, which will be of immense horse power, will have the capacity of lifting twenty thousand to twenty-five tons, and the shears which will be holding the spars or masts in position to be placed in vessels will be 96 feet high and extend some distance from the line of the wharf.

Through Delaware.

At Wilmington, the contract for the erection of the Water Witch Fire Co.'s new building has been awarded to Phillips & Lynn for \$6200. Work will begin at once.—Bids for the new German Lutheran Church, to be erected on Jackson Street, above Fifth, have been opened at the office of E. L. Rice. They were as follows: McCloskey Brothers, \$19,083; David Dangel, \$20,000; Lynn & Phillips, \$21,000; Patrick Fahey, \$21,000; John Malvena, 21,970; Philemma Chandler, 22,200; Foulk & Son, \$23,000; Calvin I. Swayne, \$23,200; John M. Collins, \$23,290; Reed & Brother, \$24,569. The contract was not awarded.

Through Maryland.

At Hagerstown, Washington Co., a new hall will be erected, 50 by 75 feet one-story high, on the Kee Mar College grounds.

At Kensington, Montgomery Co., Messrs. Carrick & Dulin have had plans prepared for an addition to their store building.

At Laurel, Prince George's Co., it is reported that Hinkle & Galthier, Agricultural Implement Manufacturers, will establish a factory at that place.

At Easton, Talbot Co., Rev. C. D. Harris can give particulars as to the erection of a new Methodist Church. To be of brick and cost about \$10,000.

At Rockville, Montgomery Co., J. Coronise has declined contract from Charles J. Carrick for the erection of a fine dwelling on lots recently purchased by Mr. Carrick at Rockville Park. The building will be 24 by 46 feet, two stories high and contain eight large rooms to contain all modern improvements.

At Aberdeen, Harford Co., James B. and W. B. Baker will erect two three-story brick and frame dwellings. One 35 by 69 feet and the other 36 x 65 feet. The roof and frame portion will be finished in shingles. The interior trimmings will be of hard wood. J. J. Deery, of No. 280 Broadway, New York, is the architect.

At Baltimore, the most important permits issued to date are as follows: To J. Menshaw, to erect a three-story brick dwelling on Harlem Avenue and Kirby Lane; to J. W. Sindall, to erect ten two-story brick dwellings on south side of Lcnvale Street, near Caroline Street; to M. I. Mulrone, to erect a three-story brick building northeast corner of Lexington and Harrison Streets; to E. S. Hampson, to erect three three-story brick dwellings on North Avenue, near McCulloch Street. The Mayor has signed an ordinance to grade and pave and curb Eastern Avenue, from Luzerne Street to eastern city limits; Barclay Street, from Chase Street to Bidle Street; Patumnet Street, from Boston Street to Elliott Street, and Rose Street, from Lancaster Street to Laster Avenue.—Frank A. Gallaway has been awarded the contract for the erection of Ebenezer African Methodist Church. To be of frame and cost about \$10,000. The proposed addition to the University of Maryland is to be used for laboratories, and cost about \$20,000. The Mizpah Meeting House will be erected of sand brick, 48 by 75 feet. Cost, about \$13,000.

Wants.

Removal of wreck of the canal boat General Grant.—U. S. Engineer's Office, 1428 Arch Street, Philadelphia, Pa., June 30, 1893.—Sealed proposals for the removal of the wreck of the canal boat General Grant, lying in the Delaware River, off the foot of Bridge Street, Bridesburg, Pa., will be received at this office until 11 A. M., Tuesday, August 1, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. C. W. Raymond, Major, Corps of Engineers, U. S. Army.

United States Engineer Office, Wilmington, Del. Sealed proposals for dredging and excavating for the construction of an inland waterway from Chincoteague Bay, Va., to Delaware Bay, Del., will be received at this office until 12 o'clock noon, July 18, 1893, and then publicly opened.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Repairing a Specialty.

Washington, D. C.

Architect Stack, of Baltimore, has prepared plans for a handsome new church edifice that will be erected on the northwest corner of Thirteenth and C Streets, southeast, by the St. Benedict's Catholic Congregation. The new structure will face 54 feet on C Street, running back 100 feet on Thirteenth Street. It will be constructed of Potomac blue stone, with handsome red stone trimmings. Bids for building the same were submitted as follows: Owen Donnelly, \$34,900; by Contractor Buckley, of Baltimore, \$34,900; by Contractor Cornelius Sheehan, also of same city, \$41,600. The contract will in all likelihood be awarded to Owen Donnelly of this city. It is also proposed to build a handsome parsonage in connection with the above at an early date. The St. Benedict's Congregation is the colored branch of St. Peter's Catholic Church, corner Second and C Streets, southeast. It will be remembered that Owen Donnelly was the builder of this handsome edifice.—The Thomas H. Thomas Asphalt Co. will shortly begin the erection of a large building on Eashy's wharf, which will be used for the manufacture of asphalt. The machinery for the concern is in course of construction by a local firm, and the company expects soon to be in a position to execute any kind of a contract for asphalt. They recently received a contract from the District Commissioners to lay about \$20,000 worth of asphalt pavements.

—B. Stanley Simmons has completed plans for another Virginia school house of which he has designed several. This one will be erected at Balston. It is designed after the Romanesque order,

and will be two stories with high pitched roof, and 35 x 48 feet. The walls will be of selected red brick, and the roof and belfry will be covered with blue slate. The upper story will be used as a town hall until the demands for additional school rooms increases. The seating capacity will be 200, and all the modern improvements will be employed. Cost, \$6,000.—F. H. Knight has made plans for a residence that will be erected by A. O. Wright, at 1710 Fourteenth Street. It will be three stories and cellar, with press brick front, broken by a circular bay window, and will cost \$8000.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

SOLD BY JAMES A. FREEMAN & Co., AT THE
PHILADELPHIA EXCHANGE, ON WED-
NESDAY, JUNE 28, 1893.

Wants.

J. H. Weller, President Board of City Affairs, Dayton, Ohio, proposals until July 10 for furnishing materials and constructing sewers in Sewer Districts Nos. 2, 3, 4, 5 and 6.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

GARA, McGINLEY & CO.,

Copper and Galvanized Iron Cor-
NICES, SKYLIGHTS, FINIALS, ETC.

13 SOUTH 17TH STREET,
PHILADELPHIA.

Tin, Copper, Slate and Tile Roofing.

And Eastern and Southern Agents for

Pruden's Patent Rock-Faced Steel Siding.

Galvanized or Painted, for covering Houses, Churches, Stores and all descriptions of buildings. The best and most perfect metal covering ever put on the market. The best architectural effect ever produced in metal. Handsome, light and durable. Can be put on by any one that can use a hammer and drive nails. The patent slip joint allows perfectly for expansion and contraction. No nails through the face of plates to rust out and get loose as in all other sidings. No nails exposed.

We also manufacture complete House and Store Fronts in Copper and Galvanized Iron, Roll-Cap Roofing, Embossed Ceilings, Pressed Ornaments in Zinc and Copper, Cornices, Window Caps, etc.

Illustrated Catalogue and Discount on application.

Remember

With our Patent Slip Joints no nails are exposed to rust, or wear away the metal by constant expansion or contraction—the slip joint allowing free expansion of the metal without affecting the fastenings, all nails being through the under flanges of the plate and covered by the next plate. This joint makes the plates perfectly water-proof without the use of solder or cement, and at the same time makes it impossible for the plates to get loose or rattle, as every joint is interlocked and is held perfectly in place even if loose from the building. All buildings settle more or less, causing all metal sidings not having our patent joint to buckle and tear out the nails in a short time by constant expansion and contraction. This is obviated by the patent slip joint.

Showing manner of Putting on Metallic front on an old building—working from the top downward.

SALE, MONDAYS

At Philadelphia Exchange, Cor. Third and Walnut Streets

There is a vast difference between a Manufacturer's Agent and a Dealer.

One buys in an open market, while the other controls the sale of the manufacturer's wares in the territory allotted to him by appointment, hence the question of prices with the agent is regulated by the manufacturer and is free from caprice, avarice or spasmodic fluctuation.

Of all the materials that enter into construction work there are none that so seriously express the great advantages to be derived from dealing with first hands as

CEMENT AND SEWER PIPE.

J. R. CLAUSEN & SON,

2010 and 2014 Market Street and N. E. Cor. Twenty-seventh and Diamond Streets,

Are MANUFACTURERS' AGENTS for the sale of

POPULAR BRANDS OF CEMENT AND STANDARD SEWER PIPE,

consequently buyers will appreciate the importance of dealing with them, as prices, quality and fair dealing are guaranteed in the strictest and purest meaning of the words.

DIRECT IMPORTATIONS OF FOREIGN PORTLAND CEMENTS IN LOTS FROM ONE TO TEN THOUSAND BARRELS AT IMPORTERS' PRICES.

The Real Estate Title Insurance and Trust Company, Tenth and Chestnut Streets.

CAPITAL, FULL PAID,

\$1,000,000

This Company, incorporated in 1876, originated Title Insurance, and having issued over 40,000 Policies has accumulated information which enables it to execute work with unequalled accuracy and promptness.

ALSO

Executes Trusts of every description.

Becomes Surety for persons acting in fiduciary capacities.

Issues its well known 4 per cent. Mortgage Trust certificates, secured by first liens on property in Philadelphia only, taken largely by Trustees, Executors and our most careful investors.

Loans Money on Instalment Mortgages.

Receives Money on deposit subject to interest.

Rents Safes in its burglar-proof vaults.

Buys and Sells Real Estate, and assumes the general management thereof.

TERMS:

One Year, in advance, - - - \$5 00

Subscription for less than One Year will not be received.

JOHN N. GALLAGHER, Proprietor.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, JULY 12, 1893.

The present number of THE REAL ESTATE RECORD is a regal offering to the citizens of Philadelphia, for beside its weekly service of fresh news expressing the regular quota of practical and lasting betterments that add richness to the city in which they live, it presents a grand summary of the work of the year in a manner so thorough and specific in its character as to leave little room for even suggestions for improvement. Those who suppose that the interest in our reports is strictly confined to building and real estate circles little understand the desire of our citizens for information that will intelligently impart data involving the welfare of the city.

As a guide to builders our tables are conceded to be invaluable; as a source of information for the community they are appreciated because they show results that are associated with the common desire for a rapid wholesale delivery of lasting betterments along the whole line, better homes, better streets, better transportation, better water and better and cheaper gas.

As a showing of Philadelphia's vast and varied business interests our advertising columns can certainly be regarded as a success; in fact, explanations are in order as to why a number of advertisements were omitted, through no fault of our own, but owing to the lateness of their arrival, which precluded the necessary preparation for a greater number of pages.

Our report embraces so much and is so thoroughly comprehensive that editorial reference to the points involved would seem superfluous. We might say, however, that we are entirely free from serious apprehensions as to the future; 1893 is largely satisfactory outside of the dearth of money in business circles. The sitting out of the weaklings, together with the magnificent opportunities for the rascals, will rid the busi-

ness world of the former, while the latter will have a chance to turn honest for a time at least, both of which is desired. That there is a plethora of money in financial circles is conceded, and it is to be regretted that business interests must suffer from a condition of things arising from undeserved distrust.

Ha-jo-ca,

as an etymological production, owes its origin to neither the Japanese nor Chinese language, as many suppose, but is a purely American production, compounded from the first two letters of the names composing a business firm of this city, whose reputation for reliable wares has become national. The fact is, an invention in the way of a sanitary water closet needed a name to herald throughout the nation its merits and cleanliness, and its reliability justly merited the stamp of approval. What better endorsement could it receive than that of a whole business firm that has practically said to architects, builders and owners everywhere: "There, gentlemen; this production of ours is so superior that each individual member of the firm of Haines, Jones & Cadbury lends it a part of his name as an unqualified guarantee of its merits beyond question or peradventure of any kind." Is it any wonder that Ha-jo-ca jumped into public favor at once? And is it at all strange that it has maintained its popularity in spite of the many articles of the kind that have been placed on the market? The accompanying cut in the firm's advertisement in this issue gives a fair presentation of Ha-jo-ca, which all progressive plumbers now recommend.

Architect Notes.

A. W. Dilkes, architect, 1001 Chestnut Street, is engaged in preparing plans for an alteration and addition to residence of Dr. R. Housekeeper at Thirty-fifth and Baring Streets. These will include much interior work as well as exterior, and work will be started at an early day.

Wilson Bros., architects and engineers, Drexel Building, have made plans for the erection of a splendid residence for Mr. Jno. H. Converse, of the Baldwin Locomotive Works, at 1610-12 Locust Street. The house to be of stone and brick construction, hard woods throughout the interior, electric work, steam heat and every modern appliance for comfort. Estimates have been invited upon the work.

T. Roney Williamson, architect, 136 South Fourth Street, has made plans for a bank building at Newark Del., to be one story high, of stone and Pompeian brick, with all modern improvements for structures of that kind. Also making sketches for another bank building at Woodbury, N. J., to be of stone, slate roof and one story high. Also plans for a house at Woodbury, N. J., for Andrew Simnickson, to be of frame construction, with shingle roof, hard wood interior finish and modern conveniences, etc.

1893.

PHILADELPHIA'S BUILDING OPERATIONS.

Important Statistics, showing the Building Operations by Wards and Months, with the estimated cost of the new buildings erected, and in course of erection, exclusive of the cost of the land for the First Six Months of 1893.

Also the sales of Real Estate, together with Ground Rents and Mortgages.

January 1st to June 30th, Inclusive.

4281 New Buildings of all kinds, costing \$14,499,300, a falling off from the same months of 1892 of only 170 new buildings, but a deficit of \$2,213,050 when compared with the amount invested in new construction work for the same months of last year, a loss of more than 13.7 per cent. in the amount invested, while the loss in the number of new buildings is only 3.8 per cent.

1440 alterations and additions, costing \$2,880,000, an increase of expenditure over last year of \$805,500.

The year 1893 must go on record as one of many vagaries, for notwithstanding the critical financial episodes, it has thus far produced, there remains so much room for congratulation that it would seem that there was nothing the matter, after all, with the honest business interests of the country.

That business men very generally anticipated even worse times than we have yet seen is conceded, and that placing anchors well to windward, with the view of safely riding out the coming storm, was a part of their duty religiously observed, even as far back as the early part of 1892. That the troubles of the year have impaired building is not in the least strange; the surprises lie in our figures showing that so much has been done, and so much confidence expressed in our ability to take care of ourselves let things outside of the city run as they would.

To be able to say that notwithstanding the extreme caution of financial institutions and the decided disposition of every one to avoid extra risks, that there has been within 170, the same number of new buildings erected this year as last, is certainly the highest possible testimonial that can be bestowed upon the business methods of the business men of Philadelphia; for while the building business is distinctively separate from many of our most important branches of trade, yet it enters with its many ramifications so thoroughly into our vast manufacturing and building material interests that it would be a difficult matter indeed to define the ending of its influences, and while there are only 170 less new buildings than the same months of last year the enormous deficit in the cost of the new buildings this year against the amount expended in

construction work last year is easily accounted for. A reference to our tables will disclose the fact that while foundries and shops show a falling off in the amount invested in them of \$213,550, factory buildings lead last year in the matter of investment just \$92,000, and while dye and dry houses fall off \$24,000, engine and boiler houses increase \$15,500, while breweries also show an increase over last year of \$54,000 in the investment. A full \$116,000 have been expended in store buildings (not three-story stores and dwellings) more than last year, while \$114,500 less than last year have been expended in new school houses, and \$121,000 less in new churches.

Office buildings over two stories fall off just \$78,000, while the investment in warehouses is greater by \$46,400.

Miscellaneous buildings, it will be noticed, show a serious falling off as to the amount invested from last year, for, while there are 42 included in this category this year, against 54 last year, the money difference amounts to \$1,790,400; but it must not be forgotten that the Reading Terminal last year represented \$1,250,000 of the amount of last year's excess.

Alterations and additions this year certainly confirm our predictions that more care would in future be bestowed in properly modernizing old properties as the excess this year over last amounts to \$805,500.

Two-story dwellings fall off this year 264. Three-story dwellings show an increase of 140, and four-story 6. In comparing the results by wards it must not be forgotten that we have two new wards this year, the Thirty-sixth having been sliced from the Twenty-eighth, and the Thirty-seventh from the Twenty-sixth.

The First Ward is short, in two-story dwellings, 233, and in three-story 49. The Fifteenth shows a gain of 31 two-story and 53 three-story dwellings. The Eighteenth falls off 47 two-story, while it only shows the same number of three-story as last year. The Nineteenth shows a loss of 1 two-story and 7 three-story. The Twentieth built no two-story houses this year and but 10 three-story than last year. The Twenty-first is 33 two-story ahead of last year, and 6 three-story. The Twenty-second shows 24 more two-story dwellings, while it is short 12 in its three-story record. The Twenty-third is 10 ahead in two-story and 8 behind in three-story. The Twenty-fourth is 71 short in two-story and 35 short in three-story. The Twenty-fifth is 213 ahead of its record for two-story houses last year and 31 in its three-story.

The Twenty-sixth Ward, even if we include the results in the Thirty-seventh, only shows 109 two-story houses this year against 417 for 1892, a falling off of 308, while an increase of 50 three-story houses is all with which it can be accredited.

The Twenty-seventh is 94 two-story short and 47 three-story ahead of last year. The Twenty-eighth, another divided ward, this year, shows a gain, when we include its old area, of 87 new two-story dwellings and 77 new three-story dwellings.

The Twenty-ninth is 88 short in two-story houses and 67 three-story. The Thirtieth is short 9 two-story and 13 three-story. The Thirty-first is 10 ahead in two-story and 1 short in three-story. The Thirty-second is 237 two-story dwellings and 51 three-story ahead of last year. The Thirty-third is 35 short in two-story and 16 short in three-story. The Thirty-fourth is 46 short in two-story and 42 ahead in three-story. The Thirty-fifth is 19 ahead in two-story and 5 in three-story.

West Philadelphia in its entirety shows a shortage of 211 two-story and a gain of 54 three-story dwellings.

Four-story dwellings are 6 in excess of the number erected during the same months last year.

For the six months included in this report 6982 transfers of real estate were recorded amounting to \$40,383,194.36, with a mortgage incumbrance of \$8,152,720.50, or 20 per cent. The ground rents amounted to \$456,211.06, representing, on a 6 per cent. basis, a principal of \$7,603,517.66. Comparison with the corresponding six months of last year shows an increase of 118 in the number of transfers, but a decrease of \$1,200,292.72 in the amount. This is accounted for by the fact that the report of last year included the transfers of many valuable properties that were purchased for Reading Terminal purposes.

It is gratifying to record a decrease of the mortgage incumbrance, the figures being \$9,194,338.15 for 1892 and \$8,152,720.50 for 1893, a difference in favor of the present year of \$1,041,617.65, while the mortgage incumbrance reached 22 per cent. for the first six months of 1892 it has dropped to 20 per cent. for the corresponding period of 1893.

The sales of real estate at auction this year amount to \$2,660,142.15 or just \$277,778.54 more than for the same months of last year, and \$747,646.33 more than those of the same months of 1891. The business of Davis & Harvey shows a heavy increase this year over last, in fact the first three months of this year yielded for this firm a volume of business more than double that of the first quarter of 1892. We feel that no apology is needed here or elsewhere for the specific character of our references to the business success of this firm; in fact its introduction of the no sale, no charge system was such a decided innovation when compared with the limited advantages the old method afforded our real estate men that we not only urge the adoption of the new method, but promised the influence of this journal in promoting its success. That it has been a most decided success no man can question; that this journal has fulfilled its obligations in contributing towards its success is evident from our persistent reference in our reports to the Davis & Harvey plan, and we now sincerely commend both firm and plan to all.

As to the future, prognostications are dangerous. The question of National Finances is so seriously dwelt upon, and the financial men of the country, honest and dishonest, selfish and unselfish, are so close to the ears of capitalists that there is no telling what influences will work for the good or bad of the building interests.

The man, however, who counts upon a cheerful surrender on the part of the Silverites neither understands the question nor the mettle of the men. Private parties are seeking mortgages in large numbers. From this it is safe to conclude that large sums are being diverted from business channels, or perhaps better, a *status quo* sentiment exists in the minds of the present holders of surpluses who are willing to lend sums on good security for the business enterprises of others, but who are not willing to risk capital themselves.

There is a decided demand for central properties and a decided determination on the part of owners not to sell for less than the prices asked. Of course this acts as an stopper upon sales, as concessions are seldom made.

There is very little demand for factory sites at present, the causes wavering in sentiment between the McKinley Bill and the wholesale abandonment by the Industrial Trusts of well-equipped plants that have been taken up by private parties.

We give the following table of building operations for the first six months of 1892 in order that our readers may make comparisons for themselves.

We reprint the following table of building operations for the first six months of 1892 to give our readers an opportunity to make their own comparisons:

	January,	February,	March,	April,	May,	June,	Operations,	Estimated cost.
Two-story Dws.,	86	325	570	911	512	336	2940	\$5,880,000

TOTAL						

Miscellaneous Table.

The forty-two miscellaneous buildings include: Cold Storage House, \$30,000; Reading Station at Ninth and Spring Garden Streets, \$30,000; Laundry, \$20,000; Lincoln Apartment House, \$100,000; Hotel, \$80,000; T. M. C. A. Building, \$50,000; Bank, \$30,000; Odd Fellows' Hall, \$100,000; Power House, \$10,000; Market House, \$23,000; Bank, \$30,000; Temple College, \$75,000; Home, \$50,000; Hospital Building at County Prison, \$30,000; Patrol Station, \$30,000; Parochial School, \$15,000; Convent, \$25,000; Three Chapels, \$10,000; Printing House, \$65,000; Patrol Station, \$34,000; Hotel Hanover, \$45,000; Laboratory at University, \$65,000; Club House, \$25,000, and a few other miscellaneous buildings of minor importance.

The following carefully prepared Table, with classification, shows the total number of New Buildings erected during the first six months of 1893, with the estimated cost of the same, exclusive of the cost of the land.

1893.	Jan.	Feb.	March	April	May	June	Operations.	Estimated Cost
Two-story Dwellings	19	100	877	716	535	429	2676	5,852,000
Three-story "	3	45	349	470	215	179	1261	4,791,800
Four-story "	2	2	3	3	0	0	10	232,500
Office Buildings	0	0	2	1	0	0	3	20,000
Office Buildings over two stories	0	0	0	0	1	0	1	20,000

Architect Notes.

Moses & King, architects, 431 Walnut Street, have made plans for a fine large school house to be erected in Mt. Holly, N. J., to be two-and-a-half stories high, of brick construction with stone trimmings and all modern furniture and appliances for instruction. Estimates are being offered.

It has been decided by the Managers of the Bourse to extend the time for closing bids from July 12th to 19th inst., which will enable the various contractors to make better and closer estimates. In accordance with the above, Architects G. W. and W. D. Hewitt, Bullitt Building, have issued the notice.

F. Miles Day, architect, 925 Chestnut Street, has made plans for alteration and remodeling the Presbyterian church at Seventeenth and Spruce Streets. The changes will include new pews, alterations to interior and re-decoration of the main body of the auditorium as well as much minor work. Estimates are about to be invited. Mr. Day is also revising the former plans for the Y. M. C. A. building at Mauch Chunk, Pa. These were fully noted previously in this journal.

Lindley Johnson, architect, Girard Building, Philadelphia, has made plans for a Park guard house to be erected in Fairmount Park by A. Rankin. Also plans for a fine eight-story office building at Nashville, Tennessee, to be of slow burning construction and cost \$65,000. Contractors A. E. Hawthorn & Co. Alteration and addition drawings to the residence of James Wilcox. McNahy Bros., contractors. Also drawings for a large Lake House at Altoona, Pa., for the P. R. R. Also plans for alteration and addition to house of William Struthers, of Bryn Mawr. Also plans for a stone residence at Roxborough for J. Vaughn Merriek, Jr. Sylvester Yardley, contractor. Interior in hard wood and all modern conveniences.

H. F. Hurd, architect, 423 Prudential Building, Newark, N. J., has made plans for a two-and-a-half story dwelling for Wm. Ward, to be of stone and shingle work, located on East Orange Street. Also for a stable to cost \$3000 on rear of lot. The house will have all modern improvements and cost \$18,000. Also drawings for a house for J. F. Pierson at Glenn Ridge, to be of frame in construction and all modern conveniences. Also for another at the same place to be built for H. F. Frasse to cost \$4000, frame construction and a stable in rear to cost \$1000. Plans for a dwelling for C. C. Relek at Kearney, N. J., to be frame, cost \$3000. The same architect is engaged on sketches for a house and stable to be erected at Mt. Pleasant, N. J. The house to cost \$7000 and stable \$1000.

Culver & Hudson, 234 West Fourth Street, Williamsport, Pa., have completed plans for an exchange building to be erected in Scranton, Pa., for the Central Pennsylvania Telephone and Supply Co., having a ground area of 25 x 100 feet, four stories high in addition to basement, and built of buff bricks and cream white terra cotta, copper roof, constructional and ornamental iron work, skylights, underground conduits, hard woods and steam heat from local plant. The contract for the foundations of the new annex to Y. M. C. A. building, Williamsport, Pa., having been let, estimates are now being received "or the superstructure, 108.6 x 52.6 in area, to contain gymnasium, plunge and combination shower baths, lockers and bowling alleys, steam heat plant, etc. Also an auditorium with a seating capacity 1000, including gallery.

Plans have been recently completed for a residence for J. F. Powell, Clearfield, Pa., to have all modern improvements. The above architects will at an early date invite estimates from plans for a new court house at Troy, Bradford Co., Pa., 48 x 72 feet, built of brick and portage sand stone, slate roof, copper work, hard woods, plumbing, etc. Also church at Wellsboro, Pa., at an estimated cost of \$20,000.

The corner stone of the new P. E. Church of the Resurrection at the northeast corner of Broad and Tioga streets, was laid on the eighth inst., with appropriate exercises. The plans for this structure were drawn by Frank R. Watson, architect, 518 Walnut street, and have been fully noted in a previous issue of this journal, but we herewith give a resume of the structure for the benefit of our patrons. The new edifice, for which ground was broken in May, will be one story high, 17 feet to the eaves, with high-pitched slate roof, and will have a frontage on Broad street of 70 feet 8 inches, and on Tioga street of 81 feet 4 inches. Fort Deposit granite, with Indiana limestone trimmings will be used. Entrance will be had through ornate porches, one on the north side of the building in the churchyard and through the tower. On the corner of the two streets will be an 18-foot square stone tower, 72 feet high to the square, which will finally be surmounted by a stone octagonal spire. Numerous pilasters will beautify and strengthen the walls on every side. The church will consist of a nave or clerestory, 34 feet wide, flanked on each side by aisles 13 feet wide. The clerestory will be carried on stone columns with carved capitals, and stone arches will support the clerestory. The chancel, which will be the same width as the nave, and 24 feet deep, will accommodate a large choir and the sanctuary. On the south of the chancel space will be reserved for the organ chamber and the choir and clergy sacristies and vestry will be on the north. The church will be treated in the English "decorated Gothic style." Interior walls will be of buff-colored bricks, trimmed with red bricks. Stained glass, in tracery, will be used in the windows. One of the striking features of the building will be a large window of rich tracery on the Broad Street front. The rafters will be exposed and the ceilings lined with polished yellow pine. The floors of the aisles, vestibule, and sanctuary will be covered with tiles. The parish house, which fronts on Tioga Street, will be fitted up to contain guild, Sunday-school rooms, and an entertainment hall. It is two stories high. Throughout the church will be built in the most substantial manner. Paul J. Essick & Sons, builders, are doing the work.

Edward K. Mull, architect, 304 Schuylkill Avenue, Reading, Pa., has prepared plans for the following buildings, to be erected in that city: A three-story press brick store and residence, 28 x 130 feet, for David E. Houck, to be erected on the west side of Fourth Street, south of Cherry. Steam heat, electric work, elevator and all modern conveniences will be introduced. Also plans for a three-story brick and brown stone hotel building for Augustus Resh, to be erected on the northwest corner of Schuylkill Avenue and Somerset Street. The building will be 30 x 110 feet, with mansard roof. The interior throughout will be finished in hard woods, and provided with all the latest improved hotel appliances. Also drawings for fifteen three-story press brick and terra cotta residences for Samuel Davis, to occupy a site on the south side of Walnut Street, west of Second. The buildings will have an

aggregate frontage of 240 feet and a depth of 60 feet. All modern conveniences will be introduced. Also plans for a four-story hotel building, with mansard roof, for John F. Albrecht, to be built on the northeast corner of Ninth and Oley Streets. The structure will be 28 x 95 feet, of press brick, with stone and terra cotta trimmings. The interior throughout will be finished in hard woods, and will contain every hotel feature, including tile floors, toilet-rooms, bathrooms, billiard and pool-rooms, dumb waiters, steam heat, electric appliances, speaking tubes, laundry fixtures and every modern device for comfort and convenience. Also drawings for a pair of three-story brick and terra cotta store buildings, each 20 x 80 feet, for William T. Snyder, to stand on the northeast corner of Schuylkill Avenue and Windsor Street. The buildings will be of ornate design, with French plate glass windows, steam heat, electric work, freight elevators, etc. Also plans for a four-story press brick and terra cotta business house for Joseph B. Ganter, to be erected on the northeast corner of Schuylkill Avenue and Jefferson Street. The building will be 40 x 80 feet, and will contain freight lifts, passenger elevator, speaking tubes, steam or hot water heating, electric work, etc. The structure will be entirely modern in all details, and when completed will be occupied by Mr. Ganter with his extensive tin and sheet iron works. Mr. Mull has also just completed plans for a handsome Swiss cottage, with metallic shingle roof, for P. W. Gerhart, to be erected at Wernersville, Pa. The building will be of frame, two-and-a-half stories in height, with ornamental verandas extending around three sides. French plate glass will be used throughout, steam heat, electric work, best sanitary plumbing, etc. Also drawings for a fine country residence for Mr. Daniel Y. Gaul, at Grill P. O., Berks Co., Pa. To be of frame and shingle construction, tile roof and interior finished in oak, cherry and cypress. The building will cover an area of 1800 square feet, and be surrounded with handsome porches.

Building and Real Estate Notes.

Samuel Hart, contractor, will build a three-story brick and stone dwelling, 18 x 53 feet, at 1135 Fairmount Avenue.

Jacob Marsch will build twenty-five two-story brick dwellings, 14 x 28 feet, on the east side of C Street, north of Indiana.

Jacob Wenzelberger is to build a one-story brick casino, 18 x 100 feet, on the east side of Seventh Street, north of Girard Avenue.

E. White, No. 2729 Girard Avenue, has been awarded the contract for painting and glazing the new propagating house in Girard College.

Kahnt & Smith, contractors, are to build a three-story brick dwelling, 15 x 28 feet, on the west side of Hale Street, north of Columbia Avenue.

William Saunders has the contract to build twelve two-story brick dwellings, 15 x 39 feet, on the northwest side of Yocum Street, west of Sixty-sixth.

In a few days Owen McAdair will break ground on the northwest side of Pierce Street, between Tulip and Memphis Streets, each having 14 feet frontage, with a depth of 38 feet.

A two-story addition will be erected at the Odd Fellows' Orphans' Home at Twentieth and Ontario Streets, to be of stone and brick and furnished with all modern conveniences, etc. The cost will be about \$11,000.

Rush J. Whitesides & Son are to build a four-story business building at 14 North Seventh Street, for the Charles Foster Publishing Company.

Four greenhouses of stone, wood and glass will be built by Charles Schuck & Bro., on the west side of Franklin Street, north of Cumberland.

Wentz & Hermann have the contract to erect a one-story gymnasium, 20 x 16 feet, for Gustavus Miller, on the north side of Cambridge Street, west of Twentieth.

An addition to the school house at the southeast corner of Twelfth and Federal Streets will be constructed by William Christy.

John Stafford, the builder, is now grading the lot on York Street, between Twentieth and Twenty-first Streets. He will shortly commence the erection of about 130 houses on the site.

A two-story and mansard brick and stone dwelling, 16 x 35 feet, will be built by W. F. 'Ayner, Jr., on the east side of Pechin Street, between Martin Street and Lyceum Avenue, Twenty-first Ward.

John Fritzinger, contractor, of Roxborough, has been given the contract to erect an operating ward at St. Timothy's Hospital in the above locality. The structure will be 25 x 52 feet, one story high, and will be known as the "Nugent Ward."

Peter S. Dooner on the 6th inst. paid \$38,000 for the property adjoining his hotel on the east side of Tenth street, south of Market, the transfer being made by William Weightman. This purchase will enable him to make extensive additions to the hotel.

Alfred C. Harrison paid \$150,000 to Mrs. Elizabeth L. Devine for the grocery store adjoining saloon properties at the southwest corner of Fifteenth and Market streets. It is said that Mr. Harrison will shortly commence the erection of a large office building on the site or else construct a hotel.

Allen B. Rorke, contractor and builder, Drexel Building, has been awarded the contract to make the alterations and addition to the Union League club house, Broad, below Sansom Street, fully noted in this journal June 14th, after plans by R. G. Kennedy, architect, who will supervise the entire work.

A deal involving a large amount of money is the sale of several lots at Thirty-second and Norris Streets, by Henry Crook, executor for the estate of George Crook, to William G. Serrill and others for \$183,000. Upon this site the buyer will build a number of two and three-story houses of the usual kind in that vicinity.

At a meeting of the congregation of the First Reformed Church, Seventh and Spring Garden Streets, on the evening of the 15th inst., the trustees were authorized to purchase a property at Fifteenth and Dauphin Streets, or in the immediate vicinity, for the purpose of beginning a church enterprise in that part of the city.

The Building Committee of the Lorraine Apartment House has invited Benjamin Ketchum & Sons, George Watson & Son, Stacy Reeves & Sons, George F. Payne & Co., Rush J. Whitesides and Kemp & Garrison to submit bids for the carpentry work in the proposed building, and the following bricklayers to bid for the constructing of the shell: Samuel Hart & Sons, Franklin M. Harris & Co., Melady & Keating, John Atkinson, Michael Magee and George W. Roydhouse. The award will be made without delay.

A plan to establish a large children's playground, at a cost of \$300,000, west of Broad Street, north of League Island as far as Thirty-sixth Avenue, covering 300 acres, will be considered in September by City Councils. Swimming pools and grounds for ball, croquet, tennis, cricket, polo, and other outdoor sports are some of the proposed attractions.

Wendell & Smith, the managers of the Drexel and Childs operations at Overbrook, are moving along in the way of constructing handsome houses. They are now to build two three-story stone and brick dwelling, 20 feet 1½ inches x 54 feet 10 inches, on the southeast side of Franklin Street, southwest of Emlen; also, four three-story stone and brick dwellings, 20 feet 1½ inches x 53 feet 2 inches, on Franklin Street, northeast of Emlen; also, two three-story stone and brick dwellings, 20 feet 1½ inches x 58 feet 10 inches, on Franklin Street, northeast of Emlen; also, four three-story stone and brick dwellings, 20 feet 1½ inches x 58 feet 10 inches, on Franklin Street, southwest of Emlen. All of these houses will be upon lots 40 x 175 feet.

The location for the new truck house at Germantown has, it is understood, been practically settled upon. The property, which has been inspected by Director Beiler, Chief Baxter and other officials, as well as the Board of Building Inspectors, is the building, 36 by 100 feet, at Main and Seymour streets owned by Joseph Masland. The price asked for the property is \$13,500. Last year an ordinance was passed in Councils appropriating \$8000 for the purpose of establishing a truck house in Germantown, and when the matter came up before Councils, recently, it was ascertained that there was not enough money available to make the purchase, but it was decided, it is understood, to take the balance of \$5,500 from other items and hasten the purchase. It is stated that the intention is to equip the truck with ten men, and later on to establish a full company.

Several days ago a permit was granted by the Building Inspectors to John G. Highland for the erection of a three-story brick building at 332 Brown Street. The front part was to be 16 by 21 feet, with a back building 14 by 46 feet. On investigation by inspector Supplee, he found that instead of erecting just a back building as prescribed in the permit, Highland was putting up a building 14 by 64 feet, and was converting it into five three-story dwelling houses. The builder was ordered to stop work and President Gillingham informed him if he attempted to go ahead with the job he would take out an injunction. Before the builder can continue the work on the back buildings he will have to alter his plans, as, according to the law, all buildings must face on a 30-foot street, while these back buildings would face on a 5-foot alley, access to which is had through a 3-foot alley.

It appears that Secretary Carlisle found time before starting for Chicago to give a little attention to the Philadelphia Mint site matter, and that he has narrowed down the field of inquiry to six of the pieces of property offered. It is understood that he has forwarded to members of the Philadelphia Citizens' Committee a request that careful examinations of the titles of these six pieces of property be made, so as to make sure, before going further, that any one of them can, if desired, be acquired by the Government without trouble or delay. He also asked that the lowest price at which each piece of property can be purchased be ascertained and stated. The location of the sites about which the Secretary made these inquiries, and one of which will

doubtless be finally selected, could not be found out, but enough developed to indicate quite a preference for the one at Broad and Spring Garden Streets.

The plans for the new Morgue, which is to be built on Wood Street, between Broad and Thirtieth Streets, have been prepared, and meet with the approval of Director Beiler and Chief Eisenhower, of the Bureau of City Property. The estimated cost of the building is \$13,000, and provision is made for the location of the Coroner's office in the building. Brick and terra cotta will be the materials used on the outside, and the interior will be for the most part of white pine, varnished. Two houses formerly stood upon the 32-foot lot, and the new building will be practically two houses, one in front of the other, and thirty feet apart. The basement has appliances for the refrigeration and preservation of bodies by various means, and for fumigation and incineration of clothing and articles found upon the corpse when circumstances demand it. The front part of the cellar contains the boiler-room.

Dallas Sanders, President of the Wayne Title and Trust Company, states that through the exertions of Stuart Wood and others interested in property between Philadelphia and Newtown Square, \$100,000 has been subscribed and guaranteed, and the Pennsylvania Railroad has agreed to build a railroad from the neighborhood of Angora, along the line of the old Midland Railroad and up the Darby Creek, then across to the large tract of land owned by the Pennsylvania Hospital. This road is to be called the Philadelphia and Delaware County Railroad. It will pass through and open up a beautiful country, lying between the main line of the Pennsylvania Railroad and the Media and West Chester branch, passing south of the Overbrook Farm operations, and across Darby Creek, about three miles south of Byrn Mawr. According to Mr. Sanders the Pennsylvania Railroad Company is to commence the construction of this new branch line immediately, and is to have it finished by July, 1894.

The Committee on Property of the Board of Education has sent to Controller Thompson the following estimate for the needs of the department next year: First Section—New school house on lot at Fifth and Porter Streets, \$75,000. Third Section—Purchase of property adjoining school houses, \$30,000. Fourth Section—New school house in place of a rented building, \$70,000. Thirteenth Section—Purchase of property in the rear of Warner School, \$10,000. Eighteenth Section—Property for Adaire and Douglass Schools, \$35,000. Nineteenth Section—New building and lot, \$50,000. Twentieth Section—New building to replace the Park Avenue School House, \$75,000. Twenty-first Section—Addition to old school house, \$40,000. Twenty-second Section—New building to replace the Franklin School, \$40,000. Twenty-fifth Section—New school building, \$60,000. Twenty-sixth Section—Lot of ground, \$25,000. Twenty-seventh Section—New school building, \$40,000. Twenty-eighth Section—New building and purchase of lot, \$50,000. Twenty-ninth Section—Purchase of property adjoining school house, \$10,000. Thirty-first Section—Addition to H. A. Brown School House, \$30,000. Thirty-second Section—New building, \$60,000. Thirty-third Section—New school house and purchase of lot, \$60,000. Thirty-fifth Section—New building, \$25,000. Thirty-sixth Section—New building and lot, \$65,000. Thirty-seventh Section—New building and lots, \$50,000. Boys' High School, \$250,000; an addition to Northeast Manual Training

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below PHILADELPHIA

School, \$40,000; an addition to the Central Manual Training High School, \$40,000. This makes a total of \$1,235,000 for new buildings and lots. In addition, \$339,498 is wanted for general repairs to school buildings, sanitary and special repairs and incidentals.

Work on the foundations for the new Odd Fellows' Hall, at the southeast corner of Broad and Cherry Street, is practically completed and extensive arrangements are being made for laying the corner-stone, which will take place on the afternoon of July 18. The members of the Grand Lodge, which will hold a session in the hall on Sixth Street below Race on that day, will be escorted by over 2,000 members of the Order to Broad and Cherry Streets, where the ceremonies will be held. Grand Sir Colen Campbell, of the Sovereign Grand Lodge, will deliver the oration, and the local music will be furnished by the United Singing Societies of Philadelphia. Addresses will also be made by the leading officers of the Grand Lodge of the State. The new building, when completed, will be one of the most imposing, largest and expensive structures of its kind in the world, the entire cost, including the site, being over \$950,000. It will be constructed of granite and buff Pompeian brick, with light-colored terra-cotta pilasters, cornices, trimmings and other ornaments, and will be the first large building in this city constructed of these materials and of this style. It will be 100 feet in height, and will be completed by May 1, 1901, when the seventy-fifth anniversary of the order will be celebrated. Hazlehurst and Hnekel, architects, drew the plans, which were fully described in a previous issue.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Troy, Bradford Co., the new court house in course of erection will cost about \$20,000.

—At Williamsport, Lycoming Co., the Republicans will erect a club house, to cost about \$25,000.

—At West Grove, Chester Co., a movement is on foot favoring the construction of an electric plant.

—The commissioners of Montgomery Co. propose to erect four new bridges during the present season.

—At Doylestown, Bucks Co., Frank Worthington has broken ground for a three-story brick store building.

—At Harrisburg a new school house will be erected at Seneca and Fifth Street by the School Board of Susquehanna County.

—At Pottsville, Schuylkill Co., Thomas F. Kerns, who has the contract for the construction of the new reservoir, has begun work.

—At Lebanon, Lebanon Co., the water company has purchased additional land for the purpose of increasing its water supply.

—At Connellsville, Fayette Co., James Nicholson can give information about a school house to be erected at Rock Ridge, Connellsville Township.

—At Petrolia, Butler Co., fire destroyed property to the extent of \$300,000 last week. Among the buildings destroyed were Masonic Hall and Argyle Saving Bank.

—At Wayne, Delaware Co., the contract for the erection of a frame chapel for the Roman Catholic congregation has been awarded to Harlan J. Preston for \$1500.

—At Kennett Square, Chester Co., James Miles will erect a brick dwelling.

—At Exeter Station, Berks Co., a bridge will be erected to span the Schuylkill River about half a mile from Exeter Station. Morton L. Montgomery, Esq., can give information.

—At Pittsburgh, by the will of the late Curtis G. Hussey \$50,000 is left to found a home for destitute women.—Mrs. Theo. W. Hartman will erect three fine dwellings on Euclid Avenue.

—At Wilkensburg, Alleghany Co., work has been commenced on the erection of the new First National Bank building. The structure will be three stories high and cost about \$30,000.

—At Chester, Delaware Co., W. W. James, Enos Verlinden and J. Milton Lutz have been appointed a jury of view for a bridge to be constructed over Chester Creek at Fifth Street.

—At Reading, Berks Co., the Jefferson Building Association will erect fifteen two-story dwellings on Thirteenth Street. Lewis Kremp & Bro., 144 North Ninth Street, can give information.

—At Frederick, Montgomery Co., the contract for constructing an addition to the reservoir, to hold 6,000,000 gallons of water, has been awarded to Messrs. Lane Bros., of Morgantown, W. Va., for \$14,901.

—At Newtown, Bucks Co., The Newtown Electric Light and Power Co. has purchased a lot upon which to erect a power house; two engines of 60 horse-power each will be placed in the building.

—The Northampton County Commissioners have awarded contract for a bridge over Monacacy Creek to M. H. Hughes, and to Edward Werner for a bridge over the same creek in Lower Nazareth Township.

—At Easton, Northampton Co., the Easton School Board has awarded the contract to Horn, Steinmetz & Co. for the erection of the new high school building, for \$62,417.37, including heating, furniture, &c. The cost will be about \$100,000.

—The sub-committee of the Soldier Orphans' School Commission will visit a number of sites offered for the new school to be erected. No particular section has been selected, but the school will probably be located within easy reach of Harrisburg.

—At Altoona, Blair Co., the contract for the erection of a building for hotel purposes has been awarded to George W. Rhine, and work will begin at once. The new building will occupy the site of the present Franklin House, and the owner is Frank P. Molloy.

—At West Chester, Chester Co., the Building Committee of the West Chester State Normal School held a meeting a few days since and decided to finish the new rooms in the school; to macadamize the drives around the place; to put down a boardwalk and to purchase 102 desks.

Through Maryland.

At Cumberland, Alleghany Co., contract for the new court house has been awarded to Messrs. Bramm & Garber, of Wilmington, N. C.; price \$97,500.

At Baltimore, the most important permits issued to date are as follows: To Bernard Moran, to erect a three-story brick dwelling; to the Bauerschmidt Brewing Co., to erect a brick building; to J. Washington, to erect ten two-story brick dwellings; to George Utterbaugh, to

erect twelve two-story brick dwellings; to S. P. Hutt, to erect eight three-story brick dwellings; to M. Margerecht, to erect a two-story brick dwelling.

Through New Jersey.

At Bridgeton, Cumberland Co., plans for a system of sewerage have been presented to the Board of Trade.

At Clinton, Hunterdon Co., contract for the new iron bridge to be constructed between Clinton and High Bridge has been awarded to the Toledo Bridge Co. for \$2300.

At Paterson, Passaic Co., Mrs. John Campbell will erect a two-story frame dwelling, 38 x 50 feet; cost about \$10,000. Plans by Charles F. Mott, of No. 171 Broadway, New York City.

At Elizabeth, Union Co., City Council has approved the plans of Architect D. P. Provost, of No. 210 Broad Street, for a new fire engine house and police station, for which bids will soon be asked.

At Collingswood, Camden Co., Contractor Bryan has commenced the erection of a handsome cottage on Collins Avenue for C. Allison Groves.—J. S. Guthrie will erect a residence at Collingswood Heights.

At Irvington, Essex Co., a one-story brick factory, 60 x 200 feet, with engine and boiler room, 35 x 35 feet, will be erected, at a cost of \$20,000. Plans by Schweitzer & Deemer, Bennett Building, New York City.

At May's Landing, Atlantic Co., John W. Auld has been awarded contract for the erection of a new school building. Price, \$5,000.—Arthur W. Stiles has been awarded contract for the new brick jail. It will contain steel cells; cost, \$9000.

At Jersey City, Architect G. W. La Baur, of No. 76 Montgomery Street, is preparing plans for two five-story brick and stone flats for John F. Kelly; cost about \$25,000. Also plans for improvements to dwelling No. 45 Hudson Street; cost about \$25,000.—Architect R. W. Sailer, of No. 76 Montgomery Street, has made plans for two five-story brick flats for H. L. Ruggs; cost about \$26,000. Also plans for a three-story frame flat; cost about \$3500.

Washington, D. C.

Frederick G. Atkinson, 625 F Street, N.W., has prepared the plans for fourteen three-story dwellings to be erected on W Street, near Thirtieth. They will be of press brick with trimmings of Hummelston brown stone and light colored stone, slate roof, white pine interior finish, cabinet mantels, open fire places, tiled bath rooms. The estimated cost is about \$60,000.

—Hon. Bellamy Storer will have his present residence remodeled and enlarged by a four-story brick addition, 35 x 75 feet. The interior will be handsomely finished. Cost about \$30,000. The plans have been prepared by Little, Brown & Moore, of Boston, Mass.—A school building, to contain eight rooms, will be erected by the District Commissioners. Bids will be asked for at once. The estimated cost is \$25,000.

—Work has begun on the excavations for the Corcoran Gallery of Art by the contractor, Mr. Shea.—S. Fred. Hahn will erect a four-story building for dwelling purposes, from plans prepared by B. Patrick, 1010 F Street, N. W.—B. Stanley Simmons, 931 F Street, N. W., has prepared plans for three dwellings to be erected on Twelfth Street, to cost about \$9000.

Modern Fire-Proof Construction!

The demand of the age for a system of Fire-proof Construction, combining ECONOMY, STRENGTH and SAFETY has been at last filled by the method (covered by United States Patents) introduced by the

IRON ECONOMY FIRE-PROOFING CO.,

204--206 First Ave., Pittsburgh, Pa.

Philadelphia Office, 401 Builders' Exchange.

Chicago Office, 302 Stock Exchange.

No. 1.—The Bergner & Engel Co.'s Stable, Philadelphia. View of work in progress.

The suspension principle of wires drooped between beams at a positive tension, and filled with a Portland cement concrete unites two elements of strength. First:—The suspension principle of wires which alone will carry all the weight that the girders will carry; Second:—the tensile strength imparted to the concrete by the imbedding of wires.

Our system has been pronounced by leading Architects and Engineers to be the most SCIENTIFIC in use.

Our floors are cast directly between girders, thus dispensing with an unnecessary, cumbersome and expensive weight of floor beams generally used to accommodate the flat arches, and insuring a great ECONOMY over any other system.

Our special beam arrangement for buildings with interior walls insures a further great economy of steel. Send for details of this construction.

We guarantee a saving of 25 per cent. to 50 per cent. of steel over old methods, and will guarantee strength, etc.

These photographs are taken from work in course of construction.

Amongst the work done by us or under contract may be mentioned :

Fourteenth Ward School House, Pittsburgh, Pa.	W. J. L. Peoples, Pittsburgh.

Lot Buyers.

John T. McGrath, of Bridgeport, Pa., has sold two lots each to Mrs. A. Connor and Mrs. Finian at that place.

Amos Hallinger, of Columbia, Pa., two lots at that place.

Max Wik, five building lots at Easton, Pa.

Miscellaneous.

At Duluth, Minn., the plans for the proposed immense State grain elevator have been accepted by the Railroad and Warehouse Commission, and also by the Governor, and the commission will advertise for bids in a short time, to be in by August 2d. The capacity will be 500,000 bushels.

Wants.

Abraham M. Beitler, Director Department of Public Safety, City Hall, Philadelphia, wants bids until July 17th for alterations and repairs to the police tugboat Samuel G. King.

N. H. Farquhar, chief of Bureau of Yards and Docks Navy Department, Washington, D. C., proposals until August 5th for construction of East Dry Dock Pier at Navy Yard, League Island, Pa.

Proposals will be received until July 8, 1893, for the purchase of buildings and other property upon Smith's Island, in the Delaware River, opposite Philadelphia. For description of property and all other information apply to American Dredging Company, 234 Walnut Street, Philadelphia.

Sealed proposals will be received by the Committee on Property at the office of the Board of Public Education, 713 Filbert Street, Philadelphia, until 2:30 o'clock P. M., Tuesday, July 18, 1893, for an Annex to the Girls' High School; inserting Window, Keystone School, Ninth Section; Paving, Conrad School, Fourteenth Section; Paving, Hunter School, Nineteenth Section, and for Sewing Tables as per sample. H. W. Halliwell, Secretary.

Mills To Be Built.

At Summerhill, Cambria Co., Pa., D. A. Sipe has commenced work on the erection of a new grist mill three stories high, which will replace his mill recently destroyed by fire.

At Lawrence, Essex Co., Mass., work has been commenced on the erection of the Merrimac Paper Mill. Contractor Monilton, of Lowell, has the contract for the brick work and Messrs. Bacon & Todd, of Lowell, contract for the wood work.

V. S. Barker & Bros. have purchased the lumber on the Rex land in Blacklick Township, Pa., and will put in a large steam saw mill.

JUDGMENTS.**PHILADELPHIA.****ABBREVIATIONS.**

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.
And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

TENTH & MARKET.

WHILE WE ARE PROUD in saying that we include among our customers scores of Architects, Real Estate Men, Builders Contractors and Dealers in construction material, we feel that OUR IMMENSE ASSORTMENT of SEASONABLE, FOREIGN AND DOMESTIC FABRICS,—and this applies to every season in the year—together with our SUPERIOR SKILL as MERCHANT TAILORS added to which OUR UNIFORMLY LOW PRICES, justify our efforts to extend our business acquaintance with the gentlemen identified with the Building and Real Estate interests.

OUR FIRST FLOOR EXHIBIT includes, at the present writing, 1428 ROLLS OF PIECE GOODS, and we emphasize the statement that NO MERCHANT TAILORING ESTABLISHMENT outside of New York City is able during any season to submit to customers such a vast variety of Fabrics for gentlemen's wear.

We desire to acquaint you with our goods and prices before you buy during the coming Fall and Winter, and we ask you to note the fact that we guarantee fit, quality and make whether you order a \$20 business suit or a satin lined fine broad cloth \$35 dress or wedding suit.

Any Time
is the right time
for everybody to
drink

Hires' Root Beer

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this
delicious beverage. Don't be deceived if a dealer,
for the sake of larger profit, tells you some other
kind is "just as good"—it's false. No imitation
is as good as the genuine Hires'.

HOW AND WHERE

TO INVEST IN CITY REAL ESTATE AND REALIZE
10 PER CENT.

We have made a careful calculation of the rent-income from the two blocks of houses on Eighteenth Street above York and find, at the prices we sell them, they will net the purchaser fully 10 per cent., conditionally that you place mortgages on them amounting to about two-thirds of their cost, which can be done at 5 per cent., and State tax. Should you prefer, however, having them clear of encumbrance, they will net nearly 7 per cent.

One merit of these houses is, they are built on natural ground, the cellars, yards and front pavements, too, being covered with cement, thus hermetically sealing Mother Earth and absolutely prohibiting exhalations which do take place to some extent from any ground in great cities not so covered. Apply on Premises, or

MAKIN'S MONITOR HEATER,

Second to None in Economy, Durability, Convenience and Satisfaction.

HAS THE FOLLOWING ADVANTAGES OVER OTHER MAKES:

Lower built, does not require to be set in a pit, has an absolutely cold casing, wastes no heat in the cellar, has a perfect clinkerless grate, cleans in five seconds, burns the gases over black coals—thus utilizing the most powerful part of the fuel, has the only perfect draft regulator made, will keep fire seventy-two hours without attention, a perfect dust flue, impossible to throw gas or dust, can be regulated from any room on the first floor, is built of extra heavy material, and all necessary repairs furnished free for five years. Has been in use six years by hundreds of persons in Philadelphia, with the most successful results ever achieved by any apparatus of its kind.

Architect Notes.

Wyden & Taylor, Architects, 413 Walnut Street, have made complete plans for a dwelling erected at Bethayres, Pa. Estimates on the same have been invited.

Architects G. W. and W. D. Hewitt, of Philadelphia, have made plans for extensive alterations to the church at the corner of Virginia Avenue and Twenty-second Streets, Washington, D. C. Chas. A. Langley will have charge of the work.

Addison Hutton, Architect, 400 Chestnut Street, Philadelphia, has made plans for alterations and additions to the residence of Mr. E. P. Alexander, 306 North Thirtieth Street. These consist of a new front on Thirtieth Street in keeping with the other portion now standing and some minor detail work on interior. Kemp & Garrison are the contractors.

Wm. H. MacCollin, Architect, 913 Walnut Street, Philadelphia, has on boards plans for a fine residence at Ardmore, Pa., for Wm. Silverstone, to be three stories high, stone construction and shingle roof, interior in hard wood, best sanitary plumbing and every modern convenience etc.; also a factory building at Tenth and Emily Streets, for the Hexter Bros., Market Street merchants, to be of brick, stone and terra cotta, four stories high and fitted with a freight lift, electric work, best plumbing, steam heat and power,

speaking tubes, and all modern convenience. No contracts awarded.

T. Melon Rogers, Architect, 1122 Walnut Street, Philadelphia, has made plans for alteration of the shoe store of J. P. Twaddell, Market Street above Twelfth. The changes will be both a new front of colonial style and much interior work. Also plans for a fine colonial house 86x100 feet, to be three stories high, stone and frame, at Ambler, Pa., for Mrs. H. C. Hart. All modern improvements will be introduced. Same architect has made drawings for a stable for Dr. James at Devon, Pa., and a carriage house for E. A. Hunter, Berwyn, Pa., the latter to have all the recent improvements and accommodations.

Louis C. Hickman, Architect, Brown Bros. Building, Philadelphia, has prepared drawings which are now in the hands of the contractors for a portion of a church edifice to be built on the western side of Broad Street just below Tioga for the congregation of the Tioga Baptist Church, they include the naves, aisles and western towers and contains the basement kitchen, dining-room, toilet and robing rooms. In the first-floor auditorium, parlor, vestibules, pastor's study, committee room, and stair case turrets leading to gallery. The materials will be an ornamental brick with granite and Indiana lime stone steps and base course, and Indiana lime stone trimmings, the roof will be covered with Spanish tile, and the building plastered with Adamant plaster-

ing. Will be heated by steam and be lighted by electricity. The building inside will be 58 feet wide and 84 feet long. The tower 76 feet above the pavement. The architecture is Byzantine, the balance of the design shows the transepts 32 feet wide, and the chancel 30 feet deep with the great central tower rising above their intersection with the nave to the height of 125 feet. A permanent Sunday school and entertainment room, committee and board room, large vestibule, hall, library pastor's quarters, and lavatories and robing rooms in the rear. Drawings for a cottage at Logan Station 2½ stories, shingled sides and roofs, and made complete with hard wood hall and stair case. Heating and plumbing complete. These drawings will be placed in the hands of the contractors this week.

Building and Real Estate Notes.

Joseph Parker has the contract for the erection of a furniture warehouse, 36x46 feet, three stories high, at 2334, 2346 and 2348 Hope Street.

George L. Harvey has secured the contract to erect a store and factory building, three stories high, 18 x 50 feet, at Coombs alley and Chancery lane.

The William Mann Company, manufacturers blank books and Stationery, No. 529 Market Street, will soon erect a large building in the business section. It is probable that Allen B. Rorke will be awarded the contract.

PHILADELPHIA, WED'Y, JULY 19, 1893.

A New Illustrated Catalogue

Has just been issued by the Jarden Brick Company, from which a general idea can be formed of the immense resources of its brick manufacturing plant as well as the many varieties of brick embraced in its productions. The catalogue itself is a beautiful specimen of the art of printing, but without the truly artistic combinations expressed by the brick products of this concern it would differ in no way from average printing. We say this in order to lay particular stress upon the art of brick-making, which, in the Jarden Brick Company's hands, seems to have reached the highest possible artistic standard. These catalogues will be sent free to applicants.

The Stranger in Town

Is the title of a little hand-book issued by the Trades League of this city. It is intended to direct the stranger to the many points of interest; besides which it contains a summary of data presenting the greatness of the city for its educational, philanthropic and manufacturing interests, not neglecting, however, to fully emphasize the many advantages of the single family system of living. The League has also issued a World's Fair Railroad Schedule, giving the through trains of the three different railroads centering in this city, with the time of their departure, rates of fair, returning trains, etc.

Building and Real Estate Notes.

Charles E. Warfield will break ground for eighteen two story dwelling houses on the north side of Clementine Street, west of F.

On the south side of State Road, east of Comly Street, Contractor Wenzelberger if to build a two-story brick laundry building. It is to be 30 x 35 feet.

Contractor Charles O'Neill has taken out permits to make additions to the public schools at Nineteenth and Addison Streets and Pine Street, between Eleventh and Twelfth.

Plans for a store, to be built at the corner of Coombs Alley and Chancery Court, were submitted to the Board of Building Inspectors, and were approved conditionally.

Thomas Halton is to erect on Mascher Street, south of Lehigh Avenue, a three-story and basement brick mill, 20 x 45 feet 5 inches, to connect with another mill building on Mutter Street.

Pemberton & Co. are to build six three-story brick and stone dwellings, 16.3 x 51 feet, east side of Thirty-second Street, south of Montgomery Avenue, all to be of best material and workmanship.

Mt. Zion Methodist Church, of Manayunk, has purchased a tract of ground from the Jones estate, Ashland Heights, West Manayunk. A Mission Sunday School and a building for religious worship will be erected.

The Germantown Spinning Company, on the line of the Reading Railroad, near High Street, Germantown, will erect a large stone and brick pump house. The work will be done by D. Trott, contractor, of Rittenhouse Street.

The Committee on Property of the Board of Public Education, in its estimates for permanent improvements allows a total of \$1,235,000, of which sum this section is allotted \$40,000 for the six-division addition to Green Lane school building.

The permit for Nathan Snellenburg's new store, at 1220 Market Street, was issued on the 14th inst. to Contractors Weeks & Michaelson. A description of this operation has already been published in this journal from plans by W. H. MacCollin, architect.

R. C. Ballinger & Co., 218 North Thirteenth Street, have been awarded the contract to erect the new Morgue for the city on Wood Street, above Thirteenth, and will begin work at once. This structure has been fully noted in a previous issue of this journal.

J. S. Allen, mason, has received the contract for the sea wall to be erected around League Island Navy Yard, his bid being \$8 per foot lower than the only other competitive bid. Work will be started as soon as details are arranged. The contract will amount to about \$20,000.

Weeks & Michaelson have been awarded the contract for erecting the six-story store for Nathan Snellenburg at 1220 Market street, of which mention has been made heretofore. W. H. MacCollin drew the plans and will supervise the work. These were fully noted in a previous issue of this journal.

A handsome three-story stone dwelling, 27x50 feet, is to be built by Contractor William J. Gruler, on the south side of Washington avenue, east of Green street, Twenty-second ward. He also

has the contract to erect a one story brick stable, 40x35 feet, on the west side of Wissahickon avenue, north of Manheim street.

The Western M. E. Church, which has had no permanent home of its own since it sold its building on Twentieth Street to Holy Trinity P. E. Church, has secured for \$110,000 the properties Nos. 1809, 1802 and 1804 Spruce Street, and upon these lots a splendid new edifice will soon be erected.

The Building Inspectors have finally agreed to allow John G. Heighland to proceed with the erection of a fifteen-room house, 16 x 84 feet, at No. 337 Brown Street. The plans as originally presented showed five court houses, and the Inspectors ordered an immediate stoppage of the work. The plans have been revised and the work will now go on.

Alterations will be made to the First Presbyterian Church Sunday School, of Germantown, by Contractor Thomas W. Wright & Son, to cost about \$3500. The room will be greatly enlarged and two sets of galleries erected, to be used as classrooms. Also received the contract for the erection of a \$6000 stable for Mrs. B. P. Wilson, Greene and Johnson Streets, Germantown.

Joseph T. Richards, engineer of maintenance of way of the Pennsylvania Railroad Company, has prepared plans for the American Steamship Company for a huge pier shed, with a frontage of 117 feet, extending full length of the wharf adjoining the Pennsylvania Railroad ferry at Courtland Street, New York. This, when completed, will be the largest wharf shed in the world.

The Philadelphia Traction Company has decided to build a very large addition to the powerhouse at Sutherland Avenue and Riggs Street, to make room for the machinery needed to operate the Spruce and Pine Streets line, which will soon be fully equipped with the trolley system. Samuel Hart & Sons will build the new building, which will be about half as large as the present structure.

Arrangements are now being made by the congregation of the Universalist Church to erect a splendid edifice at the southeast corner of Montgomery Avenue and Broad Street. The services are now being held in the Sunday school building, which adjoins the site of the proposed new edifice. The lot has a frontage on Broad Street of about 100 feet and extends in depth a distance of 130 feet.

Among the properties standing on the Carpenter estate, in upper Germantown, recently purchased by the Drexel-Welsh syndicate, is a hotel occupied by Patrick Shields. As the latter will have to eventually vacate to make way for contemplated improvements, he has purchased the property directly opposite the hotel, occupied by David Joyce, for which \$11,500 was paid. Mr. Shields will commence at once the erection of a large hotel, to cost about \$15,000.

Contractor Allen B. Rorke is to build a five-story brick store building, 19.4 x 60 feet, for J. Clifford Wilson, painter, on the west side of Seventh Street, south of Arch.

P. P. Elkinton will commence at once the erection of forty-two houses on the west side of Spring Garden Street and the south side of Rockland Street, between Thirty-third and Thirty-fourth Streets, Twenty-fourth Ward. Twenty-one of the dwellings will be of three stories and twenty-one of two stories. The operation will cost more than \$100,000. These fronts are quite ornamental and the interior work of the best, with all modern conveniences, etc.

A fire, which for a time threatened to destroy all the stables and car sheds of the Second and Third Streets line at Frankford Avenue, as well as numerous surrounding dwellings, broke out shortly before 6 o'clock on the evening of the 16th inst. in one of the stables. Spontaneous combustion is given as the cause of the conflagration, which was discovered by the stablemen in the second-story of the stable assigned to the horses of the Frankford line. The work of building up will at once be started.

Of late the Thirty-sixth Ward has been witnessing extensive building improvements. The builders of that section have found a demand for medium-size and small dwellings with modern conveniences, and they have lost no time supplying it. Additional houses are now promised from several sources before the season is over. Amongst the recent lot purchasers is Emil Guenther, who has just secured the Baugh tract, at Thirtieth Street and Gray's Ferry Road, from Isaac Mattson for \$13,500. Mr. Guenther has another tract at Twelfth-ninth and Wharton Streets, and says he intends to commence improvements shortly.

Thomas W. Wright & Son, of Germantown, will soon begin alterations to the First Presbyterian Church, at that place. The room is to be enlarged and two sets of galleries will be built, to be used as class rooms. The cost of the change, with frescoing, will be about \$3500. The firm will also commence the erection of a colonial style dwelling for C. F. Jenkins, on Washington Lane, Germantown, to cost about \$15,000. It is to be made to resemble Mt. Vernon, the home of Washington. The same contractors, are to build a three-story brick dwelling, 45 x 56 feet, on the south side of Washington Lane, east of Green Street, Twenty-second Ward.

Mrs. Aspinwall, of Philadelphia, a lady of great wealth, is about to commence the erection of a fine and costly house at Camp Hill. The site is near the palatial Summer home of Craig Heberton, and the new building will, it is said, resemble Mr. Heberton's in architectural appearance. Camp Hill is one of the most attractive locations for building on the Bethlehem Branch of the P & R. R., and a number of conspicuous houses have already been erected there, prominent among which are the homes of John R. Fell, Alex. Ralph and Mr. Heberton. The time is coming when all the surrounding farm land of that neighborhood will be occupied by the homes of the affluent. Mr. Ralph has already staked off a portion of his farm and divided it into handsome building sites. The Pennsylvania Railroad has interested itself in these lots, which lie south of Mrs. Ralph's residence and along the Chestnut Hill branch of the "Penny," and is offering inducements to capitalists and others to build and locate upon them. The view from most of them is very enchanting, Germantown and Chestnut Hill looming up to the south and southwest in charming view.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Broomall, Delaware Co., a number of repairs will be made to the church.

—At Berwyn, Chester Co., E. A. Hunter will erect a carriage house.

—At Schwenksville, Montgomery Co., there is talk of erecting a new school building.

—At Cresson, Cambria Co., money is being raised for the erection of a new Presbyterian church.

—At Sharon, Mercer Co., Council has awarded the construction of a 24-inch sewer on Main Street.

—At Lebanon, Lebanon Co., bricklayers have commenced work on four dwellings for John D. Brown.

—At Fairchance, Fayette Co., D. J. Johnson has commenced the erection of a large creamery on his farm.

—At York, York Co., Asher Bassford has received the contract to erect the public building at that place.

—Work has been commenced upon the Delaware Co. Midlands Railroad, from Angora to Newtown Square.

—At Devon, Chester Co., Dr. James will erect a stone and frame stable. Dr. Charles M. Thomas will erect a stable.

—At Shippensburg, Cumberland Co., Messrs. Phillips & Kelso, furniture manufacturers, will erect a large addition.

—At Hatboro, Montgomery Co., Jacob Puff has received contract to erect an annex to the public school building at Prospectville.

—At Dallas, Luzerne Co., M. A. Raub's hotel, Frith's large ice house and Graham's hardware store have been destroyed by fire.

—At Coraopolis, Allegheny Co., the Coraopolis Oil Refining Company plant has been destroyed by fire, causing a loss of about \$20,000.

—It is reported that work will soon be commenced on the construction of the Pen Argyll, Dougar and Water Gap Electric Railway.

—At Curwensville, Clearfield Co., work has been commenced on the Patton building, to be used for business purposes and an opera house.

—At Wilkinsburg, Allegheny Co., Dr. Blachly, formerly of Sparta, has purchased a lot on Wood Street and will erect a handsome residence and office.

—At Bellefonte, Centre Co., the Sandy Ridge Fire Brick Works has been sold by the Miller heirs for \$28,000, and will be put in working order.

—At Erie, Erie Co., Louis Bush and others will incorporate the Penn Carbon Block Co. and erect a large building for the manufacture of carbon block.

—At Petrolia, Butler Co., the Oriental Hotel, the P. and W. depot and other business properties were destroyed by fire last week, causing a loss of about \$100,000.

—At Scranton, Lackawanna Co., the Green Ridge Lumber Company's planing mill and embossing works have been destroyed by fire, causing a loss of about \$15,000.

—At Ephrata, Lancaster Co., the Farmers National Bank has been authorized to commence business with a capital of \$50,000; H. J. Meixell as president and H. M. Shuarely, cashier.

—At West Chester, Chester Co., it is probable that the Adams Street school building will be enlarged by the erection of an addition. Excavation John Chalfant can give information.

—At Brownsville, Fayette Co., Council has passed an ordinance that the street from the iron bridge to the post office at Chalfant's corner be paved with vitrified brick and curbed with stone.

—At Quarryville, Lancaster Co., plans and specifications for the remodeling of the Reformed Church can be seen at the store of D. W. Mowrer where bids will be received for the work until about the 26th inst.

—At Shenandoah, Schuylkill Co., William Brewer, Sr., member of a Chicago brewing company, is organizing a \$2,000,000 company to locate a brewery. A site has been secured on which work will be commenced next fall.

—At Allegheny, Allegheny Co., three lots have been sold on Marshall Avenue, near Tenth Street, by Major Pentecost to purchasers, who will erect dwellings thereon. The contract price for the Masonic Hall to be erected on North Avenue is \$46,000.

—At Ambler, Montgomery Co., a syndicate is negotiating for land in the central part of the borough for a hotel. The company will be capitalized at about \$40,000. Several sites are under consideration. It is reported that J. D. Cooper will be landlord of the new house.

—At Chester, Delaware Co., the congregation of the Madison Street Methodist Church will purchase a carpet. August Kentop has been awarded contract for the erection of a brick addition, 44 x 43 feet, two and one-half stories high, to Rufe & Brothers' machine shop.

—At West Newton, Westmoreland Co., among the buildings now in process of erection are: Henry Croushore's three-story brick business block. Cost, \$15,000. The Independent Order of Odd Fellows' new hall and opera house. Cost, \$25,000. The new Methodist Episcopal parsonage. Cost, \$5000.

—At Pottsville, Schuylkill Co., at the last meeting of the School Board, the Building Committee was authorized to have a number of repairs made to various school buildings. Mr. Rich is one of the Building Committee. George A. Michel has begun work on a new dwelling on West Norwegian Street. The handsome residence of George Rishel is about finished.

—At Bethayres, Montgomery Co., Carrere & Hastings, architects, 44 Broadway, New York, have made plans for a frame dwelling to be erected in conjunction with the building of the University of the New Church. Structure will be three stories high, porches front and rear, interior in hard woods and all modern conveniences. Drawings on boards for estimates by contractors.

—At Carbondale, Lackawanna Co., John Hansen has contract for the erection of Father Coffey's new residence, of brick, with stone trimmings. Cost about \$20,000. Peter Krantz, proprietor of the Carbondale brewery, has awarded contract for his new brewery to Messrs. Schroeder and Hanson. The structure will be of brick, stone and iron, with very little wood work. It will be equipped with all modern appliances. Its capacity will be 50,000 barrels a year. The plans were made by Architect George F. Ott.

—At Harrisburg, charters have been issued to the following corporations: To the Altoona Suburban Home Company, capital \$100,000; to the Lehigh Valley Land Company, of Altoona, capital \$75,000; to the East End Coal Company, of Altoona, capital \$50,000; to the Crystal Lake Street Railway Company, of Carbondale, to run from Carbondale to Dundoff, Susquehanna County, capital \$50,000; to the Allegheny and Kiskiminitas Electric Railway Company to extend through the boroughs of Etna, Sharpsburg, Aspinall, Montrose, Hormanville, Springdale, Kennedy and Hite's Station, capital \$100,000.

—At Reading, Berks Co., the contract for extensive repairs and improvements to Trinity Lutheran Church has been awarded to Contractor L. H. Focht. A new front will be put in, the gallery remodeled and other improvements made. —The Donahower property at 545 and 547 Penn Street will be extensively improved. —The Provident Building Association No. 2 has purchased a lot, 100 x 100 feet, at the northwest corner of Locust and Windsor Streets, and will commence at once the erection of seven three-story brick, mansard roof dwellings. —At a recent meeting of the Building and Repair Committee the plans for the new school buildings and estimates for repairs were discussed. —The new front to be put in the Keystone National Bank building will be of brown sandstone. There will be two windows, each ten feet high and seven feet wide. Work will commence this week.

—At Pittsburgh, Thomas M. Armstrong has sold a site on Penn Avenue near Raup Street to Thomas McCaffrey for \$6875. Mr. McCaffrey will erect a fine residence. —M. F. Hipple & Co. has purchased a site 262 x 120 feet on Fifth Avenue and Ivy Street upon which he will erect dwellings. —W. A. Herron & Son have sold a lot 50 x 100 feet on Aiken Avenue. The purchaser will erect a fine residence. —George B. Gordon has made plans for a dwelling to be erected on Wilkins Avenue at a cost of about \$20,000. —Architect J. E. Obits has prepared plans for a handsome dwelling to be erected on Bonquet Street, for Prof. Farner, two stories and mansard roof. Cost, \$15,000. —The new armory building to be erected for the Fourteenth Regiment will cost about \$150,000. —A. & S. Wilson have taken permit for the erection of a stone and brick building on Penn Avenue for the Methodist Book Depository. Cost, \$48,000. The same builder, a permit for the Union National Bank building, stone and brick. Cost, \$8,000.

Through New Jersey.

At Millville, Cumberland County, the soap factory property of F. Hess has been destroyed by fire, causing a loss of about \$5,000.

At Paterson, the corner stone of the new Jewish temple has been laid by Mayor Barnett, who donated the site for the structure.

At New Brunswick, Middlesex Co., the memorial chapel to be erected by the Second Reformed Church congregation will cost about \$10,000.

At Woodbine, Cape May Co., two new school buildings are to be erected during the Summer. —There is talk of erecting a public hall.

At Ocean Grove, Monmouth Co., the Executive Committee of the Ocean Grove Camp-meeting Association have decided to erect a new auditorium next year with a seating capacity of ten thousand. The structure will cost \$50,000.

At Union Hill, Union Co., French, Dixon & De Saldern, 1771 Broadway, N. Y., have completed

plans for a two and a half story cottage, 27 x 50 feet, to be built for Wm. Bernes. The house will have shingle roof, and will be finished in white wood (natural finish), with hardwood mantels and staircase. The hot water system of heating will be used. The cost will be \$8000.

At Newark, E. A. Wurth, 748 Broad Street, has plans under way for the following buildings: A three-story frame dwelling, 22 x 50 feet, to be built on Huntington Street for August Schmidt, cost \$4500; a three-story frame dwelling, 22 x 50 feet, to be built for Wm. Tretmann on Camden Street, cost \$4500; a two-and-a-half-story frame dwelling, 22½ x 45 feet, to be built for Jos. Oschwald at No. 132 Ridgewood Avenue, cost \$4000; a two-and-a-half-story frame dwelling, 25 x 72 feet, to be built with all improvements for Louis Becker on Quitman Street, cost \$5100; a three-story frame flat, 24 x 54 feet, to be built for J. H. Peal at No. 125 Prospect Street, cost \$5500; a three-story frame double flat, 27 x 60 feet, to be built on Sixth Street for C. W. Heilman, cost \$6100; a two-and-a-half-story frame cottage, with hard wood finish and all improvements, to be built at Clinton Place for Fred'k Tegen, Jr., cost \$8500; a two-and-a-half-story frame cottage to be built on the northeast corner of Thirteenth Avenue and Sixth Street, for A. F. Masselbach, cost \$4800; three three-story frame stores and tenements to be built on the corner of Sherman Avenue and Emmett Street for Julius Lebkuecher, cost \$18,000. The same architect will also draw plans a five-story brick extension, 24 x 30 feet, to Schlossstein & Kiefer's factory at No. 61 Arlington Street, cost \$5000.

Washington, D. C.

Jos. C. Johnson, architect, 64 Corcoran Building, is completing plans for the erection of a three-story and cellar building for D. A. Sanford on the east side of Twelfth Street, north of Pennsylvania Avenue. The ground floor will be arranged for store purposes, and the upper floors will be built for society and lodge uses. —L. E. Dessez, architect, has prepared plans for a building to be used as a pumping station by the Chevy Chase Land Co., at Chevy Chase. It will be a one-story brick structure, 27 x 30, and will have a slate roof. Contract has been let to Jos. B. Williamson. The same architect has made plans for a new club house to be built for the Harper's Ferry Fishing Club at that point. It will be a frame structure 70 x 120, large verandas, stone foundations, white pine finish. It will be two stories, attic, shingle roof, etc. Contract has been let to a local builder. Also plans for the building of a two-story and attic frame residence for T. W. Birney at Chevy Chase. It will have a hard wood finish, shingle roof, and the heating will probably be by hot water. No contracts have been let. —Pelz & Carlyle, 145 East Capitol Street, have prepared plans for extensive remodeling, and a new back building to the premises at 1410 and 1412 G Street, northwest. A handsome main entrance is provided for as well as two new galvanized iron bay windows, etc. The back building will be a one-story brick structure, and will contain some ten or more well appointed office rooms. The will be a new steam heating plant put in, and many new improvement throughout. No contracts let. —Philip N. Dwyer, corner Fourth and E Streets, N. W., has made plans for ten houses to be erected for Geo. W. Harvey, at Eleventh Street and Maryland Avenue, S. W. Six of them will

be two stories with basements, three will be three stories, and one will be two stories. The corner house will be finished with a slate covered tower. All of the houses will be trimmed with brown stone. Latrobe heat will be used. The cost is to be \$30,000. W. S. Jones is the builder.

—Architect Jos. C. Johnson, 64 Corcoran Building, has prepared plans for remodeling D. A. Sanford's residence at 330 Indiana Avenue. Numerous improvements will be made both in the front and interior of the same. A handsome bay window, stone portico and copper cornice work will be some of the exterior features, while in the interior a tiled vestibule, hot water heating apparatus, two bath rooms, etc., will be added. —Architect Thomas Francis, Jr., has prepared plans for a residence to be erected for William Goisberg, at No. 1331 Vermont Avenue, between N and G Streets, three stories high, red brick and brown stone. —The contract for Albert Carry's new residence on the Suitland Road has been awarded to Wm. Yost & Bro. Contract price, \$9,490. Architect C. A. Didden, 709 Thirteenth Street, N. W. —Builder L. M. Byrnes will erect two brick dwellings for Robert Barrett at 610 and 612 T Street, N. W. They will be two stories and basement, and will cost about \$1,500.

Through Maryland.

At Easton, Talbot Co., Walter H. Thompson can be addressed as to alterations and improvements to the Easton Academy.

At Cumberland, Alleghany Co., Merten's Sons have the contract for the new Y. M. C. A. building. The front will be of Ohio sandstone and press brick. The structure will cost about \$20,000.

At Baltimore, it is reported that Frank O. Singer, Jr., and Charles E. Spencer, have purchased a portion of the block of land belonging to Francis Wilson, and bounded by Monroe, Appleton and Lonsdale Streets and Harlem Avenue for \$26,000. —John Kuper has purchased a lot on Eutaw Place, near Whitelock Lane, upon which he will erect two dwellings of buff Pompeian brick and brown stone trimmings. The interior will contain all modern improvements.

—David M. Newbold has purchased the site bounded by Pratt, Payson, McHenry and Pulaski Streets, upon which he will erect about seventy-five neat dwellings. —Builders Slonaker & Amos will immediately commence the erection of about fifty two-story brick dwellings. —The most important building permits: To J. F. Ridinger, to erect eight two-story dwellings; to G. E. Warfield, to erect five three-story and three two-story brick dwellings; to W. C. De Marth, to erect thirteen two-story brick dwellings; to J. F. Morgan, to erect ten two-story brick dwellings; to George Schuman, to erect one three-story and one two-story brick dwelling; to the Walbrook M. E. Church congregation, to erect a one-story frame church on North Avenue, near Tenth Street; to J. T. Heagan, to erect twelve two-story brick dwellings; to C. Gundlock, to rebuild two-story brick dwelling, No. 1223 South Eutaw Street. —Architect Stack, of Baltimore, has prepared plans for a handsome new church edifice that will be erected on the northwest corner of Thirteenth and C Streets, N. W., by the St. Benedict's Catholic congregation, Washington, D. C. The new structure will face 54 feet on C Street, running back 100 feet of Thirteenth Street. It will be constructed of Potomac blue stone, with handsome red stone trimmings. Bids for build-

TRUSTS. TITLES. DEPOSITS

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

**Any
Time**
is the right time
for everybody to
drink
**Hires' Root
Beer**

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this
delicious beverage. Don't be deceived if a dealer,
for the sake of larger profit, tells you some other
kind is "just as good" - it's false. No imitation
is as good as the genuine Hires'.

ESTABLISHED 1860.

Wants.

F. W. Cressey, Chairman of Board of Selectmen
at the Town Hall, Beverly, Mass., proposals until
July 26th, for the construction of sewers at that
place.

The School Committee at Hartford, Conn., want
architects to compete for plans for a high school
building to accommodate 500 pupils and cost not
more than \$100,000.

E. W. Mowrer and G. J. B. Raub, at Quarry-
ville, Lancaster County, Pa., want bids until
about the 25th of July, for remodeling the
Reformed Church at that place.

Frank Dill, District Clerk of Mt. Holly, N. J.,
wants bids for the erection of a school house in
Northampton Township, Burlington County.
The plans have been prepared by Architects
Moses and King, of No. 431 Walnut Street,
Philadelphia.

Edwin Stewart, Paymaster General, U. S. N.,
Washington, D. C., proposals until July 26th for
furnishing at the Navy Yard at Norfolk, Va., a
quantity of hardware, tools, hose, bolts, packing
paints, pipe and pipe fittings and copper tubing.

At Greenville, Miss I. M. Lee, City Clerk, bids
until August 1st for the construction of a water
works, with or without sewerage, under a fran-
chise of thirty years, to be owned by the city.
Plans and specifications on file in the clerk's
office at that place.

Sealed proposals for paving with concrete the
alleys in rear of premises Nos. 2103 to 2117 Norris,
Nos. 2002 to 2032 North Twenty-first Street, and
Nos. 2001 to 2043 Van Pelt Street, will be received
in this office until 12 o'clock, noon, 25th inst. M.
Veale, Health Officer, City Hall, Phila.

Proposals will be received for rebuilding toilet
room at the Southwestern Market House, corner
19th and Market Streets. Plans and specifications to
be seen at the office. All bids to be in before
July 31st. Bond for double the amount to accom-
pany bids. Thomas J. Lister, Superintendent.

Proposals for the erection of a new school
house 24x28, on Rock Run, will be received by
Chas. Wandover, secretary, Annin Creek, Pa.,
until July 29th. Specifications can be seen at the
residence of Chas. Wandover, Annin Creek.
The contract will be let to the lowest bidder at
the farm of William Landrigan, Rock Run.

Proposals for Street Lighting. Office of the
Commissioners D. C., Washington, June 22, 1893.
Sealed proposals will be received at this office
until 1 o'clock P. M., August 1, 1893, for lighting
the Streets of the District of Columbia for a
period of ten years or less. Specifications and
blank forms of proposals may be obtained on
application. J. W. Ross, M. M. Parker, C. F.
Powell, Commissioners, D. C.

Sealed proposals will be received at the Berk's
County Prison until August 1st, 1893, for furnish-
ing the prison with 225 tons of pea coal and 50
tons of stove coal from either the Indian, Ridge
or Boston Run collieries. Proposals shall be made
per ton to 2240 pounds delivered. The right is
reserved to reject any or all bids. Proposals
marked for coal and addressed to prison. By
order of the Board. John E. Henry, Secretary,
Reading, Pa.

Sealed proposals for the building of a brick
dwelling house for J. J. Nissley, Esq., of Hum-
melstown, Pa., will be received at the Hummels-
town National Bank, until the 22d day of July,
1893, at 3 o'clock P. M. Plans and specifications
can be seen at the office of Grove & Strite, archi-

ects, 17 North Third Street, Harrisburg, Pa. A
bond for two-thirds of the amount of bid must
accompany each proposal. The right is reserved
to reject any or all bids. J. J. Nissley.

Sealed proposals will be received until noon of
July 26th, for the re-flooring of the hallways of
the Cooper School, with maple flooring 1 inch
thick and 2½ inches wide. All bids must be
accompanied by a certified check of \$25, for the
faithful performance of the work. The said
check to be returned when the contract is
approved by City Council and the Commission.
The committee reserves the right to reject any or
all bids. Address all bids to A. T. Dobson, M. D.,
Fourth and Penn Streets, Camden, N. J.

Proposals for Coal.—Proposals will be received
by the Household Committee of the West Chester
State Normal School for supplying the institu-
tion with 600 tons of Lykens Valley pea coal,
400 tons of bituminous coal from the Sonman
mine or Altoona Coke and Coal Co.'s bituminous
coal, and forty tons of Lawrence or Draper egg
coal. The coal must be free from slate and dirt,
2240 pounds to the ton, and weighed upon the
Normal School scales. The coal must be
delivered in such bins and at such times
as the Committee or Steward may direct. Sealed
bids must be in the hands of the undersigned by
Monday, July 24th (Twenty-fourth), at 12 o'clock
noon. The Committee reserve the right to reject
any or all bids. Bentley Worth, Chairman.

Sealed proposals will be received at the office
of Dr. J. E. Carpenter, Chairman of the Building
Committee of the Board of Trustees of the Reform
School, 604 Fifth Street, N. W., Washington,
D. C., until twelve o'clock M., on Monday, July
24, 1893, for constructing one family building on
the grounds of the Reform School. Blank forms
of proposals and specifications, together with all
necessary information, can be obtained, upon
the application therefor, at my office, and only
bids upon these forms will be considered. The
right is reserved to waive defect and to reject
any and all bids. J. E. Carpenter, Chairman
Building Committee, 604 Fifth Street, N. W.

Office of the Commissioners District of Colum-
bia, Washington, D. C., July 13, 1893.—Sealed
proposals will be received at this office until 12 M.,
on July 21, 1893, for constructing a two story,
eight-room schoolhouse on the southwest corner
of Fourteenth and G Streets, N. E., on square
1028. Blank forms of proposals and specifications,
together with all necessary information, can be
obtained upon application therefor at the office of
the Inspector of Buildings of the District of
Columbia, and only bids upon these forms will be
considered. The right is reserved to reject any
and all bids. J. W. Ross, M. M. Parker, C. F.
Powell, Commissioners District of Columbia.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

Wants.

Proposals.—Sealed proposals will be received by the undersigned on or before 12 o'clock noon, Saturday, 22d July, 1893, for the erection of an emergency hospital, to be built on the County Farm. Plans and specifications may be seen after Thursday, 13th July, at the Commissioner's office, court house, or at the office of Alexander F. Smith, architect, 27 North Sixth Street, Reading, Pa. The right is reserved to reject any or all bids. (Signed) Cyrus W. Kaufman, Franklin Seidel, Jarius H. Reeser, County Commissioners. Attest: Wm. H. Rothermel, Clerk.

Supervising Architect Jeremiah O'Rourke, Treasury Department, Washington, D. C., proposals until July 25th for all the labor and materials to put in place complete bar columns, steel and iron floor, ceiling and roof construction, ceiling light, skylight roof, etc., for the U. S. Post Office building at Worcester, Mass. Also until August 4th for furnishing and delivering at places of destination the post office lock boxes, lock drawers, locks, pulls, plates, etc., for the U. S. Public Buildings during the fiscal year, ending June 30, 1894. Also until July 27th for heating apparatus for the U. S. Treasury Department Building, photograph gallery of the Treasury Department and the Winder Building, at Washington, D. C. Also until August 4th for the stone and brick work for the first story, the first story iron columns, the second floor girders, I beams and wood joists, etc., for the U. S. Post Office building at Richmond, Ky. Also until August 2d for all the labor and materials required to put in place the steel and cast iron columns in basement of first story, steel and iron floor construction for first, second and magazine floors, etc., for the U. S. Post Office building at Washington, D. C. Also until August 9th for all the labor and materials for the excavation, concrete foundations, cut stone and brick work, iron and wood floor, ceiling and roof construction, roof covering, drainage, approaches, etc., for the U. S. Post Office building at Staunton, Va.

[ENTERED AT THE PHILADELPHIA POST OFFICE AS SECOND CLASS MATTER.]

VOL. VIII.—No. 30.

PHILADELPHIA, WEDNESDAY, JULY 26, 1893.

PRICE 15 CENTS

Architect Notes.

R. G. Kennedy and Frank A. Hays, architects, formerly of the Drexel Building, have taken a suite of rooms in the Philadelphia National Bank Building, Chestnut Street above Fourth, where they will be happy to welcome clients and friends.

J. C. M. Shirk, architect, has fitted rooms in the Philadelphia National Bank Building for the purposes of his profession. These are peculiarly well adapted for this work being well lighted and airy. Mr. Shirk is engaged upon the preliminary work of a number of plans which we shall note further advanced.

Horace Trumbaur, architect, 310 Chestnut Street, Phila., has made plans for two fine colonial houses to be erected by W. S. Kimball at Forty-first and Spruce Streets. They are to be three stories high, of buff brick and white trimmings with hard wood on interior as well as all modern conveniences, etc.

Chas. M. Burns, Jr., architect, 717 Walnut Street, Phila., has made plans for a large six or seven story publishing house to be erected at 14 North Seventh Street, and awarded the contract to Rush J. Whitesides & Sons, 2310 Wallace Streets. The structure will be of stone, brick and iron as well as slow burning construction and fitted with steam heat, power, and all modern conveniences. Work to be started at an early day.

R. G. Kennedy, architect, 421 Chestnut Streets, Phila., has made plans for an addition to the Blind Man's Home, Thirty-sixth and Lancaster Avenue. The structure will be four stories high of brick and granite construction. The area covered is 85 x 87 feet; tin roof, interior will be sub-divided into offices, work rooms, packing rooms, and furnished with all modern conveniences. The contract has been awarded to Charles McCaus.

Thomas P. Lonsdale, architect, Manhattan Life Building, Phila., has been engaged to prepare all plans, preliminary and regular, for the new Western Methodist Church to be erected at Eighteenth and Spruce Streets. The details as to material and general construction have not as yet been fully agreed upon, but will be considered at an early day. Enough has developed to say that when erected it will be one of the finest churches in this city.

Charles Balderston, architect, 314-20 Walnut Street, is preparing plans for a factory building at 1028 Race Street, which will be utilized for the manufacture of paints. The structure will be three stories high, 30 x 50 feet and two stories back, extending the building 170 feet to rear

street. Fitted with two freight lifts and steam power and heat. Offices and salesroom will be placed in the front. All modern improvements will be introduced. Mr. Balderston is also making plans for a barn of large dimensions to be erected on the farm of L. Balderston, Cecil Co., Md.

Hazelhurst & Huckel, architects, Drexel Building, have on boards plans for estimate for a high school building to be erected in Millville, N. J., to be 65 x 75 feet, basement and two stories high, buff brick and stone, slate roof, steam heat and good modern improvements. Also plans for a house on Green Lane, above Chelton Avenue, Germantown, for Mr. Sansom. Also alteration and addition to a house on Wistar Street for J. S. Rosenthal. Also plans for alteration and addition to house of W. S. Cramp, at 1227 North Broad Street. These include almost an entire new building except the main walls. Interior will be in hard woods, best heat and plumbing systems and every modern convenience.

Horace W. Castor, architect, 4642 Frankford Avenue, Frankford, Phila., has made plans for alteration to the residence of Wm. B. Allen, Penn Street, Frankford, consisting of making the residence into two cottages, by running a party wall in centre of present house and building on the sides and rears. When finished will give one house with 10 rooms and bath, and another with 13 rooms and bath. Tile bath rooms stained glass, hot water heating, electric wiring complete, stone porch, cement paving. Also plans for 8 two-story houses for William B. France, southwest corner of Harrison and Mulberry Streets, Frankford. Cement work, hot air heating, wardrobe and slate and wood mantels, etc. Also drawings for a drug store and dwelling for Walter K. Lits, to be built on Frankford Avenue, opposite the new Reading depot. The entire building, which will be 25 ft x 90 ft, will be located on ground recently purchased from Jos. Ball for \$5000. The store will be 50 feet long, the prescription desk and laboratory will be arranged in full view of the public, with improved shelving and desks complete, the floor of store will be tiled, the general fittings will follow closely the New York style of drug stores, it being the intention of the owner to make this store one of the most complete in Philadelphia. The building will be 3 stories high, hot water heating, fifteen rooms, and basement rooms for storage of drugs, electric lighting, plate glass, ornamental brick, terra-cotta, and cut stone front.—The alterations to "Old Jolly Post" hotel, of Revolutionary fame, in Frankford, consisting of new porch with upper deck, etc., and interior work

are about completed from drawings made by the same architect.—Work was begun on the new damask mills for Richard Thorpe, in Frankford, on the 21st, one-story weave shed, 60 x 100 feet, saw-toothed sky-light, plank roof and floor; boiler house, 25 x 45 feet, cement floor; engine-house, 20 x 30 feet, cement floor; office 18 x 20 feet; stack 80 feet high.

Day & Coates, architects, Drexel Building, have in preparation plans for alteration to the Presbyterian Walnut Street Church, between Thirtieth-ninth and Fortieth Streets, West Philadelphia. These contemplate an entire renovation of the building, adding to seating capacity about 300. Also removal of the organ loft from front to rear over the pulpit. A keyboard attachment will be made from the Sunday school, which will operate upon the organ in the church, utilizing it for both purposes. The seats will be in hard wood and the upholstering throughout of the best, while the entire construction of the interior will be what is known as open wood or truss work. The school proper will be located in rear of the main body of the church. A handsome porch of dark brown stone will be placed at the front of the building with a tessellated marble floor and the ceiling in hard polished pine wood. The structure will be lighted by electricity and heated by hot air, the light being mellowed somewhat by a pleasant shading in rear of columns, etc. When completed this edifice will be second to none in beauty and comfort. Also plans for alterations to Sunday school of the Methodist Church at Morton, Delaware Co., Pa. Estimates are being made. Also plans for alteration and addition to a residence for Mr. J. Stevenson, at Bell and Baring Streets. These will be quite extensive, and include all kinds of interior as well as exterior work. All modern conveniences, etc.

Building and Real Estate Notes.

The Germantown Spinning Company is going to put up a brick and stone pump house.

In the matter of awarding the contract for the erection of the Bourse Building in this city, the contracts were opened on the 25th inst., and Allen B. Rorke found to be the lowest bidder upon the work, but his estimate being beyond the amount appropriated for the construction, it was decided to allow a review of his figures in conjunction with the architects, and if sufficient cutting down cannot be made to meet the figures of the building committee, then either a limited or a general invitation will be issued to re-estimate. The various amounts ran well in the vicinity of \$1,500,000.

PHILADELPHIA, WED'Y, JULY 26, 1893.

Deeds Must be Recorded to be Valid.

The Act of Assembly approved by the Governor May 19, 1893, relative to the recording of deeds, etc., is of great importance. The Act is intended to be a safeguard against fraud and provides as a remedy that all deeds and conveyances made in the State of Pennsylvania after the passage of this Act, shall be recorded in the office of the Recorder of Deeds in the county where the lands lie within ninety days after the execution of such deeds or conveyances, and any deed executed in this Commonwealth and not recorded within the time specified shall be deemed fraudulent and void against any subsequent purchaser for a valid consideration or mortgage or crediting of the grantor. The Act further provides that all such deeds and conveyances which shall be made and executed out of this Commonwealth after the passage of this Act shall be recorded in the office for the recording of deeds in the country where the lands and hereditaments specified in such deed or deeds do lie, within six months from execution thereof. All deeds must be recorded within the period of ninety days from date of execution. After ninety days the holder of unrecorded title is liable to lose it for want of record. This Act also applies to conveyances made and remaining unrecorded prior to the date of this Act, and is extended to creditors of vendors.

The Equitable Trust Co., 624 Chestnut Street, Philadelphia, presents a fine exhibit of financial success in their fourth semi-annual dividend which has just been paid the stockholders. No company has made more rapid strides from a business standpoint, or more completely gained the confidence of the public than this young and well managed institution under the Hon. William F. Harry's supervision and his able staff

of subordinate officers. We gladly present herewith the statement just issued: The Equitable Trust Company has just declared its semi-annual dividend of one dollar per share (four per cent.), this being the fourth semi-annual dividend paid to its stockholders. The statement of the business of the company for six months ending June 30, 1893, shows the total deposits to be \$1,779,035.13, and the net profits for six months to be \$36,242.19. The undivided profits of the company now amount to \$107,638.66.

The death of Col. Richard T. Auchmuty, at Lennox, Mass., on the 18th inst., is to be deplored as a national loss, and one that will be felt in the foremost ranks of those who are to-day advancing the interests of the young men of the nation in obtaining trades and professions in all their various ramifications. Col. Auchmuty was especially kind and extremely liberal in donating for several years money from his private fortune to the support of the Philadelphia Trade School under the patronage and supervision of the Builders' Exchange of this city. He has by his care and benevolence toward the young men of this nation reared a lasting monument to his memory and commands the reverence due to his high and lofty character.

The Keystone Plaster Co., of Chester, Pa., with offices at 16 South Broad Street, are having erected in the main office of their suite a fine specimen of their product, showing the adaptability of Adamant Plaster for fine interior as well as exterior uses. The work is being executed under the supervision of Mr. Turley Allen, the well-known plasterer, and will in a few days be ready for exhibition. Mr. Fred A. Hobart, the company's representative, will at any time be glad to receive those who may call for the purpose of inspection or inquiry.

Building and Real Estate Notes.

Extensive alterations are about to be made at Women's Hospital, Twenty-second Street and North College Avenue, by Contractor Wartman.

C. F. Jenkins will soon commence the erection of a \$15,000 colonial house on Washington Lane, Germantown. It is to closely resemble the Washington Mansion at Mt. Vernon.

P. F. Shields, the hotel man in Mt. Airy, has bought the property occupied by David Joyce and owned by the Carpenter estate for \$11,500. Mr. Shields will put up a \$15,000 building.

Three handsome three-story brick dwellings are to be put up by Charles H. Lafferty, owner, on the north side of Christian Street east of Twentieth Street, in the Thirtieth Ward.

J. B. F. Johnson, contractor, will at once commence an operation of twenty-two two-story brick dwellings in the twenty-sixth ward, on both sides of Emily Street, west of Fifteenth Street.

Plans have been prepared for alterations to the Centennial Bank, at Thirty-second and Market Streets. Work is to be begun as soon as the builders submit their estimates for making the changes.

Philadelphia builders have been asked to make estimates for building a new dormitory at the University of Vermont; a large factory for G. H. Henderson at Eleventh and Race Streets, and a residence for S. H. Reynolds at Lancaster.

J. H. Stevenson & Son are to build eight three-story brick dwellings, 15 x 52 feet each, on the south side of Susquehanna Avenue west of Twenty-second Street, all to be of press brick, stone trimmings and best interior work, etc.

The old Urruh house at Main and Church Streets, Germantown is being torn out on the Church Street side to permit of the widening of the pavement pursuant to an order of Court. The owners received \$2600 damages from the city.

A 30-inch water main to cover a distance of 16,000 feet is being laid from the new Roxborough basin to Hartwell Avenue and Main Street, Chestnut Hill to connect with distributing mains in the Twenty-second and Twenty-eighth Wards.

Work will be begun at once on the new veterinary stable for the city's horses at Eleventh and Wharton Streets. The building will be one story high, with a frontage on Wharton Street of 33 feet and extending back 140 feet. Doyle & Doak are the contractors.

Plans have been prepared for Wilbur Hipple for the erection of twenty-five three-story dwellings on the west side of Thirteenth Street, between Susquehanna Avenue and Dauphin Street. The buildings will be constructed of buff brick with red stone trimmings.

The city has purchased a property 80 x 140 feet at Nos. 2110 and 2112 Market Street, where it is proposed next year to erect a combination fire house. It is to include a water tower, accommodations for a Hayes truck, patrol service and other apparatus. The lot cost \$30,000.

Builder McNutt is about to prepare a two-story building at the southeast corner of Girard Avenue and Leopard Street, for school purposes. The Board of Education will rent the place, and transfer to it several primary classes that have been occupying rooms in the Northeast Manual Training School building.

Mr. Robert Thompson states that he is shortly to begin extensive alterations at Eleventh and Chestnut Streets. Having secured the adjoining property, he proposes to combine the two stores into one, arranging the different departments in such a manner as will please his patrons, and greatly facilitate the growing demands of his trade. The boys' and youths' departments will be greatly enlarged, and combine numerous attractions for the young men as well as the older ones.

Charles R. Jarden will make extensive alterations and improvements at Nos. 12 and 14 North Second Street.

A large addition is being built to the Sunday School rooms of the Paul Street Methodist Church, at Frankford.

Bids were opened on the 18th inst. for the work of altering the old Girls' Normal School building, at Seventeenth and Spring Garden Streets, to accommodate more pupils. The bids ranged from \$4500 to \$6000, but the contract was not awarded.

It is generally understood that new bids will have to be made on the "Lorraine Apartment House" to be erected at Fairmount Avenue and Broad Street. The whole work will be under the general supervision of Willis G. Hall, architect, who prepared all the plans. The contract will be awarded under a building committee of those who are stockholders.

The Carpenter Improvement Company has commenced operations on 16 houses on Franklin Street, which are to be followed by others on Cresheim Road. The latter is being graded and both streets are to be provided with sewers. About 200 houses are to be built, and when completed, in about a year, are to have electric lighting and steam heating.

Preparations are being made for the erection on the southwest corner of Eighteenth and Spruce Streets of a fine edifice for the Western Methodist Episcopal Church, which sold its own property, on Twentieth Street near Walnut, to Holy Trinity Church for a guild house. Another Methodist Church, Mt. Zion, of Manayunk, is to build a Sunday school and mission building at Ashland Heights, West Manayunk.

Builder John Stafford, 606 Susquehanna avenue, is about to begin work on the largest dwelling-house operation of the season. He will build in all 85 houses, at a cost of \$240,000, in the north-western section of the city. Thirty-three two-story houses will be erected on the north side of Boston Avenue, west of Twentieth Street, and 20 similar ones on the opposite side of the avenue. These will be 15 feet front, the main building 24 feet deep, and will have large back buildings. On the north side of York Street, west of Twentieth, 32 three-story houses are to be built, the main buildings 15 x 25 feet. The houses will all be of brick, with brownstone trimmings, and will be pushed to an early completion.

A decision of the Supreme Court of Pennsylvania was rendered on the 19th inst., in the matter between the city of Philadelphia and the Public Building Commission, who ask for a special injunction restraining the Mayor and Director of Public Works from assuming charge of the buildings. The effect of this injunction is to place the Public Buildings immediately within the control of the Commission, and it may be regarded as final in its effect, because the questions raised in the bill and discussed at the argument were solely as to the constitutionality or the unconstitutionality of the act of Assembly, and the issuing of the injunction, therefore, shows that the court in making the order considered this bill to be unconstitutional. Technically, however, the decision is not final. Because the Supreme Court took original jurisdiction in the matter, as it is authorized to do where corporations are defendants in equity, and though the special or preliminary injunction has been issued, it does not debar the city from proceeding under the rules of equity to a final hearing upon the bill, answers and proofs. Whether this course shall be pursued, or this decision regarded as final, is for the city authorities to determine.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Royaltown, Dauphin Co., the corner stone of the N. B. Church has been laid.

—At McDonald, Washington Co., a new fire department has been organized, with J. A. Kelley as chief.

—At Reynoldsville, Jefferson Co., the Woolen Mills have been destroyed by fire causing a loss of about \$100,000.

—At Allentown, Lehigh Co., the School Board has accepted plans for a high school building to cost about \$30,000.

—At Greensburg, Westmoreland Co., the new depot to be erected by the Pennsylvania Railroad Company will cost about \$75,000.

—It is reported that the Pennsylvania Railroad Company will erect a bridge over the Monongahela River at South McKeesport.

—At Johnstown, Cambria Co., the Penn Traffic Company will erect a three-story warehouse, to cost \$30,000. Contract let.

—At Verona, Allegheny Co., President of the Suburban Water Company, wants bids for a system of water works. See want columns.

—At Norristown, Montgomery Co., Albert Manch has purchased the Centre Square Hotel for \$15,000, and will make extensive improvements.

—At Kennett Square, Chester Co., the corner stone for the new Second Baptist Church will be laid August 13th next. Rev. J. W. Brown is pastor.

—At Norwood, Delaware Co., contract for the stone work of the Prospect Hill Baptist Church has been awarded to Alexander Brothers, of Glenolden.

—At Bethlehem, Northampton Co., the committee on the proposed free bridge over the Lehigh, will this week appoint a committee to carry on the work.

—At Wayne, Delaware Co., contract for erecting the temporary chapel of frame 37 x 71 feet has been awarded to Harlan J. Preston of that place for \$1500.

—At Lennett, Allegheny Co., W. S. Cooper Town Clerk, P. O. Box 199 Bennett, Pa., will receive bids for the construction of an iron bridge. See want columns.

—At Mahanoy City, Schuylkill Co., a new hose company has been organized to be known as The German American Hose Company No. 3. Frederick Kiltich is Secretary.

—At Downingtown, Chester Co., Abraham G. Overholt, has received contract from William C. Newell for the erection of a dwelling on East Court Street, cost about \$5000.

—South Bethlehem Northampton Co., Thomas Daron, chairman of Lockup Committee, will receive bids until August 7th for five double or ten single iron cells. See want columns.

—At Doylestown, Berks Co., William F. Kelly Jr., agent, has sold a piece of land on East Street near Maple Avenue to Francis J. Curley, of New Britain, who will erect a dwelling thereon.

—The P. & R. Company has established a new station at the site of the new State Asylum near Wernersville on the Lebanon Valley Road. The new station will be known as South Mountain.

—At Hecla, Schuylkill Co., one of the abutments of the bridge has fallen and another will soon go. County Commissioners De Turk Browes and Reed can give particulars as to what work will be done.

—At Auburn, Schuylkill Co., it is reported that D. I. Driscoll has purchased the machinery of the Hamburg Rolling mills, and that he will remove it to Auburn, erect a mill and operate it in connection with his nut and bolt works.

—At Morton, Delaware Co., Morton Council, Jr., O. U. A. M., has started a National movement to secure funds for the erection of a monument, forty feet high, ten feet base at a cost of about \$10,000, to mark the grave of John Morton.

—At Pottsville, Schuylkill Co., Contractor Lewis Grant, has been awarded the contract for lining the Queen's Lane reservoir at Germantown, Philadelphia. The work will require nearly a year, during which time Mr. Grant will make his home in Philadelphia.

—At Williamsport, Lycoming Co., the County Commissioners have awarded contract to Messrs Smith & Campion, of Mahanoy City, for the repairs and rebuilding of the bridge piers of the Market Street bridge at Williamsport. Price \$7318. Work to be completed by October 15th next.

—The work of laying out the new glass town South McKeesport, is proceeding rapidly. Streets will be paved and sewered, water and electric light plants established, and a street car line to McKeesport built at once. Foundations for two glass houses and a hotel were commenced this week.

—At Marcus Hook, Delaware Co., Council has decided to erect a borough hall, three stories high, 32 x 50 feet, with a 16 foot annex for a lock-up, for which ground has been purchased. Magistrate Vernon has the plans and can give further particulars.—The foundations are being laid for a store and dwelling for W. H. H. Heacock on Main Street.

—At Quakertown, Bucks Co., the borough building will be enlarged by the erection of an addition which will be used as a council chamber a lockup and a place for the storage of fire apparatus.—Work is being pushed on the new park and the race track will be completed this fall.—The cornerstone of the Reformed Church will be laid August 13th.

—At Pittsburgh, J. E. Allison, architect, Penn Building, will receive bids for the erection of a school house. See want columns.—A Presbyterian church congregation has purchased a lot on Boquet Street, opposite the school house, upon which they will erect a handsome edifice.—J. W. Chesswright and A. E. Neiman have broken ground for two brick dwellings on Stratford Avenue, cost about \$8000 each.—F. C. Kolne has taken permit for a terra cotta and cement dwelling to be erected on Jenkins Street, cost about \$4500.—J. C. Reilly has sold a lot 63 ft x 210 feet, on Penn Avenue, to the Excelsior Express and Cab Company, upon which they will erect a suitable building for their business.—Ira M. Burchfield has sold land on Squirrel Hill to parties who will erect five dwellings.—John K. Ewing & Co. have sold a piece of land to Charles A. Roland, upon which the purchaser will erect a handsome residence.—Alfred N. Bean & Co. have sold No. 309 Fifth Avenue to parties who will convert the building into a store.

—Schlot & Meyer have taken permit for six brick dwellings for Mrs. C. C. Jones.—H. E. Steffer has taken permit for a brick dwelling for Mary MacConnell, to cost \$8000.—J. C. McSpidar has taken permit for a stone dwelling for Mary G. Klaus, to cost \$7500.—It is expected that work will be commenced about the first of August on the Lincoln Avenue M. E. Church, to cost about \$20,000.

—At Reading, Berks Co., the County Commissioners have recurred plans from Architect Smith, for the new emergency hospital to be erected at the almshouse. They provide for a frame building, two-stories high, which will contain a kitchen, dining-room, bath room wards for the patients and sleeping apartments for the nurses.—The managers of the Reading Cotton Mills have decided to erect a 2-story brick dwelling, 25 x 100 feet, to contain all modern improvements. Contractor Foeltz will do the work.

—At Spring City, Chester Co., Messrs Deimer & Wilt will make a number of improvements to the interior of their building, and put in electric lights.—Workman are engaged at the Spring City Inn, digging out what was to have been the driveway. A change in the plans of the building will take the space to enlarge the corner room. The driveway will be at the rear of the building.

—At Lansdowne, Delaware Co., John Gibson has sold a half acre of land on Lansdowne Avenue opposite the residence of W. Albert Johnston, to B. B. King, of Philadelphia, who will erect a fine residence.—Contractor Sims has commenced work on the construction of the Philadelphia and Newtown Railroad.—Councilman W. Albert Johnston can give particulars as to the proposed purchase of a fire engine.

—At Swarthmore, Delaware Co., citizens are petitioning for the erection of a bridge from a point near the Burney House, on the Chester road, to a point at Crum Creek, below Strath Haven Inn, leading to Wallingford, the cost of which is estimated at \$10,000.—I. A. Walker & Son have received contract to erect a six-room dwelling for M. McKenna.—A fine residence will be erected for Dr. Isaac G. Smedley, of Philadelphia.

—At West Chester, Chester Co., Board of Managers of Assembly Building are considering a proposition to remodel the entire third story and rent it to a secret society. The Trustees of the State Normal School have decided to erect an addition to the building 50 x 31 feet, to be used as a kitchen. Cost, \$5,000.—The corner stone for the Chester County Hospital was laid last week. The structure will be of brick and stone and have all modern improvements. Cost about \$15,000.

—At Conneltsville, Fayette Co., plans and specifications for the new Roman Catholic Church of the Immaculate Conception can be seen at the pastoral residence on Prospect Street. Bids for the erection of said church will be received until July 31. Estimated cost about \$25,000. The structure will be of press brick and stone trim front.—The school directors of Conneltsville township have awarded the contract for the erection of a brick school house at Rock Ridge to William Rhodes for \$1189.—The Baltimore and Ohio Railroad Co. will soon erect a large derrick at the station.

—At Chester, Delaware Co., Fred Betz, the Philadelphia brewer, will erect a handsome building on Third Street adjoining the Park Hotel, the first floor will be used as a first class cafe, the second will be used for club rooms. Plans and estimated cost will soon be prepared.—The proposed new church for the First Baptist congregation, will cost about \$30,000. The work will be pushed in order that the structure be roofed in before Winter comes.—The Good Will Fire Company has purchased a lot on Providence Avenue near Fifth Street, where they will erect a two story brick house at a cost of about \$3000.

Through New Jersey.

At High Bridge, Hunterdon Co., a movement is on foot to start a water company.

At Morristown, Mercer Co., the corner stone of the First Presbyterian Church was laid last week.

At Wildwood, Cape May Co., the New Jersey Baptists have decided to establish a seaside resort.

At Fair Haven, Monmouth Co., George Smith is to superintend the construction of the new docks.

At Pedricktown, Salem Co., the corner stone of the new Columbian Red Men's Hall was laid last week.

At Merchantville, Camden Co., D. Leonard Moor & Co. will erect a dwelling on Park Avenue. Cost about \$5000.

The Board of Gloucester County Freeholders has appropriated \$5000 for the construction and maintenance of bridges.

At Lindenwold, Camden Co., Contractor Parker has commenced work on the erection of a dwelling near the depot.

At Rosedale, Atlantic Co., the trustees of the Methodist Episcopal Church have purchased a lot of ground at that place.

At Swedesboro, Gloucester Co., J. James will erect a block and public hall on the site of the Ford property recently destroyed by fire.

At Collingswood, Camden Co., Edward H. Cotter has purchased a lot in West Collingswood, upon which he will erect a double dwelling.

At Sunny Side, Hunterdon Co., the Creamery Company has purchased a building lot of George Kinney and will erect a building, 20 x 95 feet.

At Riverton, Burlington Co., a movement is on foot favoring the erection of a hotel on the river shore to contain two hundred rooms and cost about \$100,000.

At Cramer Hill, Camden Co., the Presbyterians will organize a new congregation and erect a new church.—The corner stone of St. Joseph's Catholic Church was laid last Sunday.

At Gloucester City, Camden Co., it is reported that Dr. Lapp will erect a fine residence on his lot on Monmouth Street.—The corner stone of the St. Mary's school building was laid last week.

At Long Branch, Monmouth Co., Messrs. Sewing & Jeffrey have been awarded contract, by the Board of Education of School District No. 85, for the erection of a school house. Price, \$17,310.

At Hightstown, Mercer Co., George W. F. Bennett will erect a frame dwelling, 45 x 35 feet, colonial style. Plans prepared by George Palliser, of 24 East Forty-second Street, New York. Cost about \$4000.

At Lambertville, Hunterdon Co., it is reported that the Board of Freeholders intend to tear out the old stone bridge on the Alepskaen road and replace it with a substantial structure.—George W. Arnett has purchased the Schineck property, on Perry Street, and will improve the same.

At Asbury Park, Monmouth Co., \$20,000 has already been raised for the new First Presbyterian church, to cost \$30,000, for which the corner stone was laid August 17th. James A. Bradley has agreed to donate to the Rev. Henry Ihowizi, the rabbi of the Adath Jeshurun Church, on Seventh Street, Philadelphia, a large plot of land on Fifth Avenue, Asbury Park, for a synagogue, provided the Rev. Ihowizi agrees to raise \$20,000 for a building fund. Mr. Bradley has started a subscription fund with \$500. Prominent Hebrews here promise to assist the rabbi.

At Mount Holly, Burlington Co., contract for the new public school building has been awarded to J. B. Huff, of that place, for \$25,310. The structure will have fourteen class-rooms and principal's and teachers' rooms. It will be faced with stretcher brick and have stone and terra cotta trimmings.

At Ocean Grove, Monmouth Co., at a meeting of the Camp-meeting Association, held last Thursday, the 20th, plans were received and approved for an auditorium to seat 10,000 people, with galleries on three sides. It is intended to be one of the finest buildings of the kind in the United States. The estimated cost is fixed at \$50,000, as before reported.

At Newark, Mrs. Benjamin Eekte will erect a two-story double frame flat dwelling, 42 x 54 feet, from plans prepared by George Polliser, No. 24 East Forty-second Street, New York.—Contracts for the erection of No. 12 engine house has been awarded as follows: Mason work, James Moran & Son, \$4187; carpenter work, Theodore Gibson, \$3198; plumbing, Elias Beria, \$1239; painting, Ridler & Fischer, \$325.

Through Maryland.

At Cambridge, Dorchester Co., Robert L. Holiday, Superintendent of the Delaware Railroad, has purchased Cherry Island, which contains about ten acres of ground, upon which he will erect a club house and make it a fishing and gunning place.

At Baltimore, the most important permits issued to date are as follows: To E. Blade, to erect two three-story brick dwellings; to R. Dunn, to erect a two-story brick dwelling; to W. A. Bolton, to erect twelve two-story brick dwellings; to J. F. Hirt, to erect six two-story brick dwellings; to William C. De Muth, to erect twenty-two two-story brick dwellings; to Vincent Hageman, to erect twenty-four two-story and ten three-story brick dwellings.—The foundations for the music hall to be erected at the corner of Mt. Royal and Maryland Avenues, have been completed.—John Borgiana and others have incorporated the Borgia's Little Giant Water Motor Company for the manufacture of motors, fans, etc., with a capital of \$10,000.

Through Delaware.

At Wilmington, the Building Committee of the proposed German Lutheran Church has been instructed to obtain plans for a less costly edifice than that called for in the original plans.—John Mulvena is the contractor for the \$50,000 school building now in course of erection, the plans for which was prepared by Architect E. L. Rice, Jr. The corner stone of the Harrison Street M. E. Chapel was laid last week. Bids have been opened at the United States Engineer's office for dredging and excavating for the construction of an inland waterway that will complete what is known as the Assawoman canal, between the Chicoutague and Delaware bays. The engineer will recommend the award of contract to Peter McManus of Philadelphia who bid 21 cents per cubic yard, and proposes to complete the work by August 1st, 1894.

Washington, D. C.

Builder Henry Lansdale will build two brick dwellings for W. A. Gordon, trustee, at 1413 and 1415 Twenty-ninth Street, N. W. The cost will be about \$9,000.—Contractor John H. Howlett has contract for a three-story and basement brick dwelling for W. G. McDowell, at 1420 Rhode Is-

Miscellaneous.

White Sulphur Springs, Greenbrier Co., W. Va. The church which Rev. T. H. Collins proposes to build will cost about \$3,000.

At Clarksburg, Harrison Co., W. Va., The Merchants National Bank will erect a banking house and invite bids for the same.

At Florence, Florence Co., S. C., the Baptist Church building committee has decided to erect a new church to cost about \$10,000. Rev. R. W. Sanders can give particulars.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

LOGICAL

If you are interested in Building Houses or Furnishing
House Materials, Plastering, Plumbing, Lumber, or in any
other shape connected in a business way with Real Estate
interests you should know that there's a vast difference
in prices.

You are not likely to buy anything out of
second hands that can be had of first hands.

Then you should know that we are the largest
manufacturers of Clothing in the world. That's
all on that score.

We have also added the sale of Furnishing Goods,
Hats and Shoes to our Market and Twelfth Street
business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

Wants.

TREASURY DEPARTMENT, Office Supervising Architect, Washington, D. C. July 18, 1893. Sealed proposals will be received at this office until 2 o'clock P. M. on the 3rd day of August, 1893, and opened immediately thereafter, for all the labor and material required for the wharves and buildings at the U. S. Quarantine Station, Reedy Island, Delaware, in accordance with drawings and specifications, copies of which may be had at this office. Each bid must be accompanied by a certified check for a sum not less than 2 per cent., of the amount of the proposal. The right is reserved to reject any or bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for Wharves and Buildings at the U. S. Quarantine Station, Reedy Island, Delaware," and address to Jeremiah O'Rourke, Supervising Architect.

No. 30691.

The pastor of the Church of Immaculate Conception at Connellsville, Pa., has plans and specifications and wants bids until July 31 for the erection of the same. The structure to be of brick and stone.

At Greenville, Miss I. M. Lee, City Clerk, bids until August 1st for the construction of a water works, with or without sewerage, under a franchise of thirty years, to be owned by the city. Plans and specifications on file in the clerk's office at that place.

Proposals will be received for rebuilding toilet room at the Southwestern Market House, corner 19th and Market Streets. Plans and specifications to be seen at the office. All bids to be in before July 31st. Bond for double the amount to accompany bids. Thomas J. Lister, Superintendent.

The Lockup Committee of the Borough of South Bethlehem will receive bids for five double or ten single iron cell's. All bids must be in the hands of the chairman by August 7, 1893, at 6 o'clock P. M. The Borough reserves the right to reject any or all bids. Thos. Doran, Chairman Lockup Committee, South Bethlehem, July 19, 1893.

Proposals for the erection of a new school house 24x28, on Rock Run, will be received by Chas. Wandover, secretary, Annin Creek, Pa., until July 29th. Specifications can be seen at the store of James Taylor, Turtle Point or at the residence of Chas. Wandover, Annin Creek. The contract will be let to the lowest bidder at the farm of William Landrigan, Rock Run.

Sealed proposals will be received by the Suburban Water Company, of Verona, Pa., until Saturday, August 5, 1893, for the material and labor incident to the construction of a system of water works. Plans and specifications may be seen at the office of G. H. Moore, at Verona, Pa., or of James H. Harlow & Co., engineers, at their Wilkingsburg, Pa., office. The Suburban Water Company reserves the right to reject any or all bids. John M. Given, President.

W. F. Stauffer, Secretary School Board, 517 Pannel Street, South Bethlehem, Pa., proposals until July 29th for supplying school buildings with coal and wood for the current year.

G. W. Henshaw, General Manager of water works at Winston, Forsyth Co., N. C., wants proposals for pumping system of wells and pumping plant of 1,000,000 gallons daily capacity.

Proposals will be received until July 31, at 1 P. M., at the office of J. E. Allison, architect, Penn Building, Pittsburgh, for the erection of a public school building, Bridgeville, Pa. A bond must accompany each bid for the amount of same, with two approved securities. Plans and specifications can be seen at the office of the architect; also at the office of C. P. Mayor, Bridgeville, Pa.

Sealed proposals will be received on Saturday, the 5th day of August at 2 o'clock P. M. at the office of John H. Stem, at Revere, Pa., for the contract of putting up an iron fence in front of the Reformed burying ground at Nockamixon. The trustees reserve the right to reject any or all bids. Specifications can be seen at the office John H. Stem. L. M. Althouse, John H. Stem, Chas. Wolfinger, trustees.

Proposals for Street Lighting. Office of the Commissioners D. C., Washington, June 22, 1893. Sealed proposals will be received at this office until 1 o'clock P. M., August 1, 1893, for lighting the Streets of the District of Columbia for a period of ten years or less. Specifications and blank forms of proposals may be obtained on application. J. W. Ross, M. M. Parker, C. F. Powell, Commissioners, D. C.

Sealed proposals will be received at the Berk's County Prison until August 1st, 1893, for furnishing the prison with 225 tons of pea coal and 50 tons of stove coal from either the Indian, Ridge or Boston Run collieries. Proposals shall be made per ton to 2240 pounds delivered. The right is reserved to reject any or all bids. Proposals marked for coal and addressed to prison. By order of the Board. John E. Henry, Secretary, Reading, Pa.

The South Bethlehem School Board will receive proposals for furnishing the material and setting 100 feet curbing and laying a pavement 160 feet long and 10 feet wide in front of Packer School Building, East Fourth Street, South Bethlehem. Separate proposals will be received for furnishing 2 pieces of a flag 5 x 8 feet, not less than 4 inches thick, diamond dressed, to be placed in front of the steps leading to the front entrance of the building. Price to include the construction of the foundation wall. For specifications and particulars, inquire of the undersigned committee. The Board reserves the right to reject any or all

bids. All proposals must be in the hands of the Committee by Saturday, July 29, 1893. Chas. F. Bohning, Barth. Keating, James M. Degnan, Committee.

Sealed proposals accompanied by good and sufficient security for the amount of the contract, will be received until Monday evening August 7, 1893, when the contract will be let to the lowest and best bidder or bidders the Burgess and Town Council reserving the right to reject any or all bids, for the construction and erection of an iron structural bridge with stone abutments on Sheridan Street across Girty's run in the Borough of Millvale. Bids will be received for either the structural work or masonry, or both. Plans and specifications can be seen at the office of Councilman Joseph C. Haser's undertaking establishment, Hooker Street, Millvale Borough. Attest: W. S. Cooper, Town Clerk, Samuel Eades, Burgess. Box 199 Bennett, Pa.

Department of Public Works, Bureau of Highways, Office City Hall, Philadelphia, July 20, 1893. Sealed proposals, endorsed "Bids for (the items bid for)" and addressed to the undersigned at the office above mentioned, will be received until 12 o'clock noon, on Tuesday, August 1, 1893, for: Schedule A, for paving streets. Schedule B, for repaving streets. Schedule C, for grading streets. Schedule D, for surfacing streets. Schedule E, for grading and repaving the cartway on Pine Street, from Forty-second to Forty-third Street. Schedule F, for resetting curb, grading and repaving sidewalks and cartways on Chatham Street and Gaul Street. Schedule G, for general repairs to bridges. Bidders must be skilled in the special work bid for. Schedules can be had on application to the Chief of the Bureau of Highways. James H. Windrim, Director.

Office of the Inspector of Buildings, City Hall, Baltimore, July 20, 1893. Sealed proposals will be received at this office until 12 o'clock noon on Wednesday, August 2, 1893, for the erection of new closets at No. 2 Public School, corner Charles and Ostent Streets, according to the plans and specifications, which may be seen at this office daily from 9 A. M. to 3 P. M. Sealed proposals will also be received at this office until the hour above mentioned for the painting of the Council chambers in the City Hall, according to the specifications, which may be seen at this office daily from 9 A. M. to 3 P. M. The contractor is to state the time in which he will finish his work. No bids will be received from contractors who have not complied with former contracts. The right is reserved to reject any or all of the bids. The proposals will be opened in the Mayor's office at the hour above mentioned and bidders are invited to be present. J. Theo. Oster, Inspector of Buildings.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

VOL. VIII.—No. 31.

PHILADELPHIA, WEDNESDAY, AUGUST 2, 1893.

PRICE 15 CENTS

Architect Notes.

Addison Hutton, architect, 400 Chestnut Street, has made drawings for the renewal of the terra cotta work in and upon Musical Fund Hall, Locust Street above Eighth. Estimates are being made upon the material and work.

Frank R. Watson, architect, 518 Walnut Street, Philadelphia, has plans on boards for alterations and additions to the R. C. Church at Jenkintown, Pa., Rev. Jas. A. Strahan, Rector. The above will be both interior and exterior work, considerable ornamental work, new pews, chancel work, etc.

J. W. Shaw has prepared plans for a three-story stone dwelling for William R. Barnes, at Cynwyd, Pa. He has also prepared plans for a three-story brick dwelling at Coatesville; a frame stable for Dr. J. C. Eggbert at Wayne, and a brick stable for H. S. Hoskins, at 1524 North Fifteenth Street.

Estimates upon the work of construction of the stores at Tenth and Market Streets will soon be in order. After plans by Cope & Stewardson, architects, 316-20 Walnut Street. It will be some time before the debris will be removed from the site of the second operation by the same owner, C. C. Harrison at Tenth and Filbert Street where the old Massey Brewery stood but both operations will be started during this season and completed in 1894 under the supervision of the above named architects.

W. H. MacCollin, architect, 913 Walnut Street, Philadelphia, has made plans for a chapel, house and an enclosure wall for the New Jewish Cemetery, at Merion Square, Montgomery Co., Pa. The structures are all to be of local white stone found on the place. Chapel one and house two stories high, the grounds to be enclosed by wall about one and a half acres. Estimates have been invited upon the work, plans to be seen at office of the architect or William Silverstone Stone, 1013 Walnut Street.

Architect T. Frank Miller has prepared plans for a new house for S. E. Bailey, of Lancaster, to be erected on property recently purchased by Mr. Bailey at North Wales. The house will be of good size and fitted with modern conveniences. Mr. Miller has also started work on six new houses for himself on Marshall Street, below Erie Avenue, Philadelphia. He has also prepared sketch plans for a new Methodist Episcopal Church at Lansdowne, the building to be of dressed stone and handsome exterior and interior finish.

Will H. Decker, architect, Hale Building, Juniper and Chestnut Streets, has made plans for a fine large addition, four stories high, to be erected in rear of the Society Turnverein Hall, Twelfth and Wharton Streets. The structure will be of press brick, stone trimmings. The first floor will be utilized as a storage room, the second will contain a bar and large pool room, and one or two minor ones, whilst the third will contain a large assembly and two other rooms, the fourth will be the kitchen, larder and culinary department. The basement will be fitted with an engine and dynamo or separate electric plant. Estimates are now being made. Also plans as noted previously, for the handsome residence of W. J. Swain, to be erected in West Philadelphia, near Thirty-ninth and Spruce Streets. The structure will be of Green River limestone, from Kentucky, the roof, Spanish copper tile, interior in hard woods of various kinds, hot water heat, electric work and special sanitary plumbing, in a word this will be one of the most complete and handsomest houses in that part of the city.

Ground will be broken in a few days for a new church for the Eleventh Baptist Congregation, at the corner of Twenty-first and Diamond Streets. The plans, which show an attractive building to cost about \$20,000, were made by T. Frank Miller, architect, 1221 Arch Street. A portion of the walls of the building now standing on the site will be used, but the church when completed will be practically a new structure. A handsome tower will rise from the corner of Diamond and Van Polt Streets, through which will be one of the main entrances to the auditorium. The large twin windows in the front of the old building will be removed and be replaced by a new sash of unique design of colored glass. The walls will be built of Trenton brown stone, with an ornamentation. The seats in the auditorium will be arranged in amphitheatre style, with accommodations for 600 people. Choir apartments are arranged for either side of the pulpit, in the rear of which is to be the baptismal front and retiring rooms for the ladies and gentlemen. A Sunday school room will extend across the rear of the property the whole width of the church with separate departments for the infant school and various classes apart from the main body of the school, all of which connect with sliding doors. This work was fully noted in a previous number of this journal.

Wagner & Reitmeyer, architects, Hays Building, rooms 4 and 5, Williamsport, Pa., have given out for estimates the plans for the Young Men's Republican Club building, to be erected on Pine

Street, that city. The building will be 27 x 100 feet, four and a half stories high, the front will be stone two stories, the third and fourth stories will be Pompeian brick, and beautiful ornamental metal bay window extends from second story to fourth story, terminating in a roomy balcony, the stone work is richly carved. The building will have all modern improvements, the interior will be polished oak. Have also prepared plans for a handsome house for L. M. and H. M. Ulman, to be erected on West Fourth Street. To be of pressed and ornamental brick, stone trimmings, slate roof; to have best of plumbing, gas and electric fixtures, steam heat, plate and leaded glass, hardwood interior, tiling, mantels, etc. Contract let last week. Have also prepared plans for a Masonic temple, Lewisburg, Pa., and a handsome brick dwelling house for C. J. Wolfe, Esq. The temple will be three stories high with handsome tower and iron pinnacles. First floor will contain two store rooms, second floor offices and lodge room; the entire third floor will be fitted up for Masonic purposes only. To have first-class plumbing, gas and electric fixtures, plate glass and steam heat. The interior finish generally will be white pine, finished natural. The dwelling will have hard wood floors and interior finish plate and stained glass, handsome mantels, tiling and ornamental mill work. Have on the boards and nearly completed, plans for a stone church at Westfield, Pa., for the St. Mary's Episcopal congregation. To be fitted up in best style—exposed timber work, stained glass, steam heat and hard wood seats.

Building and Real Estate Notes.

Grace Church bought a Girard Avenue and Leidy Street property, lot 200 by about 61 feet, from W. M. Coates, for \$10,000.

Chief Ogden, of the Water Bureau, is about to erect a couple of wagon sheds at S. Twenty-second Street and Greenwood Avenue.

Gillison, Christie & Lockerbie, have the contract to erect a three-story stone and brick back building to the dwelling at 1227 North Broad Street at a cost of \$12,000.

Mr. Sam. Welsh of the Progressive Cigar Store, Tenth and Chestnut Streets, will in a few days make considerable improvement to that stand. All modern conveniences will be introduced and the room beautified.

W. J. Shedwick & Bro., Builders, 3410 Mt. Vernon Street, is about to build eight dwellings, three story, rather unique in design, at Thirty-fourth and Spring Garden Streets. These will contain all modern improvements and of best material throughout.

JOHN N. GALLAGHER, Proprietor.

JOHN F. BRISANE, City Editor.

PHILADELPHIA, WED'Y, AUG. 2, 1893.

A Deed 169 Years Old Just Recorded.

The law recently passed by the Pennsylvania Legislature requiring the recording of deeds to be valid within 60 days after execution has already been the means of bringing to light some remarkable antiquities as well as exposing the peculiar characteristics of people.

On March 25, 1724, John Jones conveyed to Abraham House 20½ acres of land located in Whitmarsh Township, Montgomery County.

In 1777 Mr. House buried the deed to keep it safe from the British, who, under General Howe, threatened an attack on the American army encamped at Fort Washington. Upon being exhumed, which was not done until after Washington's army was removed to Valley Forge, it was found to be badly stained. The deed was presented for record recently, or 169 years and 4 months after the date of execution.

Important to Architects and Engineers.

Messrs. F. Weber & Co., architects' and engineers' supplies, 1125 Chestnut Street, present a beautiful window exhibit of drafting instruments, including those of the finest tubular construction, as well as a full line of the cheapest grades.

This firm has recently introduced moist water colors in octagon glass covered cups which have the advantages of convenience, cleanliness and certainty of moisture in all climates.

A special assortment of twelve technical colors in octagon cups and tin cases, including metal colors, brick, stone, terra cotta, etc., is made a special feature for the convenience of architects and engineers; a full supply of blue print papers, sensitized and plain, print in the white line with

blue ground, and blue line with white ground process is always on hand; in fact, everything in the way of architects' and engineers' supplies, as well as artists' materials of all kinds of the most modern character can be found at this establishment at the lowest prices and in great variety.

The Third Congress of the National Real Estate Association.

The National Real Estate Association, now numbering about 600 members, and embracing a representative membership from every large city in the United States except Philadelphia, will hold its third convention at St. Paul, Minn., on August 21st, 22d and 23d. The objects of the Association are many, foremost of which, is to encourage, establish and maintain uniform business principles and usages in real estate transactions; to encourage and direct legislation in reference to laws touching transfers of realty; to establish a high standard of ethics among real estate men and their rating by commercial agencies, etc., etc. At this meeting, special committees that have been engaged during the year will report on questions that were submitted at the last convention, and which have been thoroughly investigated. These subjects include—

First—A uniform system of titles and registration for all the States.

Second—A uniform series of conveyances and other legal blanks for use in realty transactions throughout the States.

Third—Alien ownership of land.

The real estate interests of this city ought to be represented by a substantial delegation as with very little effort Philadelphia would no doubt be named as the meeting place for the congress of next year.

The real estate men of this city present a splendid field for missionary work on the part of the Trades League; in fact, an effort on the part of any league that will arouse our real estate men to the importance of identifying themselves with enterprises of this nature, inside and outside of the city, is to be commended.

For particulars as to arrangements for transportation, board, etc., address the Secretary of the Real Estate Exchange, St. Paul, Minnesota.

Building and Real Estate Notes.

Wilford H. Hipple will at once commence the erection of twenty-five three-story dwellings on the west side of Thirtieth Street, south of Dauphin. Nineteen of the houses will measure 16.3 x 61 and six 20 x 61.

Contractor Boorse, 29 N. Thirteenth Street secured a permit for a factory building to be erected at 230 North Twelfth Street, which, it is understood, is for George W. Wright. The front building is to be three stories high, 33 x 32 feet.

Wendell & Smith, who are operating at Overbrook, took out permits on the 25th ult. for four three-story brick and stone dwellings and one two-and-a-half-story dwelling, all of artistic design, to be erected at Franklin and Emlen Streets, that place.

John A. Palmer, 3941 Ludlow Street, has the contract for erecting a splendid three-story residence at Sixty-first Street and Woodland Avenue. The house will be of stone, 34 x 46 feet, finished in hard wood throughout, and best accommodations.

Active preparations are being made toward the erection of a Protestant Episcopal Church at Carpenterville. It is said the site will be the southwest corner of Germantown Avenue and Carpenter Street. The work of demolition of the old stone wall on Carpenter Street has commenced and a general air of activity is evident.

Contractors Pennock & Bros., 305 Walnut Street have taken out a permit to build a four-story stone brick and iron building, 100 by 50 feet, with a back building, 46 by 10 feet, on Girard Avenue, west of Belmont Avenue, as a Home for Aged and Infirm Colored Persons. It is to be known as the Parker Building, previously noted in this journal.

Within the past week considerable attention has been turned toward the property that will be opened up by the building of the Fairhill Railroad. Many manufacturers in and around Kensington who have been without good railroad facilities, are looking at sites, and the indications point to the building of several large plants in the near future.

Frankford secured quite a number of permits issued for new work, on the 25th ult. M. S. Minor will build two houses at Margaretta and Cedar Streets, Thomas Foulkrod two similar ones at Mulberry and Meadow Streets, and George Fougeray will build a large residence at No. 462 Frankford Avenue, all of brick, stone trimmings and modern conveniences, etc.

Builder W. S. Serrill is about to begin a big operation in dwellings in the northwestern section of the city. In all he will build 98 houses, on both sides of Thirty-one-and-a-half and Thirty-one-and-three-quarters Streets, northward of Berks. The houses will be 14 x 25 feet, with large back buildings, built of brick, with brown sandstone trimmings. The operation will cost \$170,000.

Chas. McCall, contractor, 20 N. Eleventh Street has begun the reconstruction of the depot of the Second and Third Streets Passenger Railway Company at 2653 Frankford Avenue, which was recently destroyed by fire; also a four-story brick, stone and iron addition, 87 by 86 feet, for the Penn Working Home for Blind Men, at Thirtieth Street and Lancaster Avenue. The new building is to be used for the manufacture of brooms.

The road jury which will assess the damages to property resulting from the widening of the streets surrounding the Bourse will organize this week. Fourth and Fifth streets, between Ransstead and Market Streets, are to be widened from 56 feet to 67 and 76 feet respectively, while Ransstead is to be made 40 feet, and Merchant Street 32 feet wide. This work was fully noted one year ago in this journal.

The City of Philadelphia has taken title from Builder John McIligan to the property at Clearfield and F Streets, in the Thirty-third Ward, which is to be known as McPherson Square. The lot is about 500 feet square, and cost the city \$73,806.67. This ground was originally the property of General McPherson and was called Stouten arm. It was placed on the city plan by ordinance of November 29th, 1890.

Among the permits issued on the 27th inst., were ones for the nine handsome dwelling houses which L. K. Brooks is to erect at Fortieth and Spruce Streets; for twenty five three-story dwellings which Wilfred H. Hipple is to build on Thirtieth Street, south of Dauphin, and for a brick crematory for garbage on Sedgely Avenue, west of Twenty-fifth Street. The crematory is to be 56 x 110 feet. W. A. Atkinson has the contract.

Matthew Schmid, contractor, 639 North Sixth Street, is to build an office, waiting room and car sheds for the Wissahickon Passenger Railway Company, on Sumac Street, east of Ridge Avenue. There is to be a two-story brick and stone building, 38 by 28 feet, and a back building, 38 by 132 feet. Mr. Schmid is also about to commence repairs to the roof and certain other alterations to the hall of the German Society, at Marshall and Spring Garden streets.

Henry G. Schultz has commenced the erection of 27 dwellings at Park Avenue, Thirteenth and Wishart Streets. Twelve houses are to be built on the south side of Wishart Street, east of Park Avenue, and 12 similar ones on the north side. Stores will be built at the northeast corner of Park Avenue and Wishart Street, at the northwest corner of Thirteenth and Wishart Streets and at the southeast corner of Park Avenue and Wishart Street. All will be 15 feet front and 40 feet deep. The materials to be used are brick and brownstone, and the houses will be finished in better style than usual.

The rooms of the Young Men's Democratic Association, Broad and Chestnut Streets, after this week will be closed to the members and will not be reopened for about six weeks, when it is predicted that there will be nothing to equal them for beauty and comfort in the city. This is the Association of which the National Chairman, William F. Harris, was recently elected President, and already it is feeling the effects of his energetic and progressive administration. It is proposed to give the rooms a complete overhauling. They will be refurnished, recarpeted, and repainted throughout, and nothing will be left undone to make them as luxurious and comfortable as the best appointed club houses.

Two new building operations are to be started by Contractor Joseph Bird. At the northeast corners of Race and Eleventh Streets, he is to build for Henderson & Co., for the manufacture of Government uniforms and ladies' habits, an ornamental four-story brick factory, the basement of which will be used for storage purposes, the first floor for a show room and the three upper floors for manufacturing purposes. The old building on the site is being removed. The other job is one for which the contract was

signed on the 25th ult. It consist in adding two brick stories to the furniture and refrigerator factory of Hall & McCracken, at 116 Edward Street. The present building is about 50 x 60 feet, and, when finished, will be seven stories high.

Contractor M. McManus, of Tioga, has commenced excavating for a three-story and basement stone and brick annex to the Manayunk Grammar School, on Green Lane, opposite Hamilton Street. The annex will be 44.8 x 68 feet, and will be built in front of the present building. The basement will be of Conshohocken stone, with Port Deposit granite trimmings. On each of the three floors there will be a corridor, stairway, coal rooms and two class rooms, each 32 x 24 feet, separated by glazed movable partitions. A granite wall will run along on Green Lane, and will be finished off with an ornamental iron fence five feet six inches high. Mr. McManus is also having excavations made for a three-story brick and stone annex, to contain three divisions, to the Singery School, Twenty-second and Berks Streets, and is ready for putting the roof on twin three-division annexes to the Landreth School building, on the southeast corner of Twenty-third and Federal Streets.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Honey Brook, Chester Co., a new school house will be erected.

—The Philadelphia Traction Company will construct an electric railway to Lancaster.

—At Wickertown, Chester Co., the County Commissioners will erect an iron bridge 60 x 16 feet.

—At Milville, Cumberland Co., the Lutheran church now in course of erection will cost about \$2800.

—At Bridgeport, Montgomery Co., the Baptists are raising funds for the erection of a new church.

—At Shoemakersville, Berks Co., Mrs. Eliza Rhoads has purchased four lots and will erect a dwelling.

—At Hagerstown, Lehigh Co., a movement is on foot favoring the organization of a paid fire department.

—At Ridley Park, Delaware Co., ground has been broken for the erection of a dwelling for F. W. Lamping.

—At Newtown, Bucks Co., the Presbyterian Church congregation will enlarge and improve their church.

—At Lancaster, Lancaster Co., a concrete bottom will be laid in the reservoir at a cost of about \$10,000.

—At Valley Forge, Chester Co., the Park Commission has organized, and engineers have commenced work.

—At Willistown, Dauphin Co., the school board has decided to repair and paint all the school buildings.

—At Bloomfield, Perry Co., the water and sewer company has been incorporated with a capital of \$10,000.

—At Quakertown, Bucks Co., masons have commenced work on the foundations of the new Reformed Church.

—At Morrisville, Lehigh Co., the water works plant, to cost about \$25,000, will be completed about November 1st.

—At White Springs, Union Co., the saw mill of William Schultz has been destroyed by fire, causing a loss of about \$5000.

—At Ambler, Montgomery Co., the Real Estate Investment Co. will erect a number of dwellings at that place.

—At Montgomery Square, Montgomery Co., the large barn of Charles S. Knapp has been destroyed by fire, causing a heavy loss.

—At Mount Joy, Lancaster Co., the Central Hotel has been damaged by fire to the extent of about \$5000. Mr. A. Beebe is the owner.

—At Scranton, Lackawanna Co., the new theatre in course of erection on Penn Avenue will be completed by the beginning of Winter.

—At Spring City, Chester Co., Messrs. Keiter & Son have received the contract for the erection of a double frame dwelling for J. K. Leidy.

—At Pottsville, Schuylkill Co., the new bridge connecting Pottsville and Palo Alto has been damaged by fire to the extent of about \$1000.

—At Telford, Montgomery Co., John H. Shellenberger has purchased a lot from James Gerhart, upon which he will erect a brick dwelling.

—At Marcus Hook, Delaware Co., the Building Committee of Council has been instructed to procure plans and specifications for a new borough hall building.

—At Morrisville, Bucks Co., a new school building, will be erected.—The new water works will be completed by November next, at a cost of about \$25,000.

—At Telford, Montgomery Co., there is a movement on foot favoring plans to induce The Grist & Jenkins Knitting Company, of Philadelphia, to locate at that place.

—West Chester, Chester Co., Edward Brann has sold a lot fifty feet front on South Walnut Street to the Misses Girard, upon which they will erect a fine residence.

—At Lenape, Chester Co., John Whitely will erect a new farm house.—Ground has been staked out on East Nields Street for two dwellings to be erected for S. M. Brannstein.

—The Chester County Commissioners have plans and specifications for the new bridge to be erected at Harkness, for which bids will be received until August 16 at Lancaster, Pa.

—At Allentown, Lehigh Co., the plans for the new school building call for a structure of brick with stone trimmings, 83 x 124 feet two stories high to be of English style of architecture.

—At Tamaqua, Schuylkill Co., work will be commenced this week on the erection of the Odd Fellows' Hall Building. The structure will be composed of store rooms, offices and lodge rooms.

—At Shamokin, Northumberland Co., proposals will soon be asked for the construction of a bridge, plans for which call for a structure 443 feet long, a simple truss, with supporting piers.

—At Scranton, Lackawanna Co., the Delaware and Hudson Canal Company has purchased ground on Lackawanna Avenue, on which they will erect a new depot for which plans are being completed.

—At Erie, Erie Co., G. F. Walther has plans for a brick building to be erected on Peach Street. Cost \$5000.—The corner stone of the Simpson M. E. Church has been laid. Henry Shenk is the contractor.

—At Doylestown, Bucks Co., William Hager has received contract for the erection of a double

brick dwelling for William E. Geil. —Councils have decided to expend about \$5000, on repairing the reservoir.

—At Waynesburg, Green Co., contract for repairs, remodeling and erecting an addition to the Presbyterian Church has been awarded to A. H. and F. M. Sellers. The improvements will cost about \$5000.

—At Manheim, Lancaster Co., Landis & Co. has been awarded contract to the McAnulty Mill Furnishing Company for the rebuilding of their roller flour mill, which will have a capacity of 100 barrels per day.

—At Mauch Chunk, Carbon Co., Charles Neast has been awarded contract for the erection of the Y. M. C. A. building for \$22,353. The structure will be of brick, three stories high; heating, lighting and other fixtures not included in the contract.

—At Easton, Northampton Co., the new school building will be 74 x 133 feet, of brick and stone trimmings on the first floor. There will be eight rooms and a superintendent's office, and on the second floor the main assembly room, 70 x 89.6 feet. Contract let for \$62,817.

—At Kennett Square, Chester Co., the American Road Machine Company, will soon commence the erection of a large machine shop. —The foundation for the new colored Baptist Church to be erected on Willow Street has been completed and the corner stone will be laid August 13th.

—At Jenkintown, Montgomery Co., C. W. Wilson, President of National Bank, has plans for a fine colonial residence to be erected for himself. —Mrs. Rebecca Mitchner and Charles C. Swartz are each erecting fine residences finished in hard wood and have all modern conveniences.

—At Chester, Delaware Co., Councilman H. J. Riley, can give particulars as to the proposed erection of a new town hall. —Council has granted the People's Railway Company a franchise. The company proposes to bridge Chester Creek at Sixth Street. —The Chester Bicycle Club will erect a club house. —A movement is on foot favoring the erection of a central grammar school building.

—At Fernwood, Delaware Co., J. F. Wood has received contract for the erection of a new receiving vault for \$6000. —Charles A. Sims has received contract for the grading, masonry and trestle work of the Philadelphia and Delaware County Railroad which will connect with the Central Division at a point near Fernwood, and extend to Newtown Square. —William Conner has received contract for telfording the road leading from Fernwood to the Holy Cross Cemetery.

—The charter recently granted by the State Department for the Salisbury Turnpike has been received and the construction of the pike will be begun at once. The projectors named in the charter are Joseph F. Martz, O. T. Weaver, C. H. Edwards and J. J. Fisher, of this city, and H. T. Coleman, of Cleveland, Ohio. The pike is to be five miles long and will run principally through private land from a point on the Allentown and Coopersburg turnpike at T. K. Klein's farm, Salisbury, to Delaware Avenue, South Bethlehem.

—At Swarthmore, Delaware Co., a petition is out asking the court to appoint a jury of view for a proposed new road to lead from near the Burnley houses, on the Chester Road, at Swarthmore, to a point on Crum Creek, just below Strath Haven Inn. The object is also to have a county

bridge erected over the creek to connect with the romantic driveway leading to Wallingford, on the westerly side of the creek. It is estimated that the cost of the proposed bridge will be about \$10,000.

—Amos Gartside, Thomas P. Moore, F. C. Torpey, Thomas Coulter, Thomas W. Scott, James Scott, Joseph Mallison, H. G. Mason, John Genter, Isaac Wetherill, representing Benjamin and William Blakeley; Wm Appleby, H. H. Hinkson, Major J. R. T. Coates, A. L. Scott, John Nolan, George Howard, Joseph Messick and Edward Blarne of Chester, Terrence Riley, Samuel McDowell, Senator Jesse M. Baker, Frank I. Taylor, Harry D. Pratt, Geo. Eachus John Leedom, William Williamson, W. E. Lewis, Prothonotary William Mathues, Mr. Corleis, Mr. Maitland and James Ruth of Media, Thomas McCullough, R. C. Ballinger, George W. Roberts and James Garrett of Philadelphia, last week, visited the mines of the National Kaolin Company at Brandywine Summit, where they propose to erect a brick works.

—At Pittsburgh, Architect F. C. Sauer will receive bids until August 12th for the erection of a school house at Clarion, Pa. (See want columns). —A. L. Klaus has commenced the erection of a fine residence at the corner of High Street and South Highland Avenue. Cost about \$25,000. —Mr. D. Harper has purchased thirteen lots in the Park View plan, upon which, it is reported, the purchaser will erect dwellings. —Mr. James Giles has purchased a tract of land on Fifth and Frankstown Avenues for about \$35,000. The land will be graded and divided into building lots. —Clark, Richmond & Co., contractors, have taken permit for buildings to be erected on Murry Hill Street. Crst, \$35,000. —Dennis Hesson, permit for buildings to be erected on Stanton Avenue, Cost, \$12,550. R. P. Graham, permit for brick buildings, to cost \$10,000. Phoenix Brewing Company, permit for brick brewery. Cost, \$40,000.

—At Reading, Berks Co., George J. Raab will make alterations and improvements to the Hamilton House. —The Traction Company will extend its line to the grounds of the Agricultural Society. Contractor L. B. Miller has commenced work on the Emergency Hospital. —John Moyer has received the contract to erect the ornamental stone entrance to Penn's Common, at the head of Penn Street. —Henry Allach has taken permit for the erection of a brick stable. —Messrs. Kissinger & Breiner's store building has been damaged by fire to the extent of \$20,000. —The brick work on Yocum Bros.' new cigar factory has been commenced. —At a recent special meeting of the Water Board it was decided to recommend favorably the ordinance appropriating \$21,500 to purchase Ober's Union Boiler works plant, Ninth Street near Laurel, for a storage plant and machine shop for the use of the department. It was also decided to have the engineer furnish plans and specifications of the estimated cost of an auxiliary pumping plant at the Hampden reservoir, which is to supply portions of the city between Walnut Street and the Hampden and east of Twelfth Street.

Through New Jersey.

At Atlantic City, Atlantic Co., Mayor Wright can give particulars as to the purchase of a fire engine and the improvements to the service. —J. Franklin Stuckert, the architect, has been

looking over a site in the lower part of the city upon which it is thought the Chelsea Hotel Company will erect a large and handsome hotel.

At Medford, Burlington Co., the Baptist Church congregation are erecting at chapel on Bank Street.

At West Collingswood, Camden Co., the water company has commenced laying water mains.

At Merchantville, Camden Co., it is reported that an electric alarm system will be introduced in the town.

BOOKS BOUGHT.

We want all the OLD BOOKS we can find. If you have a large library or small parcel of books you do not want, send us your address, and we will call and examine them. We are always prepared to buy and pay the cash at once, whether it amounts to five dollars or five thousand.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
Phila.

by the Young Men's Christian Association for field sports, has, so it is understood, gotten an option on the remaining portion of the tract, and will in a short time make arrangements to build up the entire lot by erecting next two-story brick houses.—The most important permits issued to date are as follows: To Joseph J. Willis to erect five two-story frame dwellings; to August Weber, to erect forty-four two-story brick dwellings; to J. Oster, to erect a three-story brick dwelling; to Church Fourteen Holy Martyrs, to erect a church building; to B. F. Barry, to erect five two-story brick dwellings; to the Maryland Life Insurance Company, to remodel Nos. 8 and 10 South Street; to J. W. Amos, to erect thirty-two two-story brick dwellings; to A. D. Emerson, to erect eight two-story dwellings.—The commissioners in charge of erecting the new court house have selected William R. Ware, of Columbus College, New York, as consulting architect. He will prepare the general specifications, and the architects of the whole country will be asked to submit plans.

Through Delaware.

At Smyrne, Kent Co., a vote has been cast in favor of establishing an electric light plant.

Washington, D. C.

The District Commissioners have awarded contract to B. F. Mackabee for the erection of a building on the grounds of the Boys' Reform School for \$15,467.—Secretary Herbert has plans for the enlargement and improvement of the Brooklyn Navy Yard, for which about \$2,500,000 will be required to give the work a good start.—Improvements will be made to the Foundry Church, under the direction of Architect C. L. Harding.—The congregation of the Fifteenth Street Presbyterian Church has decided upon a line of improvements in the church edifice, which fronts on McPherson Square between I and K Streets. The building is to be extended back to the rear building line, and this addition will greatly enlarge the seating accommodation of the church. The interior is to be decorated, and altogether the improvements will add very materially to the size of the structure, as well as to its attractiveness.—S. Fred Hahn will erect a four-story building for dwelling purposes, from plans prepared by B. Patrick, 1010 F Street, N. W.—B. Stanley Simmons, 931 F Street, N. W., has prepared plans for three dwellings to be erected on Twelfth Street, to cost about \$9000.—A school building, to contain eight rooms, will be erected by the District Commissioners. Bids will be asked for at once. The estimated cost is about \$25,000.—Frederick G. Atkinson, 625 F Street, N. W., has prepared the plans for fourteen three-story dwellings to be erected on W Street near Thirteenth. They will be of press brick with trimmings of Hummelstown brown stone and light colored stone, slate roof, white pine interior finish, cabinet mantels, open fire places, tiled bath rooms. The estimated cost is about \$60,000.—Hon. Bellamy Storer will have his present residence remodeled and enlarged by a four-story brick addition, 35 x 75 feet. The interior will be handsomely finished. Cost about \$30,000. The plans have been prepared by Little, Brown & Moore, of Boston, Mass.—Work has been commenced on the excavations for the Corcoran Gallery of Art by the contractor, Mr. Shea.—John Lyon's bid of \$5245 was the lowest received for

supplying heating apparatus for the Widner Building and for the Treasury photograph gallery.

PHILADELPHIA.

Eagle Iron Foundry.

Established 1840.

DAVID S. CRESWELL,

Successor to S. J. CRESWELL.

Office and Salesroom Removed to 837 Race St.

Telephone No. 3530.

Foundry, Nicetown Station, P. & R. R. R.

Telephone No. 180, Germantown.

IRON CASTINGS OF ALL DESCRIPTIONS.

Heaters, Stables, Fixtures, Ranges, Bake Oven Castings, LeVan Patent
Grate Bars, Tupper Patent Grate Bars, Wren's Patent Grate
Bars and Ordinary Grate Bars Always on Hand.

Castings made from Drawings or Patterns Furnished.

Orders sent to either office or foundry will receive prompt attention.

LOGICAL

If you are interested in Building Houses or Furnishing
House Materials, Plastering, Plumbing, Lumber, or in any
other shape connected in a business way with Real Estate
interests you should know that there's a vast difference
in prices.

You are not likely to buy anything out of
second hands that can be had of first hands.

Then you should know that we are the largest
manufacturers of Clothing in the world. That's
all on that score.

We have also added the sale of Furnishing Goods,
Hats and Shoes to our Market and Twelfth Street
business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Fifth, South and Passyunk Avenue,
Down Town Store, Open Every Evening Until 9 O'clock.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

ley and others have incorporated the Riloxi Mill-
ing Company with a capital of \$15,000 and will
erect a roller flour mill.

At Edgefield, Edgefield Co., S. C., The Edge-
field Oil Company lately incorporated with a
capital of \$50,000, will erect a mill. D. A. Thomp-
kins of Charlotte, N. C., is interested.

Wants.

Sealed proposals will be received by the Build-
ing Committee of the State Normal School at
Clarion, Clarion County, Pa., until August 12th,
12 M., 1893 for labor and materials necessary for
the erection of a boiler house and laundry, laundry
machinery, steam heating, etc. Plans and
specifications can be seen at the office of J. F.
Brown, Esq., Clarion, or at the office of F. C.
Sauer, architect, Pittsburgh, Pa.

Proposals for Furnishing Fire and Street Hy-
drants.—Office of the Commissioners, D. C.,
Washington, D. C. Sealed proposals will be
received at this office until 1 o'clock P. M., Satur-
day, August 5, 1893, for furnishing fire hydrants
and street hydrants. Specifications and blank
forms of proposals may be obtained at this office.
J. W. Ross, M. M. Parker, C. F. Powell, Com-
missioners, D. C.

Sealed proposals accompanied by good and
sufficient security for the amount of the contract,
will be received until Monday evening August 7,
1893, when the contract will be let to the lowest
and best bidder or bidders the Burgess and Town
Council reserving the right to reject any or all
bids, for the construction and erection of an iron
structural bridge with stone abutments on Sheri-
dan Street across Girty's run in the Borough of
Millvale. Bids will be received for either the
structural work or masonry, or both. Plans and
specifications can be seen at the office of Council-
man Joseph C. Haser's undertaking establish-
ment, Hooker Street, Millvale Borough. Attest:
W. S. Cooper, Town Clerk, Samuel Eades, Bur-
gess. Box 199 Bennett, Pa.

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Wants.

TREASURY DEPARTMENT, Office Supervising Architect, Washington, D. C. July 18, 1899. Sealed proposals will be received at this office until 2 o'clock P. M. on the 3rd day of August, 1899, and opened immediately thereafter, for all the labor and material required for the wharves and buildings at the U. S. Quarantine Station, Key Island, Delaware, in accordance with drawings and specification, copies of which may be had at this office. Each bid must be accompanied by a certified check for a sum not less than 2 per cent., of the amount of the proposal. The right is reserved to reject any or bids and to waive any defect or informality in any bid, if it be deemed to be in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for Wharves and Buildings at the U. S. Quarantine Station, Key Island, Delaware," and address to Jeremiah O'Rourke, Supervising Architect.

No. 30391.

The Fire Commissioners of Erie, Pa., proposals for 1000 feet of fire hose.

Robert E. McMath, Room 27, City Hall, St. Louis, Mo., proposals until September 19th for water works extension.

August Herrmann, President of the Board of Administration at Cincinnati, Ohio. Proposals until August 7th for a water works pumping engine.

At Camden, N. J., Dr. Dobson, of the Property Committee, wants bids for furnishing the schools with desks and blackboards for the ensuing year.

Notice to bridge builders—Sealed proposals will be received by the Commissioners of Chester County at their office up to August 15th, 1899, for building an inter-county bridge over Octoraro Creek at Harkness Ford, on road leading from Ashville, Lancaster County, and Glenroy, in Chester County. Bids will be received for wooden or iron superstructure and masonry separately or combined. The letting will be at Lancaster on August 16th at 11 o'clock A. M. Commissioners reserve the right to reject any or all bids if they see fit. Samuel White, J. H. Rennard, D. M. Cox, County Commissioners.

Notice.—Sealed proposals will be received by the Committee on Property at the office of the Board of Public Education, 713 Filbert Street, Philadelphia, until 2.30 o'clock P. M., Tuesday, August 8th, 1899. For the erection of a new public school building on the N. E. cor. Seventeenth and Tasker Streets, in the Twenty-sixth Section. For gas fixtures for "The Philadelphia Normal School for Girls." For heating the High School Annex. For resetting curb at the Belmont

School, Twenty-fourth Section. For door checks and repairing pavements at the Bridesburg School, Twenty-fifth Section. For furniture for Directors' room, in the Thirty-fifth Section. Said work to be done in accordance with the plans and specifications of the Architect and Supervisor of School Building, to be seen at the office of the Board, between the hours of 2 and 4 P. M. All bids must be upon blanks and enclosed in envelopes for the purpose. No bids of \$500 or over will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance approved May 25, 1890, have been complied with. The Committee reserve the right to reject any or all bids, and also to require security for the faithful performance of any work, as they may deem necessary. No bids will be received for the above new building except from a known master builder. By order of the Committee on Property. H. W. Halliwell, Secretary.

Architect Notes.

Elmer E. Miller, architect, Pittsburgh, Pa., has made plans for a fine residence for Mr. E. A. Wood, manager of the Equitable Life Co., of Pittsburgh, Pa. Also plans for a frame residence for Mrs. J. W. Hetzel of same place. Work on both to be started at once. Each will have all modern conveniences.

Architect Peter Kuhn is preparing the plans for a large hotel building, to be erected at Venango and Richmond Streets, for F. Wiedemer. On the third floor a large meeting room will be located. He also is designing the drawing for a new edifice, to be built for the congregation of the German Reformed Church of Bridesburg.

Architect Horace Trumbaur, 310 Chestnut Street, has completed plans for two fine colonial houses, which will shortly be erected by W. S. Kimball at Forty-first and Spruce Street. They will be three stories high, of buff brick, trimmed with white sandstone and finished inside with hard woods, in natural color, together with all modern conveniences. Previously noted in this journal.

Angus S. Wade, the well-known architect of this city, has returned from a European tour, much refreshed and strengthened. Mr. Wade traveled extensively on the continent and made quite a study of ancient and modern architecture, he speaks well of Parisian affairs and is quite in

love with the French people as well as those upon the other side of the Rhine, he speaking both tongues fluently.

Joseph D. Austin, Architect to the Board of Education, 713 Filbert Street, Philadelphia, has completed all plans in detail for a fine three story school house to be erected at N. E. corner Seventeenth and Tasker Streets. The bids will be received in two ways, for Port Deposit granite also of brick with stone trimmings. The roof will be of tin, interior to be fitted with all modern conveniences and improvements, including electric bells, best sanitary work, heating and ventilation of the most approved system, lightning rods and artificial stone pavement on exterior, wrought iron work, the ceilings to be of steel sheeting, balconies and fire escapes as per plans. Estimates are being made on the work.

Cope & Stewardson, architects, who prepared the plans for the new building at Tenth and Market Streets, have invited estimates for its erection. The invitations are in the form of a printed circular, each kind of work being specified by a letter of the alphabet. All contractors must give the name of their sub-contractors. Several months ago the question of giving the name of the sub-contractors was argued at a meeting of the members of the Master Builders' Exchange. While some were in favor of establishing such a rule the majority seemed to be

against it, considering that it was the same as asking what kind of saw the man would use. Since the invitations have been received, no objections have as yet been made.

Wagner & Reitmeyer, architects, Hays building Williamsport, Pa., have worked up a number of sketches and are now making the final drawings for extensive alterations in Mr. William Emery's cottage at Eaglesmere, Pa. There will be two new bath rooms added, having best of plumbing fixtures. A large kitchen, butler's pantry, serving room and other sleeping rooms, will be built away from main building and connected with a latticed covered way. The main hall and sitting room will be enlarged and extended, and a new porch added having rustic stone balustrade around the entire front and side. Have also just forwarded the drawings and specifications for a brick and stone boiler house for the State Normal School at Lock Haven, Pa., to have two 80 and two 60 horse power boilers, concrete floor, slate roof; size of building 40x60 feet. Have also completed plans for an extensive addition to the Central Hotel, Sunbury, Pa., same to be of brick and stone, two stories high, containing five store rooms, and hall on first floor and a large dance hall on second floor, with dressing rooms for ladies and gentlemen, lavatory and toilet room. To have plate glass, metal roof, best millwork and first-class plumbing, gas and electric fixtures, etc.

JOHN F. BRISPAKE, City Editor.

PHILADELPHIA, WED'Y, AUG. 9, 1893.

Just Out.

Hendrick's Architects and Builders' Guide and Contractors' Directory for 1893-94 is just out. The work has been conscientiously compiled and is even better than the preceding issues. It embraces every State and Territory, giving the architects and builders and dealers in building materials of all kinds. The price is \$1.00 and the publishing address is 52 and 54 Broadway, New York.

Perhaps no single article employed in the building trade has so rapidly grown in favor as the "Paragon Steel Plate Furnace," manufactured by Isaac A. Sheppard & Co., of this city. No sensational methods of advertising have been employed to force its sale. Such methods are distasteful and foreign to the business procedure of this firm. The "Paragon" furnace has forced its way solely upon its merits, and the repeated tests to which it has been subjected, have so demonstrated its superiority, that it is now regarded by builders and owners as the leader *par excellence*. In its operation, it is as economical as it is effective. Its unusual heating power is the result of correct principles of construction, whereby the products of combustion are retained within the furnace until their heating power is as nearly as possible exhausted, thus obtaining a maximum economy of fuel; while the largest possible amount of radiating surface is presented to the air currents entering the furnace, so that the largest possible volume of warm air constantly flows from the furnace into the rooms to be heated. Instead of the "dead drum" heretofore used in furnaces of this class, a live central drum is employed, connected with the outer drum by means of a Siphon top; and the interior construction of both drums is such that the heat is evenly

distributed over the entire radiating surface of the furnace. This is the principle which is known as the "equalized draft," a feature which is possessed by no other furnace. In the "Paragon" furnace, combustion is uniform throughout the whole mass of fuel, and the greatest amount of heat is extracted which the fuel is capable of affording.

The "Paragon" furnace is made in nine different sizes and varieties, from the small furnace, suitable for five- or six-roomed houses, to the largest size, capable of heating a large church; and from so large an assortment, a judicious selection for buildings of any class is readily made. In mechanical construction this furnace has no superior. The grates move upon ball bearings and are supplied with a lever shaker, so easily adjusted that a child can shake the grate of the largest furnace with ease. Not only in mechanical construction is the "Paragon" superior to other furnaces of this type, but the essential points of superiority referred to have been gained without increasing the cost of production over furnaces of the ordinary type; so that in price, the "Paragon" furnace does not exceed those usually selected by builders who desire a good furnace. The practical skill which has enabled the manufacturers of the "Paragon" furnace to place so satisfactory a heating apparatus before the public at a moderate cost, is gaining the reward which it merits, and its rapid introduction evidences the fact.

Architect Notes.

F. Miles Day, architect, 925 Chestnut street, has made plans for extensive alterations to 1116 Walnut street. Considerable interior work will be done, including mosaic work, oak finish, in hard woods, electric work, steam heat, and all conveniences.

W. Bleyden Powell, architect, 419 Walnut Street, has made plans for alteration and addition to 3501 Hamilton street for A. F. Ullman. These include press brick work, slate roof, American tile work, stained glass, electric work, steam heat and all modern conveniences.

Boyd & Boyd, architects, 238 South Third Street, have made plans for many of the houses now being erected at Overbrook, Pa., and for the other Drexel & Welsh operation near Germantown. These are to be of the finest character of dwellings and very unique in design as well as a great variety of them. Also plans for a gate house for Bristol Cemetery Company at that place to be in colonial style, and awarded the contract to Ernest Lawrence. Also plans for a proposed theatre at Wayne, Pa.

Building and Real Estate Notes.

Arthur Williams' Sons are now receiving estimates upon the plans prepared for a large bank building, to be erected at Woodbury, N. J.

Contractors have been invited to submit estimates for the cabinet finishings to be put in Allen Wood's mansion at West Conshohocken.

It has been decided to enlarge the edifice of the Harper Memorial Presbyterian Church, of which the Rev. H. C. Fox, Pastor. The work will be soon commenced.

The Spring Garden Baking Company is to build a large two-story bakery and stables at 1115-17-19 Spring Garden Street. They are to be 50 x 114 feet and cost about \$19,000.

The De Long Hook and Eye Company has purchased Gunn's old brick yard, at Broad and Cambria Streets, and contractors are grading the lot preparatory to the erection of a factory.

Alterations and a back building addition to the amount of \$6000 will be made by Contractor Harry Brocklehurst to dwelling on the east side of Seventeenth Street South of Westmoreland.

The Baptist City Mission has prepared plans for the enlargement of the building of the Baltimore Avenue Mission, or which the Rev. J. A. Bennett has charge. The cost will be about \$3000.

At the meeting of the Park Commissioners recently, President McManes in the chair, the sale of a piece of ground at Thirty-third and Berks Streets to Albert H. Dingee for \$14,900 was authorized.

Contractor William E. Arey, Builders' Exchange, will erect at once a three-story rear addition to No. 248 North Tenth Street, to be brick with tin roof and interior fitted with best modern conveniences.

Charles McCaul has been awarded the contract for the erection of a new building at Thirty-sixth Street and Lancaster Avenue, for the Working Home for the Blind. Architect Robert G. Kennedy prepared the plans.

Is has been ascertained that George F. Payne & Co. are the lowest bidders for the general contract for the construction of the Lorraine Apartment House, at Broad Street and Fairmount Avenue. The brick work goes to Michael Magee.

It is understood that William Brassford, of St. Paul, Minn., will erect the new public building at York, Pa., as well as that at Chester. Much of the work will be awarded in sub-contracts, that of the structural iron work going to John S. Stevens & Sons.

The Hahnemann Hospital is to have a three-story brick medical dispensary, 21 x 17 feet, erected alongside the main building on Fifteenth Street, above Race. Also, a one-story brick laundry 20 x 47 feet. Kemp & Garrison have the contract for both buildings.

A permit has been issued to James Johnson for alterations to the West Spruce Street Presbyterian Church, which he is to superintend. The interior of the building is to be considerably improved, and some of the windows are to be changed. Previously noted in this journal.

Plans have been drawn for a row of splendid three-story dwellings, to be built on Chestnut Street, west of Thirty-third, by John Alvey. They are to be of unique design, modeled somewhat after the Corvora style, but more ornate. The main and back buildings will be of brick and the fronts of carved stone of various kinds.

Among the minor operations now going on are these: Building work by the Hale & Kilburn Manufacturing Company at 65 Filbert Street, a new front to Twaddell's store at 1210 Market Street, and the raising four feet of the roof of a dye house at the northwest corner of Waterloo and Cuthbert Streets. Both noticed before in these columns.

Secretary of Treasury Carlisle has at last declared his preferences for a site for the new U. S. Mint, at Broad and Cherry Streets northeast corner, provided, however, that the ground can be had at a reasonable figure, namely within the bounds of the amount appropriated by Congress, \$600,000. It is understood an effort will be made to effect the result among the owners of the real estate at an early day.

Another structure for hospital purposes is a new brick and stone ward, one story high, 26 x 53 ft, for St. Timothy's Hospital, on the east side of Ridge Avenue, between James Avenue and Rector Street, Twenty-first Ward. John W. Fritzinger has the contract, and will also alter a three-story dwelling on the south side of Ridge Avenue, above Osborne Street, into two stores.

A portion of the lot of the Eleventh Baptist Church, at the northeast corner of Twenty-first and Diamond streets, was recently sold for the sum of \$20,000. Enough was, however, left for a large and attractive house. Ground will be broken for a new edifice, to cost about \$20,000. The walls will be of Trenton brownstone, ornamented, and the auditorium will accommodate 600 persons. The choir will be on either side of the pulpit and the rear of the baptistry. The Sunday-school room will be in the rear of the building.

A slight yielding of the girder across the top of the entrance to the fire engine house at Twenty-seventh Street and Highland Avenue, Chestnut Hill causing the wall to crack, was the cause of a condemnation notice issued by the Building Inspectors. The building is safe, Inspector Colum says, but he had the notice issued as a precautionary measure because of the danger of an engine striking the posts and shaking the wall above. The building was formerly used as a police station. It is about 30 x 60 feet, three stories high.

Director Windrim has awarded the contracts for the work on the streets for which bids were opened on Wednesday last. The Mack Paving Company received the award for all of the paving with vitrified bricks, at prices ranging from \$2.16 to \$2.40 per square yard, except one street which went to Thomas Cunningham. The Vulcanite Paving Company received the contract for all the paving with sheet asphaltum, at prices running from \$2.45 to \$2.65 per square yard. To M. O'Rourke was awarded the contract for paving with Lamberville blocks.

Whilst there is no doubt as to the purchase of the Iron Hall site by the Fidelity Mutual Life Association, now located on Walnut Street below Tenth, yet matters as to building are in embryo. No plans have been prepared, as no architect has been engaged for that purpose. It is pretty certain, however, that at least two floors of a building proposed by the owners will be utilized for the

benefit of the Academy of Fine Arts, the immediate neighbors on the north, and the remainder occupied as offices. It is somewhat early to give in detail what will be done, but as soon as possible will note the operation in full.

Contractor M. McManns, of Tioga, is making good progress with the work of enlarging or adding to Manayunk Boys' Grammar School. The fireproof stairway has been torn away and the cellar excavation is completed. The annex will be 44 by 67 feet, and will be built in front of the present building. The basement will be of Conshohocken stone, with Port Deposit granite trimmings. On each of the three floors there will be a corridor, stairway, coal rooms and two class rooms, each 32 by 24 feet, separated by glazed movable partitions. A granite wall will be built on Green Lane, and will be finished off with an ornamental iron fence five feet, six inches high.

A number of prominent builders are now engaged in making estimates for an addition to Turner Hall on Wharton Street, east of Twelfth. The building is to be four stories high and when finished will in all probability be one of the best equipped gymnasiums in the city. There will be a large room for entertainments, besides a restaurant and other necessary adjuncts that become a building for the training of athletes. The structure will have a frontage of twenty feet, and a depth of sixty-six feet. Will H. Decker, Hale Building, Philadelphia, prepared the plans and will supervise the work of construction. A full description appeared in a previous number of this journal.

At the present time the city is the scene of a vast amount of dwelling-house work and of much other work in the business sections. On Broad Street the Hotel Metropole is nearing completion; on Walnut Street the ornamental new "Gilmore's Auditorium" is being rushed for an early opening. The Women's Christian Temperance Association building, at Eighth and Arch Streets, the railroad terminals, at Broad and Filbert and Twelfth and Market Streets, and the Lincoln Apartment House on Locust Street are among those which still engage the builders' active attention. On Spruce Street, between Eighth and Ninth, the Pennsylvania Hospital has made and is making some notable additions to the stately old buildings. The Hahnemann Hospital and other institutions also have building work on hand. The Philadelphia Traction Company, in addition to other work, is rushing its large new power house at Thirteenth Street and Ridge Avenue. On Seventh Street, above Market, and on other business thoroughfares not far away, fresh buildings for business purposes have been started or are nearly finished. On Fourth Street, above Chestnut, the Fidelity Trust Company is putting in its finishing touches on one of the most attractive-looking financial structures in the city. The Provident Company is also making big improvements across the way. The Bank of North America is about to commence its new building on Chestnut Street, above Third, and following it will come the Bourse at Fifth and Minor Street. The Lorraine Apartment House is also about to be commenced at Broad Street and Fairmount Avenue, while up at Beach and Ball Streets and vicinity, Cramps, the ship builders, have commenced extensive improvements and additions to their works. Another feature about the building business just now is that being given to churches. Many of them are in need of repairs or have already been repaired, and considerable work is provided for in that line. This is the season of the year for church

work to be done, so that there is nothing unusual in the announcement.

With appropriate and interesting services, under the direction of Rutgers Dox, ground was recently broken for the erection of an edifice for the Tioga Baptist Church, of which he is pastor. The new church will be erected on the west side of Broad Street below Tioga, and the ground has entailed an expenditure of \$11,000, while the proposed structure will cost about \$25,000, including furnishings. It will be ready for occupancy in the early part of 1894. The new structure will be in the style of the Byzantine period, while the moulded courses and the base will be of Indiana brownstone. The other band courses will be of terra-cotta, corresponding in color with the limestone, as will also the arch moldings. The roof is to be of green slate, and the remaining wall surfaces will be Pompeian of a dark shade. Only the portion known as the knave, which will form the front portion of the ultimately completed building, will be constructed at present. On Broad Street the structure will have a frontage of 78 feet and is 85 feet deep, and will include an auditorium, parlor, pastor's room, choir and organ lofts and a gallery. The ceiling will be plastered and will be 29 feet high. Previously noted in this journal in Architect Notes.

The jury that is to assess damages and award benefits on account of the widening of Fourth, Fifth, Ranstead and Merchant Streets, which immediately surround the site of the Bourse, met on the 1st inst., at Fifth and Chestnut Streets, and organized by erecting Francis J. Grilly foreman. An adjournment was then taken until October 10, when the jury will get to work in earnest. The other members are John Mundell, Charles A. McManus, T. T. Patton, Michael Nisbet and James C. Shedwick. The Bourse was represented at the meeting by John F. Lewis, while Assistant City Solicitors James Alcorn and George E. File appeared for the city. In addition to these were a large number of lawyers and property owners, representing property interests from Third Street to Sixth, and from Chestnut to Market. Against many of these properties it is presumed that benefits will be awarded, as the widening of the streets surrounding the Bourse will prove of great value to the entire neighborhood, and is certain to attract business to it. In the widening of the streets 26 feet will be added to Fifth, from Ranstead to Market, and 17 feet to Fourth for the same distance, while Ranstead and Merchant Streets will be made 40 and 32 feet wider respectively for the entire block, from Fourth to Fifth.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Franklin, Venango Co., the Catholics will erect a parochial school building.

—At Little Britain, Lancaster Co., the school directors are talking of erecting a new school building.

—At South Bethlehem, Northampton Co., A. L. Cope can give particulars as to the new water works to be constructed.

—At Phoenixville, Chester Co., Messrs. Caswell & Moore have been awarded contract for covering with corrugated iron a building 180 x 500 feet at Charleston, S. C., for the mining and engineering company.

—It is reported that the Baltimore and Ohio Railroad Co. will construct a branch line from Washington to Waynesburg.

—At Saint Clair, Schuylkill Co., the corner stone of the new St. Bonifacius (German) school and hall building has been laid.

—At Williamstown, Dauphin Co., Edge Mercer has sold a piece of land to a Mr. Coffman, which he will improve and erect buildings.

—At Ridley Park, Delaware Co., H. H. Sawyer has awarded contract to C. J. Urban for the erection of a dwelling on Ridley Avenue.

—At Gettysburg, Adams Co., the board of directors of the Lutheran Theological Seminary have decided to erect an additional building, at a cost of \$30,000.

—At Wernersville, Berks Co., the new school building to be erected will be of brick and contain four rooms. It is expected the corner stone will be laid August 16th.

—At Spring City, Chester Co., the Catholic Church congregation has purchased a lot, 110 x 200 feet, on Third Avenue, upon which they will erect a new edifice next Spring.

—At Shenandoah, Schuylkill Co., James B. Davis has been awarded contract for the erection of the new hat factory on Emerick Street. The structure will be four stories, 80 x 30 feet.

—Chester County Directors of the Poor have awarded to E. R. & W. H. Griffith the contract for the new bakery and storage room, to be erected at the County Home. The structure will be 30 x 60 feet.

—At Doylestown, Bucks Co., it is proposed to sink an artesian well at the Rocksville school house.—Superintendent Miles Martindale, of Warminster Township, can give particulars as to a new road to be opened at Walton.

—At Newtown, Bucks Co., the Rev. T. J. Elms, of the Presbyterian Church, can give particulars as to proposed church improvements, to cost about \$1000.—The Electric Light and Power Company have commenced work on the erection of their building on a site near Warstell's mills, on lower State Street.

—At Chester, Delaware Co., the congregation of the First Baptist Church has adopted the plans prepared by Architect Isaac Pursell, of 119 South Fourth Street, Philadelphia. The structure will be erected of Avondale granite. Edwin L. Cox is chairman of building committee.

—Reese Welsh has had a tract of forty acres laid out in building lots in Ridley, near the Lelper Presbyterian Church. It is called Avonia. It adjoins lands of the Swarthmore Improvement Company, as well as the tract laid out for building purposes by A. G. DeArmond.

—At Rutledge, Delaware Co., at a recent meeting of citizens, Council was requested to create a loan of about \$11,000 to telford the main avenues of the borough. William V. Hill, ex-Supervisor of Springfield, was the lowest bidder for the work of telfording the streets, at a cost of about \$15,000.

—At Harrisburg, charters have been issued to the following corporations: The Columbia Building Association of Philadelphia, with a capital of \$1,000,000; to the Towanda Knitting Mill Company of Bradford Co., capital \$10,000; to the Washington Coal and Coke Company, of Dawson, Fayette Co., capital \$250,000; to the Citizens' Electric Heat, Light and Power Company, of McDonald, capital \$12,000; to the Loyalsock Logging Company, of Williamsport, capital \$1000.

—At Pottstown, Montgomery Co., a new industrial company to be known as the Schultze Lock Manufacturing Company has been organized by residents of Philadelphia and Pottstown. The officers are President, G. F. Rothacker, Jr., Philadelphia; Secretary, F. W. Schultze, Philadelphia; Treasurer, J. M. H. Walters, Pottstown; Directors, G. F. Rothacker, Jr., G. A. Mueller, G. W. Schultze, Philadelphia; Mathias Geist, Peter L. Ego, Henry G. Kulp, C. Q. Guldin, Pottstown. It is understood that this new company will locate a works in Pottstown for the manufacture of the Schultze lock, a new and valuable patent.—L. W. B. Fillman will erect twenty-four brick dwellings.

—At Carlisle, Cumberland Co., the sub-committee of the State Orphans' Commission to select a site for the Industrial Home visited Carlisle, August 2d, and looked at several sites at that place. The gentlemen composing the Committee on Selection of a Site are Gen. J. P. S. Gobin, State Senator from Lebanon; Col. Thomas J. Stewart, Secretary of Internal Affairs; George G. Boyer, of Harrisburg, ex-Department Commander of the G. A. R. and G. Henry Davis. They were accompanied by Col. Frank Magee, of the Eighth Regiment, National Guard, and Joseph Pomey. A committee of citizens met them for the purpose of showing them the advantages that city offers for such an institution.

—At West Chester, Chester Co., the Suburban Railway Company, with a capital of \$400,000, has received a charter. It will build a trolley line sixty-five miles long, to run through the principal streets of West Chester, to Kennett Square, Paoli, Glen Loch, Haverford, Overbrook and Philadelphia. The directors are Wm. Jenks Fell, Robert C. Fulton, of Philadelphia; Francis Fenimore, of St. Davids; Mahlon M. Child, of Wilmington, Del., and Wm. S. Kirk, of West Chester.—It is reported that the special committee having in charge the matter of letting contracts for the erection of the new Westminster Presbyterian Church have decided not to give out the work until some changes and modifications are made in the plans.

—At Pittsburgh, a Philadelphia syndicate has secured from E. J. Allen a piece of land on Penn and Homewood Avenues, upon which it is reported about one hundred and fifty dwellings will be erected at a cost of about \$2000 each.—William Harrison, P. L. Jones, J. A. Sutch, Mrs. Ellen Stewart, W. R. McGill, William McGroves, C. W. Swank, J. H. Shaw, E. Covert, Mrs. Plum, George Short, Robert Russell, Andrew Schmale and S. Hutchinson have each purchased lots in the salt works plan, nearly all of whom intend to erect dwellings.—Mr. John Ambacher has purchased a lot 40 feet on Perrysville Avenue, upon which he will erect a fine residence.—John F. Sweeney has sold a lot to Mrs. Caroline Spade, upon which she will erect a fine residence.—Messrs. Fox & Watkins will erect about twenty dwellings on Melon Street. They expect to erect about forty more in the locality.—George Cole has sold a number of lots to purchasers who contemplate building.—Joseph P. Rankin & Co. has sold a lot each to Miss Anna E. Gallasith and Adolph Thomas, who will erect residences at an early date.—Builders Doherty Brothers have taken permit for the erection of a brick building at No. 1125 Penn Avenue for M. Arnfeld & Son. Cost \$12,000.

—At Reading, Berks Co., the finance committee of Covenant M. E. Church, consisting of Jacob Custer, S. K. Cramp, W. H. Haeseler, I. D.

Althouse and Rev. John Stringer, are endeavoring to raise \$2000 towards furnishing the new edifice, now being erected at Ninth and Elm Streets.—J. A. Eckenroth has taken permit for the erection of a two-story brick dwelling on Sixth Street near Laurel Street.—Joseph A. Heine has taken permit for four two-story brick dwellings to be erected on Front Street near Douglass Street.—The court has appointed Jacob H. Weibel, James Potteiger and Alfred McAllister, to lay out a public road in Tilden Township. The proposed road is to begin at a point near the lands of Alfred N. Moyer and Henry and Dennis Holland to a public road leading from Hamburg to Shartlesville, called the Mountain Road, and extending thence to a point at or near lands of the Schuylkill Navigation Company in a public road leading from Auburn to Stony Creek, being the dividing line between Berks and Schuylkill Counties.—Gottfried Hartman will erect eight two-story brick dwellings.—The highway committee has been authorized to ask bids for paving Sixth Street, from Penn Street to Court Street, with vitrified bricks. Also Eighth Street, from Walnut to Buttonwood Streets, with granite blocks.—Council has authorized the Police Committee to reconstruct the steam heating apparatus at the City Hall.—The National Building Association No. 2 has awarded contract to Milton Reiff for the erection of five dwellings on Mineral Springs road.—The Board of Trade can give particulars as to the action to be taken for the completion of the North Reading drive.—John Angstadt has received contract for the erection of ten two-story brick dwellings for the Fidelity Building Association.

Through New Jersey.

At Malaga, Gloucester Co., A. B. Richman's hosiery mill has been destroyed by fire, causing a loss of about \$10,000.

At Red Bank, Monmouth Co., Sewing, Jeffrey & Co. has contract for the erection of a dwelling for S. T. Hendrickson, Jr.

At Asbury Park, Monmouth Co., Council has decided to cause new stone sidewalks to be laid this Fall in place of the wooden ones.

At Pottersville, Hunterdon Co., work has been commenced on the erection of a bridge over the Lamington River. The structure will cost about \$1200.

At Collingswood, Camden Co., A. N. Lowrie, of Philadelphia, has purchased two building lots on Champion Avenue, upon which he will erect a fine dwelling.

At Franklin, Middlesex Co., a new school building will be erected of brick and stone with slate roof, cost about \$30,000, plans prepared by Architect Earnest R. Tilton, 24 State Street, New York City.

Philadelphia and New York capitalists talk of constructing a forty mile electric railroad between New Brunswick and Paterson, touching Montclair, Orange, South Orange, Bloomfield, Plainfield and Metuchen.

At Lindenwald, Camden Co., a new school will be erected, for which plans are now being prepared.—Frank Githens has purchased a tract of ground from Charles Jenkins, which he will lay out in building sites.

At Elberon, Monmouth Co., O. E. Davis has received contract for the erection of a building for Thomas T. Kinney. Cost \$19,800.—Robert McDowell has received contract for the erection of a Sunday school building to cost \$6133.

LEARY'S OLD BOOK STORE,
No. 9 South Ninth Street,
(First Store below Market St.) PHILADELPHIA

At Plainfield, Union Co., Dehli & Chamberlin, architects, 874 Broadway, New York, are preparing sketches for a large and handsome residence, to be constructed of stone and frame, and erected at Washington Park, to cost about \$40,000.

At Gloucester, Camden Co., Joseph R. Whittington has commenced preparing his lot on Monmouth Street upon which he will erect a dwelling.—Work has been commenced on the erection of a fine new stable for the ferry company.

At Woodbury, Gloucester Co., a movement is on foot favoring the granting of a right of way to the Camden, Gloucester and Woodbury Electric Co. to construct tracks on Broad Street.—Contractor Reynolds has commenced work on Schrenck's new building.

At Orange Valley, Essex Co., Frank W. Beall, architect, 318 Broadway, New York, is preparing plans for a two-story and attic stone and shingle finished rectory for All Souls' Episcopal Church, 45 x 45 feet. The building will be ornamented with stereo-relief work and leaded glass in windows. The interior will be finished in hard wood and white pine, and cost \$10,000.

At Montclair, Essex Co., the plans sent in by Joseph Ireland, 265 Broadway, New York, in the competition for the Montclair Children's Home have been accepted. The specifications call for a three-story stone and shingle finished building, 60 x 80 feet in size. The first story will be entirely of stone, with terra cotta pillars resting on stone bases supporting the balcony roofs. The building will have accommodations for forty girls and boys. Cost, \$18,000.

At Camden, bids are wanted until August 23d for school work. (See want columns.) The Board of Public Works has awarded contracts for sewers as follows: Sixth Street, from Birch to Elm Street, to Sweeten & Son, at \$1.20 per foot; Fourth Street, from Atlantic Avenue south, to Frank Ward, at \$3.20 per foot. The latter was also awarded the contract for building one hundred and fifty feet of sewer on Fifth Street, north of Taylor's Avenue, at \$1.60 a foot. The Street Committee was authorized to purchase 50,000 Belgian blocks to repair North Fourth Street, above Penn.

Through Maryland.

At Baltimore, Architect J. T. Oster has prepared plans for a high school building, to cost about \$70,000. President John T. Morris, of the school board, can give particulars.—Architects Baldwin & Pennington have submitted plans for a building for the city college. It is to contain a main structure and two wings, and is to be T-shaped, containing 24,320 square feet. The width is to be 250 feet and the depth 135 feet. Class rooms, lecture rooms, a chemical laboratory, physical laboratory and toilet rooms are provided. The walls are to be of stone, with iron roof. The estimated cost is \$240,000. The committee in charge is Mayor Latrobe, Comptroller Horner and John T. Morris, president of the Baltimore School Board.—Architect L. F. Stutz, of the Treasury Department, at Washington, D. C., is preparing plans for a \$20,000 stone church for the Fourth English Lutheran Evangelical congregation of Baltimore. J. J. Hoehn can give particulars.—The most important permits issued to date are as follows: To Jacob Rader, to erect a three-story brick dwelling at No. 615 South Baker Street; to the Northern Central Railway Company, to erect a two-story

corrugated iron building at Monument and Holiday Streets; to the Antioch Baptist Church congregation, to erect a one-story frame church at the corner of Old York Road and Carroll Avenue; to Victor G. Blode & Co., to erect a one-story frame, iron covered building on Maiden Choice Lane and South Frederick Road; to the Spring Garden Wharf and Land Company, to erect a two-story iron building at the corner of Wooster and Russell Streets; to J. L. Bowen, to erect nine three-story brick dwellings.—J. Theo. Oster, Inspector of Buildings, wants bids until August 14th for the erection of a public school building at Walbrook.—R. B. S. Power and others have incorporated the Maryland Clay Company, with a capital of \$10,000.—Maurice Lauphiemer and others have incorporated the Perfect Clasp Company, with a capital stock of \$10,000.—Messrs. Taylor & Creamer, auctioneers, sold Tuesday for George G. Hooper, attorney, 30 lots lying in that section of Baltimore County known as the Sub-division of Dellwood Woodberry; 1 lot to F. J. Bowersoc for \$200; 10 lots to James M. Davis for \$200 each; 8 lots to James Davis for \$75 each; 11 lots to Miss Annie Wallace for prices ranging from \$30 to \$75 each.

Through Delaware.

At Smyrna, Kent Co., a vote has been cast in favor of establishing an electric light plant.

At Dover, Kent Co., plans are now ready for the new M. P. Church, and bids for its erection are wanted.

At Marshallton, Newcastle Co., Edward Fredricks is erecting a handsome residence. L. H. Greenwalt will also erect a residence.

At Wilmington the Board of Health and the Crematory Committee of City Council at a recent meeting decided to recommend that a furnace of the Brann patent be contracted for, at a cost of \$10,000.

Washington, D. C.

George S. Cooper, architect, 16 Baltic Building, has prepared plans and specifications for a dwelling for Dr. Pettitt, to be erected on Twelfth Street, near T. N. W. It will be twenty-two feet front, two stories and basement high, and will contain nine rooms, all of which will be large. The house will have all the modern improvements. The front will be brown stone up to the first story, sill course and pressed brick above with square bay window, finished with mansard and tower, both covered with tile. Also plans for a stable to be erected in rear of lot for the accommodation of two horses and carriages. There will be a man's room and loft above. The same architect has made plans for two houses to be built for Mr. W. H. C. Thompson, to be erected on R Street near Florida Avenue. These houses will each be thirty-four feet front, two stories and basement high, and will each contain nine rooms and bath. The fronts will be of pressed brick with stone trimmings. The bay windows will be finished at top with pitched roof and slated.—The money for the erection of the new St. Matthew's Church on the site on Rhode Island Avenue just east of Connecticut Avenue has been secured. It is stated that it is the intention to build only a portion of the church at present. The transepts and dome are to be built first, and as it is the design to have the entire structure of marble. The plan is to use brick in the construction of the part first erected, and when the edifice

is completed the original portion will be faced with marble, so that there will be uniformity of color in the entire exterior.—E. J. Madden, 120 Sixth Street, N. E., has taken permit for a three-story brick dwelling. Cost \$45,000.—George A. Hamilton permit for a three-story brick residence to be erected at 1751 New Hampshire Avenue. Cost \$16,000.—The bid of John Pierce, of New York, \$77,190, for furnishing the steel and cast iron columns for the basement and first story of the Washington Post Office Building, was the lowest received, and it is thought he will be awarded the contract. Mr. Pierce is already under contract with the Treasury Department to furnish the stone and brick work for the structure at a cost of about \$800,000.—N. S. Jones has the contract for the erection of ten dwellings for George W. Harvey, at Eleventh and Maryland Avenues, S. W.

LOGICAL

If you are interested in Building Houses or Furnishing
House Materials, Plastering, Plumbing, Lumber, or in any
other shape connected in a business way with Real Estate
interests you should know that there's a vast difference
in prices.

You are not likely to buy anything out of
second hands that can be had of first hands.

Then you should know that we are the largest
manufacturers of Clothing in the world. That's
all on that score.

We have also added the sale of Furnishing Goods,
Hats and Shoes to our Market and Twelfth Street
business.

Miscellaneous.

At Chopin, Nitchitoches Co., La., George Lochr, President of The Lake Lumber Company, lately organized with a capital of \$60,000, can give particulars as to the erection of a saw mill.

At Malden, Middlesex Co., Mass., plans have accepted for a new high school building to cost \$75,500, and which, with the furnishing, will cost over \$100,000. The building will be three stories in height and will contain 14,000 square feet on each floor. It will be of sandstone to the sill of the first floor, and probably red pressed brick above that, although some desire the new white brick. There is also to be a hall, with stage, which will accommodate between 600 and 700 seats, and a general lecture room with seats for 150 scholars.

At Fall River, Bristol Co., Mass., the plans of Architect Farnham were accepted by the committee on public instruction for the additions to the Robeson school on Columbia Street, the plan of Architect Darling for the addition to the Buffington Street School, and the plans of Architect Cooper for the addition to the Borden School on Brownell Street. Three new school houses are to be erected on sites that are to be selected by a committee consisting of Mayor Coughlin, Alderman Crowther and Councilman Davol. It was decided that two of these school houses shall be 8-room buildings and one 4-room building. It was agreed that the two big buildings shall be mainly duplicates of the buildings now being erected on Flint and Osborn Streets after plans by Architects Darling and Cooper. The architects were requested to present an additional plan for a four-room school house of brick.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figure 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a really good hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Wants.

W. C. Rankin, of Lockland, Ohio, bids until August 22, for water mains.
The Board of Fire Commissioners of Camden N. J., want a chemical engine.
At Dover, Kent Co., Del., the M. P. Church congregation want bids for the erection of a new church.
A. P. Butterfield, clerk of Board of Administration, Cincinnati, Ohio, bids until August 17, for sewer work.
Office of the Board of Health, City Hall, Philadelphia, August 2, 1893. Proposals will be received at this office until 12 o'clock noon of August 15, 1893, for making a road, also for brick framing and curbing, also for extending the

kitchen and laundry at the New Pavilion Hospital at Twenty-second and Lehigh avenue. Plans and specifications can be seen at this office. Bids involving \$500 or over must be accompanied by a certificate from the Law Department that a bond has been filed as required by the ordinance May 25, 1890. By order of the Board. William P. Troth, Chief Clerk.

Office of the Inspector of Buildings, City Hall, Baltimore, August 2, 1893. Sealed proposals will be received at this office until 12 o'clock noon on Monday, August 14, 1893, for the erection of a public school at Walbrook, on the N. E. cor. Ninth and Northwest Streets, according to the plans and specifications, which may be seen at this office daily from 9 A. M. to 3 P. M. The contractor is to state the time in which he will finish his work. The right is reserved to reject all or any of the bids. The proposals will be opened in the Mayor's office at the hour above mentioned, and bidders are invited to be present. J. Theo. Oster, Inspector of Buildings.

Office of the Co. Commissioners, Media, Pa., July 31st, 1893. Sealed proposals will be received at the office of the County Commissioners, at Media, on Monday, August 14th, at 12 o'clock, noon, for the building of a brick arch bridge over Storey Creek, in the Borough of Ridley Park Also, at the same time and place, for the building of the masonry and superstructure of a bridge over Ridley Creek on the Providence Road, between Chester City and Township of Nether Providence. Plans and specifications may be seen at the Commissioners' office, Media. The Commissioners reserve the right to reject any or all bids. James Clark, Wm. Lane Quinn, Harry L. Hipple, County Commissioners.

E. Boyden & Son, architects, Worcester, Mass., bids for the erection of a two-story fire department house to be erected at Webster Square. The plans call for a building 35 x 89 feet, with a 3-story brick bell tower, 7 x 8 feet, on the south side. On the first floor are to be accommodations for three pieces of apparatus and ten horses. On the second floor front is two dormitories, each 16 x 26 feet, accommodating twelve firemen, with a smoking room, 12 x 12 feet, sitting room, 12 x 12 feet, and hay room 22 x 20 feet, at the rear. There are also two bath-rooms on this floor. The building will be of pressed brick and brownstone, have copper cornice, hard pine finish, steam gas, hot and cold water. Cost \$15,000.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

. 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

Wants.

At Reading, Pa., the Highway Committee wants bids for paving Sixth Street, from Penn to Court Street, with vitrified brick, and Eighth Street, from Walnut to Buttonwood Street, with granite blocks.

Sealed proposals will be received for paving in front of Bergen School with Philadelphia Paving Brick until Wednesday, August 23d, at noon. The committee reserve the right to reject any or all bids. Address proposals to C. H. Ellis, Jr., Fifth and Berkley Streets, Camden, N. J.

Jeremiah O'Rourke, Supervising Architect Treasury Department at Washington, D. C., proposals until August 16th, for placing iron columns of basement and sub-basement and first floor beams, etc., in U. S. building at St. Paul, Minn.; also until August 18th, for all labor and materials for plumbing and gas piping the U. S. building at Troy, N. Y.; also until August 15th for P. O. lock boxes, lock drawers for public buildings, for fiscal year ending June 30, 1894; also until August 18, proposals for furnishing and placing steam heating apparatus including power boiler and pipe construction, furnishing of non-conducting covering material and applying same on all exposed steam pipes, etc., for the Butler building, Washington, D. C.

Sealed proposals for the Bergen School, as follows: Two wash stands with oak frames, with all the necessary pipes, cocks, traps, etc.; also, an 8-inch terra cotta pipe from culvert in street to water closet in rear of yard, with all necessary traps, vent pipes, etc., and put in two J. L. Mott's patent overflow plug and lever attachment privy sinks, 15 feet long, to supply 13 partitions, and water to supply same, with stop cock, rod, handles and box to keep it from freezing; plumbers to pay all city expenses. Water closet house to be of hard brick, tin roof, old blinds at the Genge School to be used as lattice work; and painting doors on all closets. Proposals will be received until Wednesday, August 23d, at noon. The committee reserve the right to reject any or all bids. Address proposals to C. H. Ellis, Jr., Fifth and Berkley Streets, Camden, N. J.

Proposals for building material. Office of Building for Library of Congress, 145 East Capitol Street, Washington, D. C. Separate sealed proposals will be received at this office until 2 o'clock P. M., on Wednesday, the sixteenth day of August, 1893, and opened immediately thereafter in presence of bidders, for furnishing and delivering at the building for the Library of Congress, in this city, the following materials and work, namely: 1. The ironwork and skylights of the roofs of the west main pavilion and all curtains, including attic floor beams, all but the latter to be erected in place complete; 2. The hollow terra cotta tiles required for all roofs; 3. Tinned sheet copper and rivets for roofs; 4. Cut granite steps, platforms and area copings of light blue color and fine grain. Specifications, general instructions and conditions and blank forms of proposal may be obtained on application to this office. Bernard R. Green, Superintendent and Engineer.

Treasury Department, Office Supervising Architect, Washington, D. C., August 2, 1893. Sealed proposals will be received at this office until 2 o'clock P. M. on the 24th day of August, 1893, and opened immediately thereafter, for all the labor and materials required to put in place

complete a heating and ventilating apparatus in the U. S. Court House, Post Office, etc., building at Scranton, Pa., in accordance with drawings and specification, copies of which may be had at this office or the office of the Superintendent at Scranton, Pa. No convict labor nor the use of any product of convict labor will be allowed in the work. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids and to waive any defect or informality in any bid if it be deemed in the interest of the Government to do so. All bids received after the time stated will be returned to bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for Heating and Ventilating Apparatus for the U. S. Court House, Post Office, etc., building at Scranton, Pa.," and addressed to Jeremiah O'Rourke, Supervising Architect.

Architect Notes.

Benjamin Linfoot, architect, 917 Walnut street, has made plans for an addition to the hospital at Hazleton, Pa. It will contain all modern conveniences, etc.

Thos. P. Londale, architect, Manhattan Life Building, has made some minor plans for small alterations to interior of Peirce's Business College, Record Building. Estimates are being made on the work.

Architect T. Frank Miller has completed plans for a new dwelling, for S. E. Bailey, of Lancaster, to be erected on the property recently purchased by him at North Wales; also plans for a new Methodist Episcopal church at Lansdowne, to be built entirely of dressed stone.

W. Pritchett & Bro., architects, 1439 South Penn Square, have completed plans for a large house and stable to be erected at Stafford, Pa., and for which estimates are being made in the office of Wm. Steele & Sons, 506 Walnut Street. Both structures are to contain all modern conveniences, etc.

Architect Willis G. Hale will invite further bids for work upon the Augusta as soon as the additional capital has been subscribed for the extension of the improvement. The Lorraine will cost considerably more than was originally contemplated, but the work will not be delayed. Excavations have been started for the foundation walls.

Walters & Plack, architects and engineers, 1414 South Penn Square, are making plans for a handsome four-story, local stone hotel, to be in colonial style of architecture. It will be 65 x 90 feet, L shaped. The structure will be erected at Ambler, Pa., by a stock company, and will be open the entire year as a general hotel. It will be furnished on interior with an elevator, electric work, all modern conveniences, etc.

T. Melon Rogers, architect, 1122 Walnut Street, has made plans for a stone mansion for Mrs. H. C. Hart at Ambler providing for a sandstone structure, 100 feet square, of colonial style. An attractive feature will be a circular porch extending around the south side of the building, with open terrace work ornamentation. The interior will include a central hall, 14 x 46 feet; reception hall, billiard room, library, pantry, dining room, servants' room, kitchen and laundry on the first floor, and six large chambers, bath rooms, linen and other apartments on the second floor.

Edward Durang, architect, No. 1200 Chestnut, is now engaged upon the drawings for the im-

provements to be made to Dooner's Hotel. The building adjoining the hotel on the south will be added to the main structure. The mansard roof will be torn down and two more stories added, thus making the hotel seven stories high. All modern improvements will be introduced including electric work, elevator service, best culinary arrangements and general comforts. Mr. Durang is also preparing the plans for a very large church to be built for a Roman Catholic congregation in the northeastern section of the city.

Frank R. Watson, architect, 518 Walnut Street, has completed all plans in detail for the school and dormitory for the St. John's Orphanage at Forty-ninth Street and Westminster Avenue, to be of brick, stone trimmings, three-stories high, slate roof, and all modern conveniences in the interior. In area it will be 57 x 105 feet. Contract let to William R. Dougherty, 1604 Sansom Street. Also, plans for a house for Harry Marot, at Oak Lane Station, to be of stone and shingle work, with modern improvements. Also for a stable at Ashbourne, Pa., for Charles Salmon, fitted in good style, with conveniences.

Harold Godwin, architect, 905 Walnut Street, has made plans for a handsome store building, two-stories high for Green & Co, to be erected at the junction of Eleventh and Tasker Streets and Passyunk Avenue. The whole lower floor will be of iron and glass construction; interior heated by steam, and will likely have electric light introduced. Mr. Godwin has awarded a contract to C. O'Neill, contractor, for alteration of two stores at Vandever and Locust Streets, below Eleventh. The fronts are to be of light buff brick, with stone trimmings and large plate glass windows whilst the interior will be quite ornate in design.

When the structure for the Bank of North America was first noted in this journal the material had not at that date been decided upon, nor details fully settled as to disposition of the space of ground covered. According to the latest information, the new building will be 49 feet 5 inches front with an open space of 6 feet on the east, to give light and ventilation to the main banking room, which will be about 45 x 78 feet in the clear, with a clerestory of 49 feet. The cashier's and president's rooms will be immediately in the rear of the main banking room, with a 14 feet clerestory. There will be a rear building, 23 by 50 feet, 4 stories high, which will be used for directors' room, store room, kitchen, dining room and lavatories. This building will face the east and north, with an open space 13 feet round it, giving complete ventilation and

ample light. The front of the building will be built of Jonesboro granite, with polished Quincy base and polished Scotch granite columns and architraves. This front will be of the Renaissance style of architecture, very ornate, and will have a portico over the door, with polished columns and heavy entablature. The building will be entirely fireproof. The floor and roof will be of iron and steel construction, filled in with Fawcett ventilating fireproof material. The vaults will be of the best modern construction, erected with great care and with every appliance for safety and durability. The whole building and fixtures will be substantial and plain in their general character and details, but will be finished in the best manner, and will not be inferior in all the appliances to any modern banking house. The plans for the new building were prepared by James H. Windrim, architect. They have been approved by the Building Inspectors, and the work is proceeding under the superintendence of George Watson & Son. The main sub-contractors are Samuel Hart & Sons, William Gray & Sons and John S. Stevens & Sons.

Building and Real Estate Notes.

A two-story brick building, 32 x 50 feet, for lodge rooms and entertainments, will be constructed at 431 North Sixty-third Street, by B. F. Pearson.

Most of the avenues of the Overbrook farms operation have been graded and macadamized, and most of the cement sidewalks have been completed. The water and drainage work is well under way, and the mains of the steam plant have been laid and the boiler house finished. Agreements of sale, it is said, have already been effected in several instances.

Building affairs have taken an upward turn, permits being secured for a number of important jobs. George Watson & Son have started on their contract to erect the new building for the Bank of North America, on the north side of Chestnut Street, west of Third. This new structure, which is designed to be imposing, but plain, is to be one story high in front, where the banking business is to be carried on, and four stories in the rear, where the officers' quarters, etc., are to be. The main building will be 45 x 78 feet, and there will be a back building, 23 x 50 feet, extending back to the old Drexel building, on Third Street. The building is to be of granite and brick, and will cost upwards of \$200,000. John T. Windrim, architect, will supervise the construction, having drawn the plans. These were fully described in a previous number of this journal.

PHILADELPHIA, WED'Y, AUG. 16, 1893.

The Gauze Door Range Again Eulogized.

It must be doubly gratifying to the manufacturer of articles that appeal directly to the sentimental side of home life as well as the more practical question of saving labor for women, to receive daily testimony as to the merits of his wares and their increased popularity.

Messrs. Thomas, Roberts, Stevenson & Co., of this city, are the inventors and manufacturers of the gauze door for ranges. These are marketed with what it known as the Gauze Door Range, the door, however, being also attachable to their Active Fortune Range when desired. The fact is the Gauze Door Range possesses a decided and generous individuality distinctively its own, which, perhaps, more than through any other influence, has gained for it a decided popularity among chefs and housekeepers. The copious supply of fresh, pure air which enters the oven through the fine meshes of the wire fronts practically roasts the meat in the open air, which has been the prevailing method among the English people for hundreds of years.

The following communication is one of the many hundred instances of public favor constantly received by the manufacturers of the Gauze Door Ranges.

PHILADELPHIA, AUG. 10, 1893.
Messrs. Thomas, Roberts, Stevenson & Co.
DEAR SIRS:—I received a short time ago one of your Gauze Door Ranges, and am well pleased with it. Will you kindly send me three catalogues in reference to the ranges, and oblige

Yours Respectfully,

JOHN W. MARTIN,

3420 N. 16th st.

N. B.—I wish to give them to parties desiring ranges.

Building and Real Estate Notes.

Philip Haibach is to erect a three-story brick dwelling, 14.6 x 28 ft., at 712 Brooks Street.

Bids are being received for the work upon the new home for the Penn Widows' Asylum, at Forty-first and Baring Streets.

Charles E. C. Warfield, will put up eighteen two-story brick dwellings, 14.3 x 38 feet, on the south side of Clementine Street, east of E Street.

A four-story brick, stone and iron store, dwelling and hall, 23 x 44 feet, will be built by A. C. McGill at the southwest corner of Third and Gaskill Streets.

The J. & P. Baltz Brewing Company is to make certain improvements by way of enlarging and strengthening its large office building on Thompson Street, west of Thirty-first.

Contractor Michael Whelan is to build four three-story dwellings, including one store, at Thirtieth and Weidner Streets, and one store and dwelling at Thirtieth and Field Streets.

Ezekiel Stewart's Sons have the contract to erect a one-story brick, frame and glass factory building on the south side of York Street, east of Thompson. The building is to be 126 x 152 feet.

On the south side of York Street, west of Thirty-second, P. H. Somerset will build a two story brick stable and coal office, 16 x 102 feet; also a cell house one story high, 25 x 35 feet, at the Fifth District Police Station, Fifteenth and Brighton Streets.

Charles Judge is to erect two two-story brick dwellings, 15 feet 6 in x 34 feet each, on the southwest side of Clifton street north of Ann; also a two-story brick stable, 16 x 52 feet, in rear of the southwest side of Richmond Street north of Westmoreland.

It develops that the contemplated improvements to the Episcopal Hospital will cost about \$100,000. A receiving ward, which has been needed badly, and a new laundry are to be the additions to the present building. They will conform to the existing style of architecture.

The Mercantile Club House on Broad above Master Street is about to be started, the plans having been examined and a permit asked. This building has been fully described in this journal after plans by Baker & Dallett, architects, S. W. corner of Fifth and Walnut Streets.

Builder John Stafford began his large operations on the 7th inst. They comprise seven three-story brick dwellings, 15.6 x 50 feet, on the east side of Thirty-first Street, south of Norris, and a three-story brick store and dwelling, 16 x 53 feet, at the corner of Thirty-first and Norris Streets. These houses have been noted before in this journal.

Contractor William R. Dougherty, who is to erect a three-story brick and stone academy

building addition for the Convent of the Sacred Heart at Torresdale has begun work. The new structure is to be 38.2-3 x 88 ft., and will cost about \$25,000. It is understood that other improvements are contemplated. These plans were prepared by Architect Roby of Reading, Pa.

A syndicate, headed by J. Warren Coulston, the lawyer, has secured the properties on the south side of Walnut Street, west of Thirtieth, upon which it is proposed to build a very large apartment house. The residence of Dr. Emlen Physick and two houses owned by L. Borsch have been secured, and it is probable that several properties adjoining on the east will be purchased before the exact proportions of the improvement will be known. Very liberal offers have been made for the lot at the southwest corner of Walnut and Thirtieth Streets, and it may be that the improvement will be delayed until the lot is secured.

The Frankford Branch of the Young Men's Christian Association recently disbanded. The need of such an institution has since been recognized by the leading business men of the town, who held a meeting last week at the Hermon Presbyterian Church and decided to organize a new association. These officers were elected: President, E. Smith; First Vice President, H. B. Antrim, Second Vice President, Jefferson Justice; Recording Secretary, Henry Hillegas; General Secretary, William T. Harris, and Treasury, Samuel Christian. Committees were appointed to select suitable rooms and supplies and report at a meeting next Monday evening.

At Thirty-sixth Street and Gray's Ferry Road, Rosengarten & Sons will erect one of the largest chemical laboratories in the country, for which the grading has been started. The plant at Seventeenth and Fitzwater Streets, which occupies an entire block, will be abandoned and modern dwelling houses will occupy the site. Messrs. Rosengarten have secured a very large tract of land covering several city blocks, and through ordinances of Councils have had them so plated as to admit of the erection of a series of buildings within one enclosure, if necessary. It is understood that the firm will build several rows of small houses on the land now being graded for the occupancy of the operatives.

Through Pennsylvania.

 When any of the following are not post office towns they will be so designated.

—At Allegheny City, the corner stone of the new Masonic Hall was laid last week.

—At Spring City, Chester Co., John Yeager, Jr., has purchased a lot of ground on Bridge Street on which he will erect a frame building 32 x 60 feet, two or three stories high, to be used for manufacturing purposes.

—At York, York Co., the Security Title and Trust Company will erect a new building.

—At Quakertown, Bucks Co., the corner stone of the new Reformed church was laid last week.

—At Norristown, Montgomery Co., council is considering street improvements at a cost of about \$16,000.

—At Bethel, Berks Co., B. F. Steinbach has received contract for the erection of a new school building.

—At Jenkintown, Montgomery Co., a vote has been cast in favor of issuing bonds for street improvements.

—At Morrisville, Bucks Co., it is thought that the John H. Osborn site will be selected for the new school building.

—At Concord, Franklin Co., Rev. R. L. Stephens can give particulars as to the proposed erection of a new Episcopal church.

—At Tower City, Schuylkill Co., the Lutheran church congregation contemplate the erection of a parsonage near the church.

—At St. David's, Delaware Co., the new residence to be erected by Professor Henry Trimble, of Philadelphia, will cost about \$8000.

—At Greensburgh, Westmoreland Co., the new station to be erected for the Pennsylvania Railroad company will cost about \$75,000.

—At Thurlow, Delaware Co., W. A. Shoemaker, Esq., will erect several two-story dwellings with porches, and all improvements.

—At Pennsbury, Montgomery Co., a new Baptist church is being talked of.—George Heavener will have a new residence erected this Fall.

—At Ambler, Montgomery Co., a stone residence, 100 feet square will be erected for Mrs. H. C. Hart, from plans prepared by Architect Rogers.

—At Beaver Falls, Beaver Co., Simon Harrold has contract for the erection of a nine-mile electric railway from Coraopolis to McKee's Rocks. Cost, about \$140,000.

—At Telford, Montgomery Co., Moses Shelly will erect a dwelling.—Contractor Wolf has been awarded contract for the erection of a fine dwelling at Lansdale.

—At Ardmore, Montgomery Co., J. D. Cooper, formerly owner of the Ardmore Hotel, has purchased a lot on Butler Avenue and will erect a hotel to cost about \$20,000.

—At Billwood, Blair Co., the directors of the recently incorporated water company are John E. Bell, Thad. Stewart, Edgar E. Bell of Bellwood; Gilbert Lloyd Owens and A. A. Stevens, of Tyrone. The capital is \$30,000.

—At Kennett Square, Chester Co., George E. Thatcher, has commenced the erection of a dwelling for James Mills, also two dwellings for Isaac Larkin.—The corner-stone of the Second Baptist church was laid last week.

—At Titusville, Crawford Co., Boston, Mass., capitalists have purchased a four acre site, and will erect a paraffine and wax refinery. The plant of which will cost about \$100,000. The new works will utilize the tar from the refineries.

—The commissioners appointed to purchase land within the limits of the old encampment at Valley Forge are pushing the work, and surveys are being made. Most of the site lies in Montgomery County and about ten acres in Chester County.

—At Perkasia, Bucks Co., Charles Deaterly has commenced work on the erection of a dwelling

on Snyder Avenue.—William Renney will erect a dwelling on Fairmount Avenue.—The brick work of P. S. Cressman's hotel has been completed.

—At Allegheny, Chester T. Haag, has purchased a lot, 20 x 110 feet, on the west side of Buena Vista Street for \$5000, upon which he will erect a residence.—James McKaigh has purchased two lots on Willis Street upon which he will erect a fine residence.

—At Reading, Berks Co., at a recent meeting of the building and repair committee of the school board it was decided to advertise for proposals for a Florida heater for the Washington Street school building. The contract for plumbing was awarded to Row & Bentz.

—At Media, Delaware Co., contracts were awarded the 14th inst., by the Commissioners of Delaware County, for the erection of an iron and stone bridge over Ridley Creek at Shoemakerville, on the Providence Great Road. It will be 430 feet long and cost \$50,000.

—At Lititz, Lancaster Co., work will be commenced on the construction of the new water works next month; the plans for its construction have been prepared by Horatio Sands of Royersford, who has been appointed constructing engineer and superintendent of the works.

—At South Bethlehem, Northampton Co., the property owners on Canal Street have been notified to curb and pave as far as the street has been graded.—T. C. Coffrey, real estate broker, has sold a lot at the corner of Linden and Third Streets to M. S. Dwyer, who will erect a fine business block.

—At Bridgeport, Montgomery Co., John Kutz and Frank Heebner will each erect dwellings on Fourth Street. A. Horning, of Norristown, has the contract.—At a recent meeting of the school board, a committee comprising the entire board was authorized to secure a site and have plans prepared as soon as possible for the erection of a new school building.

—At Du Bois, Clearfield Co., a system of sewerage has been adopted. The total length is 91,740 feet, and the cost, including manholes and flush tanks, \$80,268. The specifications call for 7 1/2 inch tanks at \$80 each and 150 manholes at \$40 each. The mains will be 23, 18 and 15 inches in diameter. The average fall will be about one foot in 1200, and the average depth below surface of streets, six feet.

—At West Chester, Chester Co., the members of the First Presbyterian church will hold a congregational meeting soon to consider the advisability of borrowing \$10,000, for the building at the corner of Darlington and Minor Streets.—Congressman Robinson will introduce a bill in Congress asking for an appropriation of \$75,000, for the erection of a public building.—All the green houses of the nurseries of Hopper Bros. & Thomas have been destroyed by fire, causing a loss of about \$10,000.

—At Harrisburg, at a recent meeting of the State Board of Charities and Correction, plans were accepted for a new Administration Building to be erected for the State Hospital for the Insane at Harrisburg, in accordance with the act of the Legislature, which provided an appropriation of \$100,000 for a structure to take the place of the present building. Bids will soon be asked for a three-story brick building, finished with stone and entirely fireproof. The length will be 126 feet and the depth 52 feet. The old administration

building will be removed as soon as the new one is ready for occupancy.

—At Marcus Hook, Delaware Co., the Borough Council has adopted plans for the Borough Hall submitted by Architect Horace Jackson, of Chester. The main building will be 40 x 55 feet, three stories high and will be built of brick with Indiana limestone trimmings. The roof will be slate with a bell and clock tower, 25 feet high. The first floor will be fitted up for public meetings and entertainments, with a stage 10 x 20 feet, two dressing rooms and a toilet room. The second floor will be the Council Chamber with three committee rooms and a toilet room. The third floor will be fitted up with all modern conveniences and will be used for lodge purposes. Adjoining the main building will be the lockup 16 x 32, one story high, with a magistrate's court room in front and three iron cells in the rear. Bids will be advertised for in a few days.

—At Pittsburgh, M. F. Hipple & Co., have sold a piece of land 840 feet on the south side of Harnerwood Avenue to parties who will subdivide the property and place it on the market. The new congregation of the Presbyterian church, have secured a site for their new building on Aurelia Street between Denniston Avenue and Shady Lane, and work on the new edifice will be commenced as soon as arrangements can be perfected.

—Henry Laxterman has sold a lot, 50 x 135 feet, on Idlewild Street to a purchaser who talks of improving it. The plans are now being prepared for the Lincoln Avenue M. E. church, which will cost about \$25,000, J. C. Louer, has taken permits for the erection of a store and dwelling on Callowhill Street, to cost about \$10,000.

—Isaac Reese has taken permit for a brick dwelling on Atlantic Avenue; cost about \$6000.—The Lincoln National Bank has taken permit for a brick dwelling on Smithfield Street, cost \$17,000. Henry Shank is the contractor.—Messrs. Murphy & Hamilton has taken permit for brick buildings for W. T. Bonn & Bros.; cost \$17,000.

—At Chester, Delaware Co., the building committee of the Holy Trinity Lutheran Church congregation has awarded contract for the new edifice to be erected on Kerlin Street, to B. D. Ayers & Son, who will commence work in a short time.—If franchise is granted the Philadelphia and Delaware Railway Company, it will improve the river front. The route proposed is along the Island Road, thence to Eddystone, to Chester and thence to Wilmington.—The corner-stone of the new Prospect Hill Baptist Church was laid last week.—The Eureka Steel Works at Fifth and Broomall Streets was destroyed by fire last week. Amos Gartside, President of the company, says the plant will be rebuilt as soon as the insurance is adjusted. The works employ one hundred and fifty hands.—The jury appointed to report on the necessity of a bridge across Darby Creek in the township of Upper Darby, from the road which extends from the Matthews Hollow Road to the Providence Road, will meet on September 1st, at 2 o'clock. The jury consists of Thomas H. Higgins, J. M. Stoeber and C. S. Esrey.

Through New Jersey.

At Egg Harbor, Atlantic Co., Waechter & Co., machinists, have secured a site upon which they will erect a factory.

At Lambertville, Hunterdon Co., the colored people have purchased a lot on Main Street and propose the erection of a church.

At Perth Amboy, Middlesex Co., Council proposes vitrified brick for pavements.

At Berlin, Camden Co., William Kelley has received contract from the Camden and Atlantic Railroad Company to sink a three-inch artesian well.

At East Side Park, Monmouth Co., G. W. and A. E. Smith have received contract for a dwelling for Theodore White. Also a dwelling for Annie H. Ives.

At Salem, Salem Co., The Bruno Ice Cream factory, recently destroyed by fire, will be rebuilt at once. It was the largest in the State. Mr. Criscom, the owner, can give particulars.

At Gloucester, Camden Co., a new school building will be erected on Hunter Street, for which the Board of Education has asked bids. Patrick Farrelly is having a large addition built to his hotel on Jersey Avenue.

At Haddonfield, Camden Co., work has been commenced on the foundations of a new dwelling for John Harrison, to be erected on Ellis Street. —Work on the new bank building is progressing. Several rows of the granite front have been set.

At Flemington, Hunterdon Co., the new creamery will be erected on a site west of the Lehigh Valley freight house. Messrs. Leibert & Welber, who recently procured an ordinance to enable them to construct an electric light plant, will soon commence work.

At South Seaville, Cape May Co., the trustees of school district No. 89 have authority to bond the district for fifteen thousand dollars for the purpose of erecting and furnishing a new school building which they propose soon to commence the erection of.

At Camden, at a recent meeting of the Board of Freeholders, application was favorably received from the Bettelwood Land Company to construct a dam at the junction of White House Pike and Newtown Creek. —T. P. Varney, city clerk, will receive bids until August 22nd for eighteen portable iron buildings. See Want column.

At Merchantville, Camden Co., the Building Committee of Grace Protestant Episcopal Church have adopted plans for their new church edifice. The estimated cost of the new building, including the tower, is about \$10,000. The structure will be 83 x 36 feet, and the ladies' parlor will be 20 x 12 feet. The materials used will be Trenton stone to the line of the window sills, and wood frame, coated with cement, to the roof.

Through Maryland.

At Snow Hill, Worcester Co., seventy-six buildings were destroyed by fire last week, including court house, jail, bank, hotels and dwellings. Loss about \$200,000.

At Baltimore, the most important building permits issued to date are as follows: To the Baltimore Traction Company, for the erection of a car house, from plans prepared by Architect Henry Burns, to be one story, of pressed brick with granite or brown stone trimmings, and situated on a lot 165 x 203 feet, at the southeast corner of Mount Royal Avenue and McMichin Street. —No estimated cost is given to Edward Stork for the erection of thirteen two-story brick dwellings on Lanvale Street near Spring Street. —To W. W. F. Smith, to erect a three-story frame dwelling on Clifton Avenue; to H. J. Broening, to erect a two-story brick dwelling at No. 115 Montgomery

Avenue; to G. G. Valke, to erect a two-story brick dwelling at No. 2229 Pennsylvania Avenue; to A. H. Sibley, to erect twenty-nine three-story brick dwellings on north side and south side of Lennox Street near Park Avenue; to J. H. Hubbard, to erect three three-story brick dwellings on Madison Avenue near Whitecloak Street; to Edward Kuennen, to erect a three-story brick dwelling on the corner of Light and Montgomery Streets; to J. F. Morgan, to erect thirty-nine two-story brick dwellings on Clement Street near Hanover Street; James Otis Spear and others have incorporated the Dressing Cabinet Supply Company.

Through Delaware.

At Wilmington the Street and Sewer Department has directed the Secretary to ask for bids for grading Washington Street from Seventeenth Street to Elliott Avenue.

Washington, D. C.

Plans for the erection of the new Catholic Church at Thirteenth and C Streets, S. E., have been prepared. The new structure is to cost \$35,000. The pastor of the church, Rev. Father J. R. Matthews, has taken out a permit with the inspector of buildings, and work on the new church will probably be begun without any delay. The church is known as St. Benedict's, and is one of the few colored Catholic churches in the city. The architect of the new building is John K. Stack, of Baltimore, and the builder Owen Donnelly of this city. It is to be of brick and stone, 54 x 100 feet, and the plans are very attractive. There is to be a steep slate roof. There will be but one tower, and that 165 feet high, with a width of 14 feet 4 inches and a projection of 4 feet. Major Wm. McK. Dye, ex-chief of police, has purchased a tract of several acres of land on the Tenleytown Road and there, it is stated, will erect a fine residence, which he will occupy upon his return from Corea. His contract with the Corean Government will expire in about a year's time. —Plans have been prepared for a dwelling to be erected at No. 416 South Capitol Street, for C. W. Barbour. —W. A. Custard is erecting a row of brick dwellings from No. 3607 to 3613 N Street. —Enis McCarthy has let a contract for the erection of twelve two-story frame dwellings at Forty-first Street and Brookville road. —The Secretary of War has referred the application of the Philadelphia, Wilmington and Baltimore Railroad Company to strengthen the Long Bridge with additional piles to the Chief of Engineers, who, in turn, referred it to Major Davis, who has special charge of the Long Bridge, for "examination and report." —Mayor Boody, of Brooklyn, N. Y., has notified the Secretary of the Navy that the city has decided to purchase the navy yard lands in Wallabout Bay, Brooklyn, recently offered for sale by authority of Congress. The Government will realize \$1,250,000 by this transaction, and \$300,000 of this amount will be at the disposal of the Navy Department for use in improving the plant of the Brooklyn navy yard.

Building and Real Estate Notes.

No contracts have as yet been announced for the construction of the two immense buildings to be reared upon the French and Massey estates, now owned by C. C. Harrison, and for which plans have been made as announced by Cope and Stewardson, architects. The old structures are fast melting away and in about two weeks the cellars will be ready for foundation work to begin.

Miscellaneous.

At West Pullman, Ill., the West Pullman Land Company will erect a hotel to cost about \$100,000.

At Milwaukee, Wis., Lauer Brothers have received contract for the erection of a church, to cost about \$15,000.

At Ann Harbor, Mich., Spier & Johns are the architects for the University building to be erected at a cost of about \$30,000.

At Bloomington, Ill., Architect H. B. Wheelock, has plans for the First Presbyterian Church to be erected at a cost of \$30,000.

At Woodstock, Ill., Frank Obergilt will erect a sanitarium, to cost about \$100,000, from plans prepared by Architect Sperey.

At Buffalo, N. Y., Architect D. E. Metzger has plans for a building to be erected for the Buffalo Catholic Institute, to cost about \$100,000.

At Chattanooga, Tenn., the county court has authorized the issuance of \$150,000 of bonds toward the construction of a bridge across the Tennessee River.

At Hanover, N. H., contract for constructing the reservoir for the water company has been awarded to L. A. Taylor, of Boston, Mass., for \$15,000. The laying of pipes and setting of hydrants will make cost about \$40,000 for the works.

At Yonkers, Westchester Co., N. Y., Dehli & Chamberlin, architects, 874 Broadway, New York, are preparing plans for a four story double flat, 25 x 80 feet, the store to occupy the two lower floors, to be constructed of brick and terra-cotta, for the Ethan Flagg estate; cost, \$14,000.

At Cambridge, Dorchester Co., Mass., architects will be invited to submit plans for a fire engine house to be erected on Lexington Avenue and Huron Street, to cost \$15,000. Plans are being prepared for the Perkins dormitory, which will be erected on Jarvis Field and Oxford Streets, to cost \$150,000.

At Springfield, Mass., a two-and-a-half story frame house will be built here for a Mrs. Nelson. It will be 40 x 55 ft with extension, and the interior will be so arranged that the whole lower floor may on occasion be thrown into one large room. Boring & Tilton, 57 Broadway, New York, are the architects and estimate the cost at \$15,000.

At Newport, Newport Co., R. I., De Blois, Hunter & Eldridge have sold about five hundred thousand square feet of land on Ocean Avenue, known as Cherry Neck, to Mr. William R. Travers. The property belonged to the Newport Hospital, which holds a large tract of unimproved property in that vicinity, and Mr. Travers is about to build an elaborate house upon it.

At Worcester, Worcester Co., Mass., Architects Earl & Fisher, of No. 492 Main Street, are making plans for a new church for the South Unitarian Society, to be erected at the corner of Claremont and Main Streets. The structure will

be of granite with brown-stone trimmings, 55 x 106 feet, with ornamental tower, to cost about \$30,000. The same architects have plans for a church of similar dimensions for the congregational society at North Brookfield. Also plans for a cottage for the cottage for the Lyman School for Boys at Westborough, to be erected of brick and contain schoolrooms, workshops, dining-room and dormitories, to cost about \$18,000.

At Cambridge, Mass., Conant Hall, the new Harvard dormitory, will be a four story brick and Ohio freestone building of a modified Renaissance type, 165 feet long and 50 wide. On each floor there will be 12 suites of rooms, arranged on either side of a corridor extending the length of the building. The suites will consist of a bedroom and a study, the latter finished in hardwood, and supplied with fireplace and broad window seats. Bathrooms and all that goes to make up the luxurious college home of to-day will be found in this building. The large arched doorway in the centre of the structure will be a feature of it architecturally, and will be surmounted by a balcony. Shepley, Ratan & Coolidge, 122 Ames Building, are the architects.

At Detroit Mich., R. J. Crawford, 1017 Fourteenth Avenue, will erect two frame residences. To be 25 x 49 feet, two stories, shingle roof, grates, mantels, plate and stained glass, electric bells, gas fixtures, furnace, plumbing. Cost, \$6000.—Architect Joseph E. Mills, 28 Hodges Building, has prepared plans for a frame residence for Peter Schulte, 50 McGraw Building. To be 36 x 51 feet, two stories, have shingle roofing. Cost, \$5000.—Frank A. Lark, 1066 Michigan Avenue, will erect a residence. To be 34 x 50 feet, two stories, built of brick and stone, have slate roof, grates, mantels, plate and stained glass, electric bells, gas fixtures, furnace, bathroom outfit, plumbing. Cost, \$6000.—John Scott & Co., architects, 67 Moffat Building, have completed plans for a three-story building for the fire department. To be built of press brick with ornamental brick and stone trimmings; size, 72 x 110 feet. Will be used as a fire alarm building and fitted up conveniently for this purpose. James E. Tryon, Secretary, corner Larned and Wayne Streets. Cost, about \$18,000. The same architects also have plans on the boards for a handsome residence to be erected for Mrs. S. E. Lovett, 1090 West Fort Street. To be constructed of brick and stone, with ornamental brick, stone and terra cotta trimmings; size, 70 x 75 feet, three stories high. It will be elaborately finished throughout and all the interior appointments first-class. Cost, \$30,000.

At New York, Weil & Mayer will erect four five-story brick and stone flats with stores, on the northeast corner of Ninth Avenue and Twenty-eighth Street. They will be arranged for three families per floor and contain all the modern improvements. The corner house will be 24.9 x 87.8, and the others each 24.8 x 80 feet.

No contracts have yet been awarded. Architects Schneider & Herter, 48 Bible House, have the plans.—Dehli & Chamberlin, 874 Broadway, are drawing plans for contemplated changes to be made in the building on the northeast corner of Broadway and Twenty-sixth Street. A two-story extension will be added with a frontage of 30 feet on Twenty-sixth Street and an irregular depth. A new front will be put in on the Broadway side and a new elevator shaft, stairs, boiler, steam fixtures and plumbing are to be provided for the building.—The St. Nicholas Club will build a new and permanent home for itself in Forty-fourth Street, north side, 150 feet west of

Fifth Avenue. It is to be a six story structure with brick and stone front in the Dutch style of architecture and is to be of fireproof construction. \$50,000 is the estimated cost, and Wood, Pardon & Palmer are the architects.—Frank Wenner, 204 East Eighty-sixth Street, is preparing plans for five brownstone private dwellings, 30 x 50 each, to be built on St. Nicholas Avenue, between 150th and 151st Streets, for Frederick Schuck, at a cost of \$100,000.—A. Sevestre has plans on the boards for a seven-story building to be erected by Messrs Sevestre & Cusack. It is to occupy the entire front on the east side of Market slip, between Water and Cherry Streets, to be constructed of brick, brownstone and iron, and to be used as lofts; cost about \$50,000.—Neville & Bagge, 217 West 125th Street, are preparing plans for two five-story flats to be built on the south side of 101st Street, 100 feet west of Columbus Avenue, for Wm. H. Hall, Jr. They will be 25 and 25.6 x 75, and will cost \$36,000.

At Brooklyn, N. Y., Lamb & Rich, architects, 263 Broadway, New York, are engaged on plans for a three-story buff brick and Indiana limestone trimmed dwelling, 26 x 65.10, to be erected on the north side of Union Street, near the Plaza, for Charles O. Gates, to cost \$10,000.—M. J. Morrell, architect, 577 Fulton Street, Brooklyn, has plans for a five-story store and apartment house, to be built of buff brick and Indiana limestone, store 25 x 94, and floors above 25 x 76 feet, and erected on the east side of Court Street, 29 feet north of Schermerhorn Street, for O. G. Walbridge, to cost \$15,000.—J. B. McElfatrick & Son, 1193 Broadway, New York, prepared plans for a theatre building to be erected on the corner of Smith and Livingston Streets, cost about \$100,000.—Plans are being prepared by H. L. Spicer, Third Avenue and Fifty-third Street, for a four-story double flat with stores, 33 x 70 feet. The specifications call for pressed brick, terra cotta and Euclid stone. A galvanized iron tower will ornament the building, which is to be erected on the northwest corner of Third Avenue and Fifty-eighth Street, for B. Nolan. The cost is estimated at \$14,000. The same architect has plans for two four-story flats with stores, 22 and 20 x 64 feet, in which the same material will be used. They are to be erected on the northeast corner of Third Avenue and 58th Street, and will cost \$7000 and \$10,000 respectively.—W. B. Tubby, 83 Fulton Street, New York, is preparing sketches for the new Guild House, to be constructed of brick and erected on the site of the present building, No. 245 Concord Street, at a cost not exceeding \$10,000.—John Mumford, 189 Montague Street, is preparing plans for an addition to A. D. Matthews & Sons' store, Fulton Street and Gallatin Place, which is to be of brick, four stories high, to correspond with the present building, and will be in form of an L, covering four full sized lots, with a frontage of 50 feet on both Gallatin Place and Livingston Street.

At Middletown, Middlesex County, Conn., the corner-stone of the new Y. M. C. A. building was laid last week. The building is on the site of the old McDonough residence. The architects are Cook & Hapgood, of Hartford. It will be four stories high. The lower floor will be used as a store, the main floor will be devoted to social rooms and offices in front, and a gymnasium equipped with all modern apparatus in the rear. On the next floor will be class rooms, a chapel and a kitchen. Two class rooms and fourteen bedrooms will be on the fourth floor. The basement will contain a bowling alley, a running track

and bath rooms. An annex in the rear will be used as an assembly hall. The building will cost about \$50,000.

At East Dedham, Norfolk Co., Mass., the St. Lucas German Evangelical Lutheran Society has completed its organization. The board of officers-elect is as follows: President, Rudolph Weber of West Roxbury; secretary, Augustus F. Mahn of West Roxbury; treasurer, Conrad Zickendrach of East Dedham; collector, Peter Behukarte of East Dedham; elders, George Lorio, Jacob Lorio, Conrad Zickendrach, Peter Behukarte, all of East Dedham, and Henry Peters of West Roxbury. Mrs Christina Zickendrach has deeded to the society a beautiful and slightly lot of 6666 square feet on Hyde Park Street, and the society expects to erect a church and school building upon the same within a year's time.

At Woonsocket, Providence Co., R. I., the plans for the new building to be erected by the Woonsocket Electric Machine and Power Company on Main Street, on the side of the wooden buildings recently demolished, have been perfected, and the work of construction will begin soon. The building will be two stories in height, built of brick, and will be one of the most ornamental buildings in the city. It will contain five stores and six offices, all of good proportions. The heating of the building will be done by electricity, and it will be the first in the city to be thus heated.

At Fall River, Mass., it is estimated that the Church of Notre Dame de Lourdes in Flint village will cost \$300,000. The people of the parish have raised \$60,000 of this amount, and an application for a large loan will be made in a few months, when the edifice is roofed. It is proposed to construct a large parish house near the church, and all the granite for the erection of the structure has been donated by the architect, Lewis G. Destremp, 19 Bassett Street.

At North Easton, Bristol County, Mass., the High School Building Committee have decided to purchase land on Burrows Street adjoining the present school building, and remove the building upon it a new school building on the old site.

At West Upton Worcester Co., Mass., contract for the addition to Knowlton & Son's factory has been awarded to Thomas Barrett & Co., of Worcester.

At Utica, N. Y., the corner-stone of the new State Armory, now in course of erection, was laid last week.

At Springfield, Miss., it is reported that J. S. Sanderson will erect the new school building at a cost of about \$38,000.

At Duluth, Minn., plans for a fire station to cost about \$28,000, has been submitted to the board of public works for action.

At Waldon, Middlesex Co., Mass., the new high school building upon which work will soon be commenced, will cost about \$100,000.

At East Madison, Somerset County, Maine, there is talk of rebuilding the woolen mills which were destroyed by fire about a year ago.

At Walpole, Norfolk County, Mass., the town has been granted permission to lay pipes and construct a water works at a cost of about \$100,000.

At Hamilton, Ontario, William Stewart & Sons will erect a theatre building on King Street

At Athens, Clarke Co., Ga., a new theatre building will be erected at a cost of about \$25,000.

At Plymouth, Plymouth Co., Mass., J. A. Burnes will erect an opera house to cost about \$40,000.

At Berlin, Ottawa Co., Mass., the Methodist Church congregation are talking of erecting a church.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S, for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

The Camden Real Estate Company has sold two lots at Fairview, N. J., to E. K. Schultz.

The Investors' Company, of Berlin, N. J., has sold building sites at that place to C. Heinemann, Sr.

Miscellaneous.

At Pantucket, Providence Co., R. I. plans have been prepared for a handsome school building.

As Salem, Essex Co., Mass., \$8900 has been appropriated for furnishing two school buildings.

At Manchester, Essex Co., Mass., contract has been awarded to Mead, Mason & Co., for the erection of the new school building. Price, \$15,000.

At Franklin, Oakland Co., Mass., George P. Hutchinson, has the contract for a new cotton yarn spinning mill to cost about \$10,000, for A. D. Thayer.

At South Farmington, Middlesex Co., Mass., the plans of Architects Paterson & Lincoln for the new fine engine house to cost \$18,000, have been approved.

At Tewksbury, Middlesex Co., Mass., contract for the erection of the addition to the State Almshouse has been awarded to Sharpless Bros., who have sub-let the carpenter work to Messrs. Ladd & Corrant.

At Williamantic, Windham Co., Conn., the State Board of Education has rejected all bids for the building of the new normal school as the plans called for a building that would exceed the amount appropriated. New plans and specifications are being prepared.

At Newton, Middlesex Co., Mass., the public property committee has recommended the erection of a new school building on the site of the present structure in Newtown Heights. The plans have been prepared by Architects Hartnell & Richardson and call for an eight-room building.

At Bay Ridge, Kings Co., N. Y., the competition for the new house to be built for the Ridge Club was decided in favor of Boring & Tilton, architects, 57 Broadway, New York. The plans call for a two-and-a-half-story frame building, 40 x 90 feet, exclusive of piazzas, and colonial in style. They also provide for a ballroom, 40 x 50 feet, a bowling alley, baths, and the usual card, grill, reception and billiard rooms. The cost is \$15,000.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

WEDNESDAY, AUGUST 9, 1893.

THURSDAY, AUGUST 10, 93.

Wants.

Sealed proposals will be received for paving in front of Bergen School with Philadelphia Paving Brick until Wednesday, August 23d, at noon. The committee reserve the right to reject any or all bids. Address proposals to C. H. Ellis, Jr., Fifth and Berkley Streets, Camden, N. J.

Sealed proposals will be received for furnishing the public schools of Camden with furniture, such as scholars' desk, rear seats, teacher's desk and slate blackboard until noon of Wednesday, August 23d. The committee reserve the right to reject any or all bids. Address all bids to Dr. A. T. Dobson, Fourth and Penn Streets, Camden, N. J.

Jeremiah O'Rourke, Supervising Architect Treasury Department at Washington, D. C., proposals until August 18th, for all labor and materials for plumbing and gas piping the U. S. building at Troy, N. Y.; also until August 18, proposals for furnishing and placing steam heating apparatus including power boiler and pipe construction, furnishing of non-conducting covering material and applying some on all exposed steam pipes, etc., for the Butler building, Washington, D. C.

Sealed proposals for the Bergen School, as follows: Two wash stands with oak frames, with all the necessary pipes, cocks, traps, etc.; also, an 8-inch terra cotta pipe from culvert in street to water closet in rear of yard, with all necessary traps, vent pipes, etc., and put in two J. L. Mott's patent overflow plug and lever attachment privy sinks, 15 feet long, to supply 13 partitions, and water to supply same, with stop cock, rod, handles and box to keep it from freezing; plumbers to pay all city expenses. Water closet house to be of hard brick, tin roof, old blinds at the Genge School to be used as lattice work; and painting doors on all closets. Proposals will be received until Wednesday, August 23d, at noon. The committee reserve the right to reject any or all bids. Address proposals to C. H. Ellis, Jr., Fifth and Berkley Streets, Camden, N. J.

PHILADELPHIA, WEDNESDAY, AUGUST 23, 1893.

PRICE 15 CENTS

Architect Notes.

Plans have been prepared in the office of Furness Evans & Co., architects, for an immense stack for the boiler house at Girard College in this city. Estimates have been invited and are now being made for the work of construction, it will be of brick with some stone work.

Theophilus P. Chandler, architect, Brown Bros. Building, Fourth and Chestnut Streets, has made plans for a very handsome church building to be erected at Washington, D. C. The drawings and bids for the work are now being considered by the building committee and the result is looked for at an early day.

Isaac Pursell, architect, 119 South Fourth Street, Philadelphia, will at once begin the preparation of plans for a Baptist church, at Chester, Pa. It will likely be of stone and brick construction, ornamental in design. Slate roof and minor details for interior not yet fully decided upon. No contracts let.

Arthur Stanley Cochran, architect, 149 South Fourth Street, Philadelphia, has made complete plans for a house at Swarthmore, Pa., for Dr. Isaac G. Smedley, of 1705 Arch Street, to be colonial in style, stone and frame construction, shingle roof, interior to be in hard wood, electric work and best of modern conveniences. No contract let.

H. W. Castor, architect, of Frankford, has prepared plans for six dwellings, to be erected by William France at Harrison and Mulberry streets; a three-story dwelling and drug store, for Walter K. Litz, on Frankford avenue, and a \$4000 alteration, for William B. Allen, on Penn street, above Harrison. These were noted full in previous number this journal.

Wilson Eyre, architect, 927 Chestnut Street, Philadelphia, has made plans for a house for Dr. Joseph Leidy, to be erected upon a lot recently purchased at 1319 Locust Street. This will be a very handsome building and fitted with steam heat, electric work, best sanitary plumbing and modern conveniences. Estimates are being offered on the work.

Thomas P. Lonsdale, architect, Manhattan Life Building, Philadelphia, has been chosen to prepare the plans for the new Soldiers' Orphan School, which will be erected under the supervision of a State Board composed of Hon. John Stewart, of Chambersburg, Pa., and Hon. D. Watson Rowe, of the same place. The location of the structure and the details for it have not been fully agreed upon as yet by the Board, when this is done we shall note the matter in full.

Emil C. Tritton, architect, 136 South Fourth Street, Philadelphia, has made plans for the new six-story store building for Samuel Loux & Son, on lots 240 and 242 North Tenth Street, and which was noted fully in this journal at the time of purchase, May 24, 1893. The structure will be 37 by 90 feet in area, brick, stone trimmings, steam heat, elevator lifts, best sanitary plumbing, together with all modern improvements. It is understood the contract will be awarded as soon as estimates can be invited and made.

Mr. Fielding, architect, 110 South Fourth Street, Philadelphia, has made plans for a stone house, three stories high, for E. H. Hance, Jr., at Washington Lane, Germantown. William H. Grubler, contractor. Same contractor has the building of a factory for the Ellwood Ivins Tube Co., at Oak Lane, Pa. Plans by Mr. Fielding, which comprise a structure 169 x 60 feet; also plans for an office building, stable and boiler house attached to the same plant. The same architect is asking bids on a pair of double houses for Edwin F. Schively, Esq., at School Lane, Germantown. The buildings will have a frontage of one hundred feet, and built of stone, with terra cotta tile roof. They are in the English country house style of architecture, and finished on interior in hardwood, electric light and gas fittings as well, and the plumbing exposed and on marble settings.

R. Godeffroy, civil engineer and architect, No. 1219 Arch Street, Philadelphia, has completed all plans in detail for the Saxonia Maennerchor Hall, which was previously noted in this journal, and has estimates upon the work of construction. It will be remembered the new structure is to be erected upon Second Street below Huntington and extend through to Phillip Street, area of ground covered will be 70 x 121.9 feet. One great feature in the building will be the freedom of the dining room, in the basement, of columns or pillars of any kind. A space has been left of three feet between the floor of the first story and ceiling of the basement for quite a net work of steel girders which will support most of the floor above. A bowling alley, billiard room also a pool room will be provided for, and the latest conveniences and improvements introduced, including electric work, steam heat, best of sanitary plumbing, wardrobes, parlors, card rooms, auditorium, committee rooms, etc.

Architect F. William Rumpf, of No. 337 Main St., Patterson, N. J., reports the following:—At meeting of the directors of the Lyric Lyceum Co., it was decided to accept the plans and specifications of F. Wm. Rumpf, Architect, and he is instructed to obtain all estimates for the build-

ing. The building will be 150 x 143 feet, three stories high and basement, and the plans and specifications call for the following work, viz: 1. Masonwork, including terra-cotta, Trenton front bricks, setting of all granite, Markite plaster, brown stone and brick mantels, etc. 2. Carpenter work, including all inside trim in white pine; plate, French and leaded glass, steel-pressed wainscoting, dumb waiters, etc. 3. Galvanized iron work to cornices, gutters, etc., to dome and Cortright's shingles to dome; Taylors' tin to roofs. 4. The plumbing requires all piping, W. C., slate urinals, marble slabs to washbasins, all exposed pipes nickel; ranges, sinks, etc.; also all the gas piping. 5. W iron and steel construction to the ceiling over hall, 124 feet square, prepared for fire-proof construction; also, the specifications call for C. I. columns, hall beams, beams, etc., and part of basement fire-proof; iron stairs with slate treads, iron railings, etc. 6. Heating and ventilating to be by hot-air force; two 100 H. P. boilers are required. The right is reserved by the executive committee to reject any, or all bids, if the committee thinks proper to do so. Plans and specifications can be seen at the architect's office.

Building and Real Estate Notes.

Contractor O'Neill is to commence work on a three-story addition, 53½ x 75½ feet, to a public school on Turner street, above Venango.

The contract for altering the fronts and interiors of 1100 and 1102 Chestnut Street was secured by F. S. Riggs, who will commence work to-day.

A three-story stone and brick dwelling 30 x 62 feet, will be built by Architect Frank R. Watson, at the corner of Penn and Arrott Streets, Twenty-third ward.

Wendell & Smith are to build a stone dwelling, three stories high, 29.6 x 78.6 feet, on the north side of Lancaster avenue east of city line. It will be known as "Drysdale House."

Brehm & Steil, owners, received a permit yesterday to erect a three-story brick mill building, 63.3 x 21.10 feet on the east side of Trenton Avenue, below Allegheny Avenue. There is to be a back building 13½ x 68 feet.

The Bateman Manufacturing Company took title from Edward S. Bateman to over 22 acres at Grenloch, Camden County, N. J., for \$33,000. The property transferred includes the "Spring Mill Pond." Grenloch is the eastern terminus of the Gloucester branch of the Reading Railroad.

JOHN N. GALLAGHER, Proprietor.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, AUG. 23, 1893.

ALBERT H. O'BRIEN, who for many years has been Assistant to the General Manager and Assistant General Solicitor in the office of the Philadelphia and Reading Railroad Company, has accepted a position in the Trust and Title Department of the Equitable Trust Company. Thomas Robins, the present Trust and Title Officer of the latter company has resigned, to give his attention to his private business. John H. Connellan, who has been Mr. Robins' chief assistant, and Albert H. O'Brien, will have joint charge of the Trust and Title business of the Equitable Trust Company until a change is made in the by-laws so as to permit of the creation of a Trust Department and a Title Department. The business of the company has grown to such proportions as to require a division of the work, duties and responsibilities now performed and held by the Trust and Title Officer. Mr. O'Brien is a son of the late D. W. O'Brien, who was one of the Judges of the Orphans' Court of Philadelphia, having been elected in 1874 upon the same ticket with Hon. W. B. Hanna, the present President Judge of that Court. He was admitted to the bar in 1867, and, after a few years of active practice, was employed in the legal department of the Philadelphia and Reading Railroad Company. He was finally made Assistant General Solicitor. Mr. O'Brien will enter upon his new duties on September 1st.

THE assessment made in 1891 for the taxes of 1892 showed that there were 242,025 buildings of all kinds in Philadelphia, of which number 225,098 were dwellings and stores and dwellings, the balance, 16,927, representing buildings used for business purposes. If we add to this number the 6,856 dwellings erected in 1892, and 3,947, the number erected doing the first six months of 1893,

we have a total of 235,901 dwellings and stores and dwellings, which, being added to the 755 other buildings erected in 1892, and 334 for the first six months of 1893, we have 335,917 as the total number of buildings of all kinds in Philadelphia, including, of course, those under erection on July 1st, 1893.

An Act

To amend an act entitled "A supplement to the act entitled 'An act for acknowledging deeds'" passed March eighteenth, one thousand seven hundred and seventy-five, requiring the recording of certain conveyances and designating the time within which they shall be recorded.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met and it is hereby enacted by the authority of the same: That section one of an act entitled "A supplement to an act entitled 'An act for acknowledging and recording of deeds'" passed the eighteenth day of March Anno Domini one thousand seven hundred and seventy-five, which reads as follows namely:
